

Mr. and Mrs. Jno. W. Ritchey, Jas. A. Stephenson, C. A. Curtis, Walter Hadlock, A. V. Farson, sr., and perhaps a few others took advantage of the absence of Rev. G. W. Ayers, went over to the parsonage, cleaned up the rubbish that had been there since the cyclone and that had been made by putting the house back on the foundation and repairing it—that is, they cleaned off what Bro. Ayers hadn't got off—cut the grass, raked the yard, etc. Mrs. Ayers helped in the good work.

Committees for the Picnic

The following committees have been appointed for the old settlers' picnic, to be held Wednesday, Aug. 5:

Grounds and seating park—V. P. Peabody, I. N. Cooper, W. T. Russell.

Speakers—W. W. Sanders, C. W. Roberts, Ben T. Skeen.

Stand rights—F. L. Woodward, C. H. Kindig.

Music—C. T. Minick, Elmer E. Allen, G. N. Titus.

Sports—W. G. Maxwell, E. E. Rumbaugh.

Baseball—Elmer E. Allen, G. N. Titus.

Advertising—W. W. Sanders, M. W. Knapp, Ralph Ritchey.

Pres Barker started out over rural route No. 1 Tuesday morning. The water then was just starting over the road the other side of the Bennett bridge. When he got to Charley Howe's place, about a mile further on, he was told that the water was rising fast and if he expected to get back home that day he had better return at once. When he got to the Nemaha bottom the water ran in the buggy box where it was just creeping across the road so short a time before. One of the ponies stepped in a hole and went clear under, but all got through without damage. Pres says he would rather have made the full trip, as his wife set him to running the lawn mower when he got home.

Kinton-Knapp

Tuesday evening, July 7, 1908, Mr. Clyde Kinton and Miss Anna Knapp went to the home of Rev. J. W. Sapp, and were married by that gentleman. They had tried to keep it secret but Ed Knapp and a few others had their suspicions aroused and were watching them. They made Clyde treat to the cigars and then let them alone.

The groom is the son of Alfred B. Kinton and is an industrious, enterprising young farmer. The bride is the youngest daughter of Mr. and Mrs. M. W. Knapp. Both have a host of friends who unite with The Advertiser in wishing them a long, happy and prosperous married life.

Instead of taking a bridal tour the young couple have gone to the Kinton farm and will run that while the groom's parents take a lengthy trip to California, Oregon and other western states.

Weak women should try Dr. Shoop's Night cure. These soothing, healing, antiseptic suppositories go direct to the seat of these weaknesses. My book "No. 4 For Women" contains many valuable hints to women, and it is free. Ask Dr. Shoop, Racine, Wis. to mail it. Ask the Doctor in strictest confidence, any question you wish answered. Dr. Shoop's Night Cure is sold by Dr. W. W. Keeling.

To stop any pain, anywhere in 20 minutes, simply take just one of Dr. Shoop's Pink Pain Tablets. Pain means congestion—blood pressure—that is all. Dr. Shoop's Headache—or Pink Pain Tablets—will quickly coax blood pressure away from pain centers. After that, pain is gone. Headache, neuralgia, painful periods with women, etc. get instant help. 20 tablets 25c. Sold by Dr. W. W. Keeling.

The High Water

Last Sunday night one of the most destructive rain storms ever known in the state fell in Lancaster, Cass and Otoe counties.

At Unadilla there was a cloud burst. A wave of water four feet high rushed through the lower part of the town at 11 o'clock at night. Several houses were wrecked. One family, the man, wife and three children, were drowned.

The water was the highest ever known in Lincoln, being three feet high in the Burlington depot. It is thought 10 persons were drowned. Great damage was done to property.

In Ashland seven persons were drowned.

Lincoln was without train service all day Monday, all the railroads entering that city having been put out of business by the flood.

At Brock, Auburn and Bracken the Nemaha river was the highest ever known. The fact that the water in the Missouri river was lower than it has been for some time helped matters here, but the water south of town was the highest it has been this year.

The flood did not reach this part of the county until Tuesday.

Charley Stanley says the water raised three feet in five minutes Tuesday forenoon in the Nemaha river west of his farm. He had a stake set, measured the rise and had his watch out to take the time.

T. F. Woods, who moved off of the Seymour Howe farm some time ago, on account of high water, moved back Monday, but the next day had to move out again. This time the water raised in the lower story about half way up the lower sash of the windows.

Henry Seid and Frank were away from home when the news of the approaching flood came. Mrs. Seid and the children drove the sheep to the higher ground, getting them out just in time. When Frank came he had to swim the cattle through to a place of safety. They had a lot of oats in the shock on some low land but with the help of neighbors hauled it all to higher ground.

Passenger train No. 97 went west just across the Nemaha river, found the track covered with water and out of line, and backed to Nemaha. After some delay the train was sent south to Salem and then by way of Table Rock to Tecumseh. Train 98 in the afternoon came in the same way, being over two hours late.

Auburn had no trains Tuesday, the Missouri Pacific as well as the Burlington having been temporarily put out of business by the flood. The M. P. had a big engine and a number of box cars in the ditch north of Auburn and another wreck south of Verdon.

If one feels dull and spiritless, in the spring or early summer, they call it "Spring Fever." But there is no fever—usually. It is the after effects of our winter habits. The nerves are mostly at fault. Tired, worn-out nerves leave us languid, lifeless, and without spirit or ambition. A few doses of Dr. Shoop's Restorative will absolutely and quickly change all of these depressing symptoms. The Restorative of course won't bring you back to full health in a day or two, but it will do enough in 48 hours to satisfy you that the remedy is reaching that "tired spot." Druggists everywhere are advising its use as a splendid and prompt general tonic. It gives more vim and more spirit to the spoonful than any other known nerve or constitutional tonic. It sharpens a failing appetite, aids digestion, frees sluggish livers and kidneys, and brings new life, strength and ambition. Test it a few days and be convinced. Dr. W. W. Keeling.

The Public Schools

It seems to be human nature for people to object to anything that will cause increased taxation. We don't like to pay taxes anyway.

We remember when there was strenuous objection to the proposition, a good many years ago, to add a third teacher in the Nemaha schools. Then when it was proposed to build a new school house, to replace the old one that had been condemned, it was argued that to do so would ruin the district. And yet the house was built, and the bonds paid off, and no one felt the burden materially. Last year, when it was proposed to put in a furnace to make the children comfortable, those opposing the movement claimed it would put the district badly in debt and ruin us to keep up the expense. But the voters refused to be frightened, the furnace was put in and a good janitor hired, and now no one would favor going back to the old way.

The same old arguments are now being used by those who are opposed to adding a fourth teacher. They say the previous improvements have been good ones but that now it is time to call a halt. They are honest in their opinions. Some of them are heavy taxpayers. But we think they are mistaken, just as those who opposed former improvements were mistaken.

About the only thing a poor man can give his children is a good home training and a common school education. The better facilities we can provide for the latter the better it is for all concerned. Even for those who can afford to send their children away from home to educate them it would be quite an advantage for them to keep their children at home a year or two longer, if we have good schools to send them to.

One of the principal arguments used against the proposition to add a fourth teacher is that it will run the district in debt. The figures do not show this. For the coming year, if the fourth teacher is added, the expense will be about as follows: Salary of principal, \$675; salary of two teachers already contracted for, \$810; salary of fourth teacher at \$50 per month (a good one can be hired for that), \$450; janitor for the four rooms, \$200; rent for additional room, \$200, coal, \$100; books, \$100; repairs, etc., \$100; incidentals, \$100—a total of \$2,735. If we add to the above \$100 for new seats it would make only \$2,835.

The district made a levy of \$2,500 at the annual meeting. The assessed valuation of the district, real and personal, is \$67,600; railroad, \$32,520; railroad terminal, \$6,000; a total of \$106,120. It will be seen that a 25 mill tax will raise more than the \$2,500 voted. We have about \$300 on hand now. Last year we received almost \$100 in tuition from non-resident pupils. This will be materially increased with a fourth teacher and added grades, but count it at \$100. The state school money will be about \$240. This gives us a total income, including the money on hand, of \$3,140—\$305 more than the estimated expenses, and we believe we have figured the expense larger than it will prove to be.

Vote for better schools, even if it does cost you a few dollars more in taxes. The money will be well spent.

See W. W. Sanders for fire, lightning and tornado insurance.

Camp Meeting Abandoned

The holiness campmeeting that was to have been held at Lincoln from July 9 to 19, mention of which is made on the first page, has been abandoned on account of the park being flooded.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are

sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Potentially, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to those weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help. If you would have strong Hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

Dr. Shoop's Restorative

"Health Coffee" is really the closest coffee imitation ever yet produced. This clever coffee substitute was recently produced by Dr. Shoop of Racine, Wis. Not a grain of real coffee in it either Dr. Shoop's Health Coffee is made from pure toasted grains, with malt nuts, etc. Really it would fool an expert—who might drink it for coffee. No 20 or 30 minutes tedious boiling. "Made in a minute" says the doctor. Sold by all dealers.

Notice of Tax Sale.

To Daniel O. Craig and to all whom it may concern. Notice is hereby given that on the 10th day of November, 1908, Frank L. Woodward bought at tax sale of the county treasurer of Nemaha county, Nebraska, lot number one in block number sixty-two, Nemaha City, Nebraska, delinquent taxes for the year 1905, that the taxes for all subsequent years have been paid. Said Frank L. Woodward has assigned said tax certificates to Frederick E. Hoover. Notice is hereby given that on November 10th, 1908, I will apply to the county treasurer for a tax deed to said lot. Dated this 10th day of June, 1908. Frederick E. Hoover.
