John I. Dressler has been a populist for many years, but has evidently concluded there is no use of keeping up two party organizations, especially as the populist party appears to be rapidly disintegrating, so he has gone over to the democrats—at least he was elected a delegate to the state convention at the democratic county convention held at Auburn last Saturday, and went to Omaha Thursday, morning to attend the state convention.

### Resolutions.

Since God, in His wisdom and mercy, has taken the father of our beloved sister, Mollie Rowen, and uncle of our beloved sister, Anna Knapp, Archibald Young, from our midst;

Therefore, Be it resolved that Bena Rebekah Lodge, No. 166, extend to them and theirs in this hour of sorrow, our heartfelt sympathy. That these resolutions be sent to the Advertiser for publication, and that a copy be sent to Sister Rowen and Sister Knapp, and that said resolutions become a part of the minutes of this lodge.

A recent ruling of the postal department, to take effect April 1, makes it necessary that all newspaper subscriptions be paid in advance, or not later than the end of the first year. The department will not carry papers at the prevailing rate of postage if over one year in arrears. This makes it necessary for us to request all our delinquent subscribers to pay up during the next month, or necessarily the paper will have to be discontinued. This is not our ruling, but, nevertheless, we believe it is a good thing for all concerned. But good or bad, in the words of the great democratic ex-president, it is a condition, and not a theory, that confronts us. It is necessary for us to comply with the law. It is up to our subscribers to fall in line, pay up, and thus not embarrass us. Get busy!

### Good For Everybody.

Mr. Norman R. Coulter, a prominent architect, in the Delbert Building, San Francisco, says: "I fully endorse all that has been said of Electric Bitters as a tonic medicine. It is good for everybody. It corrects stomach, liver and kidney disorders in a prompt and efficient manner and builds up the system." Electric Bitters is the best spring medicine ever sold over a druggist's counter; as a blood purifier it is unequalled. 50c. at all drug stores.

### Republican County Convention.

The republican county convention met at Auburn Monday afternoon. Hon. Thos. J. Majors was elected chairman, and H. R. Howe secretary.

The following resolutions were read and adopted unanimously by the convention:

"Whereas, We have in our county superintendent, George D. Carrington, a candidate for the office of state superintendent of public instruction; and

"Whereas, We believe he has accomplished more in the field of education during the past four years than any other school man in the state; and

"Whereas, Many of his ideas are now being used by many other county superintendents both in this and in neighboring states, thus proving his entitlements to leadership; and

"Whereas, His accomplishments, energy and ability have been so widely recognized, and we know he will bring to the office of state superintendent the best ideas, a strict and honest business administration, and that he has demonstrated his vigor and fearlessness in carrying out measures for school improvements; and

"Whereas, We know him to be one of the best vote getters Nemaha county ever had and that he also is a talented writer and public speaker, for all of these reasons we believe he will strengthen the republican ticket in Nebraska.

"Resolved, By these representatives of the republican party in Nemaha county that we endorse Mr. Carrington's candidacy for the office of state superintendent unqualifiedly and recommend his nomination by the republicans of the state, and his election by the entire people.

"Whereas, We believe in the policies of Theodore Roosevelt and heartily endorse his administration; and

"Whereas, We believe Secretary Taft represents those policies and is of all candidates for the high office of president of the United States best fitted and qualified to carry out our favorite

policies and take up the administration of President Roosevelt and carry it on successfully; and

"Whereas, We know Secretary Taft to be a man of sterling worth and one who has done great public services having been often tried in many official capacities; be it

"Resolved, By this republican convention that we endorse the candidacy of William H. Taft for the presidency of the United States."

Tickling or dry coughs will quickly loosen when using Dr. Shoop's Cough Cure. And it is so thoroughly harmless, that Dr. Shoop tells mothers to use nothing else, even for very young babies. The wholesome green leaves and tender stems of a lung healing mountainous shrub give the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop's. Take no other. Dr. W. W. Keeling.

If you would like to fool some wise Coffee Critic, who "knows fine Coffee on taste and flavor," quietly make for him a batch of Dr. Shoop's "Health Coffee" and serve it piping hot. It deceived Mrs. Shoop, and will I believe deceive any one. And there is not a grain of real Coffee in it. Health Coffee is made from pure toasted grains, malt, nuts etc. Made in a minute—no 20 to 30 minutes tedious boiling. 1-2 pounds 25 c. All dealers.
