NEBRASKA  
BUSINESS  
UNIVERSITY

NEBRASKA CITY, NEBRASKA

We believe that spring has arrived at last.

Some fine views of Nemaha just received—two more street scenes and the depot—at the postoffice bookstore.

The Sunday school lesson for next Sunday may be found on an inside page. This will be a regular feature hereafter.

John M. Clark, who had been at Omaha with his daughter, Miss Daisy, returned home last Friday. Miss Daisy came home Monday.

Mrs. Alice A. Minick was the guest of Mrs. F. L. Woodward Thursday and Friday of this week. She spent the winter with Miss Perle Minick at Warrensburg, Mo., returning to her Brownville home this week.

G. N. Titus was in Lincoln last week with Ellis E. Good and Dr. Shellhorn interviewing Gov. Sheldon with a view of having the doctor appointed a member of the normal school board. Dr. Tyler of Auburn is also a candidate.

James Hiatt, who has been spending the winter with his daughter, Mrs. J. R. Russell, near Hastings, Nebr., came to Nemaha Wednesday. He hasn't yet decided whether he will remain here for awhile or go on to Iowa.

A Mr. Gregory of Hamburg, Iowa, was in Nemaha a few days ago looking at farms with a view of purchasing one, but as he expected to buy a good improved farm for \$50 or \$60 an acre when the prevailing price is \$80 to \$100, he didn't buy.

## New Styles Post Cards

Twenty-eight new designs received Thursday of this week—a big variety to select from. Call at the Postoffice Bookstore and see them.

Miss Minnie May got a hard fall last Saturday afternoon. She was assisting in Gilbert's store and went outside to get some eggs from a customer. As she started in her foot slipped on some mud and she fell. Although she was carrying twelve dozen eggs only three of them were cracked, but she suffered a broken rib from the accident, besides being badly jarred. She suffers considerably but is still helping in the store.

A good warm rain would be helpful just now.

Charley Burns of Shubert was a Nemaha visitor Thursday.

The box supper at the Champion school house last Friday night was a great success. \$28.15 was taken in, \$14 of which was given to the Methodist parsonage fund and the remainder to Rev. Ayers. A large number of young people from Nemaha went out. The Champion people feel very thankful for the liberal patronage bestowed.

We had decided to abandon prophecying on the fruit crop, as a big freeze would come immediately after we had printed an article saying the fruit was all right. But we will try it again. We believe there will be almost if not quite an average apple crop except perhaps on the lower land. There will be some peaches—in some localities a good crop. There will also be some plums and strawberries. This prophecy is all made on the basis that there will be no more hard freezes.

The editor went to Auburn Tuesday, coming home Wednesday so sick that he had to be hauled home and yet he strenuously denies going into a saloon, even if his old friend Til Bailey had just opened one of those places that drag people down to degradation and death. The editor stopped at the home of J. W. Armstrong while at Auburn and says he got so much more to eat than he was accustomed to at home that he couldn't stand it. He will be more careful in the future.

Our old friend Til Bailey, with whom we used to associate in days of long ago when both were boys in Brownville, has opened a saloon in Auburn. He ran one of these most degrading places in Rockport, Mo., until county option prevailed in Atchison county and now comes over here. We hope it will be but a short time until he is again forced to quit, and will then have his eyes opened to the evil of his ways and will use the business ability he possesses and the faculty of making and holding friends in a legitimate enterprise.

### The Difference

More than 5000 young men and women, who graduated from a Toland school, are now earning from \$600 to \$5,000 per annum. Do you know of any other school whose graduates are so successful? The Toland schools are not "clerk factories." Students are prepared to meet the requirements of actual business.

The Gund Brewing Co. of La-Crosse pays Toland graduates \$30,000 per annum. The Swift Packing Co., South St. Paul, pays between \$12,000 and \$15,000 per annum. The Studebaker Bros., South Bend, Ind., between \$10,000 and \$12,000. The G. N. R. R.; C. N. W. R. R.; C. M. & St. P. R. R. and C. B. & Q. combined, pay Toland graduates in excess of \$75,000 per annum. For proof address Nebraska Business University, Nebraska City, Nebr.

Call at our store, please, for a free sample of Dr. Shoop's "Health Coffee." If real coffee disturbs your Stomach, your Heart, or Kidneys, then try this clever coffee imitation. While Dr. Shoop has very closely matched Old Java and Mocha Coffee in flavor and taste, yet he has not even a single grain of real coffee in it. Dr. Shoop's Health Coffee Imitation is made from pure toasted grains or cereals, with Malt, Nuts, etc. You will surely like Health Coffee. Sold by Earle Gilbert.

J. H. Tucker and daughter, Miss Lulu, of Kearney, Nebr., arrived in Nemaha Thursday, on a visit to Mr. Tucker's sister, Mrs. Rebecca Collins, and old friends.

We believe Nemaha is as free from thieving as any place in the state, but there has been some chicken stealing going on recently. Even the editor has suffered, and any one that would steal from an editor would steal from a preacher. There is a pretty strong suspicion and some evidence of the parties engaged in this business, and if they don't "watch out" and quit their meanness something is liable to drop and drop hard. Of course the editor wouldn't do anything—he is patient and long suffering—but others will. So reform before the evil days come.

We are in receipt of a copy of the Shenandoah, Iowa, Sentinel-Post, which gives a notice of the proposed erection by Henry Field, the seedsman, of a large seed house, two stories in height, 300 feet long and 50 feet wide, to be built of reinforced cement. Mr. Field's business has grown from practically nothing five years ago until this year his orders will aggregate 20,000, amounting to \$100,000. He is thinking seriously of incorporating with a capital of \$100,000, retaining one half of the stock himself, the other half to be taken by close friends and employees. This news item is of interest to many of our citizens, as Mr. Field is a son-in-law of A. L. P. Thompson, and has many friends and customers in this vicinity.

"Order is heaven's first law" and it begins to look like the town board intended to see that it was observed in Johnson. \$50 per month for a marshal and \$3.70 for all drunks and disorderly conduct are the fruits of the last board meeting. — Johnson News.

Isn't that consistent, though? To talk of "order" and "heaven" in connection with a saloon! The town board first gives a man license to sell the stuff that makes men drunk, then pays a marshal \$50 a month to arrest these same men that have become drunk from patronizing the place licensed and made "respectable" by them, and then fine these men \$3.70 for drinking it and getting drunk! What a disgrace is fostered for the sake of a little money!

Free Samples of "Preventics" and a booklet on Colds will be gladly mailed you, on request, by Dr. Shoop, Racine, Wis. simply to prove merit. Preventics are little Candy Cold Cure tablets. No Quinine, no Laxative, nothing harmful whatever. Preventics prevent colds—as the name implies—when taken early, or at the "Sneeze State." For a seated cold or LaGrippe, break it up safely and quickly with Preventics. Sold by All Dealers.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or the Kidneys. Address me, Dr. Shoop, Racine, Wis. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Shoop's Restorative sold by All Dealers.

C. A. Tyler has been in Nemaha this week putting in gasoline lighting plants. He has installed them in the Methodist church and the Masonic hall, and has to put them in the Odd Fellow's hall and Elmer E. Allen's residence yet. The plants are the same as that used by Earle Gilbert in his store. The Methodist church and the Odd Fellows have outside lamps.

The Peru normal school and the town of Peru, which is mainly kept alive by the normal, practically owe their existence to Hon. T. J. Majors. The colonel has always been on hand at every session of the legislature fighting for the old flag and an appropriation. And he usually gets what he goes after in this line. No matter who represents Nemaha county in the legislature, whether it be Ellis Good, W. D. Redmond, J. W. Armstrong, or any one else, when the time comes they always call on the colonel to go to the state capital and engineer the fight for the appropriation. And they always want an appropriation and always succeed. The normal school is the pride of Col. Majors' heart. If there is one man Peru should stand by and support it is Col. Majors. Yet this is not always the case. To hear some of the Peruvians talk you would think he was an enemy to the town and the school. Such is generally the case though.
