H. O. Taylor, superintendent of agencies for the Union Life Insurance Company of Omaha, was in the city last Thursday. He was here for the sole purpose of tendering an important salaried position to John Golden. The situation, which was accepted by Mr. Golden, is a sort of special agency with territory in Nebraska west of O'Neill. John has quite a reputation in insurance circles as a first class man and this paper is pleased that he has at last been substantially recognized.

> The postmastesr general has fixed the question of the holidays on which postmasters are permitted to close their offices, something about which there has been considerable diversity of opinion. The new regulations as announced states that postmasters may observe as holidays, January 1, February 22, May 30, July 4, the first Monday in September known as Labor day, December 25, and such other days as the President of the United States or the governors in their respective states shall designate as fast or thanksgiving days or proclaim special holidays. On other occasions their offices can be closed only on permission obtained therefor from the department, to be applied for through the first assistant postmaster general. On holidays postoffices must be opened sufficiently to meet tairly the public convenience. Mails niust be made up and dispatched as on other days. When a legal holiday falls upon Sunday the following Monday may be observed, unless otherwise specially provided for by state authority.

The committee appointed at the last meeting to draft the boundary lines for the proposed district made its report. The territory comprising the district as reported by the committee included only Holt county territory, leaving Rock and Brown out in the cold and dry. A motion was made and carried that a committee of one be appointed from each of the following towns: Ainsworth, Long Pine, Bassett, Newport, Stuart, Atkinson and O'Neill for the purpose of circulating petitions and bonds, this committee to be alse endowed with the power to appoint necessary sub-committees. The chair named the following gentlemen to be represented on the committee: Ainsworth, J. E. B. Good; Long Pine, John Ulrichs; Bassett, T. N. Morgan; Newport, E. L. Meyers; Stuart, Wm. Krotter; Atkinson, Elmer Allison; O'Neill, T. V. Golden.

A motion was made and parried that the above committee take the proper steps to have a call issued for a special meeting or the board of supervisors for the purpose of taking the action necessary to place the proposition before the voters. The committee was also empowered to act as a soliciting committee to defray some of the expenses incurred by former committees. On motion adjourned sine die.

It is, we understand, the purpose of the district irrigation board to re-imburse the Niobrara River Irrigation and Power Co., for the outlay they have sustained in locating, taking and holding their water rights, providing said company are willing that the said rights shall revert to the district board. This proposition will doubtless meet with the approval of that company, as they probably have no interest in the matter further than that which is universalthe desire to see the enterprise comple-

CHURCH NOTES.

The young people of the Presbyterian church met on Wednesday evening of last week, and organized themselves into a band of Christian Endeavorers. The meeting was well attended and a great deal of interest manifested. There is a great work to be done for Christ and the church that must be done by the young people, and it is to be hoped that the young people of O'Neili will be awake to their duties and responsibilities along this line.

The preaching services were well attended both morning and evening. The music was especially good.

Attention is called to the prayer and praise service on Wednesday evening of each week, beginning at 8 o'clock.

Preaching service on Sabbath begining at 10:30 in the morning and 8 o'clock in the evening. Sabbath school directly after the morning sermon. Christian Endeavor meets at 7 o'clock in the even-

While in Stockton, 'Cal., some time ago, Thos. F. Langan, of Los Banos, that state, was taken very severely with cramps and diarrhoes. He chanced to meet Mr. C. M. Carter, who was similarly afflicted. He says: "I told him of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and Holeen drug store and procured a bottle of it. It gave Mr. Harter prompt relief and I can vouch for its having cured me." For sale by P. C. Corrigan,

Whooping Cough.

There is no danger from this disease when Chamberlain's Cough Remedy is freely given. It liquefles the tough mucus and aids its expectoration. It also lessens the severity and frequency bf paroxysms of coughing, and insures a speedy recovery. There is not the least danger in giving the remedy to children or babies, as it contains no injurious substance. For sale by P. C. Corrigan, druggist.

Anyone who has ever had an attack of inflammatory rheumatism will rejoice with Mr. J. A. Stumm, 220 Boyle Heights, Los Angeles, over his fortunate escape from a siege of that discouraging ailment. Mr. Stumm is foreman of Merriman's confectionery establishment. Some months ago, on leaving the heated work room to run across the street on an errand, he was caught out in the rain. The result was that when ready to go home that night he was unable to walk, owing to inflammatory rheumatism, He was taken home, and on arrival was placed in front of a good fire and thoroughly rubbed with Chamberlain's Pain Balm. During the evening and night he was repeatedly bathed with this liniment, and by morning was relieved of all rheumatic pains. He now takes especial pains in praising Chamberlain's Pain Balm, and always keeps a bottle of it in the house. For sale by P. C. Corrigan, druggist. 43-4
