THE FRONTIER.

PUBLISHED EVERY THURSDAY BY HE FRONTIER PRINTING COMPANY D. H. CRONIN, EDITOR.

THE poor farm proposition carried, 785 votes were cast for it, and 583 against it.

IF THE Omaha World-Herald would devote the space it is giving Rosewater to legitimate news its readers would be better satisfied.

THERE is more of our navy than some of our European friends suppose. We have, according to a report just submitted to Secretary Long, a total of 141 vessels.

THE United States has ceased to be a rival of any other country in the production of iron and steel, and now leads the world in both, which would not have been possible without a protective tariff.

THE sensation mongers now report England as preparing to prevent the annexation of Hawaii. Even is England, or any other nation, were disposed to attempt to interfere, it is too late. Annexation is as good as accomplished.

THE FRONTIER desires to congratulate Prof. Berkley, of the Ainsworth Star-Journal, on his election to the office of county superintendent of Brown county, and also, to suggest that he might "fuse" with his late opponent, thus making both partie happy.

C. A. Manville, who was superin tengent of public instruction in thi county for four years, has been re elected county clerk of Dodg county. As there was only two re publicans elected in that county looks as if the taxpayers of Dodg have a warm spot in their hearts for the Holt county colony.

As we read the editorials of th majority of populist newspapers, v are more than ever impressed wit the idea that they are edited by very dangerous class of men Dangerous because they are either ignorant or malicious, and often both. They are almost to a man advocating the same doctrine which plunged this country into a civil war a little over thirty years ago. Their howl is "down with the government," and their sole aim is to cause fellows of big mouths and little heads should succeed in starting a rebellion by their inflamed and crazy teachings, they would, like Debs, be the first to draw in their horns and thing that Bryan denounces in his Falls City Journal.
