In the silent watches of the night, when the lamps have gone out and a pall of gloom overhangs the sky, when the earth is wrapped in the immensity of darkness and the breezes sigh wearily through the nude arms of the trees making mournful melody like the waves washing the shore by the sad, sounding sea. But we are drifting from the subject; we intended to say it is mighty aggravating to rush into a mudhole on your way home these lark nights.

Hay McClure was in from the ranch yesterday. He bears no visible marks of disfigurement from the late political disaster and says he is nappy. For several days, or rather nights, last week O'Neills kept a weather eye out from under the bed blankets to catch a glimpse of a shower of stars that had been predicted, by false prophets, to fall the 14th 15th, 16th or 17th. The shower didn't fall, not even a sprinkle; but the good people's vigilance was awarded with a wet rain on the last night in question. And still it rains.

The church editor has had the pleasure of listening to Rev. H. L. Powers, D. D., since he opened his crusade against evil in general and spiritual wickedness in high and low places in particular here in O'Neill. The reverend gentleman hits hard and loud, and none are spared. Meetings began last Thursday and will continue through the coming Sunday and perhaps longer. Interest grows as the meetings progress and the sermons are full of power, delivered by a marvelous voice and to us, baring the tumult, are highly edifying. The subject tomorrow evening is, "From the Home of an Infidel to the Pulpit, Lead by the Hand of a Slave." Rev. Powers is a southerner and knows something of slave times and draws vivid pictures before his hearers.

Secretary of the Interior Hitchcock on the 18th affirmed the decision of Land Commissioner Herman in the case of the state of Nebraska against certain settlers on land within limits of the abandoned Fort Randall military reservation. The act, approved March 3, 1893, provides for the disposition of the lands within this reservation and grants the state a preferred right for one year after the filing of the official plats of survey in the district land office to make certain school indemnity selections from the odd numbered sections thereon. The final plat of the survey was filed in the O'Neill land office November 27, 1896, and the state filed a list of selections November 11, the list including the lands in dispute. The secretary holds that no rights could be acquired by homestead settlement in these lands as against the state's preferred right to make selections within the time limit. The homestead applications are therefore rejected.

Thomas Coyne, one of the pioneer residents of this county met with a horrible death last Monday night. Mr. Coyne came to town that day on a mission of charity having brought in a load of provisions to be shipped to the orphans home at Omaha. Just how he was injured will probably never be known as he never regained consciousness. He started for home some time during the evening and was found in the roadway a half mile this side of the old Bellamy place about 7:30 Tuesday morning in a dying condition. He died at 11 a. m. that day and was buried Thursday morning. The funeral was one of the largest ever seen here, which was warmly testified to the sincere affection held for him by his neighbors and friends in this locality.

Deceased came here from Scranton, Pa., about twenty-two years ago, for the purpose of establishing a permanent home for his family that he might spend the latter days of his life surrounded by those he worked and labored for. Alas

for the uncertainties of life; just as he was about to enjoy the fruits of a hard working honest life, death cast its ghastly shadow across his path and forever destroyed the fond hopes and dreams of early manhood. He was contemplating a trip to his old home at Scranton in a few weeks and was making all arrangements for that purpose.

To his wife who has shared the joys and sorrows of a worthy helpmate for more than a quarter of a century we extend our sincere and earnest sympathy. Deceased was about sixty years of age and leaves a large family who mourn the loss of a kind father as only good and affectionate children can.

Used by British Soldiers in Africa.

Capt. C. G. Dennison is well known all over Africa as commander of the forces that captured the famous rebel Galshe. Under date of Nov. 4, 1897, from Vryburg, Bechuanaland, he writes, "Before starting on the last campaign I bought a quantity of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used myself when troubled with bowel complaint, and had given to my men, and in every case it proved most beneficial." For sale by P. C. Corrigan.

It will not be a surprise to any who are at all familiar with the good qualities of Chamberlain's Cough Remedy, to know that people everywhere take pleasure in relating their experience in the use of that splendid medicine and in telling of the benefit they have received from it, of bad colds it has cured, of the threatened attacks of pneumonia it has averted and of the children it has saved from attacks of croup and whooping cough. It is a grand, good medicine. For sale by P. C. Corrigan.

We are receiving new goods almost every day and have already been obliged to duplicate our first purchases in every line of winter goods. This is particularly true in our Clothing and Underwear departments, where we have had the largest trade we have ever enjoyed during our business career in O'Neill. Our clothing trade would be much larger if more people would investigate our stock and prices before sending away for goods to catalogue houses, as we are positively prepared to give you as good prices as you can get in any of the large cities. You have only to investigate to convince yourself of the truth of this statement.

Our \$7.75 cassimere suits, \$7.75 all wool kersey overcoats and our \$10 zero collar Frese ulster are three of the best bargains you ever saw. We have all wool suits as low as \$5.75 and as high as \$15, and an excellent line of overcoats and ulsters.

Our stock of underwear, unusually large, is full of good bargains. Our lines of men's wear at 50c, 65c and 75c are all extra good for the price. Big stock of gloves, mittens, caps, leggins, overshoes and everything you need for cold weather. 20-2 J. P. MANN.
