Mrs. John Watson has been at the home of James A. Stephenson for several days, helping take care of the sick folks.

The green bugs that are doing so much damage to the wheat in Oklahoma and Kansas are said to be in the wheat fields around Stella, but have done no damage yet.

James A. Stephenson has a good start for a hospital at his house. His wife and three younger boys are sick with measles and Jimmie is lame from being kicked on the shin by a horse.

A. R. McCandless expects to begin work in a short time developing the prospective coal mine on his farm southeast of Nemaha. He is going to find out if there is enough coal there to pay for mining.

Sunday the thermometer was about 90 in the shade. Tuesday morning we had a snow. Thursday morning there was ice on standing water, and the afternoon was uncomfortably warm. Such is weather in beautiful Nebraska.

Mrs. Edmund Williams, mother of H. E. Williams, died at her home in Shubert Thursday morning May 16, 1907. The deceased was an old settler. She had been in poor health for some time, suffering from the infirmities of old age.

Mrs. W. W. Frazier and her parents, Mr. and Mrs. J. F. LaFollete, went to Lincoln Thursday of last week, to visit relatives. Mrs. Frazier returned home Tuesday evening. Mr. and Mrs. LaFollete will visit about a week yet.

The editor has made so many predictions this spring and missed our guess that we are beginning to feel like Hicks or the other weather prophets. We are going to keep it up and make the prediction that we will not have another frost until in September.

Rev. J. W. Sapp called our attention to the fact that at the present time not a river town between Falls City and Nebraska City had a saloon. Every town with the exception of Brownville voted the saloon out. The river towns are pretty good places after all.

Joe Bunger has the contract for putting up the new building at the normal school at Peru, authorized by the late legislature. The building will cost \$24,000 and will take about a year to build. Joe has had all kinds of contracts since he moved to Peru and is still taking them in.

Hohaus of Nebraska City.

Dr. Shoop's Health Coffee Imitation is made from pure toasted grains or cereals, with Malt, Nuts, etc. You will surely like Health Coffee. Sold by Earle Gilbert.

Making Money

The average salary paid Toland graduates, after four years experience, is \$1000 per year. The minimum amounting to \$40,000 in a lifetime of forty years. The average day laborer gets \$1.50 per day 300 days in the year, or \$450 per year. He earns \$18,000 in a lifetime. Making the difference between the average earning of a Toland graduate and a day laborer \$22,000. The difference between the earnings of a Toland graduate and a mechanic, or the average school teacher, is about the same, as both teachers and mechanics are idle a large portion of their time.

Is not \$22,000 a pretty good profit on an investment of \$60,—the amount required to pay for a course in a Toland school. Many Toland graduates are now earning from \$2,000 to \$6,000 per annum. If you are interested send for proof.

English Money

Elmer E. Allen, cashier of the Bank of Nemaha, has a lot of English money on display at the bank. He has a pound note, value in our money about \$4.88, a gold sovereign of the same value, gold half sovereign, value \$2.22, a silver 5 shilling piece, value \$1.22, silver 2 1-2 shilling piece, value 61 cents, silver 2 shilling piece, value 48 cents, silver 1 shilling piece, value 24 cents, a silver sixpence, value 12 cents, a silver threepence, value 6 cents, a copper penny, value 2 cents, a copper half penny, value 1 cent, and a copper farthing, value one-half cent. It makes an interesting collection to those not familiar with English money. The pound note is a little shorter but considerably wider than our bills. The sovereign is about the size of a \$5 gold piece, and the 5 shilling piece about as large as a silver dollar, which it resembles very much.

A letter was recently received by Mrs. Ben Baldwin from her niece, Viannah Houk, who has been living in Pawnee county for several years. Recently Mrs. Baldwin went out to see her niece and was not at all satisfied with the way she was being treated by the woman with whom she was living, but could do nothing at the time. Since then Viannah has left the place where she was staying and is now living with Isaac W. Brown, a brother of Robt. I. Brown of Nemaha. Viannah's brother has made his home with Mr. Brown ever since he left Nemaha, a short time after the death of his mother, and the two children are now together. They both now have a good home, and from the letter we can judge that Viannah is delighted with the change.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or the Kidneys. Address me, Dr. Shoop, Racine, Wis. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Shoop's Restorative sold by All Dealers.

We had a very little rain Monday night and a little snow early Tuesday morning. Wednesday morning there was a little ice on standing water, and some more snow fell. People who got in a hurry and took down their heaters either hovered around the kitchen stove or put up a heater again, with a firm resolve not to take it down until they knew summer was here to stay.

Mrs. E. E. Hill went to Vesta Wednesday to attend the funeral of an intimate friend, Mrs. James E. Wilson, the wife of a merchant at that place who was burned to death by a gasoline explosion Monday. The burial took place at Filley, a special train being run from Vesta to Filley to accommodate the many friends of the deceased. Mrs. Wilson had been married less than a year.

Well, what do you think of that? Snow fell yesterday over a considerable section of Nebraska and this morning snow fell in this city for a portion of the day and it is but seven weeks until the Fourth of July—a date when the farmer expects to have his corn "laid by" for the summer as being too big to cultivate farther. If this isn't a new deal on the part of the weather man the oldest inhabitant fails to remember. Anyway, it isn't a square deal.—Neb. City Tribune.
