The wheat in this neighborhood is not yielding very well. John T. Webber had in over one hundred acres that yielded only about fourteen bushels per acre.

The eastern portion of the county is bound to have about double the yield of corn according to the acreage that the western part of the county will have.—Granger.

Mrs. Theo. Hill had three women, two men and a boy at work cleaning house, papering and cleaning up generally in her millinery establishment Wednesday, and it kept her busy overseeing the work.

The absence of electric street lights is greatly felt in Nemaha. Almost every night a game of horseshoes is stopped by darkness. If we had electric lights the game could go on several hours longer.

Miss Ruth Knapp was given a surprise party Wednesday, at the home of her parents, Mr. and Mrs. E. H. Knapp, that being her twelfth birthday. She went down to the home of her aunt, Mrs. Clyde Kinton, that morning. When her aunt brought her home about five o'clock Ruth found about twenty of her little playmates in the house waiting for her. The Holiness Churches of Christ will hold their 22nd annual campmeeting one and one-half miles west of Brownville, beginning August 6 and holding ten days. Elder J. C. Shafer will have oversight of the meeting, assisted by evangelists, pastors and others associated with the holiness movement. Services will be held morning, afternoon and night. For further information, write W. H. Lemon, Nemaha.

The good people of Brownville are at present writing undecided as to what will be done relative to "Home Coming Day." The death of Mr. Rainey left the association without a president and removed probably the most active member. Remembering the very pleasant hours spent on the occasion of the first homecoming day at Brownville in 1907 there seems to be no one willing to abandon the good work.—Granger.

We are requested to again call attention of those interested in our cemetery to the fact that it is necessary to raise considerable money by contributions if we keep the cemetery in the fine condition it has been kept for a number of years. Many of those who have formerly contributed have as yet failed to give anything. Please send or hand to Elmer E. Allen as soon as possible and assist the board in keeping the cemetery in such condition that our citizens will be proud of it.
