## DON'T STOP TOBACCO

HOW TO CURE YOURSELF WHILE US-ING IT.

The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the system, as tobacco, to an inveterate user, becomes a stimulant that his system continually craves. "Baco-Curo" is a scientific cure for the tobacco habit, in all its forms, carefully com- the orchestra-if the theater were erectpounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872, without a failure. It as purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want while taking old theater, Mr. Thurston, who had "Baco-Curo." It will notify you when to stop. We give a written guarantee to cure permanently any case with three boxes, or refund the money with 10 per cent. interest. "Baco-Curo" is not a substitute, but a scientific cure, that cures without the aid of will power and with no | ter of the music only by hearing it. Mr. inconvenience. It leaves the system as Hartwell opposed its introduction as pure and free from nicotine as the day you took your first chew or smoke.

CURED BY "BACG-CURO" AND GAINED THIRTY POUNDS.

From hundreds of testimonials, the originals of which are on file and open to inspection, the following is presented: Clayton, Nevada Co., Ark., Jan. 28, 1895. Eureka Chemical & Mfg. Co., La Crosse Eureka Chemical & Mfg. Co., La Crosse Wis.—Gentlemen: For forty years I used tobacco in all its forms. For 25 years of that time I was a great sufferer from general depility and heart disease. For fifteen years I tried to quit, but couldn't. I took various remedies, among others "No-To-Bac," "The Indian Tobacco Antidote," "Double Chloride of Tobacco Antidote," "Double Chloride of Gold," etc., etc., but none of them dld me the least bit of good. Finally, however, I purchased a box of your "Baco-Curo" Do you want to be posted? Then send in all its forms, and I have increased 80 in all its forms, and I have increased 30 pounds in weight and am relieved from all the numerous aches and pains of body and mind. I could write a quire of paper upon my changed feeling and condition.

Yours respectfully,

A DRINK FOR WOMAN.

The Latest Acquisition to the Drug Store Fountain,

The latest acquisition to the row of long-necked bottles at the drug store fountain is marked "orange flower syrup." This is pure extract of orange blossoms and is about the most etherially delicious beverage when taken with three inches of cream and well charged. They call it "Hymen's wassail," the girls do, when the clerk of the fountain serves it with plenty of soda and ice shaved and piled light as snow. He recommended it as a good thing for nerves and is always sincerely grateful when any of his patrons will give him a new recipe for some dainty drink. One of the nicest and latest of his combinations, and deservedly popular, too, is ordinary chocolate soda dashed with one teaspoonful of creme d'yvette. Everybody knows what this is, a cordial colored and flavored as if with violets, and another fashionable apothecary is earning a good name among the women by serving them, since the cold weather began, with minute cups of clear, hot, sugarless coffee, flavored with a drop or two of violet cream. He is the same man who is making himself famous by tutti-frutti ice cream soda. This is a glass of simple vanilla or chocolate cream, with a handful of small,spicy crystallized fruits thrown in before the soda is turned on-cherries, currants, shredded ginger, and the like. It costs only 5 cents more than the ordinary soda and is a favorite after-thetheater treat with the young man of modest means and simple tastes.

The New Woman as She Should Be. Miss Richards, daughter of the governor of Wyoming, is an example of the new woman as she should be, in a secular field. She is her father's most efficient private secretary, and when he is called away from Cheyenne the entire affairs of the executive are left in her hands. Such is the confidence of the governor in his 19-year-old daughter. She was educated at an eastern college, understands all about housekeeping, and is equally well ac-quainted with the affairs of the office of the executive. Her father trusts her to prepare the most important state papers.

Done Through Money. The Venetians absorbed all commerce for five or six centuries, from the year 1000 until 1600; they had the Haneseatic league as rivals. The Dutch republic, with its civil liberty, for two centuries transferred the trade of the world to Holland, but about the middle of the eighteenth century the energy and per-

CHINESE MUSIC IN COURT.

An Attempt to Decide Whether It Hath

The case brought by J. C. Clunie and others asking for an injunction forbidding the erection of the new Chinese theater came on yesterday before Judge Cooper, L. A. Thurston for the plaintiffs, and A. S. Hartwell for the defendants, says the Pacific Commercial Advertiser. The grounds on which the injunction was asked were that all Chinese performances necessarily include an instrumental performance, and that ed-would give such dismal, hideous and unearthly music that it would constitute a nuisance and make life in the neighborhood not worth living. After taking the evidence of J. L. Kaulukou, who testified to the horrid music of the summoned into court the entire Chinese band, with their instruments, offered a "performance" in evidence. He proved by one of the actors that the music was an integral part of all Chinese plays, and claimed that the court could fully appreciate the characbeing contrary to the rules of evidence and utterly irregular. He asked if the case went up on appeal how could the music be preserved so that the supreme court could hear it. Mr. Thurston replied that it could be preserved in the phonograph, if there was one, and besides, he claimed that the music was not for the supreme court, but for Judge Cooper to hear, in order to settle the question of fact. After due consideration Judge Cooper admitted the per-formance in evidence. The instru-ments were tuned, and, at the word of command, the five gongs, two cymbals, big bass drum and several other effective, but indescribable instruments. went off. Such music had never before been heard in the court-room. It rattled and screamed and bellowed and thundered around the room and tried to burst the windows. The full bench of the supreme court, sitting in another room, promptly adjourned and hurried in. The meeting of the board of health in the room below came to a dead standstill, and the audience, including the cabinet, rushed out in bewilderment. Mr. Marsden, in the agricultural department below, became wild, it is said, and tried to get out of the window; but immediately recovered himself and ex-claimed that he had now found a new remedy for the Japanese beetle. The portraits of the eminent justices, now departed, which adorn the walls of the court-room, were disturbed, and pre-sented the sheetly spectacle of lifting up their hands and closing their ears. After five minutes the court ordered the noise to abate and the trial pro-

#### Where Three Empires Meet.

There is in the southeastern part or the Prussian province, Silesia, a spot where the frontiers of Germany, Russia and Austria meet. This point, which is called "The Three Emperorn' Corner," is in the heart of a great coal and iron region. Count Schuwalow, the new governor-general of Poland, recently made a trip of inspection through the iron and industrial districts of Russian-Poland, and upon this occasion made a visit to this historical spot, where once the three emperors of Russia, Germany and Austria met and spoke to each other, while each stood in his own country. The party was heartily welcomed by a large number of German mine workers, who happened to see the cavalcade and the array of carriages on the other side. After a short stay the governor continued upon his trip, but not before having called over to a German engineer who had taken a snap shot of the brilliant company across the brook, to send him. a copy of a picture made in Germany, taking in a Russian governor and his staff, with an Austrian landscape as the background.

## Bath Recommended.

The following is the horror perpe trated by a well-known Scottish baronet: A sportsman said to him the oth-"Talking about dogs with keen scent, I have one that will compare favorably with any you have in England." "Very remarkable dog, I suppose?" yawned the listener.

"I should say so. The other day after I left home he broke his chain and, although I had been away for hours, he tracked me and found me merely by scent. What do you think of that?" "I think you ought to take a bath," replied the Caledonian, turning calmly

The latest denomination to make Christian Endeavor its official young people's society is the African M. E. Zion church. The board of bishops, at its recent conference in St. Louis, unanimously passed a resolution endorsing the Y. P. S. C. E. and making Christian Endeavor the denominational young people's society. The board also recommended that Christian Endeavor societies be organized in every church throughout the A. M. E. Zion connection.

Dromedaries as Camela

Dromedaries are swifter than camela and without a load go eight miles an hour for ten or twelve hours. Caravans consist of from 1,000 to 4,000, and many Arabs possess from 400 to 500. They cast their hair every year, and it is made into clothes, stockings, shawls, carpets, etc. Dromedaries live from torty to fifty years.
