HOW A PUZZLE WAS SOLVED.

When you want a certain article, you want
the best make of that article, don't you?
But how to determine which make is best
is what puzzles you, isn't it?
And when the puzzle is solved for you,
by authority which cannot be questioned,
you are pleased, aren't you?
And you would like to hear of one puzzle
that has been solved for the people of the
whole world, wouldn't you?
Well, we will tell you about that very
puzzle, and its solution.
At the Universal Exposition of 1889 at
Paris, France, the best sewing machines of
the world, including those of America, were
in competition. They were passed upon by a
jury composed of the best foreign mechani-
cal experts, two of whom were the leading
sewing machine manufacturers of France.
This jury, after exhaustive examination
and tests, adjudged that the Wheeler &
Wilson machines were the best of all, and
awarded that company the highest prize of-
fered, the GRAND PRIZE, giving other
companies only gold, silver and bronze
medals.
The French Government, as a further
recognition of superiority, decorated Mr.
Nathaniel Wheeler, president of the com-
pany, with the Cross of the Legion of
Honor, the most prized honor of France.
That is how the puzzle of the best sewing
machine in the world was fully solved by the
most competent authority in the world in
favor of the No. 9 and No. 13 Wheeler &
Wilson machines.
The No. 9, for family use, and the No. 13,
for manufacturing uses, are the best in the
world to-day.
And now, when you want a sewing ma-
chine, if you do not get the best, it will be
your own fault.
Ask your sewing machine dealer for the
No. 9 Wheeler & Wilson machine, and if he
does not keep them, write to us for descrip-
tive catalogue, prices and terms.
Agents wanted in all unoccupied territory.
