

HOME RECIPE FOR COLDS.

Will Break Up a Cold in 24 Hours or Cure Any Cough That is Curable.

Mix half pint of good whisky with two ounces of glycerine and add one-half ounce Concentrated oil of pine. The bottle is to be well shaken each time and used in doses of a teaspoonful to a tablespoonful every four hours. The Concentrated oil of pine comes in one-half ounce vials packed securely in tin screw top cases which are intended to protect it from light and retain all the original ozone. It is a product of the laboratories of the Globe Pharmaceutical Co., of Dayton, Ohio, and is guaranteed under the National Pure Food and Drug Act. Don't use bulk oil of pine or imitations of Concentrated. They are insoluble and work havoc to the kidneys. Any drug-gist has the Concentrated oil of pine.

THE DIPLOMAT.

Governess—Who was the wisest man?

SUFFERED TWENTY-FIVE YEARS.

With Eczema—Her Limb Peeled and Foot Was Raw—Thought Amputation Was Necessary—Believes Life Saved by Cuticura.

"I have been treated by doctors for twenty-five years for a bad case of eczema on my leg. They did their best, but failed to cure it. My doctor had advised me to have my leg cut off. At this time my leg was peeled from the knee, my foot was like a piece of raw flesh, and I had to walk on crutches. I bought a set of Cuticura Remedies. After the first two treatments the swelling went down, and in two months my leg was cured and the new skin came on. The doctor was surprised and said that he would use Cuticura for his own patients. I have now been cured over seven years, and but for the Cuticura Remedies I might have lost my life. Mrs. J. B. Renaud, 277 Mentana St., Montreal, Que., Feb. 20, 1907."

Sensible to the Last.

An old Scotch woman used to be attended by a doctor to whom she invariably gave a guinea when he went to see her. He had told the friends with whom she lived that her death would probably be sudden, and one day he was hurriedly sent for, as she appeared to have become unconscious. On his arrival he saw at once that she was dead, and, taking hold of her right hand, which was closed but not rigid, he calmly extracted from it the fee which she had provided for him and as he did so, he murmured: "Sensible to the last."

Laundry work at home would be much more satisfactory if the right Starch were used. In order to get the desired stiffness, it is usually necessary to use so much starch that the beauty and fineness of the fabric is hidden behind a paste of varying thickness, which not only destroys the appearance, but also affects the wearing quality of the goods. This trouble can be entirely overcome by using Defiance Starch, as it can be applied much more thinly because of its greater strength than other makes.

The Explanation.

FIVE MONTHS IN HOSPITAL.

Discharged Because Doctors Could Not Cure.

Levi P. Brockway, S. Second Ave., Anoka, Minn., says: "After lying for five months in a hospital I was discharged as incurable, and given only six months to live. My heart was affected, I had smothering spells, and sometimes fell unconscious. I got so I couldn't use my arms, my eyesight was impaired and the kidney secretions were badly disordered. I was completely worn out and discouraged when I began using Doan's Kidney Pills, but they went right to the cause of the trouble and did their work well. I have been feeling well ever since."

DEFENSE OF THE BACHELOR.

Baltimore Man Points Out a Few Facts Generally Overlooked.

As a matter of fact, it is obvious that more crimes are committed by married men than by single men, for the simple reason that many offenses exceedingly popular among the former are entirely impossible to the latter. One such crime is wife murder. How could a single man murder his wife? There are 775 wife murderers in the United States every year, and all are committed by married men. Again, consider the crime of demicide, or mother-in-law killing. Its practice is confined entirely to married men. And forget not the lesser felonies and misdemeanors. How could a single man elope with his wife's sister? How could he desert his children? How could he commit bigamy? How could he flirt with his wife's maid? How could he be accused of non-support? What incentive is there for him to cheat the gas meter, swindle the installment man or rob his brother-in-law at poker? Being prosperous, well fed and happy—as all bachelors are—why should he steal, forge, embezzle, burgle or fight?—Baltimore Sun.
