Bimetallic League Adopts a Platform at Their Washington Meeting. WASHINGTON, May 25.-The Bimetal-

lic league yesterday considered the report of the committee on resolutions. As finally adopted they declare the league is unalterably opposed to the further issue of interestbearing bonds, that before casting their votes for congress-men, the members of the league will require assurances of adherence to the free coinage of silver and gold and at a 16 to 1 ratio, and a and gold and at a 16 to 1 ratio, and a pledge that if a bill providing for such coimage is passed by congress, and vetoed by the president, they will work for and vote to pass the bill over the president's veto; that if the elec-tion of president is thrown into the house they will note column to the house they will vote only for the person in favor of free coinage; denounce the present system of national banks as the monumental monopoly of the

nincteenth century. They recommend the enactment of a system of currency that will insure a per capita circulation of \$50, to be made up by the free coinage of silver and gold at 16 to 1, and the issue of treasury notes; assert the discon-tinuance of the silver money and teh repletion of the treasury by bond issues is burdensome to the masses; de-clare that it is the duty of the secretary of the treasury to coin the bul-lion now in the treasury and to pay interest on the public debt with silver and demand the issue of \$450,000,000 non-interest bearing notes of small denominations.

A resolution was adopted arraigning congress for legislation which it was alleged had burdened the people by benefiting the creditor class at the expense of the producing class, the issue of interest bearing bonds and demonetization of silver being especially denounced. The convention adjourned sine die

COXEY CONTRIBUTIONS.

The General Said to Be Considerably Ahead on the Movement.

WASHINGTON, May 25.-It is said Coxey received a considerable sum of money from the citizens of Hyattsville as compensation for the trouble of moving his camp from the suburbs of that pretty Maryland town. When he first located in the place there was an indignation meeting, vigilance committee, and a great tumult among the citizens, but when they found that they could not bluff him away they quietly raised a purse and per-suaded him to move his army to the present camping ground.

A well known Washington labor leader has estimated that Coxey is \$7,000 or more ahead on his commonweal movement. He declares that Coxey from the day he left home has been constantly in receipt of checks, postal notes and currency from sym-pathizers in his movement and that very little of this money has been expended on his followers, who have lived off the country, but has been put where it would do Coxey individ-

ally the most good. At first Coxey took special pains to have published the names of contribu-tors to his cause with the amounts of their donations, but this very soon ceased. No one knows, except Coxey himself, how much has been donated

to the army of peace. It is asserted that these contributions aggregate between \$10,000 and \$12,000, of which not more than one-third is thought to have been expended on the army.

THE ATTORNEY GENERAL'S OPINION. Holds That the Men Enrolled in Denver

Mob-Sensational Report About Eleven Miners Being Blown Up Denled-Troops Out

DENVER, Col., May 28. -Governor Waite who does not hesitate to declare that his sympathies are with the striking miners at Cripple Creek, asked Attorney General Engley for an opinion as to the right of a sheriff to obtain an armed force from another county than that in which he is an officer.

The attorney general returned a written opinion as follows:

written opinion as follows: That the organization of an armed force of men in Arapahoe county to march to or enter El Paso county for the purpose alleged, is conspiracy to do or ald to do an unlawful act, and all persons members of such armed force or co-operating to organize or to send or trans-port the same into one county from another, are guilty of a conspiracy to do an unlawful act, and the deputizing of such men to act as deputy sheriffs by the sheriff of El Paso coun-ty is a violation of law. In case El Paso uses the armed force, as riot or insurrection is precipitated by reason thereof, and said armed force acts inde-pendently of said sheriff, and a riot or insur-rection ensues by reason of an armed conflict with others, the chief executive of the state should pre-serve the peace of the common-wealth, even if it should become necessary to call out the entire military force of the state. If the peace cannot be preserved otherwise, martial law should be declared in the particu-lar district and all violators of public order, including the said armed forces should be summarily dealt with, that the dignity of the state may be maintained inviolate. All commandants of military posts throughout the state have been noti-fied to hold the themselves in exedinate.

throughout the state have been noti-fied to hold themselves in readiness for an active service call.

WAITE TO ISSUE A PROCLAMATION.

Governor Waite said: "It is my duty to stop this row. I shall probably issue a proclamation calling on all armed citizens to resume their daily avocations, and upon all lawless bodies to disperse. Those men from Denver who are under arms at Cripple just as must any and all other bodies.

the governor's proclamation is re-garded with more dread than the pos-sibility of a conflict with the miners. "Sheriff Bowers will not disperse his men, if he is the man I think he is," Sheriff Burchinell, "at least I said would not do it. The governor may entertain an anarchistic view of the laws of Colorado, but as a sheriff, I believe I can deputize men regardless of where they come from or belong." It has been learned that large quantities of arms and ammunition have been shipped from Denver to the Cripple Creek strikers during the past week. Two consignments consisted each of 800 guns and 50,000 rounds of

tion that the strikers have been holding a secret meeting to-day in which they planned an attack on the mili-tary for to-night.

made by Grand Secretary Weatherbee and destroying records by tearing leaves from the cash book and other Ramsey had reported in his expense accounts having paid railroad fare when he rode on passes! Some members estimate that \$25,000 has dis-appeared, for which no satisfactory account has been made. It is claimed that Ramsey engaged his brother and wife as lerks in his office when the ad-ditional assistance was unnecessary. One charge which is receiving care-ful attention is that during the Atlan-Ramsey sold out to the company by sending operators to take the places of the strikers and sent his brother to take charge of them and report at Topeka.

Mr. Walsh, the new senator from Georgia, arose to a personal explana-tion in connection with a newspaper paragraph from St. Paul stating that the Brotherhood of Locomotive Engi-neers had adopted resolutions condemning him for introducing the making the retarding of the United States mail punishable by imprison-ment for twenty years. Mr. Walsh demning him for introducing a bi ment for twenty years. Mr. Walsh explained that the bill aimed at heavier penalties for train robbers they had construed it as an attempt to punish trainmen who should tie-up a train in a strike.

NO WOMEN PREACHERS.

Cumberland Presbyterians Decide Against

Them by a Very Small Majority. EUGENE, Ore., May 24.-Yesterday was the most exciting day of the Camberland Presbyterian assembly. The report of the judicial committee, which made both majority and minority reports, was taken ap. The ques-tion at issue was whether a woman shall be ordained to preach. The particular case in point is that of Mrs. Woolery.

The minority report favoring ordina-tion was lost-85 to 81. Then the majority report was carried. A motion was made for a reconsidera tion, but the motion was tabled and the matter rests for the present at least. It is probable the matter will finally be turned to the presbytery, and after their action be brought before the general assembly another year.

It was too late to stop and so he pushed on full steam and crossed it with a rush. The piers had been washed away, leaving only rails to hold up the bridge. The pas-sage of the train practically shook it to pieces so that it would be impossible for another train to get over without accident.

THE EXPLOSION STORY.

Cripple Creek Miners Deny That Eleven Men Were Blown Up With Powder. CRIPPLE CREEK, Col., May 28 .- The ensational reports sent out from here that eleven men had been killed by the explosions of giant powder in the Strong mine on Battle mountain is positively denied by the miners here. They declare that before they applied the light to the fuse they took precautions to see that all the miners had left the shaft. The fact that Superintendent Samuel McDopald and Foreman Charles Robinson of the mine were missing gave color to the murder reports, but miners declare that the two men had fled Thursday night because they were afraid to remain and put non-union men to work.

About midnight the strikers seized an engine and cars at Victor and went to Wilbur, ten miles down the Florence & Cripple Creek road, where the Denver deputies were encamped. It is reported that at 4 o'clock the strik-It ers and the outpost of the deputies ex-changed shots, and George Crowley, a miner, was killed and three injured while several of the deputies woanded. As the wires have been cut, particulars have not been obtained.
