A. P. A.S MAKE THREATS

DEFECTION OF A MILLION VOTERS FROM M'KINLEY PREDICTED.

ORDER MUCH DISPLEASED.

National President Sellres Sore Because of the Ignoring of the Order's Declaration and the Election of Kereus - An Independent Ticket Hinted At-Convention Scored.

St. Louis, Mo., June 22.- E. H. Sellers of Michigan, president of the A. P. A. national council, and Congressman W.S. Linton of Michigan are deeply incensed at the refusal of the resolution committee of the Republican national convention to incorporate the declaration demanded by the order in the platform declaring for absolute freedom of all public schools from sectarian influence and civil inspection of all private educational instructions, for the absolute separation of church and State, for no more sectarian appropriations, for stringent immigration laws, for restriction of suffrage to citizens only, for ownership of lands to actual American citizens and against alien owner-ship, for prohibition of contract convict labor, for a national system of education and for the taxation of all

but public property.
Colonel Sellers says the Republican party will lose a million votes, and will not be able to carry several states that they are now counting in the Republican column. He declares the party will lose 100,000 votes in Missouri alone, and that it will lose Illinois as a result of Mr. Hanna's stupidity or his intentional insult to

"Why did the committee on resolu-tions take this action? One of two reasons can be given: Either the Republican party designed and intended, by leaving out this (non-sectrian appropriation plank) proposed portion of the platform, to placate the Roman Catholic hierarchy of this country, and by so doing make a bid for that vote; or, second, to insult the patriotic associations of the country and attempt to whip them into line and make them worship at the shrine of the golden calf. The action of the convention, through a committee, was an exhibition of the rankest coward-ice coupled with motives of the most unparalleled corruption and dishonesty that ever emanated from the heart and mind of man.

"The election of Kerens, a pro-nounced Catholic, and a political advisor of Satolli, as a member of the national Republican committee, was a direct insult, and designed as such,

to all our patriotic societies."
Colonel Sellers was asked if the A. P. A. would put up a ticket in Missouri. He said that that would be left entirely with the State organiz-ation, but he thought there would be an American ticket in nearly every State in the Union. He confirmed the story that Mark Hanna had received an ultimatum from the A. P. A. of this State, and that he had gone ever to Kerens in defiance of the wishes of the order to keep Kerens out of the national committee.

"I am going from here to the Demcratic convention in Chicago next month, and I will present the same plank to the resolutions committee of that body. While there I will con-sult with the supreme president of one of the largest patriotic associations in the country. I do not expect to receive any worse treatment at the hands of the Democratic convention than I received here.
"I will come here to the Populist

and Silver party convention. July 22, and present the plank. If the result same, I believe it is the duty of the Am rican people to prepare for the organization of an American party, pure and simple, based upon the original idea of our fathers."

and Lockout Follow. LEADVILLE, Col., June 22.-Unless a settlement shall be quickly reached between the mine owners and the Miners' union work is likely to be suspended at nearly all of the silver mines in the camp. The Ibex company, owners of the Little Johnny mine, shut down all of their properties today. All the miners were also laid off indefinitely at the Alps, Garbutt, Yak and other mines where the men's

wages were \$3 per day.

Although the trouble originated in a demand of the union for \$3 per day in silver mines, the owners of which claim they cannot pay such wages at the present price of silver, the owners claim that the real issue is whether the Miners' union shall be permitted to dietate the employment of only union men, and they will fight this to the end.

The streets are crowded with miners, but they are well behaved.
