TEACHERS' MEETING.

The Holt county teachers' association met in O'Neill last Saturday. Thirty-two teachers attended, also a number of the patrons. Lieutenant Governor Harris was present and gave some very valuable suggestions to both teachers and parents.

The first number on the program was a paper on "Drawing," by B. B. Smith. Mr. Smith was absent but the subject was ably discussed by G. W. Whitehorn, of Boyd county. The next was a paper, "The Work in Civil Government," by G. W. Worrel. Mr. Worrel was absent, but the work was discussed by Wm. Morrow, R. F. Cross, T. V. Golden, Mr. Lowrie, E. H. Whelan and others. Mr. Cross favored sham trials in the work. Mr. Golden thought them detrimental as the pupils would then have a desire to get into court. Mr. Lowrie thought that too much time was given to learning the names of transient office holders and not enough time devoted to learning the principles of government. Mr. Whelan contended that the training the pupils received in seeking such information was beneficial.

Miss Cora A. Thompson read an excellent paper on "Ideal Relations of a Community to Its Public Schools." The paper was discussed by Minnie E. Daly. Each thought the community at fault in thinking the public schools can educate their girls and boys without any help from them. The school is only one of the many educational forces. The newspaper, the library, the social and intellectual clubs, the church, the home, the loafing place, each exerts an influence not to be underestimated. Mr. Selah believes the teachers are partly to blame for the lack of sympathy between the community and public schools, and urged them to visit the homes of the patrons without formal invitations.

This was followed by a paper, "Modern Psychology and Its Contributions to Education," by E. H. Whelan, which was discussed by Mrs. Addie Clark. "Barriers to Educational Advancement" was read by R. F. Cross. Lieutenant-Governor Harris gave an able lecture in the evening on "Educational Forces." MINNIE E. DALY, Secretary.

Is very unpleasant, and one is always anxious to get to his destination as quickly as possible. HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate, or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder, and every part of the urinary passages. It corrects inability to hold urine and scalding pains in passing it, or bad effects following the use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention THE FRONTIER and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

Towle, of Philadelphia, Tenn., has been using Chamberlain's Cough Remedy for her baby, who is subject to croup, and says of it: "I find it just as good as you claim it to be. Any person cured of Kidney weakness will tell you that when the back ceased to ache, all troubles ended. Neither liniments, nor plasters, nor electricity can cure it. The seat of the trouble is not in the skin, flesh or muscles. It's in the kidneys.
