

The Nebraska legislature adjourned Thursday. It did good work.

Dr. W. W. Frazier returned from Goodman, Mo., Thursday morning.

Mrs. V. P. Peabody returned home Sunday after a few days' visit at Stella.

There is considerable travel on the new passenger trains—more than was anticipated.

Subscribers to the Auburn telephone exchange in Nemaha now get a ten cent toll rate with Stella.

If you know an item of news at any time you will confer a favor on the editor by telling him about it.

Miss Dora Morton went to Beatrice Thursday to attend the meeting of the state teachers' association.

Frank Lindsey went through to Haigler, Nebr., with P. G. Swan's car of household goods, etc., starting Wednesday morning.

It is inconvenient at times to have two telephone exchanges in a town, but there is no doubt about getting better service from the competition.

Geo. Bauman of Nebraska City, one of the Bell Telephone Co. linemen, is doing some work for the Farmers and Merchants Telephone Co. this week.

John Miller of Atchison county, Mo., visited August Quiller Thursday. He is going to the western part of Nebraska and stopped over in Nemaha to see his old Missouri friends.

Josh Matney and Art Littrell are putting in horse power with which to run the pump to pump water into the railroad tank south of town. The engine that has been in use there for sometime will be moved to Firth.

Mrs. Elmer E. Allen had her Sunday school class of young ladies meet at her home last Friday night. A talk on Niagara Falls was given, illustrated with views of the Falls. An interesting evening was spent.

At the Christian church tonight the subject for the prayer meeting and bible study will be the first chapter of the gospel of St. John. Everybody interested is invited to attend, whether members of the church or not. Bring your bibles.

The editor of this great family weekly is riled. This is the last year he will have to pay poll tax as he will be 50 years old in September, and now the legislature has passed a law reducing the poll tax from \$3 to \$2.50. And the editor won't get any benefit of the reduction.

Since the law went into effect reducing the passenger fare on railroads to two cents a mile Agent Glenn has been charging 21 cents for tickets to Auburn, the distance being 10 3/10 miles, charging 1 cent for a fraction of a half mile or less. Most other agents have computed the cost of tickets the same way. Under old law the price of a ticket to Auburn was 31 cents, the charge being for the actual distance traveled. But on Monday Agent Glenn received notice from the railroad officials that any fractional part of a mile must be counted as a full mile in counting the cost of a ticket, so now it costs 22 cents for a ticket to Auburn.

Earle Gilbert has just received a fine line of the celebrated Carhartt overalls and jackets. Unexcelled for wear.

Auburn is having lots of trouble over the telephone business. The Auburn Telephone Co. asked for a 25-year-franchise, with privilege of raising present prices. While the majority of the citizens had no objection to granting them a franchise, they did object to giving them an opportunity to increase present prices. But the city council passed the ordinance, and when the mayor vetoed it, promptly passed it over his veto.

The fight in Auburn Tuesday was badly mixed. The saloon question, the telephone question and the electric light question so tangled up many of the voters that they hardly knew where they were at. The voters decided by a majority of over fifty that they wanted saloons for another year. R. M. Gillan, the present mayor, who vetoed the ordinance to give the Auburn Telephone Co. a 25-year-franchise was elected by a majority of 37. The ordinance, however, had been passed over the mayor's veto.

Good for Shubert

Shubert is one town in this part of the state where a fight was made over the saloon question that voted against the saloon, and the citizens there voted over two to one against the saloon. They have had two of these iniquitous places there the past year and have become so thoroughly disgusted with this great evil that they decided decisively to go dry the coming year. The temperance people of that place have our congratulations on the outcome of the fight to make Shubert a respectable place in which to live and raise children.

Busse, republican, was elected mayor of Chicago by a plurality of over 13,000, defeating Dunne, democrat, who was a candidate for reelection. The republicans elected the entire city ticket with the exception of treasurer. The city council remains democratic by a majority of two.

O. P. Dovel returned Wednesday from Topeka, Kansas, where he attended a sale of fine Jersey cattle. He purchased thirteen head of blue-blooded cows, which, added to his present herd, gives him the largest dairy herd of this type of cattle in this part of the state. His new acquisitions are all of rich pedigree and fine types of their breed.—Republican.

A bridge east of the Cumberland Presbyterian brick church and north of the poor farm has been in an unsafe condition for several months and a few days ago fell in. As this road is not used much it has been neglected. But when Commissioner Cummings was down here Wednesday he made arrangements to have the bridge repaired, and it is thought it will be ready for use tomorrow.

F. L. Woodward has been having the extensive yards around Mrs. W. H. Hoover's residence raked and cleaned off, the fence posts, bridge banisters and supports, etc., whitewashed and the whole place cleaned up preparatory to the return of Mrs. Hoover and daughter, Miss Marie Hoover, from New York City, where they have spent the winter. Mrs. Hoover has a beautiful home adjoining Nemaha, in the corner of her large farm. The beautiful yards of blue grass, with native shade trees, the fine location and extensive view, the large house, and all the surroundings make it one of the nicest homes in the state. And then it is located adjoining one of the very best towns anywhere—no saloons, good schools and churches, a quiet, peaceful, law abiding, industrious class of citizens, fine roads, enterprising merchants, good farmers—no better place to live on earth.

I N. Cooper, who has been at Kansas City, Mo., for a month, returned home Wednesday. Mr. Cooper went with his wife to have her treated for a cancer on her face, and while there was also treated for what some doctors call a cancer on his own face, but the lady doctor who has been treating Mr. and Mrs. Cooper says it is not a cancer and never has been but is a disease called lupus, something similar to a cancer. The doctor says he can be cured. Mrs. Cooper, however, has a genuine case of cancer and is in a bad condition. Little hope of a cure was given at first, but she is doing so well that it is now hoped she will be cured. She is being treated with medicine that is eating out the dead, cancerous flesh. One eyeball is dead and will drop out, it is thought, in a few days. When this occurs Mrs. Cooper will probably return home, or within a day or so thereafter. The treatment is not very painful.

One Dollar Cheaper

During the one week of April 22 to 27, inclusive, the Lincoln Daily News will accept \$2 from mail subscribers for a whole year to May 1, 1908. The regular price is one dollar more than that. The cut price is good only during this Bargain Week, and all you have to do is to mail your \$2 to The Daily News, Lincoln, Nebr., during that time, and you will receive the paper until May 1, 1908.

The News does not receive any free railroad tickets, and has cut off several traveling solicitors. Instead of paying out railroad fare, hotel bills and other expenses, these savings will be given to our subscribers direct by this big bargain offer. More things are being done this year for the people in Nebraska than ever before. The new deal seems to suit everybody who has not had some sort of a pull. The Lincoln News keeps in the midst of the fight and wants every man who believes in a square deal on its list.

It's the liveliest, snappiest newspaper proposition in Nebraska and if you become a subscriber at this cheap rate, you will stay with it for a long time to come. HOW 50c EARNED \$100

Mr. A. Watzke, of Morris, Minn., says: "DEAR SIR: My driving mare got the heaves so bad I offered her for sale for \$15.00 and could not sell her. I have used Gold Coin Heave Powders on her for two months and now I wouldn't take \$125 for her. I highly recommend your Heave Cure."
ANTON WATZKE.

SYMPTOMS OF WORMS The coat becomes rough; there is a dry hacking cough; the appetite is irregular; sometimes poor, other times craving; the bowels sometimes loose, other times constipated. A yellow mucus collects around the anus. The animal is likely to run down, belly may become large, "pot belly." The horse turns up its lips and rubs them against the wall, or licks the manger and shows uneasiness. Worms may appear in such enormous numbers as to invade the stomach and become very dangerous to the animal. Where affected with Thread Worms, which affects the rectum, the intense itching causes the horse to rub its tail against the wall, or to keep switching it constantly.

DON'T LOSE MONEY Horses, colts, and other animals if stunted in their growth; and misshapen by the clogging of worms in the stomach and bowels are not worth as much as thrifty, spirited, healthy, glossy coated horses. "Gold Coin Worm Powder" makes extra money for you by keeping your animals free from worms.
