The idea of the universal brotherhood of man, regardless of creed, has been advancing of late. In Washington a Hebrew congregation has been holding services in a Congregational church, by special invitation, and in New York a Protestant minister from his pulpit thanked a Catholic priest who had asked prayers for his recovery from a recent illness. These are little courtesies of themselves, but they show a spirit of toleration and friendliness that deserves the highest commendation.

An exchange says: "Every little while we read in the papers of some one who has run a rusty nail in his foot, knee, hand or some other portion of the body, and that lockjaw results therefrom, of which the patient dies. If every patient was aware of the remedy for all such wounds and applied it, then all such reports must cease. The remedy is simple, almost always on hand and what is better is infallible. It is simply to smoke the wound with burning wool or woolen cloth. Twenty minutes of the smoke will take the pain out of the worst case of inflammation arising from the wound. People may sneer at this remedy as much as they please, but when they are afflicted let them try it. It has saved many lives and much pain and is worthy of being printed in letters of gold and put in every home.

### Their Liberal Use of Whiskey and Boodle Land Them Safely, But with Reduced Majorities.

## FUSION FORCES CARRY THE STATE ALSO

### Sullivan Defeats Post by About 11,000—Fusion Candidates for Regents Have Smaller Vote.

The battle of ballots is over and the populists are again successful, electing the entire county ticket, but by greatly reduced majorities. Boodle, whiskey and promises were scattered freely by the "gang" and the liberal use of these stimulants carried them through. The populists will have about the following majorities over the republican candidates: Stewart 210, Henry 300, Leise 175, Morrow 300, Selah 300.

FOR A DOLLAR TO 1000: For a dollar bill the Semi-Weekly State Journal will be sent from now until January 1, 1898. A good long time to get two big papers every week with all the news of the whole world; all the state news and in fact more news and general reading matter than you get in any other state paper. The Journal is spending money and effort in writing up the interests of Nebraska and setting our state's advantages advantage before the people of the whole country. Nebraska's prosperity will bring thousands of farm buyers to our state. You should read the Journal, which is not an Omaha paper or a Lincoln paper, but a state paper in its truest sense. "What will be for the best interests of Nebraska?" is the first question asked by the Journal when called upon to decide. Every Nebraskan should do his best to keep the State Journal before the people, and that best means by sending in one dollar which will pay for the paper to January, 1898. After you read it send it to your friends in the east and let them see what good things we are doing in Nebraska. Send in your dollar to the State Journal, Lincoln, Neb. The sooner you send the more papers you will get for your money.
