

## DO YOU GET UP

### WITH A LAME BACK?

#### Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

### Sterling Gets the College

At a meeting of the German ministers and clergymen of the Iowa synod at Sterling it was decided to found a German college, and Sterling was chosen as the best location for the same. A number of other cities were hard after it and made big offers among them Auburn, Syracuse, Gothenberg, Superior, the latter place being second choice of the conference. This will be the only college of this denomination in the western district which includes Nebraska, Missouri, Kansas, Oklahoma and Colorado and will be a big institution. Sterling will give a bonus of \$8,000 and ten acres of land.—Neb. City News.

Nebraska City still has the old style horse street car lines, and it seems there is some advantage this kind of motor power has over electricity or cable, at times, judging from the following item in the News:

"There is nothing that can stop the motor cars of this city. Yesterday a house mover, who had no right to do it, moved a barn along the car line and blocked traffic. However it was easier to pull around the barn than to get an officer or file a complaint so the driver pulled the car off of track and went around the obstruction. He had to do this twice. There is nothing that can stop the traffic on the street car line of this city, not even a two story brick house."

### River Ate up Gandy's Land

Dr. Gandy, of Humboldt, who owns considerable land in Nemaha, Aspinwall and St. Deroyn precincts, in this county, made his annual appearance before the board of county commissioners, Tuesday, this week, while that body was sitting as a board of equalization.

The purpose of his visit was to object to any tax levy being made on an eighty acre tract that he once owned in St. Deroyn precinct. According to the doctor's story the farm was stolen from him since the visit of the assessor, the Missouri river being the thief.

By the encroachment of the river, this spring, and the process of erosion that has been going on, the tract of land has been swallowed and taken up in the greedy maw of that stream.

While the commissioners feel that Dr. Gandy should not be taxed for what he has not, they will make an investigation and be sure before they order the assessment stricken from the books.

It is said that there are liable to be many cases of a similar character heard at this session of the board for the reason that a large acreage of the land in the county has been wiped away in the river precincts. It is reported that considerable hay land, including alfalfa meadows, have been swallowed by that treacherous stream and that big losses have resulted to their owners.—Republican.

The first part of "An Analysis of Modern Printing," by Henry Turner Bailey, appears in the May number of the Printing Art. Mr. Bailey will continue his study in the June issue. He gives some statistics that will probably surprise even printers and publishers themselves. Last year, Mr. Bailey says the men and machines engaged in the printing industry, in which he includes authors, editors, reporters, engravers, designers and photographers, "produced a newspaper daily for each family of four persons in the United States, a weekly periodical for each couple, and a monthly magazine for each individual. They produced a total of 75,080,000,000 copies, 230,000,000 a day; almost 10,000,000 an hour, or 160,000 a minute, or 2,600 a second, every second of the time called 1906.

"They produced besides 15,000 new books, averaging 150 pages each, in editions averaging 2,000 copies; a total of 4,500,000,000 pages of reading matter—enough to give four books of 150 pages each to every man, woman and child in the United States. But besides all this they turned out job printing by the cubic mile. It would exhaust the cipher box to tell how many separate sheets were printed. Suffice it to say that the estimated value of the total output of the printers of the country last year is \$500,000,000."

There are but five other industries in the United States which yield a larger product. In Boston there are 6,000 printers and in the amount of business their trade is exceeded by only two others.

Nemaha is one of the few counties in the state whose railroad assessment was not increased this spring. The valuation of the railroad property of the county for taxation remains the same as last year. The valuation this year is \$653,786.—Republican.

Dr. Austin Matthews, formerly of this city, has built up a wonderful dentistry practice in Omaha since he located there some months ago. He has a splendid suite of offices opposite Brandeis store and has a large number of assistant dentists in his employ. He is fitting up more rooms, preparatory to enlarging his facilities.—Auburn Republican.

M. H. Taylor has sold half interest in his drug business to Willie Leslie. The business will hereafter be conducted under the firm name of Taylor & Leslie. Mr. Taylor has been here for several years, and has always had a good patronage from the people, and we have no doubt but that under the new management it will still be retained. Mr. Leslie has many friends here who will be glad to help him in his new venture.—Shubert Citizen.

Mr. Filmer, the merchant of St. Deroyn, says that the late rains have again been playing havoc with the premises of Uncle Sam Van Osdel, and that the water from the hills about his house has filled his yard with debris, wash out his garden, and covered his growing crops. We are sorry that everything has been so against him, but are in hopes that a change will come to him for the better, and that he will get back in the future, what he has lost in the floods.—Shubert Citizen.

A meeting of the property owners of Brownville and London precinct was held in London precinct on the night of May 23, to consider what disposition to make of the excess funds that would result from the overpayment of the London and Brownville railroad bonds.

Last year the general idea was that all surplus money revert to the precincts and be expended in the improvement of the roads and schools therein. Since then it has been ascertained that the surplus would probably approximate \$7,000 and the taxpayers came to the conclusion that it would be too much money to turn back into the road and school funds of the precincts.

They got together at the called meeting and a resolution was passed to the effect that it was the sense of the meeting that the money be refunded proportionately to the taxpayers of both precincts.

On Tuesday a committee of citizens from those precincts appeared before the board of commissioners and represented to the board that it was the sense of the taxpayers of the precinct that the surplus fund be divided among the taxpayers in the proportion to the taxes that have been assessed against them.—Republican.

The Woman's Home Companion for July contains the opening instalment of a new serial by Anthony Hope, entitled "Helen's Path." It is a most interesting and thoroughly wholesome story, embodying all the delightful romance of the Zenda stories, though somewhat more realistic. Its publication implies a rich literary treat for the numerous admirers of the author who gave us the "Dolly Dialogues."

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my book on either Dyspepsia, The Heart or The Kidneys. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free book. Mr. A. Watzke, of Morris, Minn., says: "Dear Sir: My driving mare got the heaves so bad I offered her for sale for \$15.00 and could not sell her. I have used Gold Coin Heave Powders on her for two months and now I wouldn't take \$125 for her. I highly recommend your Heave Cure. ANTON WATZKE."

**SYMPTOMS OF WORMS** The coat becomes rough; there is a dry hacking cough; the appetite is irregular; sometimes poor, other times craving; the bowels sometimes loose, other times constipated. A yellow mucus collects around the anus. The animal is likely to run down, become thin and poor, the breath generally has a foul odor; the belly may become large, "pot belly." The horse turns up its lips and rubs them against the wall, or licks the manger and shows uneasiness. Worms may appear in such enormous numbers as to invade the stomach and become very dangerous to the animal. Where affected with Thread Worms, which affects the rectum, the intense itching causes the horse to rub its tail against the wall, or to keep switching it constantly.

**DON'T LOSE MONEY** Horses, colts, and other animals if stunted in their growth; unthrifty and misshapen by the clogging of worms in the stomach and bowels are not worth as much as thrifty, spirited, healthy, glossy coated horses. "Gold Coin Worm Powder" makes extra money for you by keeping your animals free from worms.
