

German Syrup

Sosche's German Syrup is more successful in the treatment of Consumption than any other remedy described. It has been tried under every variety of climate. In the bleak, bitter North, in damp New England, in the fickle Middle States, in the hot, moist South—everywhere. It has been in demand by every nationality. It has been employed in every stage of Consumption. In brief it has been used by millions and its only true and reliable Consumption Remedy.

AT BEDTIME I TAKE A PLEASANT SWEET DRINK

THE NEXT MORNING I FEEL BRIGHT AND MY COUGH AND BRONCHITIS IS BETTER.

My doctor says it acts gently on the stomach, lives the kidneys, and is a pleasant laxative. This is made from herbs, and is prepared for use only as tea. It is called

G. S. ASAT, RUSHVILLE, NEB.

An Indian Trader tells his story of Kikapoo Indian Sagwa.

Cured of a Distressing Stomach Difficulty.

RUSHVILLE, NEB., June 5.

Some time ago after suffering severely with stomach trouble and dyspepsia, which had been greatly aggravated by the alkali water of the western country, and when I had reached that stage where I could frequently hold nothing on my stomach, and would even throw up water as soon as drank, I learned from a Sioux Indian, who had been on a visit to the Kikapoo tribe, of a wonderful remedy called "Sagwa." I got him to procure some for me. The effect was remarkable. I tried to get more from the Indian, but he would not let me have more of his. He priced it so much he would not give it up. I then learned that Healy & Bigelow, of New Haven, Conn., had an arrangement with the Kikapoo tribe, and was putting their remedies on the market. I sent and got a bottle of the Kikapoo Indian Sagwa, and found it to be the same as that I had procured from the Sioux Indian. I got more, and after the use of a few bottles, I was not only relieved, but entirely cured, and have stayed cured ever since.

I can eat anything set before me. Salt bacon, which used to have a most distressing effect, I can now eat and relish like an Indian.

I cannot speak too highly of the Kikapoo remedies, and cheerfully recommend them to anyone.

G. S. ASAT, Indian Trader and Interpreter.
KICKAPOO INDIAN SAGWA. The Incomparable Liver, Stomach, and Blood Medicine. One Dollar per Bottle, Six Bottles for Five Dollars. Sold by Druggists and Dealers ONLY.

Cleveland's Inauguration.

WASHINGTON, Feb. 13.—The work of the committees having charge of the ceremonies incident to the inauguration of President-Elect Cleveland is progressing satisfactorily.

General McMahon and Colonel Corbin, who have supervision of the arrangement of the particulars, are daily receiving letters from military organizations all over the United States for positions. More than a hundred organizations (including Tammany) have thus far reported a probable strength of 17,000 men to form in line on March 4. The governors of the following named states have notified the committees that they will be in late, accompanied by members of their respective staffs and in many instances by independent military companies: Delaware, Pennsylvania, New Jersey, Connecticut, Massachusetts, Maryland, North Carolina, South Carolina, Virginia, Illinois, Louisiana and Wisconsin.

It is almost certain that a majority of the governors of the remaining states will be present, but as yet they have not notified the committee. Pennsylvania, as usual, will send the largest representation of any state. Its full national guard of 8,600 men will be in line. New York will send its crack organizations—the Seventh and Sixty-ninth regiments—and probably company A of the Thirtieth regiment (Brooklyn).

There is every probability that the inauguration of March 4, 1893, will surpass all its predecessors.

Congressional Forecast.

WASHINGTON, Feb. 13.—But sixteen working days remain of the Fifty-second congress. Only one of the annual appropriation bills (the army bill) has become a law, and from this time on until the 4th of March both houses of congress will bend every energy to the completion of the remainder of the important measures. For this reason it is uncertain whether the senate will be able to carry out the program of legislation, short as it is, arranged by the republican caucus. The Nicaragua canal bill is the unfinished business, but as it promises to provoke long debate it must from time to time give way to the appropriation bills and conference reports.

Next to the Nicaragua bill on the caucus programme is the omnibus statehood bill. Senator Carey, who is in charge of the bill, does not propose to lose any opportunity to advance it, and whenever recourse is had to the calendar, on which the bill occupies a favorable position, he will endeavor to reach the measure without waiting for action on the Nicaragua bill. It is possible that the senate may be plunged into a financial discussion any day in the week should Mr. Sherman call up the amendment to one of the appropriation bills, of which he has given notice, authorizing the secretary of the treasury to sell bonds to maintain specie payment under the resumption clause of the act.

The silver question is definitely solved, for this congress. The leaders in the house do not see anything ahead between now and the 4th of March to cause trouble, except the appropriation bills and the anti-options bill. It is proposed to keep the house pounding away on the appropriation bills with but little intermission until the last one of them goes over to the senate. Those remaining before the house are the pension (which is under consideration), the post-office, the Indian, the agricultural and the naval bills.

Monday is District of Columbia day, and as the District lost its day two weeks ago it will doubtless be conceded the floor. The remainder of the week will be occupied mostly with the several appropriation bills, though there is some prospect that a special order may be brought in in behalf of the New York and New Jersey bridge bill, for which measure a cloture petition has been presented to the rules committee, or the agricultural committee, which has the anti-option, pure food and other bills in charge.

Thinks Silver Coinage Must Go.

NEW YORK, Feb. 13.—Henry Villard returned yesterday from Washington, where he has been working for the repeal of the Sherman silver purchase act.

"If all the republicans had co-operated with the anti-silver democrats," said he, "as they did last year in preventing the passage of the Sewart free coinage bill the repeal bill would have been carried by a considerable majority. The principal cause is the lamentable and incomprehensible obstacle raised by the business community throughout the country, in the face of the momentous issue before congress. This seems to be a fact that public sentiment in the eastern and middle states is now almost a unit as to the necessity of the immediate absolute stoppage of the purchase silver bullion and the issue of more currency against it. It is also a fact that a strong expression of this sentiment was wanting, and that on the contrary, active representatives on the ground in Washington could literally be counted on the fingers of one hand."

"What do you think of the prospect of the repeal of the Sherman law?"

"I am satisfied that notwithstanding the failures in the senate and house, the country will be relieved of this fatal incubus before long. I pin my faith in absolute certainty that as the silver disease has reached the acute stage, it is already causing serious complications and is bound to produce great difficulties in the near future, and the law of self-preservation will compel the conservative classes in all parties of the country to insist upon the repeal of this law."

What Dr. Bull's Cough Syrup has done for others for nearly two generations it will do for you. If you will try it once you will be convinced that it is the best family medicine, and you will never be without it.

New York city is to have one of the largest public schools ever erected.

The attention of baseball players who receive wounds of one kind or another every day, from bat or ball, is directed to the fact that Salvation Oil is the best application in use for cure of cuts, bruises, and sprains. 25 cents.

A Watch that speaks.

It is said a watchmaker of Geneva, Switzerland, named Casimir Livau, has just completed a watch which, instead of striking the hours and quarters, announces them by speaking like the phonograph. The mechanism of the watch is based on phonographic conditions, the bottom of the case containing a phonographic sensitive plate which have received the impression of the human voice before being inserted in the watch.

The disk has forty-eight concentric grooves, of which twelve repeat the hours, twelve those of the hours and quarters, and twelve more those of the hours and second and third quarters. If the hand on the dial shows the time to be 12:15 o'clock one of the fine needle-points of the mechanism crosses the corresponding groove, and the disk, which turns simultaneously, calls out the time, just as the phonographic cylinder. The lower lid of the case is provided with a tiny mouth-piece, and when the watch is held to the ear the sound is all the more plain.—Jewelers' Circular.

New Yorkers Must Have Lobsters.

A Maine lobster dealer has orders from one New York firm for 150 barrels of lobsters a week, and he says it is the great appetite of the Gothamites for these shell fish which makes the price so high. New Yorkers will have lobsters, no matter what the price may be, and they are now paying 15 cents a pound at wholesale. Fifteen cents a pound for lobsters means about 40 cents a pound for lobstermen. The traffic between Maine and New York has reached such proportions that a Friendship man has constructed a new and improved method of transportation—a car which preserves each lobster fresh and firm, and in which they can be kept for a long time or transported a long distance in the very best of condition, alive and kicking.

The Modern Invalid

Has tastes medicinally. In keeping with other luxuries. A remedy must be pleasantly acceptable in form, purely wholesome in composition, truly beneficial in effect and entirely free from every objectionable quality. If really ill he consults a physician; if convalescent he uses the gentle family laxative Syrup of Figs.

The kind of religion that warms and cheers is the kind that is full of sunshine.

"Hanson's Magic Corn Salve." Warranted to cure, or money refunded. Ask your druggist for it. Price 25 cents.

Two hundred and seventy-two textile mills were erected in this country in 1892.

Baker's Cod Liver Oil. The best in the world. Cures consumption. Makes new blood and flesh. Sold by druggists.

Over 2,000 obelisks, in solid or fallen, are known to exist in various parts of Egypt.

Coughing Leads to Consumption. Kemps Balsam will stop the cough at once. Go to your druggist to-day and get a sample bottle free. Large bottles 50 cents and \$1.00.

The world is full of heroes whose names will never be known in this life.

We eat too much and take too little outdoor exercise. This is the fault of our modern civilization. It is claimed that Garfield Tea, a simple herb remedy, helps Nature to overcome these abuses.

American lard sells for 25 cents a pound in Mexico.

"BROWN'S BRONCHIAL TROCHES" are excellent for the relief of Hoarseness or Sore Throat. They are exceedingly effective.—Christian World, London, Eng.

The first complete Bible printed in England was issued in 1535.

Lane's Medicine Moves the Bowels Each Day. In order to be healthy this is necessary. Cures constipation, headache, kidney and liver troubles and regulates the stomach and bowels. Price 50c and \$1.00, at all dealers.

TWO KINDS OF WOMEN

You will see the excellent effect after taking the first dose. Sold by dealers everywhere. Large bottles 50 cents and \$1.00.

W N U. Omaha. - - 660-7

Value of a Finnee.

A young woman of Poughkeepsie, N. Y., has begun a lawsuit for damages against the Hudson River and New York Central railroad company. She alleges that in an accident on its road, the result of carelessness, a certain young man to whom she was engaged to be married was killed; that by his death she has lost a husband, and therefore she has been deprived of support and maintenance during her life. She demands between \$30,000 and \$40,000 as an equivalent for this loss.

Ralph W. Bennett, collector for the Des Moines Union Railway company, has absconded with considerable money of the company in his possession.

Decidedly Shaky.

A trembling hand, an uncertain step, edginess, indicated by restless shifting from one place or posture to another, usually mental annoyances at unexpected noises, are among the indications of extreme nervousness. These seem trifling, but the health of men and women in this condition is "decidedly shaky." liable to be overthrown disastrously by causes which the vigorous might defy. To fortify the nervous system, general vigor must, through the medium of reinforced digestion, and a renewal of an impaired power of sleeping at night, be raised to a healthful standard. A guarantee of this is Hostetter's Stomach Bitters, which re-establishes digestion, bile secretion and the habit of body on a permanently regular basis, thus renewing that bodily equilibrium, which is followed by a gain of strength and nerve tranquility. For kidney complaint, rheumatism, neuralgia, and as a preventive of the first attack or subsequent return of malarial disorders, this medicine is without a peer. Thrice daily take a wineglassful.

If you stop to debate any questionable matter with the devil he will outwit you.

Beware of the man whose wife is always saying he has no faults.

"Each Spoonful has done its Perfect Work,"

Is the verdict of every woman who has used Royal Baking Powder. Other baking powders soon deteriorate and lose their strength, owing to the use of inferior ingredients, but Royal Baking Powder is so carefully and accurately compounded from the purest materials that it retains its strength for any length of time, and the last spoonful in the can is as good as the first, which is not true of any other baking powder.

WORTH READING.

MT. STERLING, KY., Feb. 13, 1889.

F. J. Cheney & Co., Toledo, O.

Gentlemen:—I desire to make a brief statement for the benefit of the suffering. I had been afflicted with catarrh of the head, throat and nose, and perhaps the bladder for fully twenty-five years. Having tried other remedies without success, I was led by an advertisement in the Sentinel-Democrat to try Hall's Catarrh Cure. I have just finished my fourth bottle, and I believe I am right when I say I am thoroughly restored. I don't believe there is a trace of the disease left. Respectfully,

WM. BRIDGES, Merchant Tailor.
