From a private letter written by Johnny Sapp to a friend here lately, we learn that he is now at Morrill, Neb., driving team, and that he has already gained five pounds in weight. Morrill is only six miles this side of the Wyoming line, and he has taken a homestead near there. His many friends here are glad to hear of his increase in health, and bright prospect for the future.—Shubert Citizen.

Sam Barnes, who has been visiting in this neighborhood for a few days, went to Johnson Tuesday morning, stopping with his sister, Mrs. Chas. M. Welton, until the next day, when he started for his home in Smith county, Kas.

We hear that the relatives of the man who fell off the building at Peru and was so badly injured that he died are going to sue Joe Bunker, the contractor, for damages, under a law that was passed at the last session of the legislature.

W. E. Hall, who was the Advertiser correspondent from Hillsdale, while teaching school there, a good many years ago, called in Friday evening and introduced himself. He is now a clerk in the postoffice at Newton, Iowa, a town of 6,000, and is enjoying his annual vacation.

A. B. Paris of Atwood, Colorado, arrived in Nemaha last Saturday, and was shaking hands and telling about the country. Arthur is doing well in his new home, has a good crop of sugar beets, his oats made 65 bushels per acre, and everything is prosperous. He is well pleased with his new location.

Mrs. J. M. Sanders, Mrs. Alf Rowen, and W. W. Sanders went to Dewitt Wednesday to attend the wedding of Will F. Sanders. Mrs. Sanders and Mrs. Rowen returned home Thursday. Mr. Sanders went to Lincoln and is attending the Methodist conference, to which he was recently elected a lay delegate.

Mrs. H. M. Harford, living seven miles southwest of Nemaha, invited some her relatives and friends to her home last Sunday to meet her niece, Mrs. Maria Brown of Washburn, Ills., who is visiting here now. A large number were present, and a delightful time was enjoyed, especially at dinner time.

John M. Clark presented the editor with a basket of fine peaches, and the angels with a sack of the same delicious fruit. This is a treat that is certainly appreciated, as psaches are a rarity this year. They taste a whole lot better than last year, when they were so plentiful and many went to waste.

F. E. Hoover, who has been at Cordell, Oklahoma, returned home Monday. Fred was well pleased with the looks of the country but has no intention of moving down there. We are pleased to learn that the prospects are good for the best school in Nemaha we have ever had. The teachers are all doing excellent work, the pupils are getting down to their work in fine shape, the school house and the grounds are in excellent condition, the janitor is being praised by all for his attention to the needs of the school and the members of the school board and especially the director, are looking after the interests of the school as though every child belonged to them.

Joseph Kerker, a brother of Peter Kerker, died at his home in Des Moines, Iowa, Friday of last week. Mr. Kerker started for Des Moines Saturday to attend the funeral. His death was probably caused by blood poisoning resulting from a wound on his hand although he had been in poor health for a long time suffering from Brights disease.

Mr. Kerker returned home Tuesday evening.

John W. Minick came down from Otoe county last Saturday and visited parents and friends until Tuesday morning. John has been unfortunate this year. A hail storm almost destroyed 50 acres of oats earlier in the season, so he only got about five bushels per acre, and two weeks ago there came another hail storm and badly damaged his corn—how bad the damage is he cannot yet tell. In some places the hail was so severe ears of corn were knocked off. As the corn was late on account of the backward spring, it is undoubtedly badly injured.

George Clark, a lad twelve or thirteen years old, came near getting killed at Howe Monday afternoon. A cousin of the boy's had brought in a load of wheat and George was talking to him after the wheat was unloaded. The lines slipped down on the tongue and George stepped over on the tongue to get them, laying his hands on the flanks of the mules as he did so. The mules jumped and ran and George was thrown down and dragged. The team ran only a short distance and were stopped. George had a bad gash cut over one eye and a bone broken in one leg below the knee. Dr. Boal of Auburn was called to treat him.

A Good Record.

Rev. Lusk, of Prairie Union, was in the city last Saturday and gave us a very pleasant call. Rev. Lusk not only kept the duties of a pastor to his congregation fully up to the standard during the past year, but raised a 35 acre corn crop besides. He is now fall ploughing and expects to sow 35 acres of fall wheat within the next few days. All this in addition to helping his neighbors with their work when occasion required. We doubt if there is another pastor in Nebraska that can beat this record, and still not neglect any part of his duties to his congregation.—Shubert Citizen.

Miss Marie left Wednesday afternoon for New York City, where she has a large class in music.
