FIGHTING ATTENDS THE MOVEMENT

Five Members of North Dakota Regiment Killed and Two Wounded-Troops Concentrate at Mouth of River-Two Companies of Fourteenth Guard Lambun and Rest Go Forward.

MANILA, April 15 .- (New York World Cablegram.)-I have just returned tonight from Paite on the eastern side of Laguna de Bay where I left Major General Lawton. The general was detained there trying to float the launches captured from the rebels. His expedition has been advancing northward, driving the Filipinos before it. The troops marching on land are supported by the gunboats on the lake. Every town on the line of march since my last previous dispatch was sent has been captured without striking a blow, for all the inhabitants fled on the approach of the American troops, leaving the towns deserted except for the Chinese residents who remained. These Chinamen will be deported to Manila for fear they would be massacred when the natives return.

FREDERICK PALMER. General Lawton is marching north along the road between the hills and the lake, with the gunboats Rapidan and Laguna de Bay abreast of his troops. The enemy is retreating northward

On Wednesday the troops crossed the Paghanjan and concentrated at Lambun, at the mouth of the river. After leaving two companies of the Fourtheenth regiment to guard the entrance of the river, the troops marched to Longas and found it deserted. Furniture which had been dropped in the flight of the natives was scattered along the trails leading into the hills.

Major Weisenberger's sharpshooters were sent toward Pactos Ancontenca in the afternoon. They ran upon a nest of rebels in some trick bushes which afforded a splendid cover.

Five men of the North Dakota regiment were killed and two were wounded, two of the former dying after having been brought to Longas church, where Father McKinnon administered the sacrament to them.

along the road to Paghanjan a party of travel back at their own expense, he sixty sharpshooters under Lieutenant Southern of the Washington regiment came upon a trench across the road about a mile out of Santa Cruz. Lieutenant Southern was wounded.

The Americans then advanced with the mounted guns and the Fourteenth infantry battalion in the center, Linck's battalion of the First Idaho on the right and Fraine's battalion of the First North Dakota on the left, both flanking. The trench was carried without loss to the Americans.

Four monuments on the border of the village celebrate the proclamation of Filipino independence, issued last year, and glorifying "Aguinaldo, the liberator.

The troops on entering the abandoned houses found them in perfect order. A few guerrilla shots were exchanged, and one member of the Fourteenth regiment was shot in the leg by his comrades who were aiming at a Cariboo.

One Filipino was killed and five wounded in the encounter beyond Longas. This was an ambush. Eight members of the North Dakota regiment, moving in single file through the woods, received a volley from a clump of bushes fifty feet away. But one got off unhurt. He dragged a comrade with four bullets in his body to the main force and then led the troops back to the spot of the attack. The Filipinos were easily scattered.

Additional Filipino dead found north of Santa Cruz swell the number of the enemy killed on Monday to 150, including Paole Aguirre, one of the leaders, and twelve officers.

Aiger Returns from Cuba.

WASHINGTON, April 15.—Secretary of War Alger returned tonight from his trip to Cuba and Porto Rico. In an interview tonight he said:

'I had no adequate idea of the wonderful possibilities of Cuba and Porto Rico before my personal investigation nd I return to Washington with renewed faith. The duty we have taken upon ourselves of holding Cuba in trust for civilization is a noble one.

'The problems are meeting satisfactory solution and I see no reason to fear the future. None of the serious questions which have already arisen or will arise are insurmountable. Havana is beginning to feel the benefits of American control and the advance and development will be enormous. I was agreeably surprised to find so little distress on the islands. The amount of rations for distribution among the people is rapidly decreasing and as fast as is dead of pneumonia, in this city. Mr.

Ex-Queen Dowager Very III.

SAN FRANCISCO, April 15 .- Honolulu advices of April 5 say: The ex-Queen Dowager Kapiolani is seriously ill. She had another stroke of apoplexy about a week since, and in place of becoming better, she failed from day to day. Not even her most intimate friends are allowed to see her. Prince Cupid Kalanianole returned from Kona on the steamer Mauna Loa on April 4, having been summoned to hasten to the bedside of his aunt. The a desperate one.

THAT COMMISSION.

The Samoan Tribunal, Duly Instructed,

Prepares to Start. WASHINGTON, April 15.-After hearing this morning from the British and German embassies, the state department was enabled to announce positively that the three parties to the Berlin treaty had agreed upon the instructions to be given their Samoan commissioner and that it was certain that the commission would leave San Francisco April 25 for Samoa on the Badger.

The instructions to the commissioners are identical, the three governments having accepted a form which compromises the differences which have existed up to this point. The commission will be empowered to deal with the situation as it finds it in the Samoan islands upon its arrival. This applies to acts necessary to place the affairs of the islands in a peaceful and satisfactory condition for the time being, and whatever the commission does in this direction is understood to be of a temporary character and subject

to the approval of the three powers. As to the merits of the bitter controversy between the representatives of the powers on the islands which led up to the unfortunate outbreak of April 1, the commissioners are expected to make a thorough, impartial investigation and report the results to their respective governments. The latter will by ordinary diplomatic exchange apply any corrections that may seem to be

The commissioners will have no power to alter the treaty of Berlin. They may make recommendations to that end, and where they are unanimous it is probable that the recommendations will be accepted for changes in the

To Be Mustered Out in May.

WASHINGTON, April 15 .- The protest of Governor Lee of South Dakota against further retention of the volunteers from that state in the army created some excitement at the war department today.

Adjutant General Corbin, when his attention was called to the matter, was pronounced in his criticism of the governor's action. He said the president and the war department were doing everything in their power to bring about the prompt mustering out of the volunteers now in the service, but it was manifestly absurd to think that all the boys from the northwest can be discharged until their places shall have been filled by others.

WASHINGTON, April 15.-Representative Payne of New York is here on his way to Atlantic City where the caucus organized by the republicans of the last house will meet Monday to exchange views, preparatory to the framing of a currency reform measure to be submitted to the next house in December. It is the purpose of the currency committee to frame a bill in terms if that is feasible; if not, to agree as far as possible upon the general principles to be embodied in the measure.

Threats of Mrs. George.

CANTON, O., April 15 .- Aditional cross-examination of Mrs. Mary Finey opened yesterday's proceedings in the trial of Mrs. George for the murder of James D. Saxton. This was chiefly directed toward proving that the witness had been coached for her direct testimony. Mrs. Mary Nauman related conversations of Mrs. George. In one the latter told of having kept Saxton from entering the Althouse home by pointing a pistol and making him come away with her.

Military Burisl for Tabor.

DENVER, April 15.-The late postmaster and ex-United States senator, H. A. W. Tabor, was honored with a military funeral. The body was escorted by the local companies of the Colorado National Guard from the capitol, where it had lain in state since 2 p. m., to the Church of the Sacred Heart, where solemn requiem high mass was celebrated at 9 o'clock by Rev. EORDS RIVERS: THREADS JUNGLES

Drives the Enemy Before Him as He Goes Marching Along-North Dakotans Under a Cross Fire-Volleys Fired from Concealed Trench at a Distance of Fifteen Yards-Five Men Killed and Two

MANILA, April 14.-(New York World Cablegram.) - General Lawton's expedition yesterday advanced to a point eight miles north from Lumban and occupied Paite, the military center of the Laguna de Bay district. They forded two rivers and marched through tangles of underbrush, driving a small number of the enemy before them.

Fraines' battery of North Dakotans marched twelve miles from Pagsajan to Paite. In taking Paite in the afternoon the North Dakotans were in the center and the sharpshooters flanked, when the column suddenly encountered a cross fire of the rebels. Sharpshooters were moved out quickly and a squad of five of the North Dakota men was surprised by a volley at fifteen yards from a concealed trench. Two were killed and two wounded, one mortally. The Dakotans' sharp-shooters rushed down the steep incline and took the trenches by dusk. The total losses of our forces were five killed and two wounded.

The expedition is practically living on the country. All the natives have fled. Our forces are sufficient for auvancing and driving the enemy, but it cannot garrison what it takes. General Lawton has carte blanche in the movement and will use his own judgment. The lake insurgents' loss yes terday was small.

Three outposts last night were slashed by Bolo men. Two dying Dakotans said: "Let's smile and die game." The launches captured on Tuesday are worth \$60,000. The army's ar-

mored launches were of great assistance in shelling the trenches from the MANILA, April 13.-4:05 p. m.-At about 4 o'clock this morning a small

Instead of doing so, after the Boston sailed from Zamboanga, the Spaniards transferred the gunboats to the agents of Senor Reyes and the fleet left Zamboanga unescorted. They soon returned and reported having been boarded by rebels, who removed the gunboats armaments. If the instructions of the American naval commander had been obeyed their capture would have been im-

Brooke Gets the Army Rolls. HAVANA, April 14.-The original rolls of the Cuban army were delivered to Governor General Brooke this evening. Senor Domingo Mendez Capote, vice president of the recently disbanded military assembly and long prominent in Cuban affairs, volunteered to attempt to obtain them from the special executive committee that survived the assembly. The rolls were delivered to him on his request.

Twelve generals and many officers of the First and Second army corps of the Cuban forces met at Bayamo yesterday and decided to name General Maximo Gomez as the representative of the Cuban army to the Americans with full power to treat for the army. There were 120 votes in favor of Gomez and twelve against him.

Loubet Returns Thanks.

WASHINGTON, April 14.-The state department today made public the following message from President Loubet of France in reply to that sent vesterday by President McKinley

PARIS, April 14.—To His Excellency William McKinley, President of the United States, Washington: I am deeply touched by the sentiments which your excellency was pleased to express toward me on the occasion of the signing of the ratification of the treaty of peace between the United States and Spain, and I heartily thank you therefor. I especially desire to assure your excellency of the sincere desire of the overnment of the republic and its president constantly to draw closer the bonds of traditional friendship which have so long united the two great republics. EMILE LOUBET.

No Call for Troops.

WASHINGTON, April 14.-It is stated at the war department that General Otis has not called for additional troops and insists that his present force, reinforced by the six regiments under orders to proceed to Manila, will be ample. No action has yet been taken by the war department looking to the mustering out of the volunteers and nothing will be done until the arrival of the regulars. General Otis will then be autnorized to re-enlist such of the volunteers for six months as may desire to serve for that length

BRITAIN YIELDS A LITTLE.

Consents to Unanimity in Findings of the Commission.

BERLIN, April 14.-The United States embassy at noon today gave the correspondent here of the Associated Press the following statement:

We have received from the foreign office an account of the latest conflict in Samoa. 'Lhe German government expressed sympathy and took occasion to urge the adoption of the unanimity rule in the findings of the Samoan commission in order that the German commissioner, Baron Speck von Sternberg, might sail for Samoa at the earliest moment possible. The German government urged only that the early arrival of the commission

will prevent further serious bloodshed. This morning Baron Von Buelow informs the American ambassador that Great Britain has at last agreed to the unanimity rule, the United States also agreeing, and that the commission can probably proceed to the islands without delay

The German press this morning gives yesterday's news calmly and mostly

without comment. The Cologne Gazette remarks: "We need not say that is the guilt of the manager of the German plantation is proved Germany will approve of his arrest and demand for his punishment. We will not defend the behavior of a German abroad merely because he is a German.

The Cologne Gazette also admits that Dr. Raffel (the German president of the municipal council of Apia), acted illegally in closing the chief justice's office, and says: "The other powers, we hope, will also admit the illegal acts of their representatives."

The Tageblatt calls the arrest of the German manager of the plantation, on which the ambuscade took place, it:.gal, saying: "Our consul is the only competent judge."

The Lokal Anzeiger expresses the opinion that the affair shows the need of prompt action by the commission. The Vossische Zeitung says: "What

ever action the German government takes it will find itself fully backed A number of leading papers, like

the Deutsche Zeitung, Scalessische Zeitung and Hanover Courier, point out the necessity of a larger navy and urge the hastening of the present increase in its strength and the adoption of an additional bill for the construction of other vessels.

The Reichstag interpellation on the subject of Samoa is signed by a majority of the members and asks the government for information regarding the "events in Samoa which have injured German interests so seriously,' and also requests information regarding the measures taken or intended to be taken by the government under the

circumstances. WASHINGTON, April 14.-Admiral Kautz' actions in Samoa, as far as they are set forth in the official dispatches, are approved. He was instructed by the last mail steamer from Auckland to avoid needless collisions, but to protect property and life until the three treaty powers decided how to deal with the situation. No further instructions have yet been sent to him, and if any go forward by cable within the next twenty-four hours, which is the limit of time available if the outgoing steamer is to be caught at Auckland, this will be simply a repetition of former orders.

Department officials point out that from accounts so far received the admiral appears to have acted in conjunction with the British forces only in pursuance of the policy of defense of foreign interests. It is expected that he will not abate his efforts to secure the restoration of peace and it is probable that when the aigh commission arrives at Apia it will find its work facilitated through the suppression of the rebellion.

Auginaldo Will Not Quit.

NEW YORK, April 14.-- A dispatch from Washington says: Officiais are becoming convinced that Aguinaldo proposes to maintain a guerrilla warfare which will keep the island of Luzon in constant turmoil and necessitate the maintenance of a strong American army there. The approach of the rainy season, now only a few weeks distant, will greatly embarrass American operations and will, of course, benefit the insurgent forces. A great deal is still expected from the work of the Schurman commission, but the effects of its recent proclamation have not been as great as the authorities hoped for.

Among those present were President McKinley, Secretaries Wilson, Long and Attorney General Griggs, the Britisn. Statement Is Denied.

LONDON, April 14.-It is asserted that the statement that the Marquis of Salisbury has unreservedly adhered to the principle of unanimity of the decisions of the Samoan commission is incorrect. The question as to the extent to which unanimity is necessary has still to be settled, and certain reservations will probably be made by Great Britain. The exact terms of the instructions to the commissioners have not yet been agreed upon.

The Proclamation Does Good. WASHINGTON, April 14.-President

McKinley today received a dispatch from Dr. Schurman, president of the Philippine commission now at Manila. The message says that the proclamation recently issued has done great good and that the Filipinos are visiting the commissioners every day to express their desire to become citizens of this country. The message also stated that Filipinos coming into Manila declare that Aguinaldo's government is tyrannical and that many natives are deserting from his standard each day.

Mr. Editor:-For the good of suffering humanity, and particularly those suffering from that most dreadful disease, rheumatism, we desire to inform your readers that the only specific in the world today for this disease is our "Five Drops" remedy. "Five Drops" is the name, and "Five Drops" is the dose. It is not only acknowledged a specific by the many thousands who have been cured by its use, but it is now acknowledged to be such by the medical profession, many of whom use this remedy in their daily practice, and they state to us that it is the only thing with which they can cure the rheumatism. This remedy not only positively cures this disease, but it never has failed and it never can fail to cure any and all of the following diseases: Sciatica, Lumbago, Neuralgia, Catarrh, Creeping Numbness, Nervousness, Asthma, Heart Weakness, Toothache, Earache, La Grippe, and diseases of the liver and kidneys. "Five Drops" is not a patent medicine, but was perfected only after vast research in scientific fields, and at great expense. It never can be fully appreciated until it is used. Many of its cures border on the miraculous. Words are almost inadequate to express the great benefit which suffering humanity is daily deriving from the use of this most wonderful remedy. Its merits and medicinal properties are as far above the other remedies offered for sale as the mountain is above the valley. It is worth its weight in gold to anyone suffering from any of the diseases for which it is recommended. The price is low and within the reach of all, \$1 per bottle for full size (300) of all, \$1 per bottle for full size (300 doses), prepaid by mail or express, or six bottles for \$5. Anyone desiring to test its efficacy without ordering a full size bottle, can have a 25 cent sample bottle sent by mail until May 10, by sending 10 cents to the Swanson Rheumatic Cure Company, 167 Dearborn street, Chicago, Ill.
