### POLITICAL ADVERTISING

#### CHARLES C. KITE

**Fusion Candidate for County Commissioner, First District, Nemaha.**

If elected, I promise a square deal to all localities of the district with reference to an equitable distribution of public moneys expended for public improvements.

#### For the Second Term

It has been the custom in Nemaha county from time immemorial to give a good and efficient official a second term.

Not even the most rabid republican denies that Sam Teare has made a good clerk. His record is clear in every respect.

He has been accommodating to all. The records have been kept in as good shape as they ever were, and he has not asked the commissioners for any additional help. He has kept every pledge made two years ago. If ever a county official was deserving of a second term we believe it is Sam Teare. We ask for space in the Advertiser to give our views on this subject, because we believe the voters should lay politics aside in this instance at least.

VOTER.

Last week we said that Peru, Brownville and Nemaha precincts had been organized into a district Sunday school association. We should have said Peru, Brownville and London precincts. The officers elected were Prof. Delzell of Peru president, Geo. E. N. Sanders of London precinct vice president, Miss Ella Williams of Peru secretary-treasurer, and Mrs. Alice A. Minick of Brownville superintendent of department work.

Chas. C. Kite, fusion candidate for county commissioner, was in Nemaha last Friday, and recognizing the value of the Advertiser as an advertising medium, he puts in a small ad for this week and next. G. B. Beveridge stands on his record as a public official in asking for re-election as clerk of the district court. If you think he has conducted the affairs of the office in a manner that meets with your approval, he would like for you to vote for him. He cannot get out and see the voters without neglecting the office and this he will not do. It is up to the voters to decide whether or not they want to continue Mr. Beveridge in the office he has filled so efficiently in the past. We believe the voters will decide by a large majority that they want Mr. Beveridge to remain in the office of clerk of the district court for another term.
