**Be Careful**

No woman can be too careful of her condition during the period before her little ones are born. Neglect or improper treatment then endangers her life and that of the child. It lies with her whether she shall suffer unnecessarily, or whether the ordeal shall be made comparatively easy. She had better do nothing than do something wrong.

**MOTHER'S FRIEND**

is the one and the only preparation that is safe to use. It is a liniment that penetrates from the outside. External applications are eternally right. Internal medicines are radically wrong. They are more than humbugs—they endanger life.

Mother's Friend helps the muscles to relax and expand naturally—relieves morning sickness—removes the cause of nervousness and headache—prevents hard and rising breasts—shortens labor and lessens the pains—and helps the patient to rapid recovery.

From a letter by a Shreveport, La., woman: "I have been using your wonderful remedy, Mother's Friend, for the last two months, and find it just as recommended."

Druggists sell it at \$1 per bottle.

 Little 5-year-old Willie had been t. the theater and upon his return his mother asked him how he liked the play. "Oh," he replied, "the play was all right, but I didn't get to see near all of it." Why, how did that happen? asked his mother. "Because," answered Willie, "the roller must have been broke for the window blind fell down two or three times."

**Individual Consumption of Air.**
