Seed Grain for Nebraska

A recent issue of the Philadelphia Press contains an editorial concerning Nebraska's urgent need of seed grain. It says:

Senator William V. Allen on his return from Washington finds and reports that large numbers of his constituents are in a most deplorable condition through their unpreparedness to meet the requirements of the coming year. Senator Allen asks that help be given these struggling farmers of western Nebraska, and he asks it of those who can easily afford to assist them. In reply to a telegram of inquiry from this state as to what form of aid would be most beneficial the Nedraska senator

wires the following reply:

MADISON, Neb., March 21.—What can
be done in the way of sending seed
grain? There is great necessity for
prompt action. WILLIAM V. ALLEN. In responsee to the representations of Senator Allen and the other evidences of the immediate needs of the drouth posed that Pennsylvania shall send at once to these seedless farmers twentyfive carloads of seed wheat. With its accustomed liberality and world-famed public spirit the Pennsylvania Railroad company enters into the proposal and offers to do its share, as the following letter to one of the gentlemen who have interested themselves in the mat-

My Dear Sir: Replying to your com-munication of the 21st, inst., enclosing letter from United States Senator W. V. Allen, in regard to the transportation of twenty-five carloads of seed wheat contributed by the farmers of the state of Pennsylvania to be distrib-uted among the sufferers in Nebraska, I would say that the Pennsylvania Railroad company will cheerfully transport free the wheat referred to from points in Pennsylvania to Chicago, which point, as you know, is as far in the direction of the destination of the wheat as our lines extend.

Very truly yours, FRANK THOMPSON First Vice President.

Philadelphia, March 25, 1895. Secretary Edge can not do better to signalize his promotion to be the head of the Department of Agriculture in the state government of Pennsylvania than to take charge at once of the collection and transmission of seed wheat from this state to the stricken farmers of Nebraska. The need is urgent. Transportation is provided free, for no doubt some one or more of the railroads from Chicago to Nebraska will not consent to be outdone in generosity to the people of Nebraska by the Pennsylvania railroad. The opportunity is given to the farmers of Pennsylvania to help their brethren of the west. But it should not be left to the farmers alone. These twenty-five carloads of seed grain should be collected promptly, for its transportation and distribution will consume some time, and if it is to answer its purpose it must be in the ground within a very few weeks. This call for help from Nebraska should meet with immediate and generous response from Pennsylvania.

THE Young Men's Christian association of the Third district of Nebraska held their sixth annual convention at Rushville March 29, 30 and 31. There were over ninety delegates in attend-ance. Rev. Of the increased appropriations \$6.30 consists of raised salaries for offices already in existence and \$8,80 for new offices created by the present legislature. It is believed that the house will concur in the amendments. The bill providing for the appointment of lawyers as judges pro tem under certain circumstances was read a third time and passed. Another bill, read the third time and passed. Another bill, read the third time and passed, amends in very many particulars the law governing the appraisement of state educational lands. Late in the afternoon the senate took up for third reading senate file 2.2 the bill which last Thursday afternoon brought about the Stewart episode. The bill was passed, but only seventeen votes could be mustered, and the emergency clause was knocked out. The bill was introduced by Noyes of Douglas county, and makes a number of radical amendments to the school law, and is particularly obnoxious to the senators from the western part of the state. The provision to which they most particularly object is the one which recties: "If any school district for the period of one year faul to maintain a school for a term of at least three consecutive months, or keep its organization of officers, or if there has been an average attendance for three consecutive months, or keep its organization of officers or if there has been an average attendance for three consecutive months of the state. When the speaker amounced the written motion he as umed the responsibility of changing the wording of the motion to make it apply to house roil No. 123. This interference on the part of the speaker was vigorously objected to by Howard and Barry. They claimed that after the motion had been read and had become the property of the house the speaker had no right to assume the grave responsibility of changing the wording on his own motion. The point of order made by Howard was overruled. Van Housen moved that Rickett's motion to make the veto message a special order for Wednesday be laid on the table, and demanded a roil call. Van Housen's motion was defeated by nays 42, yeas 22. The following bill were read a third time and passed: House roil No. 243, bp Rhodes, barring an insane wife's dower and interest in her husband's real estate. FENATE.—In the senate, on the 2d, the committee on banks and currency recommended the passage of house roll No. 101. This is the new banking law, introduced in both houses. Each branch of the legisla-ture passed its own bill, but as amended the house bill was the more acceptable. Several senators, however, desired to add one or two amendments, and it was therefore made senators, however, desired to add one or two amendments, and it was therefore made a special order for 3 o'clock. The senato then read for the third time and passed house roll No. 130, a bill introduced by Davies, to amend the law defining the manner in which proposed amendments to the constitution may be voted upon. The gambling bill introduced early in the session by Hahn, and which was so radically amended by the senate last week, was read the third time and passed. Senate file No. 80, by Graham, to require and regulate the registration of voters for election purposes in cities of the metropolitan, first and second class, was read the third time and passed. Senate file No. 80, by Graham, to require and regulate the registration of voters for election purposes in cities of the metropolitan, first and second class, was read the third time and passed. Holorook, from the committee on manufactures and commerce, reported back the bill passed by the house and known as the governor's oleomargarine bill, being a measure introduced by McKeeby upon the recommendation of Governor Holcomb. The committee recommended that the bill be passed and it went to the general file. The sifting committee reported six senate bills and eight house bills with the recommendation that they be considered immediately. These are the last senate files that will be acted upon at the present session. None of them were of extreme importance. The lieutenant governor appointed as the senate conference committee on the salary appropriation bill senators Graham, Black and Caldwell The senate is being importuned every moment of the day to pass this bill or that till for the benefit of private individuals to accomplish their own private ends. Few of them are of importance to the state at larre. The senate has enough to do if it will confine itself to the work of passing the appropriation bills.

No. 607, by Judd, providing for the ejectment of Contractor Dorgan from the penistentiary, was passed by a vote of 73 to 2. The bill authorizes the appropriation of \$5.000 for the purpose of buying out Dorgan, the present prison contractor, and for other necessary expenses incident thereto. Three appraisers of the contractor's property are to be appointed, one by the Board of Public lands and Buildings, one by torgan and one by the governor. Should Dorgan fall to select his appraiser the other two are to proceed and appraise the property. The following bills on third reading were passed: Providing for a county board of equalization of assessments; providing that county assessors shall assess property without reference to the assessment books of the preceding year; for the relief of David S. Benyon, deputy sheriff of Antelope county; providing for a plumbing inspector in cities of the metropolitan class; providing for the election of supreme judges and regents of the State university to compel institutions transacting a banking business to keep a list of shareholders for the inspection of creditors of the institution; providing that articles of the institution; providing that articles of incorporation have been filed with county clerks as well as with the secretary of state; providing for the enforcement of quarantine laws in cities and vil ages; creating a board of immigration and defining its duties, without the emergency clause; providing that all warrants shall draw interest from the date of their presentation; providing for a canvass of the votes on the constitutional amendments; joint resolution, providing that all warrants shall draw interest from the date of their presentation; providing that all warrants shall draw interest from the canvass of the votes on the constitutional amendments; joint resolution, providing that well as the presentation; providing that all warrants shall draw interest from the canvass of the votes on the constitutional amendments; in the future be known and referred to as the "Tr No. 607, by Judd, providing for the eject-ment of Contractor Dorgan from the peniing committee reported seventeen addiing committee reported seventeen addi-tional bi.ls for immediate consideration, all house rolls, numbered as follows: 6, 501, 87, 284, 457, 346, 5.0, 136, 28, 392, 585, 540, 232, 80, 36, 15, 642. Just before the noon recess the senate went into the committee of the whole to consider bits in the sifting file. Senate file No. 128, providing for the government of mutual life insurance companies. was read and then indefinitely postponed. The bill authorizing the secretary of state to designate newspapers in which the proposed amendments to the constitution shall be printed, instead of permitting the governor to do so, was taken up and passed over the governor's veto by a strict party vote. The senate then resumed the order of bills on third reading. The first bill passed was house roll No. 14, known as the state banking act. It makes a number of material amendments in the present law, the principal feature of the new law being the provision which relieves the supreme court of the burden of the immense amount of business occasioned by the fallure of banks. At present the supreme court has exclusive jurisdiction over broken banks, and as there are constantly from forty to sixiy suspended banks in the court, at least one-third of the time of the supreme bench is taken up in this way. The district courts will have charge of the work in the future. The Lincoln charter was read the third time and passed.

SENATE .- In the senate on the 4th the im-SENATE.—In the senate on the 4th the immigration bill was considered. The judiciary committee recommended that the bill te passed just as it came from the house, and that it be advanced to third reading. The report was adopted. House roll No. 31 reducing the interest on syate warrants, was indefinitely postponed for the reason that it was not an exact counterpart of senate file No. 25, which had already been passed by both houses and signed by the governor. House roil No. 334, known as Benedict's age of consent bill, was considered. The senate then, by an almost unanimous vote, ordered the bill advanced to third reading after adouting the amendments recommended by the judiciary committee. As amended, the bill now reads as follows: "If any person shall have carnal knowledge of any other woman, or female child, than his daughter or sister, as aforesaid forcibly and against her will; or if any male person, of the age of 18 years or upward, shall carnally know or abuse any female child under the age of 18 years or upward, shall carnally know or abuse any female child under the age of 18 years or upward, shall carnally know or abuse any female child under the age of 18 years or upward, shall carnally know or abuse any female child under the age of 18 years of age and previously unchased, and every such percon so offending shall be imprisoned in the penand bill ware passed. as a result of their visits to the several counties.

These several items in the respective counties applying for aid were carefully abulated, and the commission believes a just and equitable conclusion as to the number of farmers actually needing seed and feed in said counties and unable to procure the same was reached. The money was then apportioned in accordance with the findings of the commission, pro-rated according to the number of farmers in need of aid in their several counties. Subjoined please find counties and amount of the \$200,000 that they will receive.
