We predict that Murphy will cover himself and party with glory in his coming debates with Chapman.—O'Neill

Shades of departed eloquence! what a commentary on your fame-what a sat ire on vocal human expression. In the line of oratory, Murphy only acts as an opiate and can only be utilized as a remedy for insomnia. A man who attempts to listen to one of his harangue 8 will become paralyzed with sleep, and never wake up until after the election. If there is any glory in breeding nightmares, Murphy may succeed in covering himself and party with that kind of fame .- Graphic.

It is not unusual for colds contracted in the fall to hang on all winter. In such cases catarrh or chronic bronchits are almost sure to result. A fifty cent bottle of Chamberlain's Cough Remedy will cure any cold. Can you afford to risk so much for so small an amount? This remedy is intended especially for bad colds and crouy and can always be depended upon. For sale by P. C. Corrigan, druggist.

Mullen tells the voters of his bailiwick that a ballot can be cast only for the names printed thereon. Mullen is surely not a safe man to send to the legislature, as he is either shamefully ignorant of the law or lied knowingly. The object he has in view is to have the voters in his precinct vote a straight ticket against their will, as they are opposed to some of the nominations made. Mr. Mullen will ascertain, after the election is over, that there will be a large number of names written on the ticket with ink and a cross marked opposite. He will also be painfully aware of the fact that this little story has cost him several votes.-Graphic.

A reported outbreak of cholera at Helmetta, N. J., created much excitement in that vicinity. Investigation showed that the disease was not cholera but a violent dysentry which is almost as severe and dangerous es cholera. Mr. Walter Williard, a prominent inrrchant of Jamesburg, two miles from Helmetto says Chamberlain's Colic, Cholera and Diarrhœa remedy has given great satisfaction in the most severe cases of dynestry. It is certainly one of the best things ever made. For sale by P. C. Corrigan, druggist.

vast amount has been written about the submissiveness of Oriental wives, and few exceptions to the rule of passive endurance among them are noted. A short time ago, however, an Oriental wife beater was punished by his victim in an appalling manner. Mahmud Khan, with his favorite wives, Ayama and Khairmasha, was on his way to Mecca. One night, between Bolan and Sindh, his tent was pitched opposite that of a German tourist, who observed what pro ceded within and thus was able to reveal the motive in

a subsequent tragedy. At bedtime Mahmud Khan threw himself on his couch and called in Ayama to give him the usual rubbing. Ayama, however, failed to treat her lord to his satisfaction, and, snatching a piece of wood from the ground, he struck her a savage blow on the back. The young girl, hardly 16 years old, started under the blow, and, to the surprise of the watching tourist, made a slight, almost imperceptible movement, as if to return it, as she set her teeth and glowered at the ground. Mahmud Khan evidently remarked neither the look nor the movement, for he rolled over and went to sleep, while the injured Ayama stole

The little caravan moved on the next day, and in due time arrived at Jacobabad, whence Mahmud Kahn and his two wives set out for the last part of their journey before embarking. Their way to the next city lay through a dense forest. Two days later Ayama and Khairnasha retured to Jacobabad alone. They behaved strangely and gave contradictory and confused answers to all inquiries after Mahmud Kahn.

They were detained and a search was made for their master. He was found naked and tied fast to a tree. At the foot of the tree was a large ant hill, and during the two days of confinement the ants had eaten much of the flesh off Mahmud Khan's bones. He was dying when found, but was able to explain that his wives had drugged him, tied him while unconscious to the tree, smeared his body with wet sugar to attract the ants, and, after stirring up the ant hill, had left him to die. Mahmud Khan lived three days after the rescue. Ayama and Khairnasha were condemned to hard labor for life, but hanged themselves immediately.
