THE other morning about 5 o'clock the house of A. Blauser, about three miles northwest of Diller, was discovered to be on fire. The building and contents were entirely destroyed. Total loss, about \$3,000; insurance, \$1,500. The cause of the fire is unknown.

GEORGE MITCHELL, a Union Pacific conductor on No. 7. was stricken with paralysis when within one mile of Columbus. He was removed to a hotel and medical aid summoned. This morning he was taken back to Omaha. His condition is practically unchanged. Mitchell is about forty-four years old and has been in the service sixteen

WHILE O. W. Frank, of Buffalo county, a wealthy farmer and stock buyer, was leading a cow the rope became tangled about his right arm and the cow commenced to run. Before Mr. Frank could release himself he was dragged against four barb wire fences and his throat, face and body were terribly cut and lacerated. It is feared he will not

THE hard times and the approaching cold winter have made it quite an in-ducement for parties to steal coal from trains, reports a Kearney correspondent. The plan adopted is to board a freight train at Kearney, throw off coal between that place and the next station and then be met by a confederate with a team and wagon, who pick up the chunks on their way back.

The handsome house on the Tom May farm, three miles southeast of Scotia, was discovered to be on fire and before assistance could be obtained was entirely consumed, together with the contents. The building was insured in the Phœnix for \$1,200, but the furniture, owned by John Carlson, who rents the farm, was uninsured, and the loss will fall heavily on the owner.

A sensation was created when it was reported that John Roberton, book-keeper at the cereal mills in Nebraska City, was an embezzler. It is said that when confronted with the evidence of his guilt he acknowledged the crime. Facts in the case are difficult to obtain. The amount of his defalcation is not thought to exceed \$200 or \$300 and is supposed to have been going on for

THE large farm dwelling, and the entire contents, of John Petty, living about two miles northwest of Springfield, was destroyed by fire. Mr. Petty was awakened early in the evening by a noise in the kitchen, and, upon investigation, found that the chimney had fallen through the roof and the north end of the house was burning rapidly. It was soon consumed, together with all the contents.

THE residence of R. B. Dixon on North Ninth street, Beatrice, was damaged by fire to the extent of \$1,000. In the run to the fire several men were more or less injured by the overturning of a wagon hauling the hose cart in turning a cor-ner. Special Officer Moore was seri-ously hurt and Fireman M. Esterly was also badly hurt by falling in front of a hose cart and being run over.

ANOTHER wreck occurred on the Fre-Elkhorn and Missouri near Blair. Two engines came togeth er with such force that they were driv-en one-third of their length into each other, and hung together when they were pulled on to the side track. Abou twenty-one head of cattle were killed and three cattle cars and two engines are nearly a total loss. No lives were lost, as all hands jumped in time.

A LARGE number of the friends of Major F. H. Trowbridge assembled in fasonic hall to celebrate the golden redding anniversary of the major and his estimable wife. A large number of valuable presents befitting the eccasion were received, presentation speeches being made by Rev. Mr. Luce and William Wolfe, and replied to on behalf of Mr. Trowbridge by Rev. Mr. Ellis, following which a lunch was served.

H. H. CLARK, a prominent citizen and capitalist of Cedar county, died of consumption at the home of his parents in Grace, Ia. Mr. Clark was president of the Coleridge State bank. also of the First National bank of Hartington, and had numerous other large financial interests in Cedar and ajoining counties.

At 3 o'clock in the morning fire was discovered in the rear of the meat market at Scotia, and in a few minutes the whole building was enveloped in flames. The people responded quickly to the alarm and fought the flames bravely. Although a strong northwest wind was blowing the buildings adjoining were saved.

J. C. HOFFMAN, democratic nomines for representative from the Twentieth district, has withdrawn from the race. DURING a high wind the barn of George Carmichael, three miles south-west of Butte, was burned with all farm machinery, hay and forty bushels of wheat. The fire is supposed to have caught from a stove pipe on the house.

ONE of the boldest cases of horse stealing reported in that section for a long time occurred at Beatrice last week. L. E. Meadows, who lives six miles northwest of the city, came to town driving a bay mare attached to a top buggy. He left the outfit standing top buggy. He left the outfit standing on Ella street, near the postoffice, for about a half hour and when he returned, horse and buggy were gone. He says he knows the animal was sentential and could not have gotten curely tied and could not have gotten away unless driven.

A FIRE occurred in Fairbury in the two-story frame building owned by Dr. L. Clarke and occupied by Speinburgh & Eemahasir's meat market. The building with one adjoining, owned and occupied by A. C. Lauffer, was en-tirely destroyed. Lauffer's loss is \$1,200 on building and \$4,000 on stock of tailor goods, badly damaged by fire and wa-ter; insurance, \$700 on building and \$3,000 on stock. Clarke's loss is about \$1,800, with \$1,300 insurance.

THE big snow shed on the Union Pacific, near Sherman, was destroyed by fire last week. The cause was probably sparks from a locomotive. sheds will not be rebuilt. When the Union Pacific was built scores of gigantic snow sheds were erected, and during the Adams administration these sheds were kept up, for there was something romantic in having snow sheds, to the president. But under the new regime it is seen that the sheds are not necessary, and are dangerous.

R. McLeod's general merchandise store at Hemingford was broken into last week and the safe blown open and robbed of about \$150 in cash. The thief was undoubtedly an expert as every-thing was done systematically. A newspaper was glued to the glass on the door and the glass broken under the paper to prevent noise. A large wrench was secured at a blacksmith shop, with which the knob on the safe door was twisted off. Giant powder was placed in the hole and the safe door blown entirely off. There is no clue to the per-petrator of the deed.

A Washington dispatch says: Secretary Smith has directed that there be printed in the papers in which were the advertisements calling for propos-als for the resurvey of Grant and Hooker counties, a notice to the effect that the opening of the bids had been

postponed until Wednesday, November 7. 'This action was made necessary by reason of the closing of the interior de partment on Saturday last, the day set for the opening of the proposals, in or-der that the building might be thoroughly fumigated to prevent the spread of smallpox, which had become almost epidemie.

DONATIONS for the drouth sufferers are reported by Rev. sl. P. Ludden to be coming in in liberal quantities. All the supplies that the commission has, and all that will be at its disposal until the legislature makes an appropriation, will be such as are contributed by private parties. Besides the donations from Richmond, Ind., and Baltimore, which were reported several days ago, Mr. Ludden has a train load of wheat at Portland, Ore., which has been given by the people of that state. The char-itable people of the eastern states who have been applied to have responded quickly. The railroads have given free transportation for the goods and aided in the work. Mr. Ludden has the assurance from the Burlington people that the Oregon wheat will be hauled by that road free from Billings when the Northern Pacific turns it over at that

Aid for Drouth Sufferers.

The question of how to look after sufferers, says the Lincoln Journal, from the unprecedented drouth until the next regular session of the legislature was taken up by Governor Crounse several months since. He appointed Rev. L. P. Ludden, who was secretary of the old relief commission, to make inquiires as to the amount of assistance need ed in Nebraska and the localities where most needed. This involved a great deal of systematic research, including inquiry of country officers as to the number of calls for aid and the ability of the counties to provide for their own This work has been done, and his excellency, the governor, appointed a relief commission to co-operate with Rev. Ludden in giving relief. The com mission so appointed consists of W. N Nason and Dr. Joseph Duryea, Omaha S. B. Thompson, Broken Bow; R. R. Greer, Kearney; A. J. Sawyer, John McClay, J. H. Hartley and C. J. Ernest, To each of these Governor Crounse has sent the following letter:

"The severe drouth of the present season has brought with it much dis tress and has occasioned the necessity for relief. The matter of looking after the needy until the next regular ses sion of the legislature has been referred to the several counties and localities thus afflicted. Still, there is a demand for help beyond the ability of the several localities to meet which calls for outside aid. In order that this aid may be furnished and method given to its distribution, I have called to my assistance the Rev. Luther P. Ludden, who for some time has been engaged in making inquiry as to the amount of assistance needed and the several localities where most demanded. With the view to assisting him in this good work and giving an opportunity to the charto make donations, itably disposed have to request that you will co-oper ate with him in soliciting and distributing such donations as you may be able

'I trust that you may find it agree able to engage at once in this labor, as the time has come when these needy people should have prompt attention. Please advise me at once whether you will kindly engage in this good work."

MERRITT ASHTON, son of Dr. Ashton of Syracuse, who was arrested a few days ago on complaint of his father charged with being of unsound mind, had his hearing before the commissioners of insanity. A large number of witnesses were examined. The defense claimed that Dr. Ashton wished to have his son declared insane in order that he (the doctor) might bring suit against a liquor cure institute at Blair, where the son took a course of treatment. It was shown by the evidence that young Ashton was all right when sober, but a different man when drunk. He was dis-

GUERILLA WAR IN PERU. The Whole Country Overrun by Desperate Bands of Outlaws

LIMA, Nov. 3.—Business is in a alytic state throughout the republic. The injury done already to the commercial interests of the country is incalculable and it will be many years before Peru recovers from this warfare which seems to be as far from the end as ever.

In a battle between the government forces and guerillas in Rhaco, the latter were victorious, and remain in possession of the town. oss on both sides was severe and the fighting hard.

In Pimentel the government troops surprised Teodoro Seminario and his followers. A sharp fight ensued in which the guerillas were considerably worsted, leaving behind them several dead and wounded, besides some prisoners. Teodoro Seminario himself narrowly escaped being taken, and only succeeded in getting away owing to the swiftness of his horse. succeeded in carrying off the body of his brother Alipio, who was killed. In the South, where the guerillas

are weak, various small bands been overtaken and dispersed by the government forces. In Cana the guerillas are said to be occupying the neights and mountain passes, while Perfect Munis is maneuvering so as to hem them in and force a decisive

NEW CIVIL SERVICE RULES.

EXTENSIONS OF GREAT IMPOR-TANCE MADE.

SEVERAL NEW ORDERS JUST ISSUED

Changes of Importance in the Custom Service, the Postoffice Department and Other Branches of the Government Are Ordered-Other

Important Changes Are Under Consideration.

WASHINGTON, Nov. 5. - The president has signed several orders of great importance in connection with the civil service reform movement, making important extensions of the classified service to offices heretofore unclassified and revising existing classications in branches of the service already classified, so as to bring within the classification many places heretofore excluded. These are as First-A revision of the customs

classifications so as to bring within the service all employes not serving merely as workmen or laborers, without regard to compensation. Heretofore this service has been classified on the basis of compensation. All employes receiving a compensation of less than \$900 have been excluded from the classification, and therefore not subject to the civil service rules. This action of the president brings the classification of the customs service into harmony with those of the other branches of the service.

Second-An amendment to customs rule 1, extending the classification to include all customs districts in which there are as many as twenty em-ployes. The present limit is fifty employes and under that limit eleven customs districts have been classified. The extension of the classification to include all districts in which there re as many as twenty employes will bring into the classified service cer-tainly eleven additional districts and probably several more.

Third—An amendment to the class-

ification of the department at Washington so as to include in the class ified service, and subject to the civil service rules in all the departments, messengers, assistant messengers and

Fourth-An amendment to the civil service rule abolishing the right of transfer, upon non-competitive examination, of persons appointed to ex-cepted places after one year's service in such places to classified non-ex-cepted places. Hereafter persons ap-pointed from the outside to excepted places in any branch of the classified service cannot be transferred at the end of one year into the places cov-

ered by examination.

Fifth—An order extending the classification of the postoffice department so as to include in the classified service to the department the clerks em-ployed in the offices of the postoffice

inspectors.
Sixth-Amendments to the postal rules withdrawing from the excepted class a very large proportion of the places now excepted from examina-This will transfer from the excepted class in the classified postoffice to the non-excepted class probably not less than 1,500 places, the whole number of excepted places in classified postofices now being in the neighborhood of 2,300. Hereafter it

will not include more than 700 or 800. Seventh-An amendment to the de-partment rules withdrawing from the excepted class in the department of agriculture the chiefs of the divisions of entomology, economic ornithology and mammalogy and pomology and the assistant chiefs of these divisions.

Eighth-An amendment to the Indian rule providing for the appointment as assistant teachers in the Indian school service, without civil service examination of graduates of the normal classes at the Salem, Ore., Santa Fe, N., M., Haskell Institute, Lawrence, Kan., Carlisle school, Carlisle, Pa., and Hampton Institute, Hampton, Va., upon their certificates of graduation, but before they can be advanced to full teacherships they shall be required to pass the regular civil service examination.

Ninth-Allowing appointment without examination for not exceeding thirty days to places which may be filled by non-competitive examina-tion in the departments at Washington in cases of emergency, pending an examination by the commisson. No appointment made under this authority can continue longer than thirty days.

The president has had these changes under consideration for some time and before his return from his vacation notified the commission that immediately upon his return he would consult with them in reference there-

Other important changes involving an extension of the classified service are still under consideration and only await arrangement of minor details through conference between the civil service commission and the heads of various departments.

REGULAR DAILY VICTORY. Japanese Forces in China Capture a Town Guarding the Road to Moukden.

London, Nov. 5.-The Japanese legation has received a dispatch stating that Field Marshal Yamagata has captured Fung Wang Ching, a city in the Chinese province of Liao Tung, near the Corean frontier. The Chinese defending the place fled toward Mantien Ling. The capture is important, for it leaves the mountain road to Moukden open to the Japanese and the Chinese are unlikely to offer further resistance to the advance of the Japanese army.

Arkansas Baptists Alarmed. LITTLE ROCK, Ark., Nov. 5.-The state Baptist convention in session at Lonoke last night unanimously adopted a resolution expressing alarm at the coming power of the Roman Catholic church over congress and the Federal government, and denouncing all legislation giving federal rev-enues in support of Roman Catholic or other sectarian schools.

FINAL KANSAS ESTIMATES. Leland Paises His-breidenthal's Fig-

ures Unchanged-Richardson Reticent. TOPEKA, Kan., Nov. 5.—Chairman Leland, on behalf of the Republican committee, this afternoon claims that Morrill will be elected governor by 30,000 plurality out of a total vote of 280,000. Overmyer, he says, will get 25,000 votes and Pickering (Prohibition) 6,000. Yesterday he claimed only 25,000 plurality for Morrill and said the total vote would be 285,000. He says Morrill will run ahead of his ticket with Blue close up to him. Morrill, he says, will carry every county in the First, Second and Fourth congressional districts and all in the Third except one. Broderick will the Third except one. Broderick will carry the First district by from 3,000 to 3,500 plurality; Miller the Second by from 5,000 to 6,000, Kirkpatrick the Third by 3,000, Curtis the Fourth by 3,500 to 4,000, Calderhead every county in the Fifth except one and will have 1,500 plurality, Ellis the Sixth by 1,500, Long the Seventh by 1,500 to 2,000 majority. Morrill's plurality in the Seventh will be 4,000. The vote on the suffrage amendment, he says, will be close. The Republicans will elect eighty members of the house. This year there are forty eight districts in which there are three candidates in the field. Two years ago there were only thirteen.
Briedenthal adheres to his figures

of yesterday on the state ticket, which places the total vote in the state at 285,000, and Lewelling's plurality at 16,000. He says Lewelling will run ahead of his ticket in some localities and behind it in others, but will average about with the ticket all over the state. Clark will run ahead of his ticket, with Harris close behind him. He regards the First congressional district as close, with Leavenworth county holding the key to the situation. In the Second, Wyandotte county will decide the contest. Botkin will carry the Third by 2,000. Shawnee county will settle the contest in the Fourth. Davis will carry every county in the Fifth except Riley. Baker will win in the Sixth, carrying seventeen of the twenty-two counties, and Simp-son will carry the Seventh by an increased vote, carrying twenty-eight of the thirty-six counties. Breiden-thal thinks the suffrage amendment will carry by a majority of 25,000 and that the Populists will elect seventy-two members of the house. Richardson of the Democratic com-

mittee declines to give any figures on

THE COACHMAN MAY STAY. Secretary Carlisle Decides That Mr. Mor-

ton Did Not Violate the Law. Washington, Nov. 5. - Secretary

Carlisle to-day wrote to Herman Stump, superintendent of immigration, in relation to the case of John James Howard, who was employed as under-coachman by ex-Vice President Levi P. Morton, having been brought to this country from England under contract: "I have examined the evi-dence taken by the board of special inquiry in the case of John J. Howard and the reports of the board and the commissioners of immigration at Ellis Island, N. Y., and have reached the conclusion that the said Howard comes within the first provision of section 5 of the act approved February 26, 1885, and therefore ought not to be deported. The decisions of Secretary Windom, March 12, 1890 (S. 9919) and Assistant Secretary Spaulding, April 30, 1898, (S. 11015) that immigrants who come here under employment "strictly as domestic or personal servants," cannot be lawfully admitted into the country, or per-mitted to remain here unless they ac-tually come with their employers, are not approved and will not be hereafter regarded as precedents by the immigration officials attached to this department. Mr. Stump at once issued the order

of release.

BANK ROBBERS FOILED. Cracksmen Attempt to Blow Open a

Bank Safe at Independence.

KANSAS CITY, Mo., Nov. 5:-Robbers tried to rob the Chrisman-Sawyer bank at Independence last night. When the bank was opened at 8 o'clock this morning the vault door was found open with the lock blown off and the papers and books in the vault were in confusion. The burglar proof steel safe was bruised and battered and a part of the door gone, but the burglars had failed to open it. As far as can be ascertained, not a dollar was secured. The burglars were after big money and knew where it was kept, there being \$30,000 in the vault. A small safe vault, not even considered burglar proof, contained about \$1,000 used on the counters and this was not touched.

DEMOCRATS AGAINST HILL. Many Leading Men of Western New York Issue a Strong Manifesto.

NEW YORK, Nov. 5.—The Home Rule Democrats of Buffalo and Western New York have issued a manifesto calling on all Democrats in favor of honest politics and good government to vote against Senator Hill.
