

THE FRONTIER.

PUBLISHED EVERY THURSDAY BY THE FRONTIER PRINTING CO.

O'NEILL, NEBRASKA.

OVER THE STATE.

The license ticket was elected in Tecumseh. A new flouring mill is to be put in at Clay Center. During March Lincoln police arrested 160 offenders. A young business men's club has been organized at Table Rock. Republicans of Nebraska City elected their candidate for mayor. An Ancient Order of Workmen lodge is to be organized at Bertrand. Valley county teachers will hold a session at Ord April 13 and 14. Grave robbers have again been at work at the Columbus cemetery. The big sheep feeders near Shelton are holding for an advance in the market for "lambs." Hon. Lee Love, one of the earliest and most prominent citizens of York, died last week. The Kearney cotton mill, which has been closed for some time is about to resume operations. Deshler is building at a rapid rate, the work having been going forward for several weeks. Revival services with a stereopticon attachment have saved many sinners lately at Havelock. Wilber has organized a camp of the Independent Workmen of America with eighteen members. Work has commenced on an elevator at Superior, to take the place of one burned some time ago. Rev. and Mrs. Pierson have closed their labors in Beatrice, where they did a successful religious work. The district court of Pawnee county was adjourned till April 16 on account of sickness of Attorney Humphrey. R. C. Outcalt of Lincoln has purchased a \$5,000 residence in Houston, Texas, and will hereafter reside in that city. From 100 hens Fred Halstead of Imperial harvested a net profit of \$100 in eggs last year. There is money in poultry. John Baker, convicted of incest in Gage county, was taken to the penitentiary last week to serve a sentence of six years. Farmers who planted potatoes on Good Friday wasted their labor. The frost went down five inches and the potatoes "went up." The owners of the roller mill at Randolph are crowded for storage room and will build a grain warehouse to hold 5,000 to 7,000 bushels. Lincoln keeps after female transgressors. Mrs. Maud Sullivan was fined \$100 and costs for occupying a room with Rhode McNamara. Henry Rousher, a well known veteran of the late war, died at his home in Nelson and was buried with honors by his surviving comrades. The Adventists have closed a series of seventy-four meetings at Loup City, and are now arranging for a big tent gathering in September. Sneak thieves broke into the depot at Alma at noon while the agent was at dinner and secured about \$15 in bills, but left a lot of silver in the cash drawer. Methodists at Valentine partly paid for the paragon by giving the cantata, "Rebecca's Triumph." They intend to build a new church this season at a cost of \$5,000. The Bank of Harrison, which closed some time ago, has been reopened, President John A. Lucas having obtained sufficient funds to pay all depositors in full. County Commissioner L. R. Bailey received a severe kick from a vicious horse in Tecumseh last week. No bones were broken, but dangerous injuries were inflicted. The little son of Mrs. Winton of Nebraska City, aged 2 years, tangled his fingers in a clothes wringer, and the doctors are trying hard to save the fingers from amputation. Miss Ida L. Jordan testified in Justice Winterstein's court in Fremont that W. C. Peterson was the father of her unborn child. Peterson was bound over to the district court. The J. L. Packard Banking company of Creighton has filed articles with the banking board and will open a bank with a capital stock of \$20,000. J. L. Packard is the sole owner. York county farmers say the high winds have done considerable damage to the wheat crop by blowing it out of the ground. Some say that half of the crop has been destroyed in this way. Olof Stenman of Gothenburg failed conspicuously in a recent attempt to ride a bucking broncho. The animal went over backwards and the rider was rendered unconscious. He is likely to recover. Otto Semke, living south of Superior, while engaged in filling a well, drove too near the hole and his team of mules fell to the bottom of the sixty-foot well. It was impossible to rescue the unfortunate animals. Through the friendly auspices of Judge Dundy, Monroe has made peace with the Union Pacific railroad and will have a depot with a telegraph operator inside of it. All things come to those who wait. Through mistake Alvin Kepler of Grand Island threw a can of powder in a stove. An explosion followed, knocking out the front of the building and part of the roof. Kepler was so badly burned that it is thought he will die. Preparations are already being made for the holding of the central Nebraska Veterans' reunion during the coming summer. Bids for the location of the reunion will be received by the council of administration up to June 15. Burglars entered the residences of Charles Schminke and H. H. McKilany at Nebraska City while the occupants were at church and rifled the houses from top to bottom. They secured only a few dollars, overlooking two valuable watches and a quantity of jewelry. The best help that you can give a man is work. Nebraska manufacturers do this with the help of their customers: Farrell & Co. brand of syrups, jellies, preserves and mince meat; Morse-Coe boots and shoes for men, women and children; American Biscuit & Manufacturing Co., Omaha, crackers.

Mrs. Ephraim Cook of North York and Mrs. D. E. Sleeper of Benedict have been found to be of unsound mind. A burglar was discovered going through the house of T. M. Wright at Fremont and fled after having secured only 10 cents from a child's bank. Gretna Catholics are going to proceed with the building of their new church, which was indefinitely postponed when the hard times came on. President Mansfield has sent out notices that the date of the meeting of the Nebraska State Medical association has been changed from May 8 to May 1. A cow belonging to Mr. J. G. Muckrill, a farmer living five miles west of Merna, gave birth to three very large calves, two red males and one white female. The Fremont Foundry and Machine company has been awarded the contract for the construction of the Friend water works; \$18,000 worth of 6 per cent bonds have been sold at 2 per cent premium and work on the construction of the new water works will be commenced at once. The general merchandise store of Ed W. Sayre at Gering was robbed last week, the thieves effecting an entrance by breaking a window. The cash register was pried open and about \$60 taken, but no other goods have been missed. The work is attributed to local cracksmen. Caleb Miller, awaiting transmission to the penitentiary, undertook to escape from the Gage county jail by digging through the walls. He had nearly loosened one of the stones by digging out the mortar with a bucket ball when discovered. He is under sentence for burglary. Accosted by a footpad who had thrice demanded of him the wealth that was upon his person, H. L. Klick of Shelton dealt the would-be hold-up a blow between the eyes that felled him to the earth like an ox. He then made his escape into the country and the tramp slid out of town. A. R. Hanson, a school teacher in the Rust district, six miles west of Waverly, was arrested by a Lincoln officer on the charge of forgery. A garnishee writ was served upon W. J. Trumble, the district treasurer, against the \$50 in wages due the prisoner. Hanson has resided in that locality for six months, having charge of the Jordan school during the winter. The safe of Lininger & Metcalf, dealers in agricultural implements at Fremont, was blown open last week and robbed of about \$15 in change and some small checks written out for employees. Entrance to the building was effected by breaking the lock on the front door. The tools used to drill the safe belonged in the building and were left there they were used. Schuyler people do not take kindly to the experimental station being turned over to the Omaha Beet Sugar company, though it is not improbable that just as much employment will be provided as was before, as the company will use the large store of mother beets to raise seed. The company has agreed to furnish the government two tons of seed for distribution. A citizen of Frontier county writes as follows concerning a business man of Curtis: "To home it may concern Nebraska, some one or two years. Give him a Cromo for the Best and smartest and Entelligent. But if Old Pete Barnum h'r len't. Died he ort to have him in his ciracus of Kan-Ga-rua where he belongs. Yours for justice. M—"

SCOTCH-IRISH. Preparations for the Sixth Congress to be Held in Des Moines in June. The sixth annual congress of the Scotch-Irish society of America will be held in Des Moines, Iowa, from June 7 to 10, 1894. Not only members of the society, but all Scotch-Irish people and their descendants throughout the country, and the local population without regard to nationality, are most cordially invited to attend and participate in the exercises, which are all of a popular character. The objects of the society are purely historical and social. It is entirely non-sectarian and non-partisan. Organized five years ago it has steadily grown in numbers and influence until it is now one of the most powerful organizations of its kind in existence. Perhaps no other organization of its size in this country has a more distinguished and influential membership. It has been welcomed to the respective states in which it has met by the highest official authorities, and it assembles here upon the invitation of the highest officers and the strongest organizations in Iowa. As the prestige of the society increases with its age, each succeeding congress is an improvement on those that have gone before; and the meeting at Des Moines is therefore expected to be the most successful gathering of the race yet held. The addresses of welcome will be delivered by Hon. Frank D. Jackson, governor of Iowa; Col. John Scott, president of the state society. Among other distinguished speakers who will deliver addresses will be Rev. Dr. John Hall of New York, Col. William Preston Johnson of New Orleans, Judge John M. Kasson of Bloomington, Hon. John A. Kasson of Indianapolis, Hon. Frank McCrary of Indianapolis, ex-Senator H. Keatley of Marshalltown, ex-Senator McMillan of Minnesota, Congressman Bryan of Nebraska, W. C. Gray and Rev. Dr. Hamilton of Cincinnati and others whose names will be given to the public at a later date. Reduced railroad fare will be secured for all visitors and all who attend may be sure of a hearty welcome and warm hospitality. Preparations have been made on an extensive scale to entertain visitors whether members of the society or not. Those who wish to become members, however, will find this an excellent opportunity to join. The only requisites for membership are Scotch-Irish blood in any degree, good character and nominal dues with which are furnished free the valuable historical works issued by the society. For information concerning the national society address A. C. Floyd, secretary, Knoxville, Tenn., but communications in reference to local arrangements should be directed to P. M. Cassidy, chairman of the local committee, Des Moines, Iowa. MISSOURI CROP PROSPECTS. Fruit is Generally Killed, Wheat and Oats Very Much Damaged. COLUMBIA, Mo., April 7.—Secretary J. R. Rippey, of the Missouri state board of agriculture, says in his report to the board: "Crop reports received at this office April 1 were prepared just prior to and during the severe and almost unprecedented freeze of the latter part of March. To that date most satisfactory conditions existed. "Wheat was estimated at 95 per cent of a crop and only 1 per cent would probably be plowed up. Later reports say that wheat was injured by freezing to the extent of 25 per cent. None or very little was killed, but the young vigorous growth was frozen to the ground and the plant is thought to be materially injured. As to the oats, the condition of the ground for seeding was excellent and the acreage compared with 1893 had increased 4 per cent. "Prior to the freeze it was estimated that 77 per cent of the apple buds were alive, 21 per cent of the peach buds, 81 per cent of the strawberries and 78 per cent of small fruit, all of which is now changed. Small fruit, strawberries, peaches and early apples have been ruined and the late apples were barely saved." THE BLUE AND THE GRAY. Grand Reunion of Old Soldiers of the North and South at Shiloh. LOUISVILLE, Ky., April 7.—A special from Jacksonville, Tenn., says: The large excursion on the way to the Shiloh battlefield reunion arrived here yesterday and were greeted by the entire population of the city. A grand union campfire was held at Old Fort McHenry. Patriotic addresses were made by Major A. P. Connelley of Illinois, Colonel I. R. C. Mehan of Alabama, Colonel I. P. Rumsey and Colonel Henry W. Dudley of Chicago and others. To-day the first grand reunion of the old soldiers, North and South, will take place on the Shiloh battlefield. This reunion includes the armies of Grant, Buell, Johnson and Beauregard. Five Hundred Men Go to Work. WILMINGTON, Del., April 7.—The carding, spinning and beaming departments of the Arlington mills started yesterday, and next Monday the weaving department will resume operations. The whole mill will then be in operation, giving work to 500 hands. There will be no reduction in wages. Henry C. Payne Stricken. MILWAUKEE, Wis., April 7.—Henry C. Payne, one of the receivers of the Northern Pacific railroad, was carried out of his office in an insensible condition last evening, suffering from what appears to be a stroke of apoplexy. Heavy Failure in England. LONDON, April 7.—Considerable consternation prevails in the midland counties owing to the failure of New, France & Garrards, solicitors of Eresham. The liabilities are estimated at \$500,000. The firm's business was largely that of a private bank and it included among its clients many farmers. Against the Sweating System. WASHINGTON, April 7.—Senator Kyle has introduced a bill to prevent the manufacture of clothing in unhealthy places. It is directed against the sweating system.

DELAYING THE TARIFF BILL. SENATE MINORITY MAKE MANIFEST THEIR POLICY. DILATORY TACTICS INAUGURATED. No Quorum Present When the Session Opened—Peffer's Speech Begun but Not Finished—The Tariff Bill Not Yet Read in Full in the Senate—Lively Tilt Between O'Neill and Morgan. WASHINGTON, April 9.—The policy of delay of the minority in the senate was made manifest yesterday, when before the conclusion of Thursday's journal, Mr. Chandler (Republican) made the point of no quorum, and the roll was called, showing four senators less than a quorum were present. After a delay of fifteen minutes four senators dropped in to complete the quorum, and the reading of the journal was concluded, and the routine business was proceeded with. Among the petitions presented was one from the millers of St. Louis, which was presented by both the Missouri senators, praying for retention of the reciprocity clause of the McKinley law. An interesting test of strength was developed by Senator Hill's motion that when the senate adjourned it should be until Monday. The Republicans jumped at the idea and seconded the motion and even Senator Harris' request that the motion be withdrawn, had no effect, so he demanded the yeas and nays vote, in which demand he was seconded by Senator Vest. As the call progressed it became very evident the vote would be close, and when it was announced, 25 to 23, a sigh of relief escaped from the Democrats. MISSOURIANS CLASH. Lively Tilt Between Morgan and O'Neill in the House. WASHINGTON, April 9.—The house went ahead with appropriation bills again yesterday. Some routine business was, however, first transacted. A lively tilt occurred between Mr. O'Neill, Democrat of Missouri, who was seated last Tuesday, and his Democratic colleague, Mr. Morgan of Missouri. Mr. O'Neill rose to a question of privilege and read from a newspaper an interview with Mr. Morgan, in which the latter explained as his reason for voting against O'Neill that there had been an agreement between the contestant and contestee in the case to let the plain intent of the voter count. "Mr. O'Neill could not break that agreement," Mr. Morgan was quoted as saying, "without dishonor, and he asks too much when he asks us to join him in dishonor." Mr. O'Neill denied that he had entered into such an agreement with Mr. Joy, as was represented in the interview. He made a statement and concluded it with a protest against the treatment he had received. Mr. Morgan replied: "I had hoped that we had had enough of the O'Neill-Joy contested election case. I had hoped Mr. O'Neill would be content with devoting himself to the duties Mr. Joy was elected to discharge." He showed the authenticity of the interview, and read from the record to show that Mr. O'Neill had violated his agreement. BONDS IN LITIGATION. Queer Transaction in Hamilton County, Kansas, Refunding Bonds. TOPEKA, Kan., April 9.—The state board of school fund commissioners last month bought \$10,000 worth of Hamilton county refunding bonds, which may or may not be good. The bonds have been in litigation for years, the county having repudiated them. The bonds fell into the hands of George W. Crane of Topeka in a business way, and when he found that the Hamilton county he placed them with \$60,000 of similar bonds held by the Aetna Insurance company, and suit was instituted in the federal court for their collection. If the bonds should prove worthless the state will lose the money, as there is no liability, the commissioners having made the purchase in good faith. It is rumored that the commissioners recently purchased \$70,000 worth of Kearney county bonds which are also in litigation. Germany Silver Policy. BERLIN, April 9.—Count Von Posadowsky-Wehner secretary of the imperial treasury, in the Reichstag, replying to a question upon the part of a deputy who is an advocate of bi-metallism, said, in regard to the intended coinage of 22,000,000 marks, that this did not imply a change in the currency policy. It was merely designed, the secretary added, to supply the practical needs of the country. Germany could not, unaided, undertake experiments in regard to currency matters. Marshal Neely in a Flat Fight. LEAVENWORTH, Kan., April 9.—Dr. S. F. Neely, United States marshal, and John W. Crancer, wholesale hardware dealer and one of the most prominent Democrats in Leavenworth, engaged in a fist fight on Delaware street last evening. Both were down, locked together and bespoken with gore, when friends intervened and separated them. Neither is hurt beyond bruises and scratches. The encounter was the result of a dispute over an old bill. Women Drive Away Workmen. UNIONTOWN, Pa., April 9.—When the drawers started to go to work at the Lemont coke works shortly after daylight Hungarian women attacked them with clubs and stones and succeeded in driving them from the yards. The men were afraid to return and the plant is still shut down.

LE CARON NOT DEAD. The British Spy Said to Be on His Way to a Distant Colony. LONDON, April 9.—The Admiralty and Horse Guards Gazette says that a report is current that Major Le Caron, the notorious British government spy, who was announced to have died recently in this city, is not dead, but is now on his way to one of the most distant colonies under government protection. This disappearance is said to be due to the fact that the detectives who have been guarding him ever since he was brought so strongly into public notice, discovered some time ago that a Fenian plot having its ramifications in New York and other American cities existed with the object of killing him. When informed of the danger to which he had been exposed, he is said to have petitioned the British government to enable him to leave England for some distant portion of the queen's domain where he would be safe. FAIR BUILDINGS SOLD. All the Great Structures But the Arts and Forestry Halls Disposed Of. CHICAGO, April 9.—All of the big World's fair buildings were sold at private sale by the South Park commissioners to-day to L. C. Garrett, a St. Louis contractor, for \$75,500. This purchase includes the great Manufacturers building, Machinery hall and the Administration, Electricity, Mines, Agriculture, Fisheries and Transportation buildings. The only structures not named in the purchase are the Art building, now the property of the Field Columbian museum, the Convent La Rabida, the two service buildings, into which the Exposition company has gathered its effects, and the Forestry building. The purchaser will begin the demolition of the buildings at once. CHEYENNES ARE QUIET. Alleged War Amounted to Nothing but a Personal Difficulty. WASHINGTON, April 9.—All is quiet among the Cheyennes and Arapahoes in Oklahoma, according to information that has reached the bureau of Indian affairs. The bureau officials assert the trouble near Fort Reno amounted to nothing more than a personal difficulty between one or two of the Indians and a like number of the cattlemen. The following dispatch from Captain Woodson, acting agent at Fort Reno, was received at the interior department yesterday: "To Commissioner Indian Affairs, Washington: No further trouble between the whites and the Indians has occurred. Newspapers persist in publishing exaggerated reports. Indians are generally engaged in their farming operations, and are quiet and peaceably disposed. Woodson, Captain and Agent." Croker on the Business Depression. CHICAGO, April 9.—Richard Croker, the big Tammany sachem, who passed through Chicago to-day from San Francisco, said that the delay of the lawmakers at Washington was responsible for the business depression and asserted that the majority of Democrats were opposed to free trade. He positively refused to talk of "Boss" McKane's imprisonment and the recent entanglement of Tammany hall. Emperor and King Meet. VENICE, April 9.—Emperor William of Germany arrived here to-day on the German war ship Von Moltke. King Humbert met him and the monarchs remained in conversation for twenty minutes, after which King Humbert left the Von Moltke and returned to the royal palace. The usual salutes were exchanged. Shortly afterward the emperor landed and returned the visit of the king at the royal palace. Inventor Jablockhoff Dead. SARATOFF, Russia, April 9.—M. Paul Jablockhoff, the noted electrician, is dead. Jablockhoff was an officer of engineers before he gave his time entirely to electricity. He gave the world many inventions, chief among them the "electric candle." It was this latter invention of the year 1876 that brought the electric light into prominence and resulted in its subsequent improvement by Edison and others. Commonwealers Desert. MCKEESPORT, Pa., April 9.—There were a score of desertions to-day from Coxe's "army." The proposed tramp to Monongahela City, over eighteen miles of rough road, with a short stop at Elizabeth, for lunch, was the cause. The men are becoming demoralized in every way as the result of hardships and poor food and accommodations. Jake Stotler Leaves Kansas. FORT SCOTT, Kan., April 9.—Jacob Stotler, after an experience of thirty years in the newspaper business in Kansas, has decided to quit the Sunflower state and also the newspaper business. He and his family left to-day for West Plains, Mo., where he will take charge of the Commercial hotel. Brazilian Federalists Sack a Town. BUENOS AYRES, April 9.—Admirals have reached here to the effect that federal troops have burned and pillaged San Francisco de Borja, a Brazilian town on the Uruguayan river in the state of Rio Grande du Sol. The inhabitants are panic stricken and many have fled to the forest to escape further outrages. Denver's Bar Upholds Waite. DENVER, Col., April 9.—The Denver Bar association met last night and adopted resolutions implying censure on the district court for its action on the fire and police board matter. An opinion was rendered that the courts had no right to interfere with Governor Waite in the exercise of his functions. Women Drive Away Workmen. UNIONTOWN, Pa., April 9.—When the drawers started to go to work at the Lemont coke works shortly after daylight Hungarian women attacked them with clubs and stones and succeeded in driving them from the yards. The men were afraid to return and the plant is still shut down.

CONFLICT WITH INDIANS. Battle Occurred With Cattlemen and Soldiers Against the Redmen. EL RENO, Ok., April 5.—The conflict between Indians and white settlers in the Cheyenne and Arapahoe country, forty-five miles west of El Reno, still rages. At first but little credence was given the story brought to the city Monday, but couriers who arrived yesterday from the scene confirm the report and make the encounter appear much worse than at first reported. Upon receipt of the news at Fort Reno yesterday, K troop, under command of Captain Hunter, departed for the scene. They reached their destination last night and found the fight still in progress. The soldiers joined in the fray and four more Indians and one white man were added to the dead list. TO INVESTIGATE TILLMAN. Congress May Inquire Into His Action Regarding Seizure of Telegraph. WASHINGTON, April 5.—Mr. Grosvenor of Ohio, late last evening introduced in the house a resolution calling for a special investigation of Governor Tillman's action in South Carolina in seizing railway property and telegraph lines engaged in interstate commerce, and with armed force and violence, establishing a censorship of the daily and weekly press of the country and prohibiting the transmission of news dispatches to the newspapers. The resolution was referred to the house committee on interstate and foreign commerce. SOUTH CAROLINA LIQUOR WAR. Governor Tillman Has Assumed Control of Police Forces of the State. COLUMBIA, S. C., April 5.—Governor Tillman has issued a proclamation giving official notice to the municipal authorities of every city and incorporated town in the state and to the police marshals that under the powers given him by section 519 of the statutes, he assumes sole control of the whole force of municipal police and marshals of the several cities and incorporated towns of the state. They are ordered to enforce all laws on the statute books, together with all municipal ordinances and orders from municipal authorities not inconsistent with the purposes of this proclamation. As soon as the emergency shall no longer exist the governor will relinquish control and restore the former status. The Crook Outlaw Gang Captured. PAWBUSSA, Ok., April 5.—Chief of Police Roebeker and nine deputies left here Sunday night in search of a gang of outlaws who were twenty miles south of here. Yesterday morning at daybreak they had a battle which resulted in the killing of one of the outlaws and the capture of three others, but one making his escape. A portion of the deputies returned with the dead outlaw and prisoners, who are recognized as the "Crook" gang. Moberly's Ex-Mayor Distracted. MOBERLY, Mo., April 5.—J. C. Babcock was unanimously elected mayor yesterday to fill J. W. Ragsdale's unexpired term. When the latter tried to vote he was challenged and the judges would not permit him to cast his ballot on account of a decision of the circuit court and the recent impeachment of the city council growing out of it. Panic at a Dramatic Performance. PROVIDENCE, R. I., April 5.—Fire broke out in a barber shop under the hall in which a dramatic performance was being given last night by the Young People's society of St. Mary's cathedral at Olneyville. Panic seized the audience and eight persons were severely injured by being trampled underfoot. Mrs. Kennedy may die. Commander Heyerman Guilty. WASHINGTON, April 5.—Commander O. F. Heyerman, who was in charge of the Kearsarge when she was wrecked, was found guilty of the charge of negligence in suffering a vessel of the navy to be run upon a reef and stranded and of inefficiency in the performance of duty and sentenced to be suspended from duty for two years. Killed for Singing "After the Ball." QUINCY, Ill., April 5.—Ben Miller, in William Dierke's saloon last night, persisted in singing "After the Ball," and when Dierke attempted to eject him from the place Miller drew a knife. Dierke also drew one and a bloody fight ensued. Miller fell with his throat cut. LIVESTOCK AND PRODUCE MARKETS. Quotations from New York, Chicago, St. Louis, Omaha and Elsewhere. OMAHA.
