OVER THE STATE.

PYTHIAN memorial day was duly observed in Wayne.

In Fremont the city tax levy for all purposes is 28 mills.

A LODGE of the Order of Ben Hur has been instituted in Fremont.

THE Beatrice board of education has made a cut in the salaries of teachers. ONE who has been over the ground reports fine crop prospects in Saunders

county. THE wife of George Wilkes of Hastings died last week from a stroke of paralysis.

KEARNEY will have a big bicycle race on July 4 and 5. Some good prizes will be hung up.

MISS WHEELOCK, of Beatrice, died the other day, a victim, it is said, of over study. She was to have graduated in a few days.

GRADUATING exercises took place last week at the Nebraska institute for the deaf near Omaha. There was a graduating class of three.

DEUEL county is in the best condition, for the farmer, it has been in for four years. The big rains have thoroughly soaked the ground.

THE Geneva bicyclists have organized a club. A good quarter-mile track will be made at once, when speeders will be invited from anywhere in the state. AT Platte Center Fred Gilmore shot

twice at J. W. Beatty. One shot took effect, but the wound is not serious. The trouble was about Gilmore's wife. An unknown man, supposed to be Joe Williams, was found dead in bed at a Grand Island hotel. Whether a case of suicide or murder has not yet been

determined. W. S. RUMBLE of Lincoln is suing the Cooper Radiating company for \$5,000 for the death of his son, who was fa-

tally burned while acting as fireman in the establishment. THE little daughter of Mrs. E. R. Ritter of Nebraska City swallowed a cup of water in which fly paper had been saturated. Prompt medical atten-

tion saved her life. THERE are indications that a company will soon be formed to construct a canal from the Platte to Hastings. Thomas E. Farrell has finished running the line of the canal survey.

CHRONIC kickers, who were never numerous in Gage county, are growing smaller and beautifully less day by day. Frequent and copious rains is a dampener on grumblers and growlers.

THE Otoe County Medical association will begin proceedings shortly against at least one person, and perhaps more, for practicing medicine without au-thority and in direct violation of the

A LARGE number of bieveles which have been stolen from Lincoln parties during the past few months have been traced to Los Angeles, where a regular wholesale fence business seems to have been carried on.

ENOUGH money was pledged at a meeting held at the Wesleyan university the other day to pay off the \$50,000 of indebtedness. Bishops Newman and Vincent and Governor Holcomb were among the speakers.

LAWRENCE McCONNELL, some days ago in Beatrice upon the charge of assaulting a little girl, wrs taken before the county court and sen-tenced to the reform school to remain until he is 21 years old.

Joseph Jindra, widely known as an active republican and member of the legislature in 1885, was found dead in his bed in Blue Springs pregnet. inent in Rohemian circles.

THE banks of the Gothenberg Canal and Irrigation company gave way, hooding the country west of town and damaging the rairroad track so that several passenger and other trains were held for about ten hours.

MRS. ELLA PELLIGREW of Beatrice has been adjudged insane. Sheriff Kidd now has three insane patients on hand, and the officials refuse to receive them at the state hospital on account of the crowded condition of that insti-

MR. HARIZMAN, of the Oxnard company at Grand Island, was at Table Rock examining fields of sugar beets. He pronounced them the finest looking of any he had seen in the state. Some of the fields are nearly covered aiready by the plants.

Mrs. James Quince, daughter of Farmer Stickel, an old resident of Hamilton county, attempted to commit suicide by taking rough on rats, but was saved by prompt treatment ram-ily troubles were the cause. She was married last March.

SHERIFF W. C. DAVENPORT of Sioux City arrived in Fremont the other day. When he left for home he took Chris Gunderson with him. Heller, Wise a Appleton, large packers in Sloux City, la., swore out the warrant, charging Gungerson with stearing mail.

BURGLARS entered the house occupied by J. H. Kramer, an ex-policeman of Lincoln, and stole from a trunk of Mrs. Seiler \$800. Two gold watches are also missing. Mrs. S. had the day before drawn the money from the bank, expecting to go to Denver.

DURING a storm at Beatrice the residences of Mrs Von Gillen, on Ninth streeet; W. H. Penny, on West Court street; the vacant house of W. C. Strohm, in Glenover, a suburb, and a number of trees were damaged by lightning. No injury resulted to per-

L. W. Colby has brought suitagainst George P. Van Wyck to collect \$1,000, alleged to be due for attorney fees. The defendant is a brother of ex-Sena tor Van Wyck, and this suit grows out of one which has been hanging fire in the district court for some time, wherein the general brought suit against his brother to settle the ownership of some land in Otoe county.

The flouring mill owned by Pavilk Bros. at Verdigre was struck by lightning. It tore the roof asunder, blew out window lights and doors, and left its marks in every department of the three stories. Six persons were in the mill at the time, but no one was injured, though Joseph Pavlik was knocked down by the shock.

DURING a rush to a fire at York, James Hogan was painfully hurt by colliding with a passing buggy. was picked up unconscious and carried into Dr. Lang's office where his injuries were relieved and dressed. He was hurt about the head and otherwise severely bruised.

THE first steps have been taken at Big Springs toward organizing an irrigation district, in which will be included about 50,000 acres of Deuel county land in the South Platte valley. The district will extend into Keith county about thirteen miles and the whole will be about twenty-five miles in length.

THE county commissioners of Jefferson county have offered a reward of \$1,000 for the arrest and conviction of the men who murdered Postmaster Graham at Bower. In addition to this the family will probably add a liberal sum and the governor has been petitioned to offer the \$200 allowed by law.

DR. H. C. F. MEYER, for five years a resident of Pawnee City, and for about twenty-five years a resident of Pawnee county, committed suicide after supper the other night by blowing the top of his head off with a navy revolver. The whole side of his head was blown off and the room was spattered over with his blood and brains. For a long time he has been a total physical wreck caused by drink.

CHARLEY BROWN, the young negro arrested on the charge of secreting him-self in Bice & Co.'s cellar, at Pawnee City, and then gaining entrance to the room above after the clerks left, was heard before Judge Belding and held to the district court. A pair of shoes and about 100 pennies were missing and the fact that the negro was found at Table Rock the next day spending

pennies quite freely led to his EVE, the wife of Arthur Bishop, living one mile east of Monroe, eloped with the hired man, named Stevens Stevens left, saying he was going to Columbus. Later in the evening Mrs. Bishop packed her own and Stevens' clothing in satchels and taking all the money in the house, hitched up and it is supposed left in company with Stevens. She leaves four small children, the youngest only about a year

CHRISTIAN FRAHM, formerly Omaha, who was sentenced to the penitentiary for embezzlement while in the employ of one of the Omaha banks. has been paroled. He is an expert bookkeeper, and Warden Leidigh wanted him to remain at the prison and perform the clerical work in the office that is usually attended to by a convict. The governor gave Frahm his choice of a parole permitting him to go out or stay at work for the warden. He chose the latter, and is now the personal employe of the warden.

THE Lincoln Journal says that Geo. W. Lowry has received crop reports from his agents scattered over a large part of the state, and he says they give assurances of a big crop. Mr. Lowrey assurances of a big crop. Mr. Lowrey is now of the opinion that the oat crop will not only be large, but actually the biggest ever raised in the state. One of his agents wrote a doleful letter two weeks ago in which he said there could not possibly be any oats, but the same man wrote again yesterday declaring he had not believed such a change could have been wrought in two weeks. He said prospects were good and a rain in two weeks would make the crop certain

THE managers of the state fair met in Omaha last week. Some comment was occasioned by a report that had been printed in a state paper, to the effect that the exhibitors would be obeffect that the exhibitor would be ob-liged to pay switching charges on their exhibits. This is most emphatically denied by the managers. There has not been a time in the last decade when exhibitors have been called on to pay these charges at the Nebraska state fair. The fair association has always paid them and it is one of the express provisions in the agreement by which the fair was taken to Omaha, that all of these charges should be paid without expense to the exhibitor.

The final report of the relief commit-tee of the Grand Army of the Republic has been filed. The relief committee was composed of ex-Department Comwas composed of ex-Department Com-mander Church Howe of Auburn, T. S. Clarkson of Omaha and A. M. Trimble of Lincoln and was appointed at the state encampment which met at Hast-ings last February. Before the com-mittee had been officially appointed Commander Howe and his adjutant, Mr. Trimble had commenced the relief

Ald Sent to Veterans.

Mr. Trimble, had commenced the relief work, and up to the time of the Hastings encampment had collected \$2,348,-09 in cash and disbursed \$1,948.52, leaving a balance of \$399.57 to be turned over to the relief committee. In addi-tion to the cash Messrs. Howe and Trimble had made 144 shipments of supplies, consisting of 851 packages of flour, prvisions and clothing, together with 400 tons of coal and several cars of wood and grain, the estimated value of the whole being \$5,725.

The report shows that the relief com-mittee had disbursed \$22,049.46. This amount has gone to the veteran soldiers in needy circumstances and has been distributed through the Grand Army posts in the drouth affected dis-There was no cumbersome system connected with the distribution of the relief funds. When an application for assistance came from a Grand Army post it was taken for granted that the post knew exactly what it wanted. immediately upon receipt of such application the committee would mail a draft for the amount needed to supply the relief and a telegram would be sent stating that the funds were on their way. Each post purchased the sup-plies at home with the cash sent by the relief committee. In this way two-thirds of the money applied to the re-lief of needy veterans was not diverted to the railroads for freight charges.

The committee also distributed an immense amount of supplies, chiefly coal, clothing and provisions. A large part of these supplies were 'carried 'free by the railroads

THE Omaha Bee says the local soliciting committee, which is securing subscriptions for the autumnal festivities at the fair, report the \$1 popular subscription idea is likely to be fruitful of great results. It gives everybody a chance to contribute a share and help build up the great enterprise. The rain has created a general confidence all over the state, and, while the local subscriptions will be fully up to expectations, the board has received enencouraging advices from all over the state, which assures the interests of farmers and citizens, and the managers anticipate a large attendance and extensive exhibit in every department

THE TRADE REVIEW.

A GENUINE BOOM ALL OVER THE COUNTRY.

Reports from Every Part of the Union Are Favorable-Better Crop Conditions a Good Feature-Fallures for

New York, June 17 .- R. G. Dun & Co.'s

Weekly Review of Trade says: "It is no longer a question whether business improves. Not for a long time have our reports from all parts of the country been so uniformly favorable. The daily average of bank clearings in June is 24.8 per cent larger than last year, though 11.4 per cent less than in The most potent influence has been the receipt of more favorable advices regarding growing crops. Labor troubles are getting out of the way; wages in many establishments are ris ing, and, with the iron industry just now leading, there is general improvement in manufactures. Monetary condition also helps. The time draws near when, with good crops, exports will bring gold hither, and though foreign operations in stocks and bonds have been insignificant this week, the effect of the previous transactions has not been exhausted.

"Much diminished receipts of money from the interior indicate better employ ment in business and especially at the West, the volume of commercial loans steadily rises and is now fair for this season, even in a good year. Western receipts for two weeks of June were 3,116,680 bushels of wheat, against 3,001. 202 last year, while Atlantic exports, flour included, were only 2,364,847 bushels, against 4,630,227 last year. Effects of the rise in prices were seen in the official report of May exports, showing a decrease of 1,000,000 bushels from Atlantic, but an increase of 2,000,000 from Pacific in exports. The price was reduced 21/2 in trading. Corn also declined about 1c, with better reports of growth.

"The official statement of 14.8 decrease in cotton acreage was quickly found, in view of revised government estimates for last year, to mean more than 20,-000,000 acres now growing cotton, which much exceeds the best unofficial estimates, and from an area no greater over 9,000,000 bales were produced in 1891, so that the report gave no aid to prophets of evil. That some reduction would be well for the south is clear, but the heavy present surplus will cover a larger loss than seems probable. Cottonmanufacturers look for a speedy settlement of labor troubles and find a moderate demand for low, and medium, and heavy weight goods, while some of the cheaper lines of spring goods have been opened with encouraging results, but as to better trade there is still great uncertainty about prices. The anthracite coal trade does not maintain the improvement recently reported, and with palpable overproduction, bad faith being charged again, the price has declined 25 cents. The coke producers about Connellsville have not yet made open declaration of their new compact, but contracts are being made at \$1.35 for the last half year, with provisions for ad-

vance if wages rise.
"Failures for the last week have been 241 in the United States, against 232 last year, and 24 in Canada, against 40 last

Indiana Crop Outlook Bad. Indianapolis, Ind., June 17 .- Returns from 254 townships in this state show that the average amount of wheat plowed up is 4.5 per cent. It is estimated that the average yeleld in these townships will be 7.8 bushels an acre If the reports are correct, and the same ratio will hold good throughout the state, the total yield for the year, based on an acreage of last year, will be only 19,815,307 bushels, a decrease of 61.2 per cent in the yield. It is expected the reports from a large majority of the townships will be in during next week when a more concise estimate of the crop can be made than is now pos-

Peoria, Ill., June 17.—A hundred farm ers living in the vicinity of Alta, this county, have organized a posse and are searching the country for R. W. Goddard, who is wanted for attempting friminal assaults on the 4-year-old daughter of Mr. Bliss and the 13-year-old daughter of Mr. Ford. The latter declares he will shoot the offender on sight, and the excitement is at fever heat. Goddard was formerly a resident here, is a blacksmith, and has a wife and two children.

Cutworms in Kentucky Tocacco. Cincinnat, Ohio, June 17.-About six weeks ago there were reports of ravages of the army worm in Kentucky, but the stories subsided until yesterday, when reports came that in Morgan county, Ky., cutworms are working injuriously on young tobacco plants. Similar reports came from Owen county and Booth county, Ky., and Brown county. Ohio. The state commissioner of agriculture gives the tobacco acreage in Kentucky as 80 per cent, and the condition as 68 per cent.

Can Race at Roby, Ind.

Indianapolis, Ind., June 17 .- The Supreme court adjourned yesterday with-out handing down the decision in the Roby case. The governor and the attorney-general had the appeal set forward and confidently expected the decision in the recent injunction case would come before the summer vacation. There will be no way to get at the Supreme court until fall unless it should come together in vacation.

Revolution Is Disastrous

Washington, June 17 .- The state department has received information of the serious devastation the revolution in Colombia is causing. The government is out of funds and is making tax levies which are hard to bear, placing an enormous expert tax on coffee, the principle crop of the country. The revolution also has drained the country of men, and has resulted in the destruction of crops and of animals used for transportation.

To Erect a Statue of Cromwell.

London, June 17 .- The proposal of the government to erect a statue of Oliver Cromwell was adopted in the house of commons by a vote of 152 to 137. passage of the motion was secured only by the support of the Orangemen.

CARLISLE AT LOUISVILLE.

The Secretary of the Treasury Talke Against Silver.

Louisville Ky., June 17.-Secretary Carlisle last evening made an address on the currency question. He repeated his argument that the undervalued metal would be driven out of the country by the adoption of a bimetallic system, and at some length paid attention to the claims that the fall in the price of silver was due to its demonetization. He said: "It is insisted that the fall in the price of silver is attributable to the legislation in Germany, the United States, France and various other countries during and since the year 1873, and most illogically it is also insisted that notwithstanding the reduced price of that metal is the result of the unfriendly action of a great many governments acting in concert and with a settled purpose, the United States alone can restore the value of silver. Of course if it required the action of twelve or thirteen different governments to bring the price of silver to its present state it would seem quite clear that no one of them alone could restore it. The fall in the price of silver was not due to the legislation complained of but to an enormous overproduction. While the farmers and other producers are struggling to live comfortably and meet their obligations, owners of silver mines have accumulated enormous fortunes. That the fiat of the government does not make money was illustrated by the history of the trade dollar. What happened to the trade dollar would be exactly what would happen to all other silver dollars if free and unlimited coinage was adopted."

MUST NOT CARRY ARMS.

Trial of Alleged Lynchers of Barrett

Scott Commenced. Butte, Neb., June 17.-The celebrated Scott trial is now commenced. The attorney-general entered a nolle in the case of Pinkerman, Stanton, Roy, and Oberle, four of the defendants, leaving but threee and reducing the preemptory challenges of the defendants from 112 to thirty-three. Two hundred talesmen have been called already and nine were passed for cause. At that rate it will take a week to secure a jury. An effort is being made to secure a owing to the poor sanitary condition of the building. The court instructed the sheriff and bailiff to see that no one entered the courtroom carrying arms. Excitement is very high, as the people of this county are indignant that the case is being tried in it, and the attorney-general is wholly responsible for this. To-day witnesses to the number of 200 will arrive. W. F. Gurley of Omaha is here to assist the state.

Rockefeller Will Fight.

New York, June 17 .- Neither John D. Rockefeller nor Charles W. Wetmore will say anything in regard to the verdict of \$940,000 damages by a jury yesterday to Alfred Merritt, of Duluth, in his suit against John D. Rockefeller for \$1,250,000 damages for consolidating the Mesaba mines with the Rockefeller iron properties. It is understood that Mr. Rockefeller will appeal the case and fight to the last ditch before he will pay the judgment.

Chicago Warehouse Burns.

Chicago, June 17.-The Oakland warehouse, a three-story brick building extending from No. 159 to No. 163 39th street, was burned out last evening at 10 o'clock. The loss on the building and the household goods stored in it will be practically complete. The building was worth \$20,000 and was insured for \$12,000. The value of the articles stored in the building is variously estimated and is probably about \$75,000.

Vandalia, Ill., June 17.-Congressman Remann's condition has slightly improved during the past twenty-four hours. His mind is clearer and he was able to recognize and speak to the physicians. He is still unable to take nourishment. While his condition is still critical Drs. Hughes and Haller have not given up all hopes.

- Bard

Torpedo Boat Is Fast.

New London, Conn., June 17 .- The torpedo boat Ericsson ran twenty-five miles on Long Island sound yesterday. Her engines and machinery worked admirably. She is said to have made a speed averaging twenty-five miles an hour. It is believed she will easily win a premium when she has her trial run.

Attempted Arson in Chicago.

Chicago, June 17 .- A deliberate at teumpt to burn a house in which thirty three persons were asleep was made at No. 47 North Peorla street about 12:20 o'clock yesterday morning. The fire was discovered before it had made much headway. It is not known who started the fire, but the police are trying to find

President Lincoln's Brother-in-Law. Atlanta, Ga., June 17 .- Dr. Todd, or Abbeville, S. C., a brother-in-law of the late President Abraham Lincoln, now 79 years of age, has gone blind. He was a surgeon in the corps of General Longstreet, and served all through the war as a confederate, while his brotherin-law was the president of the United States.

Germans Were Duped.

Berlin, June 17 .- In view of the unexpected achievements of Russian diplomacy, especially in regard to the Chinese loan, it is thought here the Ger man ambassador in St Petersburg, and the German minister at Pekin, have been duped. It is probable that they will both be recalled.

Ohl's Murderer Indicted.

Trenton, N. J., June 17 .- The Mercer county grand jury presented Justice Gummere with a batch of indictments which included that of John Collins, colored, for murder in the first degree for the shooting of Frederick Ohl, the Princeton student.

Prince Bismarck Feeling Weak. Fredrichsruhe, June 17:-Prince Bismarck is feeling very weak, and in consequence has canceled all of his engagements for receptions, etc., for the

TO BE INVESTIGATED.

BRITISH CONSUL WILL TAKE ACTION IN A STRANGE CASE.

The Reason for the Abandonment of the Burning Vessel, Why Not, by Its Crew, Not Yet Known-Yesterday's News from Across the Water.

St. Malo, June 13 .- Particulars have been received here of the desertion of the passengers by the crew of the British vessel Why Not after fire broke out on board the ship while on her way to the island of Jersey. It appears that fire was discovered in the Why Not's hold Saturday and while the sailors were attempting to quench the flames a bucket was dropped overboard. A boat was lowered to recover it and the captain jumped into this boat and was followed by the crew.

One passenger sprang overboard and swam after the boat, into which he was reluctantly taken. The deserted passengers were greatly alarmed and excitement among them increased when a small boat was seen to be pulling for Erquay, where the crew eventually land ed. Taking advantage of a breeze the passengers handled the Why Not as best they could and succeeded in beaching her near Erquay. The incident has caused intense excitement at St. Brieux, the nearest town to Erquay, and the matter is being thoroughly investigated by the local authorities.

The captain of the Why Not, although not under arrest, is closely watched by the police. It is understood that the British consul here will take the matter up and upon his report will depend further action.

COULDN'T SCARE HIM.

Cashier of a Montana Bank Not Afraid of a Gun.

Butte, Mont., June 13 .- A man, who refused to give his name, entered the Silver Bow National bank here at the noon hour yesterday and demanded money from W O. Thomas, who was in charge. The demand was backed by a revolver which was thrust through the paying teller's window. Thomas jumped behind the counter, grabbed a revolver and fired six shots into the ceiling to attract the attention of people in the street. The robber ran out of the building and with his pistol ordered people out of his way.

A policeman heard the shooting and met the man running away. A battle took place between the two and was kept up for a block, both emptying their weapons at each other. A part of the officer's coat was carried away by a bullet, but otherwise no damage was done. The robber was captured by a deputy sheriff. He is a stranger here, having arrived ten days ago, along with a gang of safe-blowers. He secured no money.

The officers of the bank gave the policeman and deputy sheriff \$100 each for their work. The bankers had heard that an attempt would be made to rob them, but paid little attention to the

IOWA POPULISTS.

Silver Not to Be the Only Issue in the Campaign.

Des Moines, Ia., June 13.-The popu list state convention yesterday adopted a platform which calls for the free coinage of silver, but along with that other populistic measures. The platform reaffirms the Omaha platform, calis the free coinage of silver, and asks that all banks be required to give a security for deposits, calls for the inspection of workshops and factories, the readjustment of the salaries of public officers on an economical basis, and the imposition of a 10 per cent state tax on all contracts to pay in gold. The following ticket was nominated: For governor, Sylvester Crance of Davenport; for lieutenant-governor, A. R. Starrett of Humbolt; for supreme court judge, T. W. Ivory of Glenwood; for state superintendent of instruction, L. B. Tabor of Guthrie Center; for railway commissioner, E. J. Stason of Wooodbury

TRUST PEOPLE DISPLEASED.

Egan Intimates That They Will Not Accept Judge Merritt's Ruling.

Denver, Colo., June 13.-John Egan, sole receiver of the Union Pacific interests in the northwest outside of Utah and recently appointed co-ordinate receiver with W. H. Bancroft of the interests of the road in Utah territory, arrived in this city early this morning on a belated train from the west. Regarding the appointment of Mr. Bancroft as co-receiver of the Union Pacific interests in Utah Mr. Egan said: "Representatives of the American Trust company distinctly stated they would not submit to the appointment of a receiver who was friendly to the Union Pacific to act in conjunction with the receiver appointed by Judge Gilbert and Judge Sanborn. I cannot tell what action the company will take.'

CHINESE INDEMNITY LOAN.

Likely the Amount Will Be Advanced by French and Russian Bankers.

London, June 13.-A Berlin dispatch to the Standard says the Chinese loan which Russia has guaranteed forms a part of the war indemnity and was raised in accordance with the terms of a recently concluded secret Russo-Chinese treaty. Japan has agreed that if £15,000,000 is paid forthwith the remainder may be paid within six years. is therefore likely that the whole of the indemnity will be advanced by French and Russian bankers, only China hopes to induce Russia to be satisfied with 4 per cent interest.

Nebraska Crop Bulletin.

Lincoln, Neb., June 13 .- The crop bulletin for the week ending June 10 issued by the Nebraska experiment station, reads: "The week as a whole has been a very favorable one for the growth of More or less rain has fallen in all sections, averaging for the state as a whole not far from normal. The cool weather has been very favorable for the growth of spring wheat and oats, which have continued to improve, and will probably in some cases make about a full crop and generally will exceed half Cultivating corn is general over the state, and in some cases the crop is being worked the second time."
