In Memoriam.

Harvey Herbert Bentley died Wednesday, Oct. 4, 1899, at 9:30 a. m., at the home of his parents in this city. For the past three years he had been employed as bookkeeper for the William Krotter Lumber Company at Stuart but lately was forced to resign on account of failing health and went to Long Pine with the hopes of rest and returning strength, but he became worse and last Thursday returned to his parent's home in this city.

The deceased was born in Floyd county, Iowa, Dec. 24, 1870, and removed to this county in 1884. He was a graduate of the O'Neill High School, having graduated from that institution June 29, 1888.

We tender our sympathy to the parents and friends of the deceased in this hour of their affliction and sorrow.

Christina Larson, aged 65 years 11 months and 25 days died this morning of cancer of the throat. Deceased lived near Leonia. The funeral will be held next Saturday.

We are again compelled to beg the leniency of our readers for our tardiness this week as we were kept back by circumstances beyond our power to control, and again we hope to be with you on time next week.

Answers Star Journal: Mr. Fleherty, the pop evangelist who is around over the district, was formerly a Methodist preacher at Long Pine, but got mad because he could not run Methodism according to his peculiar idiosyncracies, left the church and went into the Campbellite fold, with no better results and finally degenerated into a fifth rate lawyer down at Ogalala, and has now plunged into the malstrom of popism, as comedian for a raveling band of pop barn stormers with Cyclone Davis, another ex-preacher, as leading villain, and Poker player Neville as leading gent. There is a lovely lot for you. Lets see, Congressman Green was an ex-preacher, also, wasn't he?

Individual Consumption of Air.

It is computed that when at rest we consume 500 cubic inches of air a minute. If we walk at the rate of one m. l an hour we use 800; two miles, 1,000 three miles, 1,600; four miles, 2,300 If we start out and run six miles a hour we consume 3,000 cubic inches of air during every minute of the time.

The Verb "Jew."

The earlier editions of Webster's Dictionary contained a verb, "to Jew," and defined it "to cheat," "to play with," etc. At the request of a number of influential Israelites, the word was eliminated from the book. As a matter of fact, however, the word had no connection with or reference to the followers of the Mosiac faith. It was derived from the French "jeu," and "jouir," which means "to play with," "to cheat," etc., but its orthography had become corrupted to "jew." It did not appear in subsequent editions of the work.—Hebrew Standard.

On the 10th of December, 1897, Rev. S. A. Donahoe, pastor M. E. church, South, Pt Pleasant, W. Va., contracted a severe cold which was attended from the beginning by violent coughing. He says: "After resorting to a number of so-called 'specifics,' usually kept in the house, to no purpose, I purchased a bottle of Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommend it to the public." For sale by P. C. Corrigan, druggist.

During the winter of 1897 Mr. James Reed, one of the leading citizens and merchants of Clay, Clay county, W. V., struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whiskey in bathing it, but nothing gave any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by P. C. Corrigan, druggist.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hannick & Co., of Shelby, N. C. Trial bottles free at P. C. Corrigan's drug store. Regular size, 50c and \$1.00. Every bottle guaranteed.

Call for County Suffrage Convention.

All friends of justice and equal rights in Holt county are urgently invited to meet in mass convention in O'Neill, Oct. 20-21, 1899. The convention will be held under the joint auspices of the National-American Woman Suffrage Association, and the Nebraska Equal Suffrage Association. Able speakers will be present, and an entertaining, instructive program will be provided. Four states, Wyoming, Colorado, Utah and Idaho, have already granted full suffrage to women, while twenty-six additional states have admitted the justice of the claim by extending partial suffrage. The states which have had full opportunity to observe the advantages of woman suffrage unite in the testimony that it has proved beneficial in every direction. It has in no way injured men, women, or the state. Instead, under its influence, women have become more intelligent and self reliant; good men have been encouraged by the moral aid of women, and have sought the purification of politics, which they were unable to accomplish alone, while the state has gained a new dignity by the introduction of this moral force. Important business concerning the methods of work best suited to hasten the establishment of woman suffrage, in order that the state may gain its consequent good effects, will be considered in the convention. The friends of suffrage are invited to attend the sessions that they may be converted; and the opposed are invited to participate in the discussion, presenting their side of the question. Everyone is invited. Come one! Come all! Mary Smith Hayward, Chadron, president Nebraska W. S. A., Helen Goff, Lincoln, Cor. Sec'y Nebraska W. S. A., Jennette Taylor, O'Neill, Vice Pres. at Large.
