GRAND RALLY

SENATOR THURSTON

Will address the people of Holt county at the COURTHOUSE IN O'NEILL,

ON
Wednesday eve, Oct. 25, 1899.

A cordial invitation is extended to all parties to come out and hear him. This is an opportunity for the people in this part of the state to hear one of the first orators of the nation.

Ceal Bemmont of Washington, D. C., a son of Col. Bemmont of the Third cavalry, is in the city, the guest of Lieutenant C. E. Hall. Bemmont was a member of the rough riders, of San Juan Hill fame, and bears marks of the battle, he having been shot three times.

The presiding elder, Rev. Wm. Gorst D. D., will preach at the Methodist church Sunday evening at 7:30. The sacrament of the Lord's supper will be administered. A new communion set purchased by the Junior Epworth League will be dedicated. Everybody invited.

Since July the F. E. tracks have been kept warm hauling range cattle into market. As high as 3,000 head have passed through O'Neill in one day. This it is said; represents the sum of \$120,000 and probably more. Our county does not ship many fat kine, the most of the cattle handled in this county being driven east and fed corn.

W. A. Martin, an attorney of Emerson Neb., was in the city a few hours Tuesday. Mr. Martin will be remembered by the old-timers as the foot-racing school teacher who defeated Tim Hanley in a 100-yard dash, in this city about eight years ago, and at the same time relieved the sports of a few hundred dollars.

M. F. Cronin of the O'Neill camp and Commissioner McGowan of the Spencer camp and father, H. C. McGowan of Chambers, were at Neligh Sunday last to attend the dedication of a monument which was erected by the Woodmen of the World to the memory of Sov. Murice L. Curtis, a member of that order who recently died at Spencer and was interred at Neligh.

F. M. Reymond, manager of the O'Neill Grocery company's store in this city, departed on Tuesday for York, this state where, The Frontier is informed, he was on Wednesday united in marriage with Miss Jean Cohen. As Fred left no Havana fillers nor strawberry shortcake we are unable to give particulars, but extend well wishes and the right hand to them both.

On the 10th of December, 1897, Rev. S. A. Donahoe, pastor M. E. church, South, Pt Pleasant, W. Va., contracted a severe cold which was attended from the beginning by violent coughing. He says: "After resorting to a number of so-called 'specifics,' usually kept in the house, to no purpose, I purchased a bottle of Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommend it to the public." For sale by P. C. Corrigan, druggist.

The livery barns of O. W. Baker and J. B. Mellor are late improvements in our city. Mr. Mellor's barn is located nearly on the site of the old Ward barn which was recently burned. The barn, though in use, is not yet complete, the painting being yet to be done and some finishing inside. Mr. Mellor has equipped his barn with new buggies, harness and other livery attire, making a fine outfit. Mr. Baker's barn is on the old Potter House site and is substantial and commodious. It will hold some fifty head of horses and contain hay enough to feed them one month. Mr. Baker saved most of his buggies and other property out of the barn during the fire and has it in use in his new location.

On last Saturday evening, at the residence of County Judge Selah, were united in marriage Mr. Henry Waterman and Mrs. Alice Scott, both of O'Neill. Mr. and Mrs. Waterman are both well known in this city and throughout the county and nothing that The Frontier could say will add to their high standing in the community. Mr. Waterman is seventy years of age but rugged and active. They will reside in what is known as the Scott property in this city.

Mrs. R. J. Marsh returned from her eastern visit last Saturday. The last month of her visit she spent in New York and was an eye-witness of the land and naval parade given in honor of the return of Admiral Dewey. She says it was a grand, impressive sight to see the marines march through the beautifully decorated streets of New York to the music of the bands and the cheers of the hundreds of thousands who had assembled to bid them welcome. It must have been a grand sight, and Mrs. Marsh was fortunate in being able to witness it.

The ladies of the Presbyterian church are arranging for a flower festival and entertainment to be given at the opera house, early in Nov. The exact date and program has not yet been settled upon but full particulars will be given later. The ladies wish to say however that an antique room will be one of the features of this entertainment and any one having a piece of furniture, picture, waring apparel, bric-a-brac or anything of value on account of age, and who would be willing to loan such articles for this occasion will notify any of the following named ladies, Mrs. James Stout, Mrs. W. T. Evans or Miss May Skirving. Kindly do this at once so that the ladies may know how much space will be required for this exhibit.

Miss Claudia Blair and Harry P. Dowling were married at the home of the bride, Eldorado Springs, Mo., Tuesday, October 3. It was quite a surprise to the people of North Bend when the young couple arrived home Saturday evening and the announcement was made that they were married, although there were a few who surmised that when Harry went away the week before that he was out on a mission that he did not care to have heard about until the knot had been tied. The bride is well known to a goodly number of North Bend people, as she spent much of the time some seven years ago in this city with her aunt, Mrs. H. I. Adams, and made the acquaintance of a large circle of friends. The groom needs no introduction to the people of North Bend. Born and raised here he has always been a favorite among the young men of the community. During the past few years Harry has not been at home very much. From the time he entered the State University, his time has been occupied with study and holding responsible position as clerk in different capacities, and at the present time is the assistant cashier of the Bank of North Bend. This couple will be quite an addition to the society of the city, and we join in extending to them congratulations and wishes that their new state in life will be one of joy and prosperity.—North Bend Eagle.

Ex-Governor Crouse arrived in the city yesterday morning from the west, and after spending the day visiting old-time friends, addressed a large and enthusiastic audience at the court-house last night. The meeting was called to order by R. R. Dickson, who, after a few words of introductory, presented Judge Alder, of Ainsworth, one of the republican candidates for district judge, who arrived in the city during the afternoon. Judge Alder spoke only for a few moments, but long enough to convince the voters present that he was competent and qualified to deliver a good address. During the course of his few remarks he paid an eloquent and justly merited compliment to Judge Kinkaid, which was loudly applauded.

Ex Governor Crouse who was to make the address of the evening was then presented and he received an ovation as he rose from his chair and stepped to the front of the rostrum. He opened his address by relating an amusing incident that occurred many years ago, the central figures of which were the governor of Missouri and the Prince of Wales. This at once put him on an easy footing with his auditors and he immediately launched off into a thorough and learned discussion of political issues. He first took up the McKinley tariff bill and showed his audience the prosperous condition of the country while that tariff was in operation. He then came to the time when democracy secured control of the executive and legislative branch of the government and repealed the McKinley bill. After the repeal it was found that revenue was necessary to defray the expenses of the government and the Mills bill was introduced and passed by the democrats, it being a modification of the McKinley bill. The speaker named a few articles upon which the democrats greatly reduced the tariff, it being apparent that the reduction was not of any benefit to the poorer classes.

Governor Crouse then took up the question of the war with Spain and traced it through the various stages of development to the present time showing clearly to the unbiased minds that the administration could not do otherwise than maintain its present course in the Philippines and be faithful to his country. His remarks upon this question was an eye-opener to many present, as he put the matter before them in a different light than it had ever been presented before, clearly showing them the justness of the policy pursued. The governor had many friends in O'Neill and by his address made many new ones, and it is believed that his speech was beneficial to the party in this section.

A fellow by the name of Clark tried to drink up all the good and bad whiskey in O'Neill the other day and thereby got himself into trouble which might have gone seriously for him. Shortly after six o'clock Monday evening Clark, whose parents live near Page, went into the livery barn of P. D. and J. P. Mullen and led off the back door a stallion belonging to the firm. The barn hand saw Clark lead the horse away, but thought perhaps Mr. Mullen had sold him. When Mr. Mullen returned about 7 o'clock, the barn man asked him what he got for the stallion. Mullen took the question as a joke and though being told that the horse had been led away did not take it seriously. Later in the evening he happened in the back end of the barn when he noticed that the stall occupied by the stallion was empty. A posse of men were got together and started in pursuit of Clark, who was overtaken down near the Wynn place, only a mile out of town. Clark had been some two horse traveling one mile. He dropped his hold on the horse when his pursuers came up and made for a corn field. The horse was returned safely to his stall and Clark on the morrow came into town, when Marshal Horriskey arrested him. Mrs. Clark, mother of the chap in custody, came up to O'Neill and pleaded for the release of her erring son. Young Clark appeared slightly demented and it was thought best to release him.

During the winter of 1897 Mr. James Reed, one of the leading citizens and merchants of Clay, Clay county, W. V., struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whiskey in bathing it, but nothing gave any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by P. C. Corrigan, druggist.
