

THE FRONTIER. PUBLISHED EVERY THURSDAY BY THE FRONTIER PRINTING CO. O'NEILL, NEBRASKA.

OVER THE STATE.

COL. FRY of York county last week lost a \$2,500 stallion. FARMERS of Gage county report excellent corn prospects. PIERCE county teachers will hold an institute August 5 to 10. SEVEN girls graduated from the Ainsworth high school. SALEM mills are running night and day to keep up with orders. A STRONG wind at Beatrice did considerable damage to shade trees. WORK on the state fair buildings at Omaha is going rapidly forward. SOME one of late has been passing a good many counterfeit half dollars in Lincoln. THE Burlington tracks at Beatrice are threatened with destruction by high water. UNIVERSITY cadets will hold their camp at Lincoln, not Ashland, as has been announced. THE number of children in the state is given as 362,720, an increase over last year of over 10,000. SUPPLICATIONS for rain have gone up at Kearney, but at this writing the moisture has not come. THE Mead bicycle club will have a race meet June 10, there being \$75 worth of prizes offered. HEREAFTER Catholic services will be held one Sunday in each month at the state penitentiary chapel. JOSEPH FOREMAN, a farmer residing five miles from St. Paul, lost his house by fire. He had \$500 insurance. THREE prosperous German farmers of Washington county have gone on a three month's visit to Germany. A GANG has been robbing cars at Valley and detectives have been endeavoring to find out the guilty parties. REV. KIRSCHSTEIN, who has been pastor in Hastings for the past six years, has accepted a call from Lincoln. HON. J. G. KRUSK of Knox county, member of the legislature, last week disposed of 3,000 bushels of wheat. THE Burlington will move back several miles of track at Brownville to prevent destruction by high water. THE roller mill at Bloomingdale was burned by ignition from a hot bearing. Loss about \$15,000; insurance \$1,000. A CRAZY man confined in the jail at Plattsmouth set fire to his bed and would have burned to death had not help arrived. THERE is a great scramble for offices in Gage county. There are from four to ten candidates for the nomination for the various offices. CHARLES McCUNE, an emigrant from Kansas, was killed by lightning last week near Ogalala. He was on his way to British Columbia. CHARLES GOODELL, an employe of the Table Rock Brick and Clay company, got his foot caught in the crusher and had it seriously mashed. DAVID FERREES, a very tough boy of Valley, has been ordered to the reform school for a season to think over the rascality that landed him there. THE farm residence of L. Bailey, five miles from Elmwood, was set on fire by some unknown person and destroyed while the family were in town. THE citizens of Hendley received an abundant supply of pike from the State fishery with which to stock the lake that almost surrounds Lincoln park. BEAVER CROSSING is making a great success of the artesian well industry. A steady flow of water is struck at a depth of from 100 to 150 feet deep every time. SUNDAY schools of Furnas county held their annual convention at Hendley last Sunday. Prominent speakers from abroad were present and took part in the exercises. AN old citizen named Thompson living on a farm near Nebraska City was seriously injured while breaking a colt to drive. Several ribs were broken and other injuries sustained. W. H. CRAIG, a leading merchant of Minden, gave a mortgage on his stock to the first National bank and the bank took possession. Poor collections and dull times are the cause of the move. Buy home-made goods and build up home industries, is a good policy: Farrell Fire Extinguisher, made by Farrell & Co., Omaha; Morse-Coe boots and shoes for men, women and children. BURGLARS broke into the hardware store of Moran Bros. at Genoa, drilled a hole in the safe and put in a fuse, but were probably frightened away before getting time to explode. They took four revolvers. EDWIN SANFORD, a former business man of Tecumseh, took his life while on a north-bound Burlington train that was entering St. Joseph, Mo., by cutting his throat. Mr. Sanford was a butcher by trade, but for several years has been running a restaurant in Tecumseh. He leaves a wife and six children, two girls and four boys, the oldest yet in her teens. He was a man of much drink, and when under the influence of liquor was cruel to his family, but just the reverse when sober. The annual convention of the Nebraska State Sunday School Association will be held at Beatrice, June 11, 12 and 13, 1895. Many of the leading Sunday School workers of the state are on the program, and a live convention is promised. Tickets can be furnished over all railroads in the state, on the certificate plan, at a rate of one and one-third fare for the round trip. Every Sunday School in the state is entitled to one delegate, besides its superintendent and pastor. For copy of program address E. J. Wightman, Secy., York, Nebr. JOHN MULLIN, sheriff of Thurston county, arrived in Omaha last week from Pender. He went to Omaha to consult his attorneys with reference to the indictment against him in the United States court for interfering with the Indian police on the Winnebago reservation. NEIL McKINNEY was before the commissioners of insanity of Clay county. He has been mentally unbalanced for some time. He arose early the other morning, before the other members of the family, and killed all the geese on the farm, claiming "the devil was in them." He will be sent to the asylum if room can be found for him.

GEORGE KOGLER, a farmer living north of O'Dell, died suddenly of heart trouble. Z. T. WHITE, a guard at the Lincoln penitentiary, is charged with making a savage attack on one of the inmates. Land Commissioner Russell files the charges, having been a witness to White's conduct. The farming vicinity about Fairbury has been imposed upon by a couple of teams representing the huckster business, buying up eggs and butter and leaving counterfeit 25 and 50 cent money in payment. WILSON HALL, aged 22, was arrested at Wisner for the theft of two horses in the northwest part of Stanton county, from the farm of Fred Fuhrman. He was taken to Stanton and confessed. The property has been located. TWO UNKNOWN fishermen visited the farm of A. Garbe, four miles north of Grafton, and upon being ordered off, attacked and clubbed the hired man, throwing him in the river in an effort to drown him. The parties escaped. THE Beatrice Hardware company has been closed under a chattel mortgage. The establishment was one of the largest in the city. Liabilities, \$4,000; assets, \$7,000. The failure is accredited to business depression and slow collections. David Faler, a prominent farmer of Filley township, Gage county, has been taken to Kansas by Deputy Sheriff Taylor of Thomas county, on a charge of rape. Faler's own daughter being said to be the girl who caused his arrest. THE store of W. F. Rockwell of Wymore was robbed of quite an amount of hardware, razors, knives, revolvers, etc. No money was left in the store except some small change, which the thieves did not neglect to appropriate. THE report sent out concerning the removal of Gates college to Norfolk and Neligh conveys a wrong impression of the situation. The board of trustees did not vote to change the location, nor is there the least probability of the full board, which meets in two weeks, endorsing the recommendation of the Norfolk members and their friends. AS SHOWN by the certificate of the state treasurer, transmitted to the superintendent of public instruction on May 20, there is in the treasury \$256,990.43 to be apportioned among the several counties for the support of the schools. This apportionment has been made by Superintendent Corbett and each county will receive the amount set opposite its name. SECRETARY OF STATE PIPER and Commissioner Russell went out to Kearney last week to inspect the state buildings and determine what improvements are to be made at the school for juvenile offenders. They stopped at Grand Island on their return and secured a memorandum for the work at the soldiers' home, which will be let to bidders as soon as the advertisements can be made. THE Nebraska State Medical Society, which recently met in Grand Island, before adjourning chose the following officers: Dr. J. E. Somers, jr., of Omaha, president; Dr. R. C. McDonald of Fremont, vice-president; Dr. A. C. Anderson of Fairview City, second vice-president; Dr. Geo. Wilkinson of Omaha, recording secretary; Dr. W. M. Knapp of Lincoln, treasurer. Fremont was selected as the place for holding the next meeting. THE body of Robert F. Fawcus, who was so brutally murdered by F. W. Bozarth, at Camp Clarke, was taken to Sidney for burial. The victim's back was almost ripped open by the buckshot which had been fired from the gun only twenty-five yards away. The coroner's jury returned a verdict that the deed had been done with premeditation and felonious intent and held Bozarth for murder in the first degree. THE arrangement for holding Catholic services at the penitentiary every fourth Sunday has long been in contemplation, says the Lincoln Journal. Elder Howe and Warden Bemer cordially assented to such a plan a long time ago, and it would have been put into effect then had the bishop been prepared to send a priest regularly. Elder Howe is credited with great liberality in his conduct of the office of chaplain. He sends for clergymen of all denominations as they are asked for by the prisoners. R. W. FAWCUS was shot at his ranch near Camp Clark by F. W. Bozarth, another ranchman, who lay concealed behind some brush and as Fawcus came by on horseback shot him in the back, killing him instantly. Bozarth had previously threatened to kill anyone who would close the headgate of a ditch owned by the Chimney Rock Canal company, in which they were both interested. Someone had closed the headgate and Bozarth supposed it to have been done by Fawcus, which was not the case. A WASHINGTON dispatch says: Surgeon Julian J. Cabell, U. S. A., recently stationed at Fort Niobrara, Neb., while jumping from a moving railroad train fell under the wheels and received serious injuries. One of his legs was amputated below the knee and portions of his right foot which was badly crushed, were also taken off. Dr. Cabell is one of the brightest surgeons in the army and made a host of friends in Nebraska while he was stationed in the department of the Platte. THE report published some time since that Judge Wakely would try the case of the state against ex-State Treasurer Hill alone, is denied by those who are in a position to know the facts. G. M. Lamberton will continue in the case as one of the state's counsel. Judge Wakely has a contract made with Governor Crouse to try the case for a fee of \$3,000 and \$2,000 additional if he secures a judgment for \$1,000. And Mr. Lamberton has a contract for a fee of \$1,500 and a total of \$2,500 if he secures a judgment for \$1,000. KIMEL BARNS, a hardware dealer at Broken Bow, wheeled into South Omaha the other night and Omaha the next day, after riding a distance that his cyclometer recorded at 300 1/2 miles, from the capital of Custer county to the metropolis via Lincoln. Mr. Barns averaged seventy-five miles a day and covered the road from Lincoln to South Omaha in five hours. HENRY KLEIN of Gage county committed suicide by hanging in a barn on the premises of J. L. Weideman, twelve miles southwest of Beatrice. He was about 35 years of age and single. The cause is attributed to disappointment in love.

IT KEEPS THE PEACE. WARSHIP MONTEREY WILL PRESERVE ORDER. Presence of the United States Man-of-War Insures a Quiet Election for Peru—Big Petroleum Blaze Subdued—Foreign. Lima, Peru, June 3.—Owing to the presence of the United States man-of-war Monterey, which has been lying off the coast for several days, the elections will pass off quietly. The election is to choose a constitutional government in place of the provincial government recently selected through the intervention of the papal nuncio after the success of the revolutionists. Indications already point to a return of stable government, with a revival of American financial interests. The citizens of Lima are of the opinion that if the Monterey had been in Peru during the revolution, when the insurgents captured the city, plundered dwellings and left the dead unburied in the streets for two days, its presence would have averted these scenes of slaughter and the attendant paralysis of commercial interests. The arrival of the Monterey was greeted with wild enthusiasm. FRENCH AND BRAZILIANS FIGHT. Moraes' Government Assert that the Marines Invaded Neutral Territory. Rio Janeiro, June 3.—The Official Gazette asserts that a fight took place between French marines and Brazilians on May 15. Lieutenant Lumier ordered the imprisonment of Cabral, but the latter resisted and shot Lumier. The French force advanced and burned the village of Cabral, but the Brazilians returned and compelled the French to retire. Two Brazilians and one Portuguese were taken prisoners by the retreating troops. The Brazilian government declares that the French had no right to invade neutral territory. The episode, taken together with the many other foreign complications, may cause the resignation of the minister of foreign affairs, General Carvalho. The French minister has been ordered to make an energetic protest. Harburg Fire Is Subdued. Harburg, June 3.—The great petroleum fire which broke out at Harburg, six miles from here, at the works of the Bremen Trading company, destroyed five tanks of oil and a great deal of other property, has been mastered, although the inner tanks are still blazing. The damage done is estimated to amount to \$500,000. During the fire huge mounds of earth were thrown up around the burning tanks, thus preventing the flames from spreading to the adjoining factories and houses. The Guiser factory and the American company's petroleum depot were saved, as the wind drove the flames in the direction of the Elbe. Nine Are Already Dead. Edinburgh, June 3.—A shaft in the Fifeshire colliery caught fire this morning. Nine persons have died from injuries received in trying to escape. Earthquakes in Austria. Vienna, June 3.—Two sharp earthquakes were felt at Labach, capital of the Duchy of Carniola, yesterday. STEAMER JACK IS SUNK. Her Captain Makes a Statement as to the Collision with the Norman. Alpena, Mich., June 3.—The Canadian steamer Jack, which collided with and sank the steel steamer Norman yesterday morning, is now sunk at Yester Presque Isle. Her stern is in twenty-four feet of water and her bow in nineteen feet. The forward end of the boat is badly stove in, the decks split and the timbers parted from the stem by at least eight inches. She may be raised. There is no insurance on boat or cargo. The statements of the captains of the Norman, Jack and Sicken all agree that there were many boats in the vicinity of the wreck, and that all were blowing their whistles. This may account for the difference in regard to the whistle signals said to have been given and received by the Norman. The latter was without cargo, and her bridge was high in the air, enabling her captain to see the Jack's light over the fog. The Jack was low down, which probably accounts for her not seeing the Norman until close to her. The Norman sank in about 180 feet of water. Nothing has been seen of the bodies of those drowned. AWFUL DEED OF A MOTHER. Mrs. Martha M. Elias of Minneapolis Kills Her Daughter and Herself. Minneapolis, Minn., June 3.—A strange case of murder and suicide occurred at an early hour this morning. Mrs. Martha M. Elias and her daughter Annie were found weltering in their own blood in their rooms on Nicolett avenue. The old lady had evidently shot the girl as she slept, and then turned the revolver on herself, blowing the whole top of her head off. They were well-to-do, and the only apparent cause for the tragedy lies in the supposition that Mrs. Elias' mind had been affected by the violent death of her husband seven years ago. Mrs. Gresham to Live in Chicago. Washington, June 3.—It is announced that Mrs. Gresham will not return to Washington, but will make her residence in Chicago hereafter with her children. All the effects of the late secretary at the Arlington have been packed up and will be shipped to Chicago. As Secretary Gresham has no real property here, it is believed his will will not be submitted for probate in Washington. Monthly Coinage Statement. Washington, June 3.—The monthly coinage statement of the director of the mint shows the coinage of gold during the month of May to have been \$4,163,937, and of silver, \$440,503. The minor coinage amounted to \$87,510. Of the silver coinage \$150,180 was in standard dollars.

ROBBERS RUN TO EARTH. Three Clever Postoffice Thieves Captured in New York City. New York, June 3.—The biggest and most daring series of postoffice robberies that has ever been perpetrated since the department was organized has just come to light. Three men have been arrested in this city. They are Joseph Killoran, Charles Allen and Harry Russell. They are held in \$5,000 bail each for examination on Monday. The Scranton postoffice was robbed last August, during the absence of Postmaster Vanding and his assistant at the noon hour. The thieves entered the vault by the inner steel door and took away over \$8,300 worth of postage stamps in their original packages. On Dec. 3 the postoffice in Hoboken was entered during the absence of Postmaster Curran and \$6,561 worth of postage stamps were taken. On April 3 last the postoffice in Springfield, Ill., was robbed and upward of \$6,000 worth of postage stamps taken. In this case also there was no forcing of doors. It was sneak thieving, pure and simple. "We know from our previous experience," said Inspector Holden, "when we began to investigate these cases, that there were only twelve men in the United States who could do this kind of work. They are scientific bank sneak thieves. We have been scouring the country for evidence and have spent five months in following various clues. The roundup became closer and closer until we finally identified Killoran, Allen and Russell as three of the postoffice thieves." PRESIDENT DIAZ ILL. Mexico's Executive Is Affected with Inflammation of the Eyes. City of Mexico, June 3.—President Diaz is confined to his bed with a very serious inflammation of the eyes. Dr. Lopez, director of the medical college, has made an exhaustive examination of the case and reports the condition of the president as threatening serious consequences. He has been confined to his bed for four days and his sight is greatly interfered with. No ministers or other visitors have been received in three days, and there is much apprehension among those fully acquainted with the gravity of the president's physical condition. BAPTIST PUBLICATIONS. Report of the American Society Presented at the Saratoga Meeting. Saratoga, N. Y., June 3.—After the address of the president, the seventy-first annual report of the board of managers of the American Baptist Publication society was presented this morning. The sales for 1894 were \$497,807; those for 1895, \$532,763. All other receipts amounted to \$19,949. Six thousand seven hundred and sixty dollars have been transferred from the profits of the publication department to the missionary department. In the missionary work of the society a deficit of \$3,868 is reported. This, added to the deficit last year, gives a total deficit in the missionary department of \$18,401.88. The entire amount received the past year for Bible work was \$15,242, and for missionary work \$112,608.78. The annual amount received during the year for Bible work was \$1,242.84. To meet the needs of Bible work until Bible day, in November next, \$10,850 remains. Fred Douglass Monument. Rochester, N. Y., June 3.—The committee having charge of the construction of the monument which is to be erected in this city in honor of the memory of the late Frederick Douglass is examining the bids submitted by the contractors. The design specifies that there shall be a statue of Douglass eight feet in height, of the best bronze, to stand upon a pedestal of granite. This is the first instance in which there has been a general public movement for the erection of a monument to a colored man, and liberal contributions have already been made for the purpose. Douglass made his home at Rochester in ante-bellum days, and has always been regarded by the people of this city as a fellow townsman. Killed by His Stepson. Clarksville, Tenn., June 3.—Luke Alle, aged 63, was shot and killed last evening by William Mallory, his stepson. Mallory first caused his mother to break one of her thighs by pushing her out of a door. He then seized a pistol and shot his stepfather from behind, killing him instantly. After firing four more shots into the head of the already dead man the young fiend escaped. He is thought to have gone to Kentucky, where he has a brother. Good Signs of the Times. New York, June 3.—Reports to Bradstreet's from manufacturing industries at seventy-five cities east of the Rocky mountains show that more than 227 important manufacturing concerns started up between April 1 and a week ago, by reason of which 53,000 employes have secured work. Barrett Will Recover. New York, June 3.—Justice Barrett, who was overcome by the heat and fell fainting from the chair while presiding at the trial of Police Inspector William McLaughlin in the court of oyer and terminer, will recover. The fainting was due to the stifling atmosphere of the court room. Erie Foreclosure. New York, June 3.—Receiver McCullough, of the Erie Railway, stated today that foreclosure proceedings would be instituted probably within two weeks.

PRESIDENT DIAZ.

HONOR THE DEAD. CONFEDERATE MONUMENT AT CHICAGO DEDICATED. Cannon Used in the War Spiked—Monument to Jerry Rusk Unveiled at Viroqua, Wis.—The Day Celebrated Elsewhere. Chicago, May 31.—The dedication of the monument to southern soldiers buried in Oakwoods cemetery was the principal event of the day in Chicago, owing to the prominence of the men taking part. The attending generals, other officers and distinguished visitors under escort of the Chicago City Troop, Capt. M. L. C. Funkhauser commanding, were driven to the 12th street station Illinois Central railroad, where they boarded the train for 60th street. As the procession passed along Michigan avenue en route to the depot battery D, I. N. G., Capt. Alfred Russell commanding, fired a national salute of 46 guns. On the arrival of the train at 60th street the distinguished party alighted and, again taking carriages, were joined by detachments from the national guard, grand army posts and confederate veterans and the combined bodies, preceded by a military band, all under escort of the Black Hussars, Capt. T. S. Quincy commanding, marched in funeral parade to the graves and monument site in Oakwoods. A most interesting program of music and addresses was given, followed by the ceremony of consecrating the guns, as follows: At first cannon—Col. Stewart: "This gun, having fired its last shot on field of battle, will now be sounded and then silenced forever. Spike the gun!" Whereupon the spiking party spiked the cannon, Lieut. Col. France placing the spike and Comrade Noel driving it home. After the gun was spiked Col. Stewart assisted Miss Lucy Lee Hill on a pedestal and the lady said: "This cannon, with its glorious record on field of battle, having been silenced forever I do consecrate to the memory of the valorous soldiery we now monument, as a military decoration for their bravery and honor unto death." The same ceremony was repeated with three other guns. LINCOLN MONUMENT TRANSFERRED. Decoration Day Fittingly Observed at the Illinois Capital. Springfield, Ill., May 31.—Special features of Decoration day observance at the capital were the pilgrimage of Ransom post, G. A. R., of St. Louis, to the tomb of Lincoln; the dedication of the Grand Army monument at Oak Ridge cemetery and the ceremony of transferring the custody of Lincoln monument from the monumental association to the state, which will hereafter have charge of it and make it free to all visitors. The visitors were received by local Grand Army posts, Sons of Veterans and Company C, I. N. G., and marched to the cemetery, where interesting exercises were held at the tomb of Lincoln. Senator Cullom delivered a brief address of welcome, which was responded to by Mayor Walbridge, of St. Louis, Rev. M. Burnham, of St. Louis, delivered an oration, and this was followed by singing the Grand Army ritual, strewing flowers, etc. Miners Will Not Strike. Columbus, O., May 30.—There will be no national strike of the mine workers declared. This conclusion was reached yesterday by the sixty-five delegates to the interstate convention of United Mine Workers now in session in this city. At the meeting to-day an attempt will be made to recommend a scale to be adopted. Adjourned Till Tuesday. Springfield, Ill., May 31.—The senate repented of its decision to hold a session on Decoration day, and after convening this morning adjourned without transacting any important business. A few committee reports were presented, and the senators then signed an agreement to do no business until next Tuesday. The house will meet to-morrow. Question of Life Insurance. Jacksonville, Fla., May 31.—Judge Gram from Key West, Fla., says: "The steamship Mascotte, from Havana, brings the news that Marti's death is authoritatively denied in that city. It is reported that Marti's life was insured for \$50,000, which his wife attempted to collect. The insurance company demanded proof of his death from Martinez Campos, which was refused." Ohio Republicans Adjourn. Zanesville, Ohio, May 31.—The convention assembled at 9 o'clock yesterday morning, completed the State ticket, as given below, and at 2 p. m. adjourned. Following is the complete ticket: Asa S. Bushnell, Governor; A. W. Jones, Lieutenant-Governor; W. D. Guilbert, Auditor; Thad. A. Minshall, Supreme Judge; Josiah B. Allen, Supreme Court Clerk; Frank S. Monnett, Attorney-General; E. L. Lybarger, Board of Public Works. Prominent Men Banquet. Chicago, May 31.—The banquet given by the citizens of Chicago last night in honor of the distinguished ex-Confederate officers who have met in Chicago to dedicate the Oakwoods monument was an enthusiastic and conspicuous success. Among those present and responding to toasts were the following: Gen. Butler, Gen. Longstreet, Gen. John C. Black, Gen. Fitzhugh Lee, Gen. Wade Hampton. Occupation of Chitral. Calcutta, May 31.—It is announced in a dispatch from Simla that it is understood the government of India advises the permanent occupation of Chitral by British troops and the building of a road there to connect with other British military routes from the south.

FOR "SOUND" MONEY. Edmunds Opens the Campaign. Philadelphia, Pa., May 31.—The campaign for the "sound" money was fired last night at a mass meeting in the city. The principal speakers were: Ex-United States Senator George F. Edmunds, controller of the Currency Warrenton, Trenhelm, Congressman Harter, of Ohio, ex-Minister Charles Emory Smith, and Wharton. Mr. Edmunds said the sound money question must be decided by action, not party action. He discussed the variation in value of human experience," he said, "to teach us that we cannot give amount of silver worth when it is printed at the mint stamp of the United States before. If the last congress had on March 3, the last day of the what is now vociferously demanded the free coinage people, every take his ounces of silver to worth 63.48 cents and get 22.5 cents for his ounces of silver, he comes to the workingman to owes for labor and says: 'If I had in it metal it would have been pounds; but I have taken it to cent United States office and stamped and you must take five of it.'" Ex-Comptroller Trenholm said general admission the gold idea silver idea are irreconcilable. A lion as to which is the right one only be reached by reasoning upon the facts and guided by the principle of a definite and stable monetary unit guided resumption in 1879, and since then vicissitudes of business and commercial and financial have swept over our country. Congressman Harter argued the abundance of money did not prevent commercial and business depression. On the contrary, he some of our financial panics had at a time when money was scarce. Charles Emory Smith spoke of Workingman's Interests. Mrs. Notson's Leave of Absence. OMAHA, May 30.—I desire to state that Mrs. Notson secured leave of absence from her school in August she had ever seen Mr. Corbett communicated with him at all. election she asked me to write letter in her behalf. At that distinctly told me that he had promised to appoint her as his position, and I inferred from what said that she thought she had come from the party. I have it gentlemen themselves that she two others precisely what she—that Mr. Corbett had never her the deputyship. From all conversation with me, it appeared simply hoped to induce him to her, although he had made no whatever. Mr. Corbett was the choice of people of this state, is filling an important office with credit to and to the advantage of the state. There is certainly call in this matter which should call for condemnation or for the withdrawal from him of public confidence. A. P. MANNING, Superintendent of Omaha Schools. LINCOLN, May 30.—I entirely concur in Superintendent Marble's conclusions. From all the information obtainable, there certainly seems an injustice in attempting to allow an incumbent Corbett at all accounts for Mrs. Notson's death. JAMES H. CANTRELL, Chancellor University of Nebraska. Crisp Favors Free Coinage. Atlanta, Ga., May 30.—Speaker Crisp puts a quietus on the discussion of views on the financial question following card given out for publication: "Ever since I gave consideration to the question I have been a believer in and an advocate of the free and limited coinage of silver." Municipal League Convention. Cleveland, May 30.—The Municipal League convention was called to this afternoon. There are a large number of delegates in town and morning arriving on every train. Prior to opening of the convention the delegates held a business session. A feature of the proceedings was a paper by Clinton Rodgers Woodruff, secretary of the National Reform league. LIVE STOCK AND PRODUCE MARKETS. Quotations from New York, Chicago, Louis, Omaha and Elsewhere. OMAHA. Butter—Creamery separator, 25.00. Butter—Fair to good country, 19.00. Eggs—Fresh, 17.00. Honey—1er B, 5.00. Hens—Live, per lb, 6.00. Lemons—Choice Messina, 3.00. Oranges—Floridas, per box, 1.50. Potatoes—Navy hand-picked, 1.50. Beans—Upland, per ton, 1.00. Onions—Per bu., 1.00. Carrots—Per bu., 1.00. Chamberlains—Jersey, 4.00. Hops—Mixed packing, 4.00. Hops—Heavy weight and feeders, 2.00. Beeswax—Stickers and rollers, 2.00. Beef—Steers, 1.00. Cattle—Mixed natives, 1.00. Sheep—Wool, 1.00. Cows, 1.00. Hogs, 1.00. Western, 1.00. Sheep—Lamb, 1.00. Sheep—Choice natives, 1.00. CHICAGO. Wheat—No. 2 spring, 75.00. Corn—Per bu., 35.00. Oats—Per bu., 25.00. Pork, 4.00. Lard, 1.00. Hops—Packer and common to ext, 4.00. Cattle—Steers, common to ext, 3.00. Sheep—Good to fancy, 3.00. NEW YORK. Wheat—No. 2 red winter, 80.00. Corn—No. 2, 35.00. Oats, 25.00. Pork, 4.00. Lard, 1.00. LOUISIANA. Wheat—No. 2 red, cash, 85.00. Corn—Per bu., 35.00. Oats—Per bu., 25.00. Hops—Mixed packing, 4.00. Hops—Heavy weight, 2.00. Beef—Steers, 1.00. Cattle—Mixed natives, 1.00. Sheep—Wool, 1.00. Cows, 1.00. Hogs, 1.00. WESTERN. Wheat—No. 2 hard, 80.00. Corn—No. 2, 35.00. Oats—No. 2, 25.00. Pork, 4.00. Lard, 1.00. KANSAS CITY. Wheat—No. 2 hard, 80.00. Corn—No. 2, 35.00. Oats—No. 2, 25.00. Pork, 4.00. Lard, 1.00. Hops—Mixed packing, 4.00. Hops—Heavy weight, 2.00. Beef—Steers, 1.00. Cattle—Stickers and rollers, 2.00. Sheep—Wool, 1.00. Cows, 1.00. Hogs, 1.00.
