 Recently the Burlington railroad company gave notice that beginning July 1 they would pay section hands only 12 1-2 cents an hour, a reduction of one cent an hour. On Tuesday Section Foreman Shineflew received notice from Superintendent C. B. Rogers rescinding the former notice. No reduction will be made for the present, at least. The company has difficulty in getting as many men as they need to keep the track in shape, and talk of putting on a gang of dagoes or Greeks.
O. G. Whitfield Hurt in Runaway
 Last Saturday morning O. G. Whitfield started to cut wheat, with his span of mules hitched to the binder. They ran away, taking down along the barb wire fence, catching Mr. Whitfield between the seat and the barb wire, scratching and cutting him on the arms and back, one cut on the wrist being a pretty bad one. He has been putting in most of his time patching himself up since then.

 No sand can be bought in Nemaha, consequently all cement work, plastering, etc., has come to a stand still.  County Superintendent Geo. D. Carrington, jr., was in Nemaha Thursday, meeting the directors of the school districts in this part of the county. If crowded, we are of the opinion that George would acknowledge that he is a candidate for the republican nomination for state superintendent and would appreciate the votes of the people here. If left to the voters of Nemaha county George would be elected almost by acclamation.
