

The traveling man is now having great difficulty in regulating his wardrobe. He doesn't know when he starts out in the morning whether to take an overcoat, heavy gloves and cap, or a duster, straw hat, fan and umbrella. If he is wise he takes all, to be prepared for emergencies.

Will Be Plenty of Soft Corn

Edward Clayton, one of the best known farmers of this section, stated to a News man yesterday that he would not be afraid to make a prediction that there would be plenty of soft corn in this part of the state this fall. He called attention to the backward condition of all vegetation and said that he never knew a spring where things were so backward that in the fall the corn did not fully mature but was soft. —Neb. City News.

Find Animal's Skeleton

According to a dispatch from Ashland a complete skeleton of a buffalo was recently found sixteen feet under ground at the clay pit in Sarpy county. The bones were discovered by workmen engaged in digging into the bank and were thought to be those of a buffalo by the skull, horns and size and thickness of the bones. When taken out the bones crumbled to dust upon being touched but other parts not handled soon hardened after being exposed to the air. Some persons who have examined the bones claim that they belong to a prehistoric period before the time of the buffalo.

In accordance with the universally recognized fact that the amusement feature plays quite a major part in the general success of a fair, and that new and novel attractions should be provided for the patrons, the managers of the state fair have closed a contract with Charles J. Strobel, of Toledo, Ohio, who since the retirement of Roy Knabenshue, is acknowledged to be the world's premier airship manipulator, for making daily flights at the fair grounds, Lincoln, Sept. 2nd to 6th.

Mr. Strobel delighted thousands at the St. Louis and Portland expositions, and at the Iowa state fair last year and will come direct from an engagement at the Jamestown exposition.

My Best Friend

Alexander Benton, who lives on Rural Route 1 Fort Edward, N. Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It has also performed a wonderful cure of incipient consumption for my son's wife. The first bottle ended the terrible cough, and this accomplished, the other symptoms left one by one, until she was perfectly well. Dr. King's New Discovery's power over coughs and colds is simply marvelous." No other remedy has ever equaled it. Fully guaranteed by Hill Bros., druggists. 50c and \$1.00. Trial bottle free.

Austin W. Tidd, an active member of Tammany hall of New York, was in Omaha a few days ago and delivered a message from Mayor McClellan of New York to Mayor Dahlman of Omaha. While there he made this prediction:

"Bryan for presidency, McClellan for vice-presidency and Dahlman for chairman of the national committee—that is the program decided on by the powers that be in New York if my guess is correct." "And Root, not Taft, will be the republican nominee," added Mr. Tidd. "but that is neither here nor there. What I want the people of the west to know—this is merely my opinion as a member of Tammany hall—is that Bryan, McClellan and Dahlman will be the three men of the next campaign."

TWICE-A-WEEK REPUBLIC

Three Years for One Dollar

The Twice-A-Week Republic, of St. Louis, Mo., the oldest and best known semiweekly newspaper in the United States, is making the remarkable subscription offer of three full years for \$1.32 eight-page papers. The offer is good until May 31, 1907, only. Tell your friends of this opportunity to get a semiweekly three whole years for \$1. If you are already a subscriber, your order will be accepted now for a renewal to begin when your present subscription expires. Remember, a dollar before June 1 pays for three years.

Send all orders to The Republic, St. Louis, Mo.

Don't Pay Alimony

to be divorced from your appendix. There will be no occasion for it if you keep your bowels regular with Dr. King's New Life Pills. Their action is so gentle that the appendix never has cause to make the least complaint. Guaranteed by Hill Bros., druggists. 25c. Try them.

The Peru normal school closes next Thursday. The summer school will begin the Tuesday following.

On account of the late spring our farmers are behind with the corn planting, but are pushing the work as rapidly as possible.

An exchange remarks that it is the opinion of the weather predictor of that journal that the worst part of the winter is over with.

We don't believe in Hicks, Foster, DeVoe or any of the other weather prophets, but we believe in giving every man what is justly his due, so we hasten to say that Bro. Hicks hit it all right in his guesses on the weather this year. He said the same kind of weather would prevail the first half of May as in the last half of April, and in his judgment (he wasn't sure of this, though) it would be cold. It has certainly been cold enough.

Brownville is temporarily without a saloon, and there is great affliction among the old toppers. Dave Baker, who has conducted one of these places of infamy for the past two years, applied for a license, which was granted by the council, but M. S. McIninch, attorney for the remonstrators, appealed to the district court and Dave hasn't paid in his money, evidently being pretty well assured he will lose out. Another fellow applied for a license but we are told this was not granted.

The cry has always been that prohibition does not prohibit but Kansas, that glorious state of sunflowers, has an attorney general that is enforcing the law to the letter. He has had receivers appointed for all the saloon property in the state and is proceeding to close the last vestige of the vile business out in short order. Kansas has been the butt of a good many jokes in the years that are past, but she bids fair now to hold first place in the Union. What's the matter with Kansas? She's all right!—Blair Courier.

Forty grain men of Omaha, Milwaukee and Chicago returned Monday from an excursion through the wheat fields of Nebraska and Kansas, where they personally examined the crop conditions. They report the winter wheat crop in the counties visited in Kansas would not be more than 53 per cent of an average crop, having been greatly damaged by green bugs and dry and cold weather, and if rain is not had soon the crop may not be more than 25 per cent. In Nebraska the crops are practically uninjured as yet, but the green bugs were found in every wheat field in southern Nebraska having come from the Kansas fields, but have inflicted no damage as yet. If they attack the wheat as they have in Kansas the outlook for crops in this state is very gloomy. The crop of oats in Kansas is practically ruined and the corn is in bad shape, as that planted has not yet made its appearance above ground.

Wonderful Eczema Cure

"Our little boy had eczema for five years," writes N. A. Adams, Henrietta Pa. "Two of our home doctors said the case was hopeless, his lungs being affected. We then employed other doctors but no benefit resulted. By chance we read about Electric Bitters; bought a bottle and soon noticed improvement. We continued this medicine until several bottles were used, when our boy was completely cured." Best of all blood medicines and body building health tonics. Guaranteed at Hill Bros. drug store. 50c. Try them.

The Lost Fruit Crop

The year never came that did not witness the destruction of the fruit crop in Delaware, Michigan, Florida, California, or Missouri. Frost and insects combined have killed in the imaginings of men more fruit than ever grew. But it is certain that the reports from Missouri this spring are not inspired either by pessimism or by an interest in high priced fruit. Missouri suffered from weather as cold as that in Nebraska, and at a time when all fruit was in too advanced a stage for any to escape. Indications are for a fair crop of apples in Nebraska, barring further disaster, the apple buds of most varieties having been in an early stage of development and not susceptible to cold at the time of the killing frosts of April and May. Missouri has five times as many apple trees as Nebraska, and the annual value of all her fruit products is more than four times as great as Nebraska's. In grain crops Nebraska ranks about the same as Missouri. This means that Missouri's loss of a fruit crop hurts her farmers five times as much as a fruit failure in Nebraska would hurt the Nebraska farmer. The Nebraska consumer will probably have to eat less fruit or spend more money for the usual amount, but the consumer is not usually heard to complain in such cases. Nebraska interests hinge so largely upon the interests of the farms that most of the people who do not farm live indirectly by farming. They trade with the farmers or work for those who do. These pay the prices the farmers are able to get with an air of cheerfulness, and set about making up for the increased expense out of the better business conditions made by prosperous agriculture.—State Journal.

The Burlington Route

GO Somewhere

Special to California:

Low rate Summer tours to San Francisco and Los Angeles; about half rates until May 18th, also June 8th to 15th; June 22nd to July 5th. Slightly higher daily commencing June 1st; small extra cost via Portland and Seattle.

"Cut it Out"

says many a doctor to his lady patients, because he doesn't know of any medicine that will cure female troubles except the surgeon's knife.

That such a medicine exists, however, is proved by

WINE CARDUI

Cures Womb Disease

It has saved the lives of many weak, sick women and rescued others from a lifetime of chronic sickness. It will cure you if you will only give it a chance. Try it.

Sold by all druggists and dealers in \$1.00 bottles.

GAVE UP SUPPORTER.

"I wore a supporter for four years, to keep up my womb," writes Mrs. S. J. Chrisman, of Mannsville, N. Y. "My doctor said no medicine would help me. After taking Cardui I gave up my supporter and am now well."

Often The Kidneys Are

Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have sample bottle Home of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

We have for sale, cheap, three good farms in Nemaha county; also two splendid residence properties in town.

GOLD COIN HEAVE CURE

IS GUARANTEED

CAUSE OF HEAVES Too fast driving, shortly after a hearty meal, is the most common cause of Heaves. Driving too long when a horse is not feeling well, dusty hay or grain. Horses with naturally weak lungs are easily given the Heaves by dusty feed or too fast or long driving. All stockmen who believe in using the BEST when an article is needed find that "Gold Coin Heave Cure" gives far better results, both for quick action and continued, than any other Heave Cure now on the market. Test it on our Gold Coin Guarantee—money back if found unsatisfactory.

Write to the Gold Coin Veterinary Department for any special information regarding sick stock. No charge is made.

HOW 50 C EARNED \$100

Mr. A. Watke, of Morris, Minn., says: "Dear Sirs: My driving mare got the heaves so bad I offered her for sale for \$15.00 and could not sell her. I then used Gold Coin Heave Powders on her for two months and now I wouldn't take \$125 for her. I highly recommend your Heave Cure."

SYMPOMTS OF WORMS The coat becomes rough; there is a dry hacking cough; the appetite is irregular; sometimes poor, other times craving; the bowels sometimes loose, other times constipated. A yellow mud collects around the nostrils. The animal is poor and weak; the breath generally has a foul odor; the belly may become large, 'pot bellied'. The horse turns up its nose, licks the manger and shows uneasiness. Worms may appear in such enormous numbers as to invade the stomach and become very dangerous to the animal. Where affected with Thread Worms, which affects the rectum, the intense itching causes the horse to rub its tail against the wall, or to keep switching it constantly.

DON'T LOSE MONEY Horses, colts, and other animals if stunted in their growth; unthrifty and misshapen by the clinging of worms in the stomach and bowels are not worth as much as thrifty, spirited, healthy, glossy coated horses. "Gold Coin Worm Powder" makes extra money for you by keeping your animals free from worms.
