GEORGE BUSCHEL, a well-known old resident of Plattsmouth, dropped dead the other morning. He was dressing preparatory to going to church, when suddenly he fell forward on his face and expired in a few minutes. He was apparently in good health and attended to his work as usual the day before. Heart disease was the cause of his death.

WHILE in Omaha recently Congressman Kem was interviewed, and had this to say about woman suffrage: "I believe in woman suffrage, not because of the influence she will exert, but because it is right. As to the employment of women in the departments at Washington, I would rather that a daughter of mine should scrub floors for a living. She would not be so much of a machine."

A NONFOLK correspondent tells this story to illustrate the amount of rainfall at that place: J. W. Hovee, who lives a mile northwest of the city gathered up a wagon load of his farm articles, which had been carried into town by a current forming in a dry slough. Among the articles was a grindstone.

MRS. MARY R. THOMAS has been appointed by Governor Holcomb as matron of the Lincoln insane asylum. Her appointment will date from May 1. Mrs. Thomas is 50 years of age and has been a resident of Schuyler, Colfax county for many years. She is the mother of State Senator Sprecher, editor of the Schuyler Quill.

A. A. EGBERT of Omaha, an old railroad man and ex-county commissioner of Douglas county, was found dead in his dooryard last week, with a bullet hole through his heart. It has not been determined whether accident, murder or suicide was the cause.

THE other evening Henry Baker, a convict sent up for several years for highway robbery from Douglas county, attempted to escape from the penitentiary at Lincoln. As the convicts filed in to go to their cells he slipped out of the line and hid in a cell. He was not missed until he tried to secure a safer place, when he was observed and captured by one of the keepers.

M. K. HAWKINS, a farmer living about three miles southeast of Syracuse, lost a boy the other evening. He left home some time in the afternoon and was seen about a mile north of town going east. The child was about 8 years old and was adopted by Mr. Hawkins a few years ago, having been shipped in there from New York city. After a search the boy was found at the home of Mr. True.

INSTEAD of building a dam to flood 500 acres for an artificial lake in connection with a pleasant picnic grounds at Ashland the promoters will utilize the slack water in Salt creek above the dam already existing. ROBBERS entered the postoffice at De Witt by forcing the front door. The safe was blown open and rifled, but they succeeded in securing only a small amount of pay for their trouble, a couple of hundred stamps and some small change. Maloney, Corwin Fergus and Mrs. Annie H. Neely. The capital stock is \$60,000. The company owns over 300 acres of land which it will irrigate and devote to raising potatoes and small fruit. THE various fair associations heretofore existing in Omaha have consolidated forces and united in forming a new corporation, styling itself the Omaha Fair and Speed association. The capital stock of this new concern is placed at \$150,000, and is divided into 600 shares. The authorized indebtedness cannot exceed two-thirds of the value of the capital stock. The association starts out with this list of directors: Z. T. Lindsey, Dan Farrell, jr., William Krug, W. R. Bennett, Frank D. Brown, George D. Kelley, G. N. Hicks, J. O. Baum, John A. Wakefield, Oscar J. Prichard and C. S. Montgomery.

SENATOR RATHBUN, while driving a spirited young team of horses near his home, ten miles north of Cambridge, was thrown from the buggy by the horses running away, and was quite severely injured. He wandered around over the prairie in a dazed condition, not knowing where he went or what he was doing, until midnight when he came to Mr. Nolan's. He was taken in and cared for over night. The senator was taken home and persons who went out to see him report him in his right mind, though he has no recollection of what happened. He has a bad wound in the side of his head and one on his back. The buggy was totally demolished.

HUNDREDS ARE DEAD.

IOWA CYCLONE ATTENDED BY APPALLING FATALITY.

It is Felt That the Worst Has Not Yet Been Told—Telegraph Wires Down and Full Reports Can Not Be Secured.

Sloux City, Ia., May 6.—This section of Iowa was visited yesterday by the worst disaster it has ever experienced—a cyclone, which, from tidings now at hand, has cost hundreds of lives, laid bare a vast stretch of fertile territory, devastated almost countless homes, and spread ruin in numerous towns. Railroad and telegraph lines have been so crippled that the gleaming of accurate information is almost impossible, but it is known that the following towns have suffered by the storm: Sloux Center, Ireton, Orange City, Perkins, Doon, Hull, Sheldon, Alton, Ashton, Sibley, Lemars.

From most of these places fatalities are reported. In Sloux City fifty persons are said to be dead; in Perkins, forty; in Doon, ten; in Sibley, five. Smaller towns and farming communities are yet to be heard from, so it is mournfully expected that the list of the dead will, in the end, reach far into the hundreds. Up to this time the known dead are:

MRS. HERMAN BELLCAMP. TWO BELLCAMP CHILDREN. TWO COOMBS CHILDREN. SIX HAGGIE CHILDREN. J. JAMESON.

MRS. JOHN WALTERMAN. MRS. JOHN KOSTER. TWO KOSTER CHILDREN. MISS ANNA MARSDEN. GEORGE MARSDEN.

MRS. POST. ONE URHOFF CHILD. MRS. JOHN WATSON.

The cyclone struck before schools had been dismissed for the afternoon, and the number of children killed is therefore harrowing. Some of the little ones were literally swept off the face of the earth and dropped one-quarter of a mile away. Others were lodged dead in the branches of trees, and still others killed by being tumbled along the ground or hurled against trees, fences, or buildings. Houses with their entire contents were torn to shreds, only holes in the ground remaining to tell where they stood. Barns were twisted into kindling wood and live stock killed and mangled. Crops were torn out of the ground and leveled, and in broad strips of country the scene is one of utterable woe. At Sloux Center three school houses and twenty homes were destroyed. Other schools at Sheldon, Ireton, and Alton were demolished.

The path of the storm was broad and the course of the dread visitor was irregular. It was felt at Des Moines and other points in Iowa remote from Sloux county, and reports from the Dakotas, southern Wisconsin, and western Illinois tell of violent storms attended by electrical phenomena such as were seen in the cyclonic disaster in this vicinity.

Des Moines, Ia., May 6.—Meager reports from storm-swept Sloux county only add to the horrors of the storms sent out last night. North of Ireton George and Anna Marsden were killed. The school-houses in which they were teaching, two miles apart, were demolished. Their relatives live at Bosobel, Wis. At Creston Everett Arnold, aged eighteen years, was struck by lightning and killed. The storm there was the most severe for years, and the wind carried away many small buildings. The wires are down and it is hard to get reports.

Boone, Ia., May 6.—The terrific storm last night blew in eight or ten plate-glass store fronts and did great damage generally.

Huron, S. D., May 6.—During a rain-storm yesterday afternoon a cyclone started at Cain Creek, about nine miles south of Huron, passing in a southeast direction. It took half the roof off Martin Baum's house and carried it half a mile. A large barn, which Martin Baum completed last fall, was blown to a wreck, and the lumber was scattered over the prairie. Several grainaries were also wrecked.

LOOKS FOR A REVOLT.

Much Excitement and Ill Feeling Manifested at Managua.

Managua, Nicaragua, May 6.—A howling mob is rushing through the streets yelling: "Death to Zelaya and his advisors!" An outbreak is imminent. The troops are confined to the barracks, ready for an emergency. Reinforcements are coming from Leon.

Volunteer companies are forming throughout the country and military aides are going and coming in all directions. The activity of the military indicates that a crisis is approaching. President Zelaya has called another meeting of leading citizens. Yet there is no doubt that a settlement has been reached with England. The minor details are being arranged by Foreign Minister Matus and British Minister Gosling. England has given some concessions, but the amount of indemnity is unchanged. The government is pleased, but the people are dissatisfied. British Minister Gosling said yesterday: "England has made slight concessions and has received a guarantee for the payment of the indemnity, which will be made in London. The government of England asked nothing for expenses at Corinto."

Doctors at Baltimore.

Baltimore, May 6.—The twentieth annual convention of the American Academy of Medicine opened this morning in the auditorium of the Johns Hopkins hospital. The organization is distinct from the American Medical association, which assembles next week. MARSHALS ARE TO BLAME.

Charges That Indian Trouble Was Caused by Scheming for Fees.

Minneapolis, May 6.—A prominent citizen of Rolla, N. D., telegraphs that the Indian difficulty there has been fomented and stirred up by the scheming of the United States deputy marshals to get fees and mileage. He charges—and offers to back up his charges with affidavits—that there would never have been any trouble if Deputy Schindler had not caused a great number of arrests on fictitious or trivial charges for what there was in it. Schindler devotes a great deal of time to looking up supposed irregularities, swearing out warrants and taking the supposed offenders on long railroad trips to Bismarck or Grand Forks, where occasionally they plead guilty, are sentenced to a few days in jail, and are then released. He is charged with procuring the sale of liquor to the half-breeds in order to trump up cases, and even arrests his own friends and relatives when they want a trip at government expense. Recently he arrested his brother-in-law and took him before Judge Thomas Rolette County has no jail and jail sentences are served out by Schindler's prisoners at their own homes. An investigation by the Washington authorities is demanded.

SMALL INDIAN WAR ON.

White Settlers in KallsPELL Valley Attacked—Government Asked for Troops.

Spokane, Wash., May 6.—The trouble between settlers and renegade Indians of KallsPELL Valley, which has been brewing for a long time, has at last resulted in a conflict. Serious trouble and bloodshed are sure to result unless the government steps in with the troops to protect the settlers.

Hostilities commenced Tuesday, when three settlers named William Jared, "Bid" Jared and Oscar McLaughlin were attacked by a band of redskins led by Big Sam, who attempted to drive them from a quarter section of land which they were fencing in. Big Sam drew an iron bar from under his blanket and knocked William Jared down. The other Indians then rushed in with knives and clubs, and after a short fight the whites, all badly hurt, succeeded in reaching their boat. They opened fire on the Indians, killing one. The settlers along the valley are arming themselves, preparatory to driving the redskins out of the country. The Indian agent, who is powerless to control these renegades, has appealed for troops to prevent further bloodshed.

TROOPS OFF TO COAL FIELDS.

Richmond Howitzers Depart and Roanoke Militia Are Held in Readiness.

Richmond, Va., May 6.—The Richmond Howitzers, twenty-four strong, with one three-inch rifle gun and one gatling gun, left for the coal fields at midnight. The officers of the First regiment were summoned to the regimental armory just before midnight and told that the services of that command might be needed. The Howitzers will meet other troops on the way. Graham will be the concentrating point for troops. The step is a precautionary one on the part of the governor. The adjutant-general is at the scene of the trouble.

Newfoundland Still Out.

St. Johns, N. F., May 6.—The greatest uncertainty prevails regarding confederation with Canada. The government received letters from the dominion cabinet last night. Those qualified say that the disagreement continues. Members of the government party say that federation is dead and that the only alternative is to accept the position of a crown colony. The ministry held two conferences with Governor O'Brien, it is supposed, on the French shore question. The governor insists upon the holding of a general election before the question of confederation is submitted to the assembly. The Whitewayites, the government party, refused to agree to this, fearing that they would be defeated.

AN IMPORTANT CASE.

IT COMES UP BEFORE THE UNITED STATES COURT.

A Suit for an Estoppel—The Eureka Chemical Company, of La Crosse Makes the Trouble.

Papers have been filed in the United States court of the western district of Wisconsin, by Tarrant & Kronshage, attorneys for the Sterling Remedy company, of Chicago and New York, in a suit for estoppel and damages against an imitation of No-to-bac, the tobacco habit cure. The action is brought against a concern called the Eureka Chemical company, of La Crosse, Wis.

The principles involved in these proceedings are of the utmost importance in general, and form in many respects, a test case, the outcome of which will be carefully watched by the many other important concerns similarly imitated. Not only the question of imitation of name, trade-mark, form of preparation and package, enter into the case, but also the proposition whether the actual advertising literature used in establishing the publicity of a preparation can be stolen with impunity, word for word, by an imitator. The decision in this case will settle one of the vital points in the United States trade-mark and copyright law.—Madison (Wis.) Democrat.

TROUBLE IN COAL DISTRICT.

Many Cars Burned—Gatling Gun Sent to the Scene.

Huntington, W. Va., May 4.—Reports from the mining district along the Norfolk & Western are of a more serious character. Several coal cars are reported burned at different points along the line.
