

Joseph K. Collins, a former resident of Auburn, died at his home in Pasadena, California, after six weeks' suffering with spinal trouble and paralysis. He leaves a widow, formerly Mrs. Mattie Bantz, well known to our citizens.

A contract has been signed with a Kansas City firm to sink a well at Nebraska City to find out whether there is oil, gas, coal or water beneath the earth's outer crust in that place. It is thought work will be started within sixty days.

An average of 335 prisoners has been confined in the state penitentiary during the month of March, according to the monthly report filed with Governor Sheldon by Warden Beemer. Of these 233 have been employed by the contractor of the broom concern. Of the prisoners 258 are white men, sixty-seven are colored men, four are Indians, eight are colored women and two white women and one a Japanese. Eight men have served time in the brig for various offenses.

In this world we never get all we think we ought to have. We now have an extra passenger train, going north in the morning and south in the evening. This is very convenient, especially for those wanting to go to Omaha or Lincoln. But we used to get freight every day from the north and the south and three times a week from the west, and now we only get it every other day from the north and the same from the west. The freight from the south has to come now either by way of Tecumseh or Nebraska City. This makes it inconvenient for our merchants. The new train doesn't handle freight except car load lots for Nemaha, Brownville or Peru, but does for Shubert and Verdon.

"Preventics" will promptly check cold or the Grippe when taken early at the "sneeze stage." Preventics cure seated colds as well. Preventics are little candy cold cure tablets, and Dr. Shoop, Racine, Wis. will gladly mail you samples and a book on colds free, if you will write him. The samples prove their merit. Check early colds with Preventics and stop pneumonia. Sold in 5c and 25c boxes by All Dealers.

The snow storm recalled to Deputy Secretary of State Addison Wait the memory of a great blizzard which swept over Nebraska thirty-four years ago. Mr. Wait was agent for the Midland Pacific railroad at Palmyra at the time. The storm began on April 17 and lasted three days. The railroads were blocked for four days and the telegraph lines were down. Thousands of cattle were lost on the ranges and many men were frozen to death in trying to save their stock. Eighteen inches of snow fell and a fierce wind blew over the treeless Nebraska plains for forty-eight hours.

A snow storm very similar to the present one came to Nebraska in 1903 on April 29. The trees and ground were covered with the snow but little damage resulted because the temperature did not sink very low.—Lincoln Star.

Saved Her Son's Life

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppee. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold cure by Hill Bros. druggists. 50c and \$1.00. Trial bottle free.

Liquor Licenses

Cannot Be Granted

Another Indiana Judge Gives Rum Selling Terrific Jolt in Solar Plexus Region

Indianapolis, Ind., April 16.—For the second time within sixty days the licensed saloon business has been declared an outlaw by the courts. Both these decisions have been rendered by jurists of distinguished reputation high in their profession.

Judge Artman's decision, which startled prohibitionists and liquor men alike, on February 13, just two months ago and has already become famous throughout the nation, deliberately declared saloon-license unconstitutional and refused an applicant on that ground alone.

Yesterday Judge Ira W. Christian in the Hamilton county court, at Noblesville, in a decision not less exhaustive than that of Judge Artman, not only arrived at the same conclusion, namely, that the saloon is unconstitutional, but went a step farther, and asserted as his judicial verdict, based on the many previous holdings carefully noted, that "the licensed saloon is per se a public nuisance."

Judge Christian's decision in brief includes these striking premises and conclusions:

1. The question squarely before the court is whether saloon liquor selling "is a public nuisance at common law."
2. From definitions of Wood on nuisances (3d editions sections 23 and 24) a nuisance is "any occupation (whether or not as yet declared such by the courts) which tampers with the public morals, tends to idleness and the promotion of evil manners is a nuisance per se, at the common law."
3. "I am drawn to the inevitable conclusion that the business of selling intoxicating liquors at retail to be drunk on the premises where sold is dangerous to the public morals, the public safety, the public health, and that therefore the places where such business is conducted is per se a nuisance and needs no proof as to its injurious effects upon the public."
4. License is permissive, in its character, not restrictive.
5. There is no inherent right to sell liquor.
6. License to sell liquor is a grant where no right previously existed.
7. Saloon license is therefore unconstitutional.

The decision itself covers more than eleven solid newspaper columns of exhaustive reference and quotation, including many not directly used by Judge Artman. One point made was:

"The saloon, which has been repeatedly held to be the prime source of all crime, has a right to exist at common law, and the license which grants it the privilege is not a restrictive measure, but it is the granting of a right which heretofore did not exist. I am therefore of the opinion that a law creating a business dangerous to public morals, to public safety, to public peace, to public health is not within the police power of the state."

"The liquor business legalized by statute, as shown by a long line of decisions already cited, subverts justice, creates disorder and destroys liberty. I have arrived at the conclusion that the license law is unconstitutional, as being in the contravention of the purpose and spirit of the constitution of Indiana."

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poisons enter into a cough mixture, it must be printed on the label or package. For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison-marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by all dealers.

New Road Laws

The state legislature passed a number of new laws which will, it is believed, bring about a great improvement in the highways of the state. The legislation enacted is not as comprehensive as could have been wished, but it is a good start and will doubtless be followed by more far reaching laws when the next session convenes. A large number of road laws were introduced, most of them being of a very meritorious character, but disagreement between members from counties under the commissioner system and those under township organization, brought about the defeat of some of the best of them, although all agreed that nowhere was there greater room for improvement than in the statutes relating to the public highways.

One of the most important changes made was to provide that poll taxes shall be payable in cash, \$2.50 per year. The old system of working out this tax on the road has always been more or less of a farce and it is thought that the new system will produce double the results of the old. Another law provides that all grading shall be done between April 1 and October 1, when the ground is as a rule in the best condition to be moved.

More revenue for road work is provided. County boards may levy a road tax in cities and villages as well as in road districts, half of the same to be expended on county roads and the other half by the village board or city council, within the corporate limits. Upon petition of a majority of the freeholders in a road district, the county board may make a levy of from 5 to 25 mills to be used exclusively upon the roads in that district.

An unusually important law is that which empowers city authorities to make a two mill levy, the revenue therefrom to be known as a municipal highway fund and to be used in improving main trunk line roads leading into the city for a distance of six miles. Another law provides for the use of the King road drag on all roads.—Lincoln News.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

ANTON WATZKE.

SYMPTOMS OF WORMS The coat becomes rough; the appetite is irregular; sometimes poor, other times craving; the bowels sometimes loose, other times constipated. A yellow mucus collects around the anus. The animal is likely to run down, become thin and poor, the breath generally has a foul odor; the belly may become large, "pot belly." The horse turns up its lips and rubs them against the wall, or licks the manger and shows uneasiness. Worms may appear in such enormous numbers as to invade the stomach and become very dangerous to the animal. Where affected with Thread Worms, which affects the rectum, the intense itching causes the horse to rub his tail against the wall, or to keep switching it constantly.

DON'T LOSE MONEY Horses, colts, and other animals if stunted in their growth; unthrifty and misshapen by the clogging of worms in the stomach and bowels are not worth as much as thrifty, spirited, healthy, glossy coated horses. "Gold Coin Worm Powder" makes extra money for you by keeping your animals free from worms.
