THE large barn of Church Howe & Son at Walnut Grove stock farm was totally consumed by fire last week with all its contents except the horses, which were saved. Between sixty and seventy tons of hay, 500 bushels of corn, some twenty carriages, buggies, sulkies and carts, twenty sets of harness, saddles and blankets, together with wagons and farm implements which were stored in the barn, were consumed. The fire extended to the large granary adjoining, which contained about 2,000 bushels of wheat which was destroyed. Origin of the fire is not known. loss is about \$14,000, with \$8,000 insurance.

WILLIAM WIYGENT, a Valley county farmer, has fed a good deal of wheat to his horses and hogs, at one time and another, and has learned that it should be fed sparingly. It is a strong feed, and if given to the stock in generous quantities they will not chew it properly and loss of grain and inju the stock are the consequences. in Michigan he had learned that hogs turned onto wheat stubble did well and when he came to Nebraska and found corn high priced and wheat plenteous, he began feeding it and shoveled the grain out bountifully, just as he would corn. Hut his hogs did not do well. By and by the supply of wheat got low and he began to be more sparing, and his hogs picked up amazingly.

A Beatrice correspondent of the Lincoln Journal relates how a Gage county farmer demonstrated the benefits to be derived from irrigation. J. M. C. Jones is one who proposed last spring to resist a drouth and is now reaping a harvest. His place is irrigated by pumping water from the river to a hill from where it is allowed to run back over the land. Some of the results are so large that many doubt them when told. He raised tomatoes for the can-ning factory which have averaged twelve to sixteen ounces in weight, and on one vine were counted 310 tomatoes in various stages of development. He estimates his crop will yield an average of two tons per acre.

THE POPE AND HIS POLICY. A MOTHER'S STORY. Bishop Keane Discusses Various Matter

Observed by Him in Rome. BALTIMORE, Md., Sept. 24.—Bishop J. J. Keene, rector of the Catholic university, Washington, who arrived here last evening as the guest of Cardinal Gibbons, went to Rome July 30 for the purpose of personally seeing the pope and telling him of the Catholic university and the condition of affairs in that institution. He had two audiences with the pope, who expressed himself as delighted with the

state of affairs at the university.

In speaking of the relations of the quirinal to the vatican, Bishop Keane said that the policy of the pope, in view of the recent overtures in Italy. was the union of the church with the great democratic powers of the future—that is America and France. This was his hope, and toward it all his remarkable energies were bent. He, as a clear sighted statesman, was opposed to militarism and despotism and was consequently in sympathy , with France rather than with the triple alliance, of which Italy formed a part. The pope thought that a universal suffrage, controlled by moral and religious influences, should decide the great social questions of the future. The social question the pope recognized as the great one of the future.

Bishop Keane considers the pope the greatest living man to-day. is 84 years of age, always rises not later than 6 o'clock, does not go to bed before 1 or 2 o'clock in the morning and is the most abstemious person imaginable. "He eats almost noth-ing," said the bishop, "and is the most ethereal human being I have ever seen. His mental and spiritual nature are so developed and his will power and nerve force are so great that these sustain him, and he well as he was the last time I saw him."

Bishop Keane said the pope was interested in American politics, and that he was well informed on these subjects. He was profoundly grateful for the reception of Mgr. Satolli in this country, and of course much interested in his career.

Bishop Keane, in speaking of Italy, says that it was bankrupt and was now sustained by Germany, and that the general impression in Europe was that the Italian monarchy could not last. In the reconstruction of Italian affairs the independence of the pope would be recognized.

Interest Centered in the Elections of October 29-No Royalist Nominations.

SAN FRANCISCO, Sept. 24. — The steamer Australia, which arrived today from Honolulu, brought the following advices up to last Saturday: The coming election to be held Oc-

One of the clauses of the new con-stitution is that all government officials who have not taken the oath of allegiance to the republic by September 1 will be discharged. HAPPINESS COMES AFTER YEARS OF SUFEERING.

The Terrible Experience of a Well Known Official's Wife-A Story That Appeals to Every Mother in

the Land. From the Chattanooga, Tenn., Press.

No county official in East Tennessee is better known and more highly es-teemed than Mr. J. C. Wilson, Circuit Court Clerk of Rhea County, at Dayton, He enjoys the home of Mr. Wilson. the confidence and respect of all class es, and in the business community his word is as good as his bond. Just now Mr. Wilson is receiving heartiest congratulations from his numerous friends because of the restoration to robust health of his estimable wife, who has for years been a helpless invalid. Mrs. Wilson's high standing in society, and her many loveable traits of character have won her a host of friends, and her wonderful recovery has attracted widespread attention.

As the Press was the medium of

bringing to the invalid lady's attention the remedy that has effected her remarkable cure, a reporter was sent to Dayton to interview Mrs. Wilson, inorder that the general public might have the benefit of the sufferer's experience and be made aware of the treatment that wrought such a marvelous change in her condition. The reporter was welcomed at the Wilson home, and the enthusiastic lady with becoming reluctance gave the history of her affliction and the manner in which she

was relieved:
"Yes," said Mrs. Wilson, "I was for years an invalid with one of the most distressing afflictions woman can suffer. For 8 years 1 moped around, dragging with difficulty and pain out bed. My little ones went untrained and were greatly neglected, while I looked listicssly and helplessly at the cheerless prospect before me and them. I suffered the most intense pains in the small of my back, and these seemed even greater in the region of the stomach, extending down to the groins. I suffered agony sleeping or awake. Despair is no word for the feeling caused by that dreadful sensation of weakness and helplessness I constantly experienced.

"I was treated for my trouble by several local physicians, but they were able to give me only temporary relief by the use of sedatives and narcotics. I had almost given up all hope of ever securing permanent relief when I saw an account in the Press of a cure which Dr. Williams' Pink Pills had effected. I decided to try them, as I knew the lady who had been cured and had great confidence in her statement. I began to take the pills in October, 1893, and in two months I was doing light housework and attending to the children without any bad effects or weakness, such as I had formerly experienced. Hitherto, I had been unable to retain any food, but now my appetite grew stronger, and with it came back that old, healthy and hearty tone of the stomach. Dr. Williams' Pink Pills cured me and I assure you the cure has brought a great change in our home. I can now rejoice in my husband's success, for I feel that I have something to live for. Who has a better right to feel this than a mother? One thing more. I have recommended these pills to others, and many of the women of Dayton have taken them with good results, and it is my greatest pleasure to recommend to every suffering woman a remedy that has done so much for

An analysis proves that Dr. Williams' Pink Pills for Pale People contain in a condensed form all the elements necessary to give new life and richness to the blood and restore shattered nerves. In men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of whatever nature.

Dr. Williams' Pink Pills for Pale People are now manufactured by the Dr. Williams' Medicine Company, Schenectady, N. Y., and are sold in boxes (never in loose form by the dozen or hundred, and the public are cautioned against numerous imitations sold in this shape) at 50 cents a box, or six boxes for \$2.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company.

A Costly Bit of Rope.

A man who was arrested and jailed in New Orleans told a pitiful tale of injustice to a visitor who talked to him through the cell door. "Why, this is an awful mean country," said the prisoner.
