

We believe two-thirds of the common people of the United States, regardless of politics, want to see Roosevelt re-elected president. They believe in his policies and they believe in the man.

Must Move Tracks

The B. & M. railway have found it necessary to move their tracks north of town in the vicinity of Barney. About two miles of track will be moved several hundred yards to the westward on account of the encroachments of the Missouri river, which is fast rendering the present roadbed dangerous. A large force of men with a construction train is at work making a new grade.—Peru Pointer.

The hourly temperature record reported Saturday by weather bureau officials made a bad showing for an April day and incidentally broke some temperature records. The lowest was 21 degrees at 7 a. m., while from midnight until 10 a. m. it was 30 degrees above or lower. The highest temperature for the day was 45 degrees at 4 p. m., while the average for the day was 33 degrees, just one degree above the freezing point, or 17 degrees below the normal temperature for the day as compared with the records for many years.—State Journal.

In an address before the New York City democratic club at its annual banquet Saturday night, celebrating "Jefferson Day," Col. Geo. B. M. Harvey in the course of an address scored republicans and democrats alike who denounce Roosevelt in private but are afraid to in public. He failed to add because they knew the people were with the president. He denounced those democrats "who eat the crumbs of patronage from the hand that smote them and lick the boot whose impact they have felt." He referred also to the "peerless leader," who hobbles like a cripple in the wake of his successful rival, gathering as he goes the few scraps that are left of his own fallacies."

Although Governor Sheldon has vetoed the \$5,000 appropriation for a new engine at the Peru state normal school, it may be secured for the institution in some other way. The state normal board yesterday, at the request of Tom Majors, the Peru member, agreed to drop the construction of coal sheds, for which \$2,000 was set aside in the appropriation. This and other money will be used out of the general allowance in order to supply the normal school with an engine. Prof. S. L. Caldwell of the Peru art department has resigned in order to accept a position in Lincoln. His salary there was \$900 a year. Here it will be \$1,400. President Crabtree of the Peru normal has re-employed Representative W. D. Redmond of Nemaha county as registrar of the institution at a salary of \$90 a month. Mr. Redmond occupied that position up to the time he was elected to the legislature, when he resigned.—Neb. City Tribune.

Saved Her Son's Life

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppee. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold cure by Hill Bros. druggists. 50c and \$1.00. Trial bottle free.

Normal Gets Appropriations

Governor Sheldon has signed the bills giving the Peru Normal School \$25,000 for a new heating plant, \$92,570 for salaries, \$25,600 for running expenses, and \$6,000 for running expenses. He however vetoed the appropriation of \$5,000 for a new engine. Kearney, however was not so fortunate, the appropriation of \$35,000 for new buildings being vetoed. This will be a serious loss for Kearney, as the buildings were badly needed. Peru knows how to sympathize with the school there in this loss, as our school suffered a similar setback at the hands of Governor Dietrich several years ago. The Kearney salary and running expense bills were signed.—Peru Pointer.

Good Temperance Laws

Despite the fact that the local option law and the prohibition amendment were defeated in the recent legislature, some exceptionally good anti-liquor bills were passed and have become laws. Besides the law which prohibits brewers, their employes or agents from engaging in or assisting others to engage in the retail liquor business, or renting buildings for that purpose, some excellent laws relating to the shipping of liquors to private parties by railroad and express companies were passed and go into effect the first of July.

S. F. No. 6, by Root—Prohibiting the shipment of intoxicating liquors unless the words "intoxicating liquor" are placed on the outer package and prohibiting consignment to a fictitious person or into a city or incorporated village in which a license has not been granted for the sale of intoxicating liquors. Penalty \$100 to \$300.

S. F. 7, by Root—Making the place of manual delivery of and payment for intoxicating liquors the place of sale.

This will affect some of the Peru boozers and they may now have to go to Nebraska City when they want their booze, or else smuggle it in some other way. It will at least make bootlegging considerably more difficult, and relieve express agents who detest the business from the odious duty of handling the stuff.—Peru Pointer.

State Debts

Nebraska owed on March 31, \$1,545,820.18. This is a small debt as state debts go, since it means less than \$1.50 per inhabitant, and hardly one-tenth of one per cent of the state's wealth. Alabama with half the wealth has six times the indebtedness. Massachusetts with three times the wealth has forty times the indebtedness. Kansas, Iowa, Illinois and even South Dakota, assuming that they have no floating debts not shown by the reports of state indebtedness, are all less involved in debt in proportion to their property strength than is Nebraska. But it is no more correct to judge the financial condition of a state by reference to its debts alone than to judge the solvency of an individual in that way. We must consider whether the debt represents past living beyond our means, or merely investments of permanent value. As a matter of fact the Nebraska debt is very much less than the value of property owned by the state. Continued prosperity and good management will in a few years wipe out the debt and produce besides enough of a surplus to increase the state investment in keeping with the growth of the state.—Lincoln News.

Does coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real coffee, remember, in Dr. Shoop's Health coffee yet its flavor and taste matches closely old Java and Mocha coffee. If your stomach, heart or kidneys can't stand coffee drinking, try Health Coffee. It is wholesome, nourishing and satisfying. It's safe even for the poungest child. Sold by Earle Gilbert.

The New Game Law

The legislature changes the game law with the emergency clause. The most important law passed was the prohibition of the sale of game in any manner, also the sale of fish taken from the public waters of this state. There is no open season on deer, antelope and beaver. The open season on all game begins September 15 instead of September 1, as formerly. The season closes on prairie chickens the same as before, but the season on ducks and all other water fowls closes April 10 instead of April 15, as formerly. There is no open season between April 10 and September 15 and it is unlawful to hunt game during that time. The season for killing quail was not changed.

The bag limits for hunters are twenty-five birds in one day. Ten geese and fifty other game birds in possession may be had at one time except that it is unlawful to have more than ten prairie chickens or grouse in possession at one time during the month of September.

The penalties for the violation of these laws are severe and a hunter or a merchant or a restaurant keeper may be fined \$5 for having in his possession, except during the open season, any bird mentioned. It costs \$100 to \$500 or one year in the penitentiary to dynamite fish if caught and \$25 for fishing with seine or net and \$5 additional for each fish so caught. The penalty is \$50 for shipping game or fish unaccompanied and \$5 extra for each bird or fish so shipped. For hunting without a license, any sum not exceeding \$5, for selling game at any season, \$5 for each bird sold.

It is always unlawful to shoot squirrels at any season of the year, or to shoot song or insectivorous birds or to shoot upon the public highway. It is unlawful to hunt upon the lands of another without permission or to hunt without a license, except in the county of actual residence. It is always unlawful to ship game or fish from one point to another within or without the state unaccompanied by the owner. It is unlawful to pursue game in any manner during the closed season or to fish in any manner except with hook and line.—Neb. City News.

"Preventics" will promptly check cold or the Grippe when taken early or at the "sneeze stage." Preventics cure seated colds as well. Preventics are little candy cold cure tablets, and Dr. Shoop, Racine, Wis. will gladly mail you samples and a book on colds free, if you will write him. The samples prove their merit. Check early colds with Preventics and stop pneumonia. Sold in 5c and 25c boxes by All Dealers.

We have for sale, cheap, three good farms in Nemaha county; also two splendid residence properties in town.

COURT HOUSE SQUARE, AUBURN

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poisons enter into a cough mixture, it must be printed on the label or package. For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison-marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by all dealers.

Dragging Down Pains

are a symptom of the most serious trouble which can attack a woman, viz: falling of the womb. With this, generally, comes irregular and painful periods, weakening drains, backache, headache, nervousness, dizziness, irritability, tired feeling, etc. The cure is

WINE OF Cardui

The Female Regulator

that wonderful, curative, vegetable extract, which exerts such a marvelous, strengthening influence, on all female organs. Cardui relieves pain and regulates the menses. It is a sure and permanent cure for all female complaints.

At all druggists and dealers in \$1.00 bottles.

"I SUFFERED AWFUL PAIN in my womb and ovaries," writes Mrs. Naomi Bake, of Webster Grove, Mo., "also in my right and left sides, and my menses were very painful and irregular. Since taking Cardui I feel like a new woman and do not suffer as I did. It is the best medicine I ever took."

The Cause of Many

Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

LEGAL NOTICE

Ernest E. Winters, a minor, William W. Winters, a minor, William H. Winters their father, will take notice that on the 21st day of March, 1907, William H. S. Argabright, George V. Argabright, Ernest L. Argabright, Leonard Argabright, Leona Argabright and Lou A. Argabright, plaintiffs, filed their petition in the district court of Nemaha county, Nebraska, against said defendant, the title and p. v. of which are to partition lots 3 and 4 in T. 48 N. R. 47 W. of the village of Nemaha, Nebraska, according to the respective rights of the parties interested, or if the same cannot be equitably divided, that the said premises may be sold and the proceeds thereof divided between the parties, according to their respective shares, and for such other relief as equity may require. You are required to answer said petition on or before the 6th day of May, 1907.

Dated March 21, 1907.
