I have also seen it used for whooping cough, with the best results." 25 and 50 cent bottles for sale by P C. Corrigan, Druggist.

The Bartley Guards held a business meeting Tuesday night to make arrangements for their first annual ball that takes place on January 17. They took into consideration the prevailing hard tines and decided to reduce the price of tickets to seventy-five cents. The ball will be preceded by company drill, after which the baynet drill will be given by a selected set of the best drilled men. Everybody is cordially invited to attend.

Wednesday evening Prof. McGuire tendered his resignation as principal of our schools. The resignation was accepted and Prof. G. C. Hazlett was selected to take charge of the schools for the balance of the term and assumed his duties this morning. A few weeks ago Prof. McGuire served notice upon the board that if a certain teacher was not removed he would resign. The board refused to oust the teacher and he resigned. Prof. Hazlett is one of the ablest educators in the state, and when he was principal of our schools three years ago gave the best of satisfaction.

Chambers Bugle: The Beacon Light

of last week, devotes much space in setting up its claim for the county printing for the next year. A careful study of view of the case, will fail to convince any one who believes in economy in the | England the social advantages of thickly | Expert Stitt was selected to make settannard has rather a novel and public service. That the editor of that populated communities. The result tlement with the treasurer with the asway of disposing of a cold. paper is the philanthropist he claims to will be a new kind of civilization and sistance of one member of the commit- court. said paper gives the figures showing the amounts paid for the public printing for the years '92, '93 and '94 as follows: For '92 total amount bills allowed \$3,-885. 90; in '93, \$2,314.75 and for '94 \$2,314.44. Now we fee! warranted in saving that a very large reduction might still be made, and when we take into account the fact that the Graphic's bid for '94 as submitted to the county board consecrated to the work from this time was lost. of supervisors, had it been accepted as it should have teen, would have affected a saving of about \$1,600 to the burdened tax payers of the county, the Beacon Light signally fails to make a case. If bills for '92 were unjust, those of '93 and '94 are also unjust. If it is wrong to steal \$1,000 it is equally wrong to steal \$5, and the Beacon Light has not shown cause why the tax payers should continue to be imposed upon. The new board of supervisors will earn the respect and confidence of their constituents by calling a halt, and discontinue the practice of awarding the county printing to those papers that happen to be of the same political faith as a majority of the county board, when other publishers offer to do the work for much less. We shall keep an eye upon the next board of supervisors, and our readers may expect to hear from us if Needed changes and improvements will those matters refered to are not treated honestly in behalf of the taxpayers. The amount received by the independent over and above what the Graphic's bid was, would have gone a long ways in providing for the wants of the destitute within our borders. We will deal faithfully with all matters of a public character, and trust to the good judgof our readers, most of whom are farmers, for their approval of our course.

It May Do as Much for You.

Mr. Fred Miller, of Irving, Ill. Writes that he had a Severe Kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called Kidney cures but without any good result.

About a year ago he began using Electric Bitters and found relief at once.

Electric Bitters is especially adapted to the cure of all Kidney and Liver troubles and often gives almost instant relief. One trial wilt prove our state-ment. Price only 50c. for large bottle times, you should read the Lincoln State At P. C. Corrigan's Drug Store

PERTAINING TO IRRIGATION.

and prosperity.

It is estimated that three and a third million acres of arid lands in South Dakota have been reclaimed by irrigation at a low cost. The value of these lands before irrigation was estimated at \$77,000,000, while now they are rated at nearly \$300,000,000.

Of all the semi-arid states, by which we mean the two Dakotas, Nebraska, Kansas, Oklohoma and Texas, Nebraska is most fortunately endowed with water supplies, says the Irrigation Age-. The amount of land that can ultimately be irrigated will be a large total in accrage, as nearly all of the state would be fit parison to the whole. The amount of water flowing in surface streams, such as the North Platte, Republican, Frenchman, Loup, Niobrara and Missouri, is immense in the aggregate. The possibilities for individual irrigation plants from underground sources are also very large indeed. The storage of storm waters is feasible to a considerable degree. A state irrigation policy, superintended by expert ability and faithfully preserved in over a series of years, would put into the hands of Nebraska's people irrigation facilities that would seem fairly astounding if predicted now.

Let us assume that Nebruska means business this time, says the Irrigation Age. What will be the character of the changes wrought in her economic life by the adoption of irrigation? It will be a revolution. The quarter section will come down to 80 acres, then to 40 acres, and ultimately to 20 acres. The Nebraska farm will no longer be merely an insignificant segment of the cornbelt. It will be in a modest sense a soverign his own little farm the landed proprietor month. There were five applicants for will be independent. He will learn from this position. Utah the philosophy of diversified crops, and will try to produce nearly everything his family consumes. It also has Walt ken a water right upon your land do so Mason. Wm. E. Annin, its Washington correspondent, serves up Washington stuff as no other correspondent employed by Nebraska papers has ever done it. Annin knows Nebraska people and Nebraska politicians like a book; his letters are a great feature. Stories are furnished by Conan Doyle, Rudyard Kipling, and a host of others who are regular contributors to the world's greatest magazines. The Journal's price has been cut to 50 cents per month, without Sunday, and 65 cents with Sunday. You should try it awhile. The semi-weekly Journal is only \$1.00 per year, and is a great family paper, almost as good as a daily for a large class of people. The Journal's phenomenal growth is due largely to the reduction in price and the sing man has been found. The general not presuming to be a dictator.

Supervisors in Session.

The supervisors met in regular session last Tuesday morning. Frank Phillips, R. Slaymaker and S. L. Conger were placed in nomination for chairman .-Conger was elected upon the second ballot. The following standing committees were appointed for the ensuing year: Judicial and Legal-Gregg, Eckley and Blondin.

Printing and Supplies-Donohoe, O'Neill and Maben.

Finance and Official Bonds-Hayes, Alfs and Gregg.

Settlement Committee-Phelps, Brodie, Wine, Eisle and Doolittle.

HUBBY-HANSEN-At the home of the brides' parents, near Leonie, at 12:30 o'clock, January 1, 1895, William J. Hubby to Miss Carrie Hansen, both of this county.

These happy young people have resided in this county several years and in their neighborhood.

The guests began to assemble about 10:30 and all took part in singing until which dinner was served.

About 3 o'clock all gathered in the parlor where Mr. and Mrs. Sorensen were seated in the bride and grooms' chairs. Mr. Janeson then delivered a very interesting speech, to, and about the above named old people. They are a very aged couple and came to live with their daughter, Mrs. Hansen, about two be made as sagon as possible, and the years ago and had the pleasure of celebrating their golden wedding upon their grand-daughters wedding day.

It was a very pleasant affair and the many friends of Mr. and Mrs. Hubby wish them a long and happy voyage down the pathway of life.

A Quarter Century Test.

For a quarter of a century Dr. King's New Discovery has been tested, and the millions who have received benefit from its use testify to its wonderful curative powers in all diseases of Throat, Chest and Lungs. A remedy that has stood the test so long and that has given so universal satisfaction is no experiment.

Each bottle is positively guaranteed to give relief, or the money will be refunded. It is admitted to be the most reliable for Coughs and Colds. Trial bottles free at P. C. Corrigan's Drug Store. Large size 50c. and \$1.00

World's Fair Highest Award.

mains of Barrett Scott.

SEARCHING PARTIES STILL OUT

The Case Will Be Investigated By the Attorney General.

The fate that befell Barrett Scott after being spirited away by vigilanters ten days ago is as much a mystery to day as it was a week ago. Diligent search has been made for his body but has been unavailing. Although searchers have gone over a great deal of the country between Parker and the Niobrara river no clue as to the possible whereabouts of the mispolicy of attending to its own business impression is that the Niobrara river is his resting place, with the quick-sand for a shroud and the water for a tombstone.

> George D. Mullihan, of Paddock, was arrested at his home on Friday and brought to this city. It is asserted that he is the man whom Scott recognized and mentioned to his wife. He was taken down to the Scott residence that evening and masked, as the members of the mob were. It was thought that Mrs. Scott might recognize him. She said it looked like him but she was not positive that he was the person. Miss McWhorter thought he was the man. Mullihan's hands were lacerated upon the back and this Miss McWhorter claims she done while he was taking Scott out of the carriage. Mullihan denied any complicity or knowledge of the affair. He was brought before Justice Costello and gave bonds in the sum of \$500 to appear Wednesday for preliminary hearing. Pinkerman and Roy did the same.

Monday afternoon Elliot appeared before Judge McCutchan and waived examination and was placed under \$1,200 bonds to appear at the next term of district court. District court convenes in this city February 7. On Wednesday Mullihan, Pinkermen and Roy appeared before Justice Costello for preliminary hearing. They also waived examination and gave bonds in the sum of \$1,200 to appear at the next term of district

Last Saturday evening a mass meeting was held at the court house which was called by Sheriff Hamilton. He called the meeting to order and then explained to those assembled what he had done. He said he was at a loss what to do next, but that he wanted to get a large crowl to go out Sunday and look for Scott's body and called for volunteers. Eighty men signified their willingness to go upon the quest and agreed to leave the court house square at 6 o'clock in the morning, which was done. Part of the posse returned about 7 o'clock Sunday evening and reported that they thought they had located Scott's body in an old well about 4 miles north of Parker. They brought a small bunch of hair with them that they took out of the well. chased some \$8,000 worth of new goods the ceremony was performed, after They claimed that there was some foreign substance there as they could feel it with a board that they used for the purpose of probing the bottom. Sheriff Hamilton started out about noon next day with grappling hooks for the purpose of making a thorough investigation and returned about 6 o'clock and said he was satisfied there was nothing there.

Parties have been out searching for the body every day but without success. Sheriff Hamilton informs us that he is going out again to-day to head a posse of twenty citizens of the Niobrara valley and will search the river to-morrow.

The Knights of Pythias, of which organization Scott was a member, offers a reward of \$200; \$100 for the recovery of the body and \$100 for the arrest and conviction of any party or parties connected with the disappearance of Scott. The Odd Fellows offer the same amount upon the same conditions. A resolution has been introduced before the board of Supervisors by Supervisor E. J. Mack, for the purpose of offering a reward of \$3,000 for the arrest and conviction of any party or parties connected with the

assault upon Scott and his family, and

the spiriting away of Scott. The resolution was given to a committe and has not been reported upon yet. It is also expected that Governor Holcomb will offer a reward.

The latest advices from Lincoln is to the effect that the state will take hold of the matter and will have some of the best detectives in the country come here to ferret out the mystery. That the mystery will be ferreted out and the guilty ones punished is the prayer of all true citizens of Nebraska.

The New Board.

The New Board.

The following gentlemen comprise the board of supervisors for this year: J. D. Alfs, Pleasantview; Wilson Brodle, Cleveland; D. C. Blondin, Sand Creek; S. L. Conger, Inman; T. E. Doolittle, Sheridan; J. B. Donohoe, Shields; John Dickau, Francis; George Eckley, Chambers; W. F. Eisele, Conley; A. S. Eby, Dustin; James Gregg, Rock Falls; R. J. Hayes, Grattan; John Hodge, Lake; H. Kelley, Fairview; George Kennedy, Paddock; William Lell, McClure; Frank Moore, Atkinson, E. J. Mack, O'Neill, L. B. Maben, Deloit, A. C. Mohr, Willowdale, R. H. Murray, Iowa, A. Oberle, Scott, H. O'Neill, Saratoga, H. G. Phelps, Verdigris, Frank Phillips, H. G. Phelps, Verdigris, Frank Phillips, Steel Creek, A. C. Purnell, Emmett, D. G. Roll, Ewing, R. E. Slaymaker, Green Valley, J. E. White, Wyoming, H. C, Wine, Swan, J. W. Wertz, Stuart.

COLONEL "BILL" RANDOLPH. He Likes Quall and Shot for Thom on a

Rising Figure. If you know anything about Fierida you know Colonel "Bill" Randolph. If you don't know him-well, just go down to Florida and ask about him. The Hon. Colonel Smith, late of Florida, now of New York, is authority for the statistics of the Florida liars. According to him there are only three liars in the whole state. Somebody else is one and Colonel
"Bill" Randolph is the other two.

Colonel "Bill" Randolph likes quail. He says he is a good shot. He proved it the other day by telling a story. A boy drove into town (down in Florids, of course) with twenty-six live quail

"How much do you want for your quail?" shouted Colonel "Bill" Ean-

"Twenty-five cents aplece."
"Tell you what I'll de. You take
your quail out one at a time and
throw 'em into the air. Every enthat rises I'll shoot at after he ri No rise, no shoot For every bird I kill I'll give you ten cents. Fer every bird I miss I'll give you fifty cents. How do you like it?"

"I'll take you," said the boy, and he jumped down from the wagen.
Then, according to Colonel "Bill"

Randolph's story, the boy began to throw the birds and Celenei "Bill" to shoot them.

"Yes, sir," said Colonel "Bill" Ran dolph, telling the story, "I shot one after another and got that batch of quail for \$2.50. Saved fifteen cents a bird by buying 'em that way.'

"Hold, up, colonel," cried one of his friends, "your story is all right, but your mathematics are wre Twenty-six birds, at ten cents a bird. would make \$2.60!"

"Yes, that's so," said Colenel 'Sill" Randolph, cool as a fish. "but one bird didn't rise."
