If you want to make a free silver populistic rainbow chaser mad, just ask him to explain why it is that wheat continues to go up in view of the fact that silver continues to go down.

REPUBLICAN prosperity has been doing some very effective work in the politics of this state, and when the votes are counted in November it will be shown that Holt county has not been overlooked.

The popocrats finally admit prosperity, but say it is just republican luck. But a lucky party at the head of the government is what we have all been praying for, for the last four or five years. Let us therefore continue to be happy. The democrats never had a streak of luck five minutes long during their entire reign.—State Journal.

One of the pleasant features of the convention last Monday was when Col. Neil Brennan brought in a bushel basket full of nice large apples—raised in his orchard in the north part of town—and distributed them to the people therein assembled—pops as well as republicans. The colonel is known for his generosity, and never fails to remember his friends whenever opportunity affords.

It is conceded on every hand that the ticket nominated by the republican convention last Monday is by far the best one that has been placed in the field by any political party in Holt county for many years. Every candidate is a representative citizen and taxpayer, and there is no good reason why every citizen of this county who has the best interests of the county at heart, should not vote the ticket straight.

The candidates on the republican ticket, and the republicans of Holt county generally, are to be congratulated on the selection of John Skirving as chairman of the county central committee. Mr. Skirving's qualifications are such as to especially commend him for the position. He is recognized by all parties as being one of the best, if not the best, campaigners in this part of the state. The convention certainly acted wisely in selecting Mr. Skirving for this important position.

The price of stock and all products of the farm continue to go up and the procession of prosperity continues to march on to the glorious music of protection, prosperity and progress, in spite of the protests of our populist friends, who "view with alarm" the rising tide of prosperity which is sure to leave them politically stranded. They say that it isn't genuine; and sit on their haunches and howl of despair and impending disaster. But their protestations and dismal forebodings are in vain. The procession continues to move on.

What a difference in the sentiments expressed by the delegates attending the two conventions, after the tickets were nominated. At the close of the pop convention, all you could hear was expressions of dissatisfaction over the nominations, and threats of bolting the entire ticket; while at the close of the republican convention, nothing but complete satisfaction with the entire ticket was expressed, either in word or action, and the firm conviction that the ticket will prove a winner is held by all republicans and many populists.

THE TICKET.

The ticket nominated by the republicans of Holt county last Monday is an exceptionally strong one. It is a ticket that every republican, and in fact every citizen who has the public welfare at heart, can shout for. Our enemy, the populists, acknowledge it is about the strongest ticket that has been placed before the people of Holt county for years. The convention was a harmonious and enthusiastic one, and each delegate was impressed with the wish and desire to nominate a ticket that would win, and all are confident they have done it.

The platform adopted by the delegates in convention assembled is one that arouses the latent blood of all true Americans, and made many of our popocratic friends wish they were republicans so they could shout with us and relieve their consciences of the prickings of remorse, for wheat was at the \$ mark and silver, where was it?

The ticket is headed by one of Holt county's most prominent and influential farmers, John M. Alderson, of Chambers. Mr. Alderson has always been a loyal republican and is on the republican ticket as a representative of southern Holt, a portion of the country which has never been recognized by either of the political parties, except for minor positions, and we are assured that his sterling worth and integrity will be recognized, and that he will receive nearly the unanimous vote of that section. THE FRONTIER is pleased to recommend Mr. Alderson to the voters of Holt county as a man who is in every way entitled to their suffrages.

Mr. W. M. Dickerson, the man selected by the convention for sheriff, is so well known that it seems like folly for us to say a word about him. Bill is one of the pioneers of this section, and while he has always exercised his rights as an American citizen by going to the polls and voting the republican ticket, outside of that he has never been connected with politics, and is an honorable and upright citizen. He is eminently well qualified for the position, and his election is conceded.

O. M. Collins, for four years the efficient, courteous and trustworthy deputy clerk of the district court, was the unanimous choice of the convention as candidate for county clerk. Prior to his removal to O'Neill to accept the position as deputy clerk, he resided at Atkinson, where all who know him are his loyal supporters. Should Mr. Collins be successful at the election, and we believe there is none who question it, the taxpayers will find in him an honest, painstaking and prudent official, and one who will perform the duties of the office to the satisfaction of all, and it is with pleasure that we commend him to the voters of Holt county.

The office of county superintendent is one of the most important in the county, and for that office the republican party has selected one of its ablest men, James C. Harnish, of O'Neill. Mr. Harnish was engaged in school work for years, and is a man that has the welfare of our public schools at heart. He is a man who has never sought an office and, in fact, did not seek this nomination, it being given him by his party because they recognized his eminent fitness for the position. It is a pleasure to support a man like Jim Harnish, and we believe that he will be elected this fall by an overwhelming majority.

For the responsible position of county judge, D. C. Harrison of Emporia was nominated. He is a man who spent the best four years of his life fighting for his country, being a veteran of the late war. Mr. Harrison is an educated and polished gentleman, and the people can rest assured that, if he is elected, he will faithfully discharge the duties of that office. His location will add strength to the entire ticket, as he comes from a section that has never before been recognized.

Mr. R. E. Bowden, of Paddock, one of the best civil engineers in the county, is our candidate for county surveyor. Mr. Bowden is also an old soldier, and as his eminent fitness for the position is well known

he should receive the support of every man regardless of party affiliations.

Hurrah for the entire ticket! It is a winner!
