G. C. HAZELT, Chairman, D. L. Cramer, Secretary.

Don't worry about Iowa going democratic next fall, Boies or not.

It is again reported that J. W. Love is going to return to his post at San Salvador.

HARRINGTON will soon return, and then Scotty will feel that he has a friend in court.

FRED FOX has taken the whisky cure, and we predict and wish for him the prosperity his talents warrant.

THERE promises to be some fun in politics before the campaign is over, in the democratic ranks particularly.

L. D. RICHARDS wants to be one of the state delegates to the Minneapolis convention. All right here, governor.

THE Garfield Enterprise says V. H. Stone of Ord is a candidate for congress from this district. Who is stone anyway?

THE water works fever prevails in many towns, so O'Neill is now right in line with enterprise to say nothing of necessity.

THE candidacy of Jo Bartley for the republican nomination for state treasurer progresses encouragingly to his legion of friends.

JOHN THURSTON says he is a republican whether his friends are nominated or not. This is the right spirit. No sulking this year.

THE silver question was the bone that nearly strangled the democratic congressmen, and will have a bad effect along in November.

JUDGE NORRIS has the Knox county delegation, the first delegation selected to a nominating convention in the third district, and for that matter in the state.

WERTZ accepts the situation philosophically, and has about made up his mind that a paper does not begin to prosper in good shape until a boycott is ordered.

SENATOR CULLUM was never in the race for president very hard, but he has withdrawn. Harrison practically has no opposition at Minneapolis, which is as it should be.

THE Norfolk News comes out in a nobby new spring suit. The News was always a model paper, and the improvements it inaugurates surprises no one. It is expected to take the lead.

THE alliance people are souring on Simpson and his colleagues in congress, charging them with essaying the character of duds since going to Washington. Just think of Kem as a dude.

PASTE this in your hat: Grover Cleveland will be the democratic nominee for president. That Hill which has been in his way will be mighty small by the time the convention meets.

FREMONT is to have a side issue jag factory; not a Keeley however. It is safe to predict that if this enterprise is successful the amazing democratic majority in Dodge county will be largely reduced.

THE press dispatches in Sunday's Bee carry the startling information, second-hand however, that Blaine is a candidate. Probably no stock will be taken in this, yet the hearts of the admirers of the great secretary beat faster at the very idea.

THE Chicago Herald, at least, is a frank Democratic paper. It says it "must be admitted by all frank democrats in all parts of the country, chaos has fallen on the democracy of the east." Just so. The Lord hath brought confusion on His enemies.

THE Fremont Tribune may designate our citizens by almost any appellation in the catalogue, but when it refers to our predecessor as handsome we kick. We know Jimmy is good and honest and affable, but handsome never. He is too short, too fat, too blonde.

W. M. ROBERTSON, of Madison county, is not an aspirant for congressional honors in the ordinary acceptance of the term, but some of his friends are "mentioning" him in that connection. "Rob" would make a very creditable representative for the third district.

THE speculation in the papers concerning future movements of the Short Line company is varied and unreliable. About the way to figure it is that it is a line short of cash. It makes but little difference to O'Neill whether the road is extended further west or not.

THE World-Herald says the democratic party wants "harmony in large chunks" and adds "apply to the democratic central committee." Should the party be able to secure the harmony chunks it would make a decent showing against Ben Harrison.

It makes the ku-klux remnants in Alabama chuckle clear down into their boots when they read this from one of Senator Hill's Alabama speeches: "I am rejoiced to know that it is a country where the people rule, and where every citizen, no matter how humble or unlettered he may be, has the same rights as the wealthiest citizen in the land."

SCOTTY still holds the fort and all is serene at the court house. As there is no question but that Judge Bartow's decision will be held good by the supreme court should an appeal be taken it is presumed that this is the last of the celebrated case. It has been a little bit expensive to the county of course, but the reformers (?) are not worrying about that.

THE Butte Free Lance mentions our Colonel Towle as good congressional timber. Right you are for once, Santee. But the Colonel authorizes us to state positively and unequivocally that he declines in advance to accept a nomination. Of course if the dear people should elect him to the honorable position of congressman no doubt the Colonel would qualify, and you can rest assured that he would be heard from while in Washington, and in a manner most pleasing to his constituents.

It is hardly pleasant to oneself to be forever complaining, but at this period there's a good opening for fault-finding. Why don't the property owners of this city commence at once to mend their ways? It's a natural consequence that sidewalks should be in a delapidated condition in the spring, and it seems to neglect the repairing of the same. Get loaded with a dose of benzine and try a tramp around town and you will find that the boards are continually coming up to kiss the dew from off your rosey nose, while bright stars gleam forth in wondrous splendor. Fix up your sidewalk for the sake of all, and don't let us give ourselves away in this manner.

THE following piece of railroad news is taken from the Sioux City Journal of recent date and will be of interest to our neighbors over north: "The Fremont Elkhorn and Missouri Valley road will do some building in northwest Nebraska this year," declared a gentleman yesterday, who claims to have inside information from the officials of the company as to the plans. "The line that now has its terminus at Verdigris, in the northern part of Knox county will be extended fifty-three miles to Butte, in the newly created county of Boyd. Boyd is simply the north part of what was formerly Holt county, and the new county has been organized since the Ponca reservation was thrown open. The proposed line will be the only one in the reservation, which is one of the richest sections of Nebraska. The line will be along the valley of the Niobrara river, and there is no question that it will be built this year, and that all arrangements to that effect are now consummated."

PRESIDENT HARRISON has not only won the warm praise of his political friends but has also commanded admiration from his bitterest foes, by his management of the great international controversies which of late have risen between this and other countries. Nothing has been more marked in the political world of recent days than the ability shown by the president through them all. Manly and dignified his bearing has been one of unswerving firmness. And the world recognizes in him a master diplomat. Nothing of bravado has entered into his utterances. Only calm logic and irrefutable argument characterizes his correspondence with foreign powers. The democratic paper that alludes to the old chestnut of "grandfather's hat" to the statesman who is now at the head of the greatest republic of the world is very low in the scale of decency. President Harrison has greatly increased his reputation for statesmanship with the American people without any ostentatious or particular effort upon his part to curry popular favor.

HERE is a little prose-verse that Walt Mason wrote a number of years ago: "I stood on the bridge at midnight as drunk as a son-of-a-gun. Two moons rose over the city, where there ought to have been but one. I could see their bright reflection in the water under me, and I expressed a feeling of wonder and great curiosity. If only one had been I would not have been in doubt. But what two moons were doing I could not make out. The tide was slowly ebbing, I could hear the waters roll, as I stood in the wavering shadows to escape the night patrol. How often, Oh! how, how, often, in the days of auld lang syne, I had tried to cross at midnight and got lost many a time. But to-night I was hot and restless, and my mind was full of care, for the walk before me seemed greater than I could bear. I had no latch key with me and locked would be the door and I'd have to sit in the doorway in agony and fear, 'till a voice said from the window, 'did the lodge hold late my dear?' So to-night I stood there dreaming and watching the restless tide, 'till a cop came along with a wagon and asked me to take a ride."

THERE are a number of boys in O'Neill—too large a number for the size of the town—who are a disgrace to themselves and their parents. This is plain talk but it is true, lamentably true. We do not propose to argue the question as to who is to blame. The bringing up of a family is a serious undertaking, and the responsibility altogether too great to be lightly considered. The fact is patent to all that the boys need some sort of curb or the results are certain to be fraught with many heart aches and untold suffering not only to the boys themselves but to all connected with them. We do not believe in being too severe, yet under the circumstances the plan adopted at Rad Oak, Ia., strikes us as being wise and naturally productive of much good. In that city children are not allowed on the streets after eight o'clock in the evening unless accompanied by grown persons. What a contrast in O'Neill, where young boys are to be found on the streets at almost any hour of the night. If the parents cannot keep the boys at home is there any other way to work a reform in this direction?

FRIENDS of Justice are you aware that the county board of this County have been turned Pirates by the children of THE FRONTIER and their long eared ass who manages the whole concern. Is this bated thrown out to catch subscribers, or is it payed for in advance. THE FRONTIER outfit knew that the facts are correct brought out in the trial and there is no excuse for them but that they are interested. One of the stockholders of that paper told a gentleman on the train that if county board pushed Scott they would drive him to the wall but if they would leave him alone until his term expired he thought he would have all the money there but now said he is out and he cannot get it. These are facts and then for an outfit to call a set of men Pirates because they ousted Scott when these facts they have admitted is a little tainted with Boodie we are led to believe.—Ewing Advocate.

We reproduce the above without an attempt to correct spelling, composition, punctuation, capitalization or grammar, in the hope that the reader will be able to make out what is intended by the astute editor. THE FRONTIER certainly is interested in this case, as it believes in fair play under all circumstances. We do not believe a stockholder of THE FRONTIER Printing Company ever made such a statement as above charged, and we would suggest that the Advocate give names. Friend Butler we have always esteemed as meaning to be fair, but such insinuations are not fair. It is natural that the parties who have been engaged in the persecution of Treasurer Scott should feel sore over the total failure of their schemes as to final results, but they should accept the situation with better grace and hereafter be more honorable in their efforts.

## KEELEY IS KING.

Letter From J. L. Donham on the Bi-Chloride of Gold Cure.

O'NEILL, NEB., March 21.  
Editor Argus:—In compliance with your request before leaving South Sioux City, I will attempt to give you at least a slight idea of life at the institute. Almost every victim of strong drink who enters the institute harbors a doubt as to the efficacy of the treatment, and I was not an exception to this rule. I was skeptical up to the eleventh day, when I

very suddenly concluded that Keeley was king, and that old barleycorn was no longer "in it." On the eleventh day after my arrival, I punished more booze than on any preceding day, and had almost arrived at the conclusion that my case was an absolutely hopeless one, but after taking the 12 o'clock shot, I changed my mind. Within twenty minutes after the shot I grew deathly sick, which, of course, I had to patiently endure amid the laughing and jeering of those who had been in the same boat before me. That settled my case, and I have not tasted whisky since, and sincerely believe that I will be permanently cured of the curse that has so many years darkened my life, and I further believe that any man who will come here in good faith and obey the rules can be cured. The treatment is not only a sure cure for the liquor, morphine, opium and cocaine habits, but there is a patient being treated for rheumatism, and although he is now only on the commencement of his second week, he feels a wonderful improvement, and that he will be permanently cured he has not the slightest doubt. It thoroughly cleanses the blood, tones up the system and absolutely removes all desire for liquor. And in justice to the management permit me to say that if kind treatment and a constant lookout for the welfare and comfort of the patients will contribute any toward bringing about a cure, the O'Neill institute will certainly stand without a peer in its good and glorious achievements. In fact, every officer of this institute, from President Mathews down, seems to be endowed with a natural faculty for gaining and retaining the respect and confidence of the patients. To this fact may be attributed the chief cause of their success. There have been several visitors here who have taken the treatment at Blair and other places, and they are universal in their praise of President Mathews, Treasurer Selah and Dr. Trueblood, of the O'Neill institute. These gentlemen do all in their power to make the crestfallen "jag" feel that he is in the hands of true friends when he enters the institute, and no matter how obstinate the poor victim of alcohol may be on the start, within two days he is usually willing and anxious to follow the instructions of the physician. There are also other advantages possessed by the O'Neill institute over many others. Some of the worst boozers that ever wallowed in the ditch of drunkenness have taken the treatment at Dwight, Ill. To-day they are leaders in the business and social circles of O'Neill. This fact has given the good people of this busy little city implicit confidence in the merits of the treatment; consequently they cheerfully co-operate with the management of this institute in making things pleasant for those seeking a cure. One night last week the first class graduated, and an interesting entertainment was given at Masonic hall after which the students returned to their club rooms, where, to their surprise, an elegant repast awaited them, which had been prepared by the good women of O'Neill, whose whole hearts seem set on uplifting downfallen humanity. Scarcely a week passes by, but there are from one to three entertainments at the opera house, and President Mathews invariably looks after the interests of the Keeley boys in the way of providing them with free tickets, at his own expense, while his good wife occasionally gladdens their hearts with large baskets of pop-corn, in short, the man who will return to drink after taking a course of treatment at this institute is certainly unworthy to be called a man, for if he drinks at all, he does so through pure ruse, and not because his appetite craves it.

My time will be out next Monday, but I will probably remain a week longer for the benefit of my nerves. Dr. Allen is getting along finely, and expresses his earnest confidence in the efficacy of the cure, as all others do after a few days treatment. To those who were instrumental in sending me here, I desire to tender my sincere thanks, as to me like thousands of others, I deem the Keeley treatment a godsend.—South Sioux City Argus.

## LADY'S HOSIERY AT COMMISSION PRICE.

Ladies, do you realize that when you buy of the retailer you are paying three unnecessary profits? The manufacturer sells to the commission house, the latter to the jobber, and the jobber to the retail merchant. You must pay the manufacturer a profit first and then pay each of the subsequent handlers a profit, not infrequently paying two profits to the retailer. The Manufacturers' Commission Company is a responsible syndicate which sells direct to the consumer. By investing in manufacturers' samples, odds and ends, job-lots and the stocks of insolvent manufacturers, in connection with our regular commission holdings, we are able to sell to the consumer direct at the COMMISSION price, which is but one remove from the manufacturers. While this company handles all kinds of ladies' furnishings, we are making a special drive on our HOSIERY, merely to introduce our name in your territory and establish a reputation for giving values never before offered, so that you will be fully prepared for our later announcement of our entire lines. Read the following offers: Ladies' full length, fashioned, fast black hose, superfine gauge, (retailing every where at 25 to 35 cents per pair,) we will sell at 16 cents, or one-half dozen at 96 cents. Ladies' extra length, full regular made, fast black and seamless hose, very finest gauge, (retailing every where at 50 cents up) we will sell at 23 cents, or one-half dozen for \$1.38. We pay express charges, and agree unconditionally to refund money if hosiery is not the values and qualities described. Be sure and send the size wanted and remember that as we pay express charges we cannot afford to send less than one-half dozen. Orders must be accompanied by cash in either money order, postal note, stamps or registered letter, addressed to: Manufacturers' Commission Co., 221 Fifth Avenue, Chicago, Ill.
