BRYAN is losing strength every day.

ANOTHER season like the present one will do more to increase the circulating medium, in this state, than Bryan's promise of free silver.

Now that W. J. Bryan's march to the sea has ended we would suggest, in order to keep Nebraska presidential candidates before the people, that Candidate Bentley make an eastern trip.

I BELIEVE it is a good deal better to open up the mills of the United States to the labor of America than to open up the mints of the United States to the silver of the world.—William McKinley.

The democratic county convention of Fayette county, Ky., held last Saturday, renounced the Chicago platform and advocated the nomination of a sound money ticket. Mark this prediction: Bryan will not have the solid south.

BOURKE COCHRAN, that gifted orator, who, four years ago, held the democratic national convention spell-bound with his eloquence, has repudiated the Chicago platform and will stump the country in the interest of a sound money candidate.

It is rather amusing to see Tammany and the so-called reform populist party supporting the same presidential candidate. Four years ago the populist papers could not find words enough to express their contempt for Tammany and its methods, while today they worship at the same political shrine.

WHEN making out your ballot this fall do not overlook the second proposed amendment, creating two additional judges of the supreme court, thereby saving the salary of one supreme court commissioner and his stenographer, \$3,700 a year. The fact should be kept in mind that at the present time there are three commissioners who draw the same salary as the judges.

Gold is out of circulation now. Have no fears of the wild-eyed talk of the gold-ites. This money question must be settled once for all in the interest of the people before the country can prosper again. There can be no prosperity with gold the measure of values.—Plain Dealer.

Gold is not out of circulation as the gentleman will probably discover if he investigates the matter. Now, Edwin, please tell us when we had more prosperous times than from 1876 to 1889, during which period we had the same financial system that we have today?

We say that shop and factory hands and their families in the eastern states would only be too glad to consume the produce of our western farmers, were their wages sufficient to allow them a decent living.—Ewing Advocate.

My dear boy, now you have said something; and what you have said differs materially from other of your political sayings, in that you have told the truth. In the language of Senator Thurston, "what the laboring man wants is an honest dollar and a chance to earn it." He cannot get good wages while a low tariff brings his muscle into competition with the pauper sinews of the world, which condition is recommended in your platform. It could in no wise better his condition to double the price of everything he must buy and still pay him honest money wages. Free silver is not a panacea for the pains which rack the system of the labor body. The true specific is less heroic, but more patriotic. The patient must have a tariff on American manufactured goods at least equal to the difference in wages in America and Europe. When this is done the wheels in our now silent factories will again hum; the laboring man will be paid for making them hum; the exercise will give him an appetite; the situation will provide him with the means of satisfying the same, which would open up for our surplus products a market that we have not enjoyed under the democratic administration.

"MONEY OF THE CONSTITUTION."
Bryan continues to prate glibly of "the money of the Constitution." That shows how little he has studied "the great charter of our liberties." The only mention or allusions to money "dollars" or gold and silver in the Constitution are as follows:

Article 1, Section 8—
2. To borrow money on the credit of the United States.
6. To coin money, regulate the value thereof, and of foreign coin, and fix the standard of weights and measures.
8. To provide for the punishment of counterfeiting the securities and current coin of the United States.

12. To raise and support armies, but no appropriation of money to that use shall be for a longer term than two years.

Section 9—
1. The migration or importation of such persons as any of the states now existing shall think proper to admit, shall not be prohibited by the congress prior to the year 1808, but a tax or duty may be imposed on such importation, not exceeding \$10 for each person.
7. No money shall be drawn from the treasury, but in consequence of appropriations made by law; and a regular statement and account of the receipts and expenditures of all public money shall be published from time to time.

Section 10—
1. No state shall enter into any treaty, alliance or confederation; grant letters of marque and reprisal; coin money; emit bills of credit; make any thing but gold and silver coin a tender in payment of debts; pass any bill of attainder; ex post facto law, or law impairing the obligation of contracts, or grant any title of nobility.
Seventh Amendment—In suits at common law where the value in controversy shall exceed \$20 the right of trial shall by jury be preserved, etc.
These are absolutely all the illusions. What, therefore, was "the money of the constitution?"—National Tribune.

DON'T STOP TOBACCO

HOW TO CURE YOURSELF WHILE USING IT.
The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the system, as tobacco, to an inveterate user, becomes a stimulant that his system continually craves. "Bacco-Curo" is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872, without a failure. It is purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want while taking "Bacco-Curo." It will notify you when to stop. We give a written guarantee to cure permanently any case with three boxes, or refund the money with 10 per cent. interest. "Bacco-Curo" is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke.

COINED BY "BACCOCURO" AND GAINED THIRTY POUNDS.
From hundreds of testimonials, the originals of which are on file and open to inspection, the following is presented: Clayton, Nevada Co., Ark., Jan. 28, 1895. Eureka Chemical & Mfg. Co., La Crosse Wis.—Gentlemen: For forty years I used tobacco in all its forms. For 25 years of that time I was a great sufferer from general debility and heart disease. For fifteen years I tried to quit, but couldn't. I took various remedies, among others "No-To-Bac," "The Indian Tobacco Antidote," "Double Chloride of Gold," etc., etc., but none of them did me the least bit of good. Finally, however, I purchased a box of your "Bacco-Curo" and it has entirely cured me of the habit in all its forms, and I have regained 30 pounds in weight and am relieved from all the numerous aches and pains of body and mind. I could write a quire of paper upon my changed feeling and condition. Yours respectfully, P. H. MANUAX, Pastor C. P. Church, Clayton, Ark.
Sold by all druggists at \$1.00 per box; three boxes, (thirty day's treatment), \$2.50 with iron-clad, written guarantee, or sent direct upon receipt of price. Write for booklet and proofs. Eureka Chemical & Mfg. Co., La Crosse, Wis., and Boston, Mass. Oe161tem.

THE SAFE STORE

O'Neill, Neb.

The price today is the price tomorrow and the next day, and the price to one is the price to all. We have no favorites, we make no discounts, and we never resort to catch penny methods of marking some goods low in order to sell you other goods high. Our practice of instantly refunding money when goods don't suit is the best proof you can have that our goods and prices are all right. For eleven years we have been building up a vast business on these principles and our business was never so large, our prices never so low, as they are this spring.

Send for our catalogue. It contains samples of goods and will save you a great many dollars above what you have to pay for the same qualities at home. It is a book that ought to be in every clothing buyer's hand.
