A new time table will go into effect on the Burlington the first Sunday in May. There will be quite a change in the time of leaving here for the east, as the local train will make connection at Red Oak with the fast mail.—Neb. City News.

Three or four weeks ago Mrs. Steve Colerick set a hen with 15 eggs. Seven of them hatched out in two weeks and were taken away. The other eight hatched out in the usual three weeks. The eggs that first hatched out were bought and had evidently been under a hen for a few days.

Presiding Elder Geo. I. Wright starts this week for Baltimore, Maryland, to attend the general conference of the Methodist Episcopal church, he being one of the ministerial delegates from the Nebraska conference. The general conference meets every four years, delegates being present from all over the world.

Not many towns the size of Nemaha have as many attendants at Sunday school as Nemaha. Last Sunday there were 103 present at the Methodist Sunday school and 113 at the Christian—a total of 216 in a town of only about 450 inhabitants. There were no special exercises and no extra efforts were made to bring out the scholars.

The new horse on Knapp's dray wagon evidently got tired of wearing the hobbles Tuesday and proceeded to kick himself loose. He kicked his mate a few times, and knocked hair, hide and flesh off one of his own legs. He started in at the depot, kicked some more after they got him up town, and kept on kicking after they got him in the barn. He is quite lame and will have a mighty sore leg for several days.

Mr. and Mrs. S. F. Bridge, who moved to Oregon eight years ago, returned to Nemaha Tuesday and will visit relatives and friends for two or three weeks. Mr. Bridge says he is well pleased with Oregon and is prospering. He recently sold the farm where he has been living, near Orient, but has bought another one in Washington, north of Vancouver, his postoffice being Battleground.

Is a Candidate

The Auburn and Lincoln papers have stated that Col. T. J. Majors would in all probability be a candidate for state senator this fall, and in an interview with Mr. Majors the first of the week the Pointer learns that the statement is correct. Mr. Majors will make a strong race, and we believe that he will be nominated and elected.—Peru Pointer.

Col. Majors is a man of ability, experience and wide acquaintance, and no man in Nemaha county could do more for the people. The colonel is a worker, and Nemaha county will be heard from on the floor of the senate if he is elected.

Pain, anywhere, can be quickly stopped by one of Dr. Shoop's Pink Pain Tablets. Pain always means congestion—unnatural blood pressure. Dr. Shoop's Pink Pain Tablets simply coax congested blood away from pain centers. These tablets—known by druggists as Dr. Shoop's Headache Tablets—simply equalize the blood circulation and then pain always departs in 20 minutes. 20 tablets 25 cents. Write Dr. Shoop, Racine, Wis. for free package. Sold by Dr. W. W. Keeling.

Brock and surrounding school districts are agitating the question of the consolidation of districts—a wise movement.

J. H. Vanderslice has traded his farm near Crab Orchard for a stock of general merchandise, hardware, etc., at Phelps, Mo. He went over Monday to invoice the stock and assume possession. Mr. Vanderslice returned Wednesday to pack up his household goods, and expects to move today. Mr. Vanderslice has lived in Nemaha five years and has made many friends who regret to have the family leave.

Surveyors were at work Wednesday surveying the channel of the Nemaha river, for the drainage company, preparatory to straightening the channel of that stream. They commenced at a government stake near the old burnt tree this side of "clay hill" northeast of town, then over to the Missouri river, to get the right starting point we understand, then back to the railroad and along the right-of-way to the Nemaha river, and then up that stream. Few knew of the existence of the old government survey stake which these surveyors took for their starting point.

A Cat Hatches a Chicken

Steve Colerick's children, when collecting the eggs, had several times reported to their mother that their old cat was on a nest under the corner. One day last week Mrs. Colerick heard a little chicken yelping and on searching found it in the nest where the cat had been seen so often, and as none of the hens were setting, to the cat must belong the honor of hatching the chicken. She probably thought the hens were so busy laying eggs that they could not properly attend to the duties of hatching the chickens, and thought to relieve them of this part of their duties.

Recently the Edwards & Bradford Lumber Co. advertised that they would give a fine oak rocker to the person purchasing the largest amount of goods for cash at the Nemaha store between March 28 and April 25. Alf Rowen won the prize and is well pleased with the handsome rocker he received. The company also had a free guessing contest during the same time on the number of kernels of popcorn in a quart jar, offering a fancy nickel plate coffee pot, an enamel four-quart Berlin kettle and a white enamel meat platter as prizes for the first, second and third closest guesses. There were 5853 kernels in the jar. R. I. Brown won the first prize, his guess being 5804. Chas. Devorss was next with 5790, and John Reed third with 6050.

Howe, advertised according to law, and remain unclaimed by the owner.

MAJORS FOR THE SENATE

Lincoln Star.

One of the interesting political announcements of the week just closed comes from Peru, Neb., to the effect that Thomas J. Majors intends to try for election to the next state senate. Some political pyrotechnics may be expected if this proves to be true, for there is no other man in Nebraska who can draw more fire, or, on the other hand, command a stronger measure of support from his friends than the picturesque "Tom" Majors of Peru.

Mr. Majors was for years in the thick of all political fights in this state. He had a few distinguished enemies who made things hum whenever he sought preferment, and no doubt has fallen heir to the enmity of some of those who represent the foes of other years. Majors is a fighter, and in the state senate he would be one of the commanding figures.—The most attractive feature of his candidacy is that it will help to make merry a campaign that might otherwise lack lively incidents. Majors running for the state senate will mean busy times, not only in his community, but in all parts of the state where both his good friends and uncompromising enemies live.

We recently received through the kindness of Senator Burkett a copy of the government publication on "Diseases of Horses." It is a valuable document.

THE MAY HOUSEKEEPER

In the list of fiction for the Housekeeper for May there are two particularly clever stories, "Roxana's Proposal," by Anna Warner, and "His Failure," by Emma Lee Walton. For the first, imagine a girl who has looked forward to a proposal from infancy; then the auspicious moment—the automobile breaks down, and as a parting word after the strenuous day, "Oh, I forgot, I meant to propose this morning." The other stories are good and there are many pages of special interest to the home, fashions, cookery, fancywork, pages for the children, and the usual departments. The Housekeeper Corporation, Minneapolis, Minn. Sixty cents a year.

Agents wanted:—16x20 crayon portrait 40 cents, frames from 10 cents up sheet pictures one cent each. You can make 400 per cent profit or \$36.00 per week. Catalogue and samples free.—Frank W. Williams Company, 1203, w. Taylor st., Chicago Ill.

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative. The Restorative is a genuine tonic to tired, rundown nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys, and oft-times weakens the Heart's action. Use Dr. Kings Restorative a few weeks and all will be changed. A few days test will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by Dr. W. W. Keeling.

Catarrh

To prove unquestionably, and beyond any doubt, that Catarrh of the nose and throat can be cured, I am furnishing patients through druggists, small free Trial Boxes of Dr. Shoop's Catarrh Cure. I do this because I am so certain, that Dr. Shoop's Catarrh Cure will bring actual substantial help. Nothing certainly, is so convincing as a physical test of any article of real, genuine merit. But this article must possess true merit, else the test will condemn, rather than advance it. Dr. Shoop's Catarrh Cure is a snow white, healing antiseptic balm, put up in beautiful nickel capped glass jars at 50c. Such soothing agents as Oil Eucalyptus, Thymol, Menthol, etc., are incorporated into a velvety, cream like Petrolatum, imported by Dr. Shoop from Europe. If Catarrh of the nose and throat has extended to the stomach, then by all means also use Internally, Dr. Shoop's Restorative. Stomach distress, a lack of general strength, bloating, belching, biliousness, bad taste, etc. surely call for Dr. Shoop's Restorative. For uncomplicated catarrh only of the nose and throat nothing else, however, need be used but

"Health Coffee" is really the closest coffee imitation ever yet produced. This clever coffee substitute was recently produced by Dr. Shoop of Racine, Wis. Not a grain of real coffee in it either Dr. Shoop's Health Coffee is made from pure toasted grains, with malt nuts, etc. Really it would fool an expert—who might drink it for coffee. No 20 or 30 minutes tedious boiling. "Made in a minute" says the doctor. Sold by all dealers.

WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N.
