THE WORK GOES ON.

BUT THE LEGISLATURE IS LA-BORING WITHOUT PAY.

Adjournment Undoubtedly Near at Hand Though the Day Has Not Yet Been Set-Bills Being Advanced and Bills Being Passed-Anxions to Close Up Legislation.

The Nebraska Assembly.

Senate.—The senate on the 6th acted on the bouse bill enlarging the powers of the state board of transportation, The measure was first killed and then resurrected and passed. The first section of the bill provides: "That in case any common carrier subject to the provisions of this act cause to be done or permit to be done any act, matter or thing in this act prohibited or declared to be unlawful, or shall omit to do any act, matter or thing in this act required to be done, or shall fall to comply with the order of the board within ten days from the date of a service of a copy of such order, such common carrier shall pay the state of Nebraska a penalty of not less than \$500 nor more than \$5,000. Such penalty shall be recovered and suits thereon shall be brought in the name of Nebraska in the proper court having jurisdiction thereof in any county to or through which said railroad may run, by the attorney general or under his direction; and the attorney bringing such suit shall receive a fee of \$50 for sach penalty recovered and collected by him and 10 per cent of the amount collected, to be paid by the state; and such railroad shall be liable to the person or persons injured thereby for the full amount of damages sustained in consequence of any such violations of the provisions of this act, together with a reasonable counsel or attorney's fee to be fixed by the court in every case of recovery, which attorney's fee shall be taxed and collected as a part of the costs in the case." Second consideration of the bill resulted in 19 votes for and 11 against. Absent and not voting, 3. Another railroad bill taken up by the senate was the one introduced by Beal of Custer to legislate the Burlington volunteer relief department out of existence. The bill was killed by a vote of 16 to 15. An evening session was held, at which time the senate governor sprivat The Nebraska Assembly. consideration the appropriation bills. The first motion came from Ransom, who moved that house roll No.630, one of the claims bills, be advanced to third reading with two amendments made by the senate committee on claims. The motion was agreed to, The bill appropriates about \$75,000 for miscellaneous claims against the state, including the expenses incurred in printing the proposed amendments to the constitution. There are 120 newspapers interested in this bill. The bill also includes the claims of the railroads for transportation of the Nebraska national guard, for the deficiencies of the soliders' home at Milford and for the home for the friendless located at Lincoln. Mr. Watson took advantage of a temporary lull in the tempest to advance house roll No. 7, a bill making chicken stealing a penal offense. The statement of the lleutenant governor, made from the chair, that all the widows and preachers of Lincoln were demanding the passage of this bill was sufficient to hustle it to the front. Mr. Lee moved and was accorded the advancement of house roll No. 73, to amend the irrigation laws. After recess the appropriation bill was taken up again and its consideration was continued until the bill was completed and recommended for passage. Just before the bill was completed Mr. Spencer offered an amendment, providing for the payment of the chicory bounty earned by the American chicory company, amounting to \$17,000. The claim was rejected. Mr. Murphy had no better success in his attempt to secure the insertion of the beet sugar bounty claims. He presented them as follows: For the Grand Island factory for 1895, the sum of \$31,87.85; for 1896, the sum of \$31,87.85; for 1896, the sum of \$42,638; 75. The claims were rejected by an equally decisive vote. There were just forty house rolls and the tedious process of reading and roll call was commenced. House roll No. 531, the general appropriation bill, was passed by unanimous vote. House roll No. 530 kes passed with the emergency clause. House roll No. 530 kes passed with

Work was commenced at 9 o'clock and the monotony of the proceedings was proken only read the third time and all passed but five. Work was commenced at 9 o'clock and the monotony of the proceedings was broken only by the roll calls. There were many incidents during the day. Early in the forenoon Lieutenant Governor Harris announced from the presiding officer's desk that the order of bills on third reading should cease promptly at moon, the time fixed for final adjournment. The announcement drifted through the corridors and reached the office of Speaker Gaffin and Governor Holcomb at about the same time. The enforcement of the order would have endangered the success of several party measures, and shortly afterwards the lieutenant governor ordered the custodian of the senate to turn back the hands of the clock. The custodian turned back the clock until the hands pointed to 2:30. Later in the day the clock was again turned back. The transfer switch law was one of the party measures that failed to pass. The last bill passed by the senate was the initative and referendum. The bill was never read in the senate except by its title. At 9:30 the legislative halls and corridors were thronged with people who gathered out of interest or curiosity to witness the closing proceedings. A committee consisting of Ransom, Beal and Osborne, was sent to notify the governor that the legislature was about proceedings. A committee consisting of Ransom, Heal and Osborne, was sent to notify the governor that the legislature was about to adjourn and to learn whether he had any further communications to make, While the committee was absent Graham of Frontier moved that house roll No. 320, one of the guaranty bond bills defeated in the afternoon, be recalled and the vote reconsidered. The motion was lost. When the executive committee returned and reported that the governor had no further communication to make, Ransom again moved that house roll No. 320 be recalled and the vote reconsidered. Realson again moved that house roll No. 320 be recalled and the vote reconsidered and the vote reconsidered in the story of the sent of Jefferson and Mutz of Keya Paha entered vigorous protests and after a spirited attack from Gondring the motion was lost. When all bills were passed nothing more was left to do but to wait for the conference committees on appropriation bills to reach an agreement, and the enrolling clerks to copy those passed. It was a settled fact that final adjournment would not be reached till the early morning hours, as conference committee reports were not expected before 9 o'clock. House.—In the house on the 6th the substitute for house roll No. 457 was placed on third reading. The bill provides for the method of counties adopting township organization, and to divide the counties into supervisor districts, and defining the powers, duty and election of supervisors. The bill bassed by a vote of 53 to 12. House roll No. 277, Hull's bill, authorizing and directing the commissioner of labor to establish and maintain a bureau of industrial statistics, and giving the commissioner or his deputy the authority to enter factories, workshops and other places where hands are employed to examine into the health and welfare of the employes and the hours of labor, was passed by a vote of 77 to 1. House roll No. 601 was passed. This bill, repealing sections 24-5-6 and 27 of article 1 of chapter ly of the compiled statutes of 1856, relating to the tax on live stock, to provide an indemnity fund and the disposal of the same. The committee report on senate file No. 373, taxing telephone companies, was a double-header, as in the other bills of this class. The majority report, recommending that the bill be placed on general file, was adopted after several unsuccessful attempts to amend it. The vote on the adoption was 38 to 39. House roll No. 488, an act to provide for riprapping the banks of certain streams, was passed. House roll No. 296, to repeal the law authorizing the appointment of supreme court commissioners, falled to pass, the vote standing 41 to 38. The committee on telegraphs and telephones, to which had been referred senate file 251, a bill placing the regulation of telegraph and telephone companies under the control of the state board of transportation, handed in a majority and a minority recommended the bill for indefinite postponement. The minority recommended the bill for indefinite postponement. The minority recommended the bill for indefinite postponement.

SENATE.-The senate on the 9th, like the

departe being closed, the motion to place on general file was gut and lost by a vote of 37 to 31. The minority report, ordering the bill to third reading, was adopted by a vote of 48 to 33. Dobson of Fillmore reported that the recount commission had finished its work and he moved the appointment of a committee of three to confer with a like committee from the senate in regard to a joint ression as provided for in the recount resolution. The speaker named Dobson. Roddy and Kapp as such committee.

Kapp as such committee.

House.—The first thing in the house on the 6th was the committee report setting Friday noon as the time for final adjournment. The committee further recommended that no bills shall be passed after Thursday. A bill taken up by the clerk was house roll No. 578. to authorize Douglas caunty to vote \$100.000 in aid of the exposition. The clerk had scarcely finished reading the title before Gaylord jumped to his feet, and demanded to know by what authority the clerk had changed the order of these bill. This, he declared, had been done. Wooster reiterated all that had been add, and produced as evidence a memorandum of the bill numbers as he had taken them when reported by the engrossing committee. The bill passed without the emergency clause. House roll No. 233, to regulate stock yards and fix commissions for selling live stock therein was passed by a vote of 80 to 23. House roll No. 197, by Stebbins, to promote agriculture on lands under irrigation in this state, and to confer original jurisdiction on boards of county commissioners to fix rates for the use of annual and perpetual water rents, was passed with 67 votes to its credit. House roll No. 275, by Liddell, to establish a free public employment office in metropolitan cities of the first-class, was passed by a vote of 73 to 10. House roll No. 25, by Rich, to create a municipal court in cities of the metropolitan class, was passed by a vote of 71 to 18. House roll No. 450, by Rich, to create a municipal court in cities of the metropolitan class, was passed by a vote of 71 to 18. House.—After the opening exercises in the house on the 8th a messenger from the governor announced that the executive had signed senate files Nos. 145, 157, 187 and house rolls Nos. 183 and 196. Senate file No. 144. to authorize the county judge in counties having a population of 25,000 inhabitants was passed. Senate file No. 199, to provide for the disposition of the property of dismembered school districts, and the closing up of the affairs of such districts, was passed by a vote of 8i to 1. Senate file No. 318. to provide for the making of contracts in writing between owners of land and brokers or agents employed to sell it, and making such contracts void unless in writing, was passed by a vote of 88 to 4. Senate file No. 320. by Gondring of Platte, to define trusts and conspiracies against trade, declaring the same to be unlawful and void, and providing means for the suppression of such trusts was passed. Recess took place, after which the report of the conference committee, in reference to final adjournment, was read. The speaker said the report proper and the recommendation appended would be acted upon separately. On motion of Pollard the report was adopted. fixing the time for adjournment at 12 o'clock noon on Friday. The recommendation that no bills be passed after Thursday was not concurred in. Senate file No. 248, by Murphy of Gage, to provide against the adulteration of food and to prohibit its sale, was passed without opposition. Senate file No. 305, amending the law relating to water rights so as to require the consent of the land owner through whose property the stream or channel passes, was passed by a vote of 61 to 12. Senate file No. 95, to authorize county treasurers to invest an amount not to exceed 75 per cent of the sinking fund in their respective counties, in registered warrants of the county at their face value, was passed. Senate file No. 25, to amend the code of civil procedure in regard to juries. It provides House.-After the opening exercises in the panies for the framinision of messages by telegraph or telephone, and for rentals for telephones, and over persons engaged in the several businesses; and to apply the powers given to said board of transportation by law over railroad companies, to all companies or over railroad companies, to all companies or persons owning, controlling or operating a line or lines of express, telephone and telegraph, whose line or lines is or are wholly or in part in this state, was passed. Senate file No. 41, by Johnson of Clay, provides means by which cities and villages may acquire public parks and improve the same. The city council or board of trustees is given power to levy not to exceed 5 mills for the purpose of improving such park or public grounds. The bill passed with the emergency clause stricken out, by a vote of 59 to 8.

House.-After the reading of the journal in the house on the 9th, by unanimous consent, senate file No. 238 was advanced to third reading. A motion to advance senate file No. 250 was lost. On motion of Clark, of Lancaster, all senate files not already advanced to third reading were indefinitely postponed. The amendments to house roll No. 175 were concurred in. Benate file No. 183, to protect stock from pitfalls passed. Senate file No. 222, extending the medical course to four years was passed, receiving 61 votes. RUSHING WAR WORK.

THE SITUATION IN GREECE AND TURKEY.

A Circular Sent Out to Ambassadors Expressing Impatience at Failure to Blockade Greece-Foreign Admirals Defled by Cretons.

The Foreign Situation. CONSTANTINOPLE, April 10.-The war preparations throughout the Turkish empire continue to be steadily pressed, although there is not much change in the eastern situation. A very pessimistic feeling prevails here at the failure of the attempts to coerce Greece. The war party is bringing pressure to bear upon the government, with the result that the Porte dispatched circulars to the representatives abroad setting forth Turkey's growing impatience at the prolongation of the crisis which is pressing heavily upon an already embarrassed exchequer. The belief pre-valls here that the powers are losing their hold over the course of events, and that their so-called concert is a failure.

A new danger has arisen through the circulation in Constantinople and the provinces of a pamphlet reciting alleged Christian atrocities on Mussulmans in Crete and elsewhere. This is so inflaming the Turks against the Greeks that the Grecian minister has drawn the attention of the Porte to the matter. The government has decided to take the measures necessary to prevent outbreaks upon the part of the populace.

LONDON, April 9.—The Times prints the following dispatch from its Canea correspondent; "The Cretans are now massing around Kissamo. They have mounted four guns and intend to attack the fort, which is held by 150 Turks. Yesterday they wrote to the captain of the Austrian warship anchored in the bay, declaring that, as the action of the international fleet had hitherto been hostile to them, they would repel forcibly any attempt of the warships to interfere with their designs at Kissamo. It is expected. therefore, that the Cretans will direct their guns upon the warships if the latter open fire.

W. J. BRYAN INJURED.

Rendered Unconscious by the Collapse of

a Plassa in Florida. St. AUGUSTINE, Fla., April 10.-Hon. W. J. Bryan was injured here yesterday afternoon by the caving in of the piazza from which he was speaking. Nearly 400 men and women were precipitated about twenty feet to the ground, and many of them were injured, but none fatally. Mr. Bryan was picked up unconscious and removed to a physician's office, where an examination revealed that he had received no injuries of a serious character. It was deemed best, however, to abandon the reception which was to have been given him

Mr. Bryan arrived here at 4:50 p. m., and was greeted at the station by several hundred people. At 8:30 he addressed fully 3,000 persons from the plazza of the San Marco hotel. At the close of his speech hundreds of people flocked about him, and so great was the strain that one section of the piazza, forty feet square, fell through.

MUST PROTECT SEALS.

John W. Foster Will Be Given Charge of the Question.

WASHINGTON, April 10 .- The administration proposes to lose no time in taking up the fur seal controversy. It is learned that at the cabinet meeting on Tuesday it was decided, after a full discussion between the president and Secretary Sherman, to invite John W. Foster to take charge of the conduct of these matters under the direction of the secretary of state, and that C. S Hamlin, retiring assistant secretary of the treasury, who has given the ques-tion careful study for the past four years, will be asked to co-operate on behalf of the treasury department.

Committee Reorganization. WASHINGTON, April 10.-The Republican and Democratic senators have at last apparently begun serious efforts to reach an understanding upon a basis of reorganization of the senate com mittees. HUNTER IS OUT.

His Leaders Concede That He Cannel Be Elected-Blackburn in Glee.

FRANKFORT, Ky., April 10.—Some wag wrote on the register of the leading hotel, "M. A. Hanna, Ohio." There was a regular stampede in the hotel lobby among the politicians who did not catch on to the joke, and the further fact that the supposed visitor was assigned to "Parlor A," the well known headquarters of Senator Geobel, leader of the Blackburn Democrat, added to the excitement. It is now generally conceded that only some such power as the positive force that could be exercised by the national chairman or the national administration itself can break the present deadlock. The deadlock is more pronounced than ever before, and the shrewd Blackburn sits smiling in his headquarters, well satisfied with the way in which he had "played" Bradley, the gold Democrats, anti-Hunter Republicans and every one concerned. The impossibility of Hunter's election is now conceded by some of his leaders, who have fought as gallantly as he against great odds and who are growing desperate enough to resolve against letting any other Republican take his place. The concession of probable defeat comes with a last bitter anti-Hunter statement from the six bolting Republicans, who absolutely burn their last bridge behind them crat-, added to the excitement. It is Republicans, who absolutely burn their last bridge behind them, and make the possibility of their return to him too remote to be considered.

ABOUT BEET SUGAR.

The Agricultural Department Gives Out Facts as to the Growing Industry.

WASHINGTON, April 10.-A report just issued by the agricultural department on the sugar beet says that in 113 factories reporting in Germany the mean profit for each was \$32,240 for the past year. The beet growers owned the factory and preferred to share in the general profits rather than to charge a high price for the beets. First class beets rarely sold for less than \$5 a ton. The depart-ment holds that with the best machinment holds that with the best machin-ery and most economical processes beet sugar can be made in this country at a cost of from 3 to 4 cents per pound when the price of rich beets does not exceed \$5 a ton. From re-liable data it is stated that in Europe the cost of erecting a factory with the most modern machinery of a ca-pacity of at least 300 tons of beets per day is about \$200,000. In this coun-try owing to increased cost of trans-portation and the higher price of labor the cost probably would be \$250,-000. The report discountenances cheap manufacturing processes and holds manufacturing processes and holds out no reasonable hope to farmers of successfully establishing home beet sugar factories, but predicts that the co-operative factory methods prac-ticed in Europe, in which beet grow-ing farmers hold part or a majority of the stock, will eventually come into

use here. Seven beet sugar factories are now said to be in operation in this country and four others are building or com-pleted. The rate of increase in sugar consumption for twenty-three years has been 278 per cent in the United States, 142 in France, 159 in Germany and 107 in Australia and 90 in England.
