SECRET CAUCUSES HELD.

They Have Agreed Upon No Definite Line of Action, but Seem Determined to Fight for a Separate Ticket -Bryan's Friends Very Confident of Winning-Gov. Stone on the Scene.

Sr. Louis, Mo., July 20.-Chairman Taubeneck of the Populist national committee returned from Chicago this morning and his coming was the signal for renewed activity on the part of the middle-of-the-road Populists, who hope to prevent an indorsement of Bryan and the Chicago platform. His visit to Chicago, which was partly due to his fear that the Illinois dele-gation would leave him in the lurch, and not to make terms with the Democrats as was reported yesterday, was apparently not productive of results. This morning he was in secret conference with the anti-Bryan leaders and the national headquarters were prac-

tically deserted.

Mr. Taubeneck, it is said, found several stumbling blocks in his path to Chicago. For one thing, Dr. Taylor, one of the most noted members of the People's party in Illinois, is openly

CHAIRMAN H. E. TAUBENECK. for Bryan and there are many other Populists in Illinois who are believed to hold the same opinion. To have his own delegation go against him would be very distasteful.

In their conference the anti-Bryan men agreed on no definite plan of action, but they seemed determined to make a straight-out fight for a separate ticket and platform. The Mississippi, Rhode Island, Conneticut, Michigan and Texas delegations will help them help them.
At the Omaha-Bryan headquarters

there was much jubilation over indications of the growing strength of the movement to indorse Bryan and

GOVERNOR STONE ON THE SCENE. Among the arrivals this morning was Governor Stone of Missouri. He came, it is said, in response to a telegram from some of the Populists, who are in favor of the nomination or indorsement of Bryan, and is to do missionary work among the "middle of the road" contineent. The latter are to hold a mass meeting at the Lindell hotel to-morrow afternoon to start the ainst Bryan, and Governor Stone and other friends of the Democratic candidate, will try to neu-tralize the efforts of the opposition.

NO GOLD CONGRESSIONAL NOMINEES.

The silver people are very quiet. Few of them are here, and none of the delegates are expected before Monday. The leaders this morning formulated a new demand, which meets the approval of the Populists who have been consulted. It is that they shall insist upon the withdrawal of all Democratic congressional nom-inees who are "sound money" or gold standard men, or, if they will not withdraw, that the silver men and withdraw, that the silver men and Populists unite in putting up in every congressional district a free silver candidate. This, it is urged, should be presented to the national Democratic committee as an ultimatum. The Populists, it is understood, are to concentrate their work and attempt to elect a congress which will favor free silver and to accomplish this it is necessary to have the co-operation of the Democratic party.

The Populists who are opposed to Mr. Bryan say that if he is nominated

the delegates of Massachusetts, Rhode Island and Connecticut, and possibly

Tennes ee, will Secretary J. H. Turner of the Populist national committee, who arrived this morning, is outspoken in his desire that this convention shall indorse Bryan and Sewall. "It is the practical and patriotic thing for us to do," said he. "If we fail to do it we will jeopardize the vital issue of the campaign—free silver—an original tenet paign—free silver—an original tenet of the Populist faith. I believe free silver is going to win, anyhow, and if we fail to indorse the only man who stands any chance of winning for the cause of silver, we will be shorn of and be classed as its enemy. The majority of Populists are not going to fritter away a principle so dear to them as has always been the restoration of silver to its constitutional tion of silver to its constitutional function as a money medium."

Will Lend Every Energy to Bring About His Indorsement

DENVER, Col., July 20.—Senator Teller said yesterday: "My friends and myself will lend every energy to bring about Mr. Bryan's indorsement at St. Louis. Of course, there' is going to be some opposition. Senator Marion Butler of North Carolina is leading the opposition. I believe he is making a mistake. I think he and his friends will realize this before the convention, and I am willing to make this prophecy: 'Either the Populists will indorse Bryan or they will fail to make a nomination.' There is no reason why they should not indorse him, for the financial plank adopted by the Chicago convention is all the Populists can ask for, and the other planks of the platform are certainly more than they had any reason to ex-pect from a Democratic convention."

A New Populist Plan.

TERRE HAUTE, Ind., July 20 -- Morton C. Rankin, treasurer of the national committee, and a member of the executive committee, says that in his opinion, under the existing circumstances, the practical thing for the Populists and silverites to do at St. Louis next week would be to nominate Bryan, change the Democratic platform in a few details, add the referendum plank, then nominate their own candidate for vice president. He thinks the second place should go South, and suggests the names of Judge Nimis of Georgia, Senator Martin Butler of North Carolina, and Colonel Mimmis of Tennessee.

PROCEEDINGS OF THE GRAND ISLAND CONVENTION.

Senator Allen's Resolution Endorsing the Chicago Nomination Adopted by 699 to 34-Mr. Dech and Thirty-three Others Opposed to Such a Movement-Names of Delegates to the St. Louis Convention.

The Nebraska Populists.

GRAND ISLAND, Neb., July 16 .- The populist state delegate convention convened here yesterday with a good attendance. The convention was called to order at 2 o'clock. Rev. Mr. Jordon invoked divine guid-

ance. Mayor Thompson welcomed the delegates to the city, where two years ago the present governor was nominated. W. L. Green responded in behalf of the convention. D. Clem Deaver was unanimously chosen temporary chairman. George F. Corcoran, R. R. Carpenter, J. L. Clafin and B. S. Allen of Cass were made secretaries The list of delegates, as prepared by the state central committee, was adopted, after which the list of coun ties and representation was read, doing away with the credentials committee. A committee of five were appointed on permanent organization. It recom-mended General P. H. Barry for chairman and the temporary secretaries as permanent

A telegram was received from the populist convention of South Dakota, sending greetings to the populists of Nebraska. A motion was promptly made and hurriedly carried that the

secretary reply, returning greetings.
Senator Allen moved that the reply should present the compliments of the Nebraska populists and say they are Bryan for the next president. He then made his position very plain and made no effort to conceal the fact that he was for the endorsement of the democratic candidate, first, last and always.

William Dech insisted that the convention could not now say what delegates were to say when they came to St. Louis, especially not before it had permanently organized. He urged the convention to be careful to act in accordance with the principles of the party as founded, as early as 1860, with such men as Peter Cooper. He de-manded a call of the roll.

Senator Allen urged that the action proposed would tend to perpetuate the party and not to disintegrate it. The roll was called after considera

ble delay. The result was 699 for Mr. Allen's motion to send the telegram and 34 against A motion was then made that the vote in favor of Bryan be made unanimous. The motion was subsequently

withdrawn.

The committee on permanent organ. ization had reported that the order of business be calling the roll of congressional districts, these replying by presenting the names of delegates to be selected by them at their various caucuses held this morning. Senator Sprecher protested against the carrying out of any action taken before 2 o'clock, as that was the hour the convention was called and conthing. vention was called, and anything agreed to before that hour was illegal. His county was not represented at all at any caucus. The selections made were, after a few changes in the first

district, ratified by the convention. Senator Sprecher is against the nom-ination of Bryan, holding that if the populist party has no principles on which to select its own candidates, it virtually gives up its right to exist and appeal for the suffrages of men.

The delegates chosen are as follows: First district, Beardsley, Spamp, Mor-Swan, Cornell, Abbott. Lancaster, Plummer. Second district, Thomas, Nownes, McAardle, Cowles, Magney, Buck, Keeney, Curtis, Sprague. Third district, Baird, Baker, Crockett, Fifth district, J. R. Thompson, Frank Beall, Dameret Mundy, Wilson, Powers, Walker, Schafer. Sixth district Green: Deal, Adams, Barry, Eberson. Hizker, Kautzman, Butler, Lutherman.

Senator Allen and Governor Holcomb were chosen delegates-at-large by ac-clamation. For the third delegate-at-Louisville, Ky., July 20.—Ever large the fight was between J. A. Edgerton of Lancaster and Joe Edgerton of Grand Island. The roll call re-Tyler there has been a conflict of auton, 309. J. A. Edgerton, John Quinn thority between that official, who is a and Father Snyder of Valley were elected alternates-at-large.

Resolutions adopted declare free silver to be the paramount issue in the campaign, and that the time has come when one of the cardinal principles of the party could be chrystalized into legislation by a union of reform forces, and declare it the sense of this convention that the delegates to St. Louis use all honorable means to secure Bryan's endorsement

Mr. Dech again deired to object, but was drowned out by the convention and not given a hearing. Governor Holcomb, Senator Allen and W. L. Green addressed the convention.

Harrity Declined Second Place. CHICAGO, July 15. -It is authoritatively stated that free silver leaders declared-some of them to W. F. Harrity himself-that if he were willing to stand upon the platform adopted he would receive their support for the Vice Presidency and be nominated. Mr. Harrity promptly advised the n that it would not be safe for them to nominate him. He might also have been re-elected national chairman had he desired.

Bryan at Centralia, Ill.

CENTRALIA, Ill., July 16 .- Williams J. Bryan arrived here yesterday, and was accorded a demonstration as hearty as it was unexpected. Captain S. L. Dwight met them and took them to his home. Mrs. Dwight is a cousin of Mr. Bryan. At the home of Captain Dwight there was an informal reception to the ladies of Centralia, who were presented to the nominee and his wife. A large crowd assembled at the city park, where Mr. Bryan spoke, in part as follows: "I trust that the issues involved in

this campaign will be clearly understood and carefully studied. Parties are not made to be worshiped. They are merely the instruments by which we serve our country. The people are made, not for parties, but parties are made for the people, and parties can only claim the support of the people when they are efficient instruments in the hands of people of accomplishing good. And those who are called upon to yote have a right to consider the to vote have a right to consider the platform utterances or policies advo-cated by the various parties, as well as the character of the candidates who are nominated.

"The issue is drawn and we have our choice in this campaign between an American financial system for the American people and an English financial system to be forced upon us. (Applause.) Those who believe in running this government on the European plan should go and legislate with the Republican party. (Applause and laughter.) If I mistake not, the patriotism of the people whose patriotism has never been appealed to in vain, there can be but one issue in this campaign, and but one result. (Applause.) If they ask us, 'What about other questions?' we tell them that so long as the right of self-goverument is in danger there is no other question. (Applause.) Why discuss things if we be not powerful enough to act when we have the power?"

"I've not the time nor disposition to

talk to you at this time, but I want to impress upon your minds two things.

I want you to ask two questions which ought to be asked over and over again in this campaign, each time with increased emphasis, and the two questions are these:
"If the gold standard is a good

thing why ought we try to get rid of

"'If it is a bad thing, why should'
we keep it until some other nation
helps us to get rid of it?' (Applause.) There was tremendous applause when Mr. Bryan ceased speaking. The when Mr. Bryan ceased speaking. The visitors were then escorted to a carriage, and amid the peals of bands, driven to the railway station, where they took the train for Salem. Extensive preparations have been made for the demonstration at Salem to-day. The placards advertising it announce that Governor Altgeld will be there and speak in behalf of the national ticket.

IOWA PATENT OFFICE REPORT.

DES MOINES, July 9.—John Miller, assignor of one-fourth to E. E. Gatchel, (both of Stuart, Iowa,) has been allowed a patent for hardening copper. The primary object of the patent law is not for individual benefit, but for the public good and a monopoly of any patentable discovery or inven-tion is granted in view of getting it on record so it cannot become a lost art. Mr. Miller's invention consists in a composition and a process for hardening copper, (covered by separate claims) and is an important improvement in metallurgy. A razor and other edge tools exhibited show that ductile copper has been hardened to adapt it copper has been hardened to adapt it for making edge tools that require strength and durability. Mr. Miller claims that his process also prevents oxidation and detoriation, and consequently there will be no verdigris to poison persons who may be wounded by tools made of copper.
