Extract of speech of General Joe Wheeler at ex-confederate re-union, Charleston, N. C.: The battle-scarred veterans who during four years of bloody warfare dazzled the world with the splendor of their heroism, are fast passing away. The few who remain gather annually to renew the friendship, which formed among such scenes is the warmest and most enduring. No greater heroes were in the legions led by Alexander, Hannibal, Charlemagne or Napoleon. You contended with men of endurance, fortitude and courage, men with the same birthright of freedom, imbued with the same spirit of liberty, men who were as conscientiously contending for what they deemed the right of the federal government, as you for what you just as firmly held to be your rights.

**A Narrow Escape.**

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D.: "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God, I am eaved and now a well and healthy woman." Trial bottles free at P. C. Corrigan's drug store. Regular size 50 cents and \$1.00. Guaranteed or price refunded.

Oakley, treasurer of the Sioux City and Northern. "When J. Kennedy Tod & Co. come into possession of the road they will do just as does any other firm when it forecloses an ordinary mortgage—just as does a man when he forecloses a mortgage on a house. The house would be for sale as quickly as the mortgage was foreclosed, and so will this railroad be upon the market, and it will go to the highest bidder. The road may be resold within a week after the foreclosure sale, and it may not be sold for a year. My idea is that it will be purchased by James J. Hill and, mark the prediction, that ultimately the original scheme of A. S. Garretson, which so attracted Mr. Hill in the early '90s, to consolidate the Pacific Short Line, the Sioux City and Northern and the bridge and terminal properties and use this as a nucleus for further building, will be carried out. It is to be remembered that J. Kennedy Tod has been Mr. Hill's broker for many years, and that they are directors together in the Great Northern and in the Baltimore and Ohio, and that Mr. Tod's uncle, John S. Kennedy, is a warm personal friend of Mr. Hill and also interested with him in the Great Northern. Mr. Hill, just now, is in Europe, working upon a plan to establish a line of Pacific ocean steamships and this Pacific Short Line would be rather a small matter for him to take up, but if his system ever is extended to Colorado points it will be by way of Sioux City and the Pacific Short Line."

**MILWAUKEE DOESN'T WANT IT**

(Sioux City Times.)

Chicago, Ill., May 11.—Special: The delegation of Sioux City bankers and business men who compose the railroad committee of Sioux City's Commercial association, remained in Chicago to day to confer with Roswell Miller, president of the Chicago, Milwaukee and St. Paul Railway company, who was in Iowa the day before. The particular object of the Sioux City party's mission is said to have been an attempt to interest the Milwaukee in the purchase of the Pacific Short Line railroad, which will be sold at foreclosure sale at South Sioux City, Neb., May 26, with a view to important extensions. As a result of the conference with President Miller, however, the committee was told that the project had no attraction for the Milwaukee and that it would in no way interest itself in the direction of actual control. Mr. Miller vouchsafed this information in an interview tonight, saying he was not aware of the delegation's further plans.

"I do not believe there is a man in Sioux City who knows what will become of the Pacific Short Line after it has been sold May 26 at foreclosure sale," said George Walter

**Spain's Greatest Need.**

Mr. R. P. Olivia of Barcelona, Spain, spends his winters at Aiken, S. C. Weak nerves had caused severe pains in the head. On using Electric Bitters, America's greatest blood and nerve remedy, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures liver and kidney trouble, purifies the blood, tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. If weak, tired or ailing you need it. Every bottle guaranteed, only 50 cents. Sold by P. C. Corrigan, druggist.

**A Word to Doctors**

We have the highest regard for the medical profession. Our preparations are not sold for the purpose of antagonizing them, but rather as an aid. We lay it down as an established truth that internal remedies are positively injurious to expectant mothers. The distress and discomforts experienced during the months preceding childbirth can be alleviated only by external treatment—by applying a liniment that softens and relaxes the over-strained muscles. We make and sell such a liniment, combining the ingredients in a manner hitherto unknown, and call it

**Mother's Friend**

We know that in thousands of cases it has proved more than a blessing to expectant mothers. It overcomes morning sickness. It relieves the sense of tightness. Headaches cease, and danger from Swollen, Hard and Rising Breasts is avoided. Labor itself is shortened and short of most of the pain. We know that many doctors recommend it, and we know that multitudes of women go to the drug stores and buy it because they are sure their physicians have no objections. We ask a trial—just a fair test. There is no possible chance of injury being the result, because **Mother's Friend** is scientifically compounded. It is sold at \$1 a bottle, and should be used during most of the period of gestation, although great relief is experienced if used only a short time before childbirth. Send for our illustrated book about Mother's Friend.

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. Geo. S. Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles." Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back sprains, swellings, cuts, bruises and burnings, for which it is unequalled. For sale by P. C. Corrigan.
