Revolt of Philadelphia Posts Agains Favoritism as to Officers

Philadelphia, Pa., April 15.—Because Assistant Adjt.-Gen. Morrison of Penn sylvania holds both that office at \$2,500 year, and the chief clerkship in the tax office at \$1,800, when other prominent Grand Army of the Republic veterans cannot get one position, there was a revolt of Pennsylvania department posts in Philadelphia last night. Posts No. 94, 10, 35, 36, 80, 24, and 363 united to form the Eastern association to "guard against the avarice of men at quarters," as the prime mover of the revolt put it. Several hot speeches were made concerning the alleged de-partment favoritism. The revolting posts elected a president, vice president, secretary and treasurer of their "Eastern association," and expect to perfect their organization later.

EASTERN WAR ENDING

TREATY OF PEACE BETWEEN CHINA AND JAPAN LIKELY.

Mikado Disposed to Modify His Demands -Result of Russian Protest-The Great Bear of the North Growls When His Approach to the Pacific Is Barred.

Washington, April 13.—The Japanese legation has received advices from Japan which give color to the belief that the present truce between the mikado Chinese emperor may be merged at an early date into a definite treaty of peace.

The grounds for this hope are only conjectural; but it is guessed here that the Japanese plenipotentiaries will grant or have granted some concessions from the text of the original demands of the mikado, which were five in num-

1. Independence of Corea. 2. Permanent cession of the Island of

Formosa to Japan.

3. Indemnity of \$00,000,000 taels (Chinese coin worth \$1.33).

 A new Japan-China treaty opening the interior of China to commerce. It is given out at the Japanese tion that any concessions which have been made are due to the repeated requests of the Chinese plenipotentiaries But there is probably a more forceful influence at work than any which can be exerted from Peking. It looks as if Japan were yielding before the hostile attitude of Russia.

It is felt here that Japan cannot afford to antagonize Russia to such an extent as to press for a permanent occupation of Port Arthur and the contiguous territory, because if any power other than China is to control that district Russia must be that power. The czar needs a Pacific seaport and China has none to give that would be a thousandth part as useful to the czar as one on the east coast of Manchuria, which is the Port Arthur territory. Both Russia and China have, therefore, the strongest reasons for opposing this exaction of the mikado.

If the Japanese have modified their demands as to indemnity the pressure must have come from Great Britain acting on behalf of English financial backers of the half-insolvent Manchu dynasty. I t it is not likely that European interference would be made along that line, as the amount of the indim-nity is not exorbitant.

France alone, or chiefly, is interested in the cession of Formosa, which forms naturally a part of the "Island Empire." The question of the independence of Corea cannot be one of prime importance to China.

It is of great moment to Russia, however, because the czar desires a rightof-way through Corea for the great trans-Siberian railway, and the impression has prevailed here that before the mikado stated the conditions of peace he had arrived at an understanding with Russia whereby the latter's right of railway route through the hermit kingdom was to be guaranteed. If this guaranty fail, then Russia will have an additional reason to oppose Japanese aggresions at Port Arthur.

If the money demand-300,000, '00 taels -has been modified, little importance is to be attached to the concession, except that China's burden will be light-

It looks now as if, barring some unexpected hitch in the negotiations, the end of the China-Japan war had come and a treaty of peace were in sight. Should this prove the case, the atti-tude of Russia will have had more to do in bringing it to pass than any ap-peal of China to the mercy of the vic-

Cattle Men Happy.

Santa Fe, N. M., April 13.-An advance of 25 per cent in the price of beef cattle in the last sixty days has served to elate the stock dealers of New Mexico. Mutton has also gone much higher, showing a great advance. At the advanced prices 4,000 cars of cattle will be shipped out over the Atchison during the next six weeks. A year ago but 500,000 cattle were on the range of New Mexico, but since then every stockman has been saving his stock, and experts say that at least 1,000,000 head of meat cattle are now on new Mexican ranges and of this number 250,000 are ready for shipment.

LIQUOR MEN DOWNED.

Alchigan House Tears to Pieces the 8400 Uniform License Fee Bill.

Lansing, Mich., April 13 .- The friends of a \$400 uniform liquor license fee met yesterday in the house. In addition to a uniform tax of \$400 the bill made other concessions to the saloon men, particularly allowing them to remain open New Year's, Washington's birthday, Labor Day and Fourth of July, also to openafter the closing of the polls on election day. The entire bill was wiped out, except the first section, and that was amended by raising the tax to \$500. The bill was then passed by a vote of 72 to 22and was given immediate effect. The only change the bill accomplishes is to make the tax upon the sale of beer \$500, the same as spiritous liquors. Its fate in the senate is uncertain, but it is understood the committee on liquor traffic is averse to making any change in the present law.

He Was Fourteen Years a Fugitive. Austin, Tex., April 13.-R. A. Dam at Angel's Camp, Cal., Breaks Causing Death and Loss of Property. Angel's Camp, Cal., April 13.—The dam of the Utica Mining company, three miles from town, broke yesterday and the volume of water it had contained rushed toward the Mokelumne a roaring torrent, bearing with it the body of one man and many buildings that

were in its path.

The man who is known to have perished is Otto Lundt, who lived with his sister on Antonio creek, below the reservoir. He was nearly 80 years old and barely able to move, yet when he real-ized the impending danger instead of fleeing he returned to the house in quest of \$700 and some jewelry, representing the wealth of himself and sister. He had scarcely entered the house when the frail structure was picked up by the flood, torn to ruins and carried along and scattered for miles upon the shores of the flerce stream.

Of the unfortunate Lundt nothing more was seen. To the observers the mass of water as it struck the Lundt house appearey twenty feet high. The company claims that its loss will amount to \$70,000.

AFTER THE BEEF TRUST.

Secretary Morton Wants to Know Why Prices Are Up.

Washington, April 13.-An inquiry which the secretary of agriculture has set on foot may be of a character which will give the Big Four of the cattle trust in Chicago and elsewhere something to think about. Secretary Morton is of the opinion that the increase in the price of beef, together with the depression in the price of cattle per capita, is a fact which requires explanation. The agents of the bureau of animal industry in all portions of the country have been directed to make the most minute inquiry as to the stock of cattle on hand and prices which they bring. They have also been invited to furnish to the secretary of agriculture their opinions whether any trust has been operating in violation of law to increase the price of heef. If such shall be found to be the fact it unquestionprosecutions of the Big Four combine by the federal authorities.

Negro Colonists in Mexico. Washington, April 13.—Between 700 and 800 negro families have recently arrived from the United States at Tiahualilo, state of Durango, Mexico, as colonists under the federal concession granted to W. H. Ellis, an American citizen. Under the agreement by which the parties go to Mexico Ellis is to furnish land, garden seed, farming implements, water, houses, and rations. The two latter items are to be furnished for sixty days, and Mr. Ellis is to be repaid for all advances made by him out of the crops raised.

May Investigate Waller's Case

Washington, April 13 .- A cablegram received at the navy department announced the sailing of the United States steamship Castine from Aden, at the entrance of the Red Sea, for Zanzibar. It is probable that the commander of the ship will be directed to investigate the case of ex-United States Consul Waller, alleged to be wrongfully confined in jail by sentence of a French court martial in Madagascar.

Getting Rid of Red Soldiers

Washington, April 13.—By command of Gen. Schofield Privates Dow-A-Ton and Poe-Que of troop L., Seventh cav-alry, will be discharged from the army April 21, in continuance for the policy adopted for ridding the service of Indian soldiers, the experiments of enlisting them after two years' trial having proven that even the best red men worthless from a military point of view.

Chief Justice Horton Steps Down. Topeka, Kan., April 13.-Albert H. Horton, chief justice of the Supreme court of Kansas, handed his resignation to Gov. Morrill 18 once accepted, and Gov. Morrill appointed Judge David Martin of Atchison to succeed him. Judge Horton has been chief justice since 1877, and was a prominent candidate for United States senator when ex-Senator Ingalls was chosen for the first time.

He is out of employment and bitterly de-nounces the Missouri papers for the manner in which they have referred to

French Ministry Defeated.

Paris, April 13.-The Temps anuties took action yesterday on the proposal of Prime Minister Ribot, made in connection with the budget, to reduce the succession duties imposed on religious bodies. After the debate on the proposal a vote was taken and it was rejected, 301 members voting against and 233 in its favor. The budget was adopted.

Shot While Trying to Escape.

Cincinnati, Ohio, April 13.—An un known prisoner confined in the West Wood jail for housebreaking was fatally shot by Marshal Carter while attempting to escape. The prisoner rushed out of the fail when the door was opened to give him a glass of water and the marshal fired after him.

Killed by a Falling Tree.

Victori a.B. C., April 12.—A flerce thunder storm raged over part of the mainland of British Columbia last night between Blaine and Whatsom, where the full force of the hurricane was felt. A party of Indians, composed of one man, two women and a 5-year-old boy, sought shelter from the storm and made camp at the foot of a huge cedar tree when the storm was at its height. A high wind struck the tree, tore it up by the roots and the camp was demolished, all of the party except the man being instantly killed. He is injured, but may recover.

HAD BETTER SETTLE.

ENGLISH NEWSPAPERS TALK OF NICARAGUA.

A Waiting Policy Will Be Expensive in the End, They Say-Gully Chosen Speaker of the House of Commons-Floods in Europe - News By Cable.

London, April 11.—In regard to the report that has reached here from New York that the British sloop-of-war Wild Swan has joined the Royal Arthur, the flagship of the British Pacific squadron, at Panama preparatory to their expected departure for Corinto, Nicaragua, to enforce the ultimatum of Great Brit-ain's demanding \$75,000 indemnity for the expulsion from Nicaragua of Mr. Hatch, the British consular agent at Bluefields, it is stated that the announcement is premature.

At the admiralty, in reply to questions

on this subject it was said that no or-ders had been given to the Wild Swan or Royal Arthur which would warrant the statements made. The Times in an editorial on the situation says: "If we are compelled to collect the customs Nicaragua will presumably have to pay the costs of the collection in addition to the indemnity. She will find it less troublesome and cheaper to settle with us forthwith. Her efforts to excite the jealousy of America have failed. The justice and good sense of the Americans have proved to strong for the success of this characteristic maneuvre The Americans should only hear our case and demands to acknowledge that our conduct was reasonable and just and to admit that our claims were of such a character as they would them selves have made under similar circumstances. We have assured America that we are not seeking fresh territory. Our object is to obtain an adequate apology for a wrong done and the payment of the compensation which we believe to be our due."

The Globe this afternoon, commenting on the same subject, remarks: "Like other Central American republics given to pulling the lion's tail, Nicaragua hoped that Washington would flare up in behalf of the Monroe doctrine. But President Cleveland, upon inquiring into the matter, discovered that the quarrel did not concern America. It would be intolerable were the Monroe doctrine so stretched as to cover such international outrages as that of which Nicaragua has been guilty. Fortunately for the continuance of friendly relations between these two great nations there is far less disposition than formerly in America to take advantage of every op-America to take advantage of every op-portunity to hurl defiance at England. Sensible Americans recognize that the Monroe doctrine, though founded on an excellent principle, requires to be en-forced with prudence and discretion."

CROP REPORT FAVORABLE.

Advices Show Rains Last Week Were

Great Benefit to the Country. Washington, April 11.-The weather bureau, in its weekly review of weather crop conditions for the week has ended April 8, says: Upon the whole the week has been most favorable. Corn planting has progressed rapidly under favorable conditions in the southern states, where a large proportion of the crop is in the ground and some has come up. Winter wheat has greatly improved during the week in Illinois, and is in good condition in Michigan, Missouri and Eastern Kansas, but less favorable reports are received from Minnesota and Wisconsin, where it is re-ported as badly winter killed; in Nebraska the crop has suffered from drouth and high winds. Spring wheat seeding is well advanced in Minnesota. Oat seeding is progressing rapidly in Ohio, and nearly the entire acreage of this crop has been sown in Iliinois, Indiana, Iowa and Missouri. Seeding is well advanced in Minnesota. The genable, no serious damage having done by frost. Rain is badly needed in Oklahoma, and more would be beneficial in Missouri, Ohio and Minnesota.

In Illinois the report shows that drouth conditions are broken; temperature and rainfall above normal; winter wheat, rye and meadows greatly proved; ground in excellent condition; oats and spring wheat sown; early po tatoes planted; gardens made in central and southern counties and one-half to three-quarters made in northern counties; fruit trees in good condition and buds bursting in southern counties.

Vicar-General Parke's History.

Richmond, Va., April 11.-Vicar-General H. F. Parke, who is among the victims of the Wheeling disaster, spent his early life in Richmond. He was a native of County Sligo, Ireland, but came here when quite young. After his ordination Father Parke engaged in misionary work in southwest Virginia and then went to West Virginia, where he has been prominent in the affairs of the church. Japanese Seize a British Steamer.

London, April 11.-The Time publishes a dispatch from its correspondent at Shanghai saying a Japanese manof-war has seized the British steamer

Yik Sang outside Yakuv having on board 220,000 cartridges shipped at Shanghai by a respectable German firm as "bamboo and steel." The owners of the Yik Sang, it is added, accepted the shipment in good faith. Factories Have to Shut Eown.

Easton, Pa., April 11 .- A freshet prevails in the streams of this locality. The Delaware and Lehigh rivers and Bushkill creek have overflowed their banks and the lowlands are submerged for miles around. Many factories have been compelled to shut down. The Deltwenty-five feet above low water mark, the highest point reached in many years, and it is still rising rapidly.

To Hold Income Tax Returns.

Washington, April 11.-Instructions have been sent to collectors of internal revenue all over the United States to withhold returns made under the in come tax law until regulations can be prepared at the treasury department in accordance with the decision of the Supreme court of the United States.

London, April 11 .- The Standard says silver yesterday was in good demand owing to the news that the Japanese terms for peace with China stipulate for the opening of a large section of China to foreign trade. It is believed this will lead to an increase in the demand for silver in the east.

HI HUNG MAY PROCRASTINATE.

Belief that Japan's Proposals Will Not

Be Accepted Till the Last Minute. Washington, April 11.—The Japanese-Chinese armistice closes in ten days, so that it is anticipated by officials and diplomats that the final terms of peace must be near at han i. It is stated, how-ever, by a diplomat of experience with the Chinese and Coreans, that it is characteristic with them not to meet an emergency until the last day. A case is cited in which Japan gave Corea three months to acquiesce in certain conditions. There was no response until the day before the three months expired, when a Corean official appeared and stated that the subject had been overlooked and more time was desired, which request which request, however, was not grant-ed. It would not be surprising to officials if Li Hung Chang pursued this policy, taking the full ten days before yielding to all of Japan's demands.

The reports that the indemnity will be about 400,000,000 yen coincides with the understanding here that 200,000,000 would be the amount of the payment, The present rate of exchange on the silver yen is 47 cents, so that 400,000,000 silver yen would be \$188,000,000.

TO FORM A GREAT UNION.

Miners of Colorado, New Mexico, Utah and Wyoming to Combine.

Pueblo, Col., April 11.—A union of all the miners in Colorado, New Mexico, Utah and Wyoming became practically assured at the semi-annual convention of district No. 15 of the Western United Mine Workers of America when the proposition was unanimously approved by nineteen delegates, representing 7,000 coal miners in the territory included in the district. Final amalgamation expected to be completed at the convention of metalliferous miners at Ogden May 22. The project was first suggested by the metalliferous miners, who were asked to send delegates to yesterday's convention to discuss the mat-The latter miscarried, however, and no metalliferous representatives were present. The coal miners ordered a request sent to the metalliferous workers for permission to have the coal miners represented at the Ogden con-This request will undoubtedly be granted and the amalgamation will

Third Body Recovered.

Wheeling, W. Va., April 11.—At 4:3. o'clock this morning the men clearing away the debris of the Chapman and Hutchinson buildings found the body of Harry Cowl, a Western Union messenger boy, in Alley 9. The body was in a standing condition with the hands raised above the head, as if to defend him from the falling debris. He was, with a sister, the only support of a widowed mother. This makes three bodies recovered from the ruins and three still in the ruins.

Venezuela Grateful to Uncle Sam

Washington, April 11.—President Crespo of Venezuele has sent a special message to the congress of Venezuela concerning the attitude of the United States on the British-Venezuela question. Immediately on receipt of the president's message the congress passed resolutions amid great enthusiasm heartily thanking the United States for its sympathy and support. The people are getting up a monster popular petition breathing the warmest apprecia-tion for the support of "The Great Republic of the North."

Judge Sabler Kills Himself.

Omaha, Neb., April 11 .- Judge John Sahler, for quarter of a century prominent in Nebraska politics, blew his brains out at his residence yesterday. No reason is known for the deed. Judge Sahler had a wide circle of friends and acquaintances in the city and through-out the state. He had attended every session of the legislature for the last twenty years, either as a politician or a lobbyist. He was one of the oldest settlers of the city, having come here in 1856 from Kansas, following the legal
