Reported Unconditional Surrender of Entire Province of Zamboanga.

CHIEFS DECLARE THEIR LOYALTY.

Most Encouraging News Yet Received From the Philippine Insurrection—Capitulation Made to Commander Very—Americans Are Aided Somewhat by Acts of Friendly Natives.

WASHINGTON, Nov. 27.—Secretary of the Navy Long today received a cablegram from Admiral Watson informing him that the entire province of Zamboanga, island of Mindanao, had surrendered unconditionally to Commander Very of the Castine. The surrender was made on the 18th inst. Admiral Watson's dispatch follows: CAVITE, Nov. 26, 1899.—Secretary of the Navy, Washington: November 18 entire province of Zamboanga surrendered to Very unconditionally. Delevered all guns promised. Numerous local chiefs declared loyalty.

WATSON. The information contained in Admiral Watson's dispatch was received by the president and his advisers with unqualified satisfaction. The surrender of the province of Zamboanga is regarded as the beginning of the end of the revolution in the island of Mindanao and it is believed it will be a hard blow to those who are still endeavoring to maintain the insurrection in the island of Luzon.

On the 21st inst. Admiral Watson cabled the navy department that Commander Very had captured the city of Zamboanga on the 16th. He was aided by the friendly natives and Moros and was holding the town pending the arrival of reinforcements from Jolo. On the same day General Otis informed the war department that he had ordered two companies of infantry to be sent to Zamboanga from Jolo.

Zamboanga is the principal province of the island of Mindanao, which is the second largest of the Philippine islands. Advice from Admiral Watson indicate that the entire southern half of the island, which comprises the province of Zamboanga, has yielded to the American forces and acceded to the authority of the United States.

WASHINGTON, Nov. 27.—The war department has not been advised of the surrender of the province, as reported in Admiral Watson's dispatch. Secretary Root saying tonight he had no news today from General Otis. Both Secretaries Root and Long are elated over the information sent by the admiral and express the belief that the end of the insurrection in the Philippine islands is now near at hand.

AT HOBART'S BEREAVED HOME.

Great Crowd Gathers About House and Cemetery. NEW YORK, Nov. 27.—There was a big crowd of visitors to Paterson, N. J., yesterday. The street in front of Carroll Hall, the Hobart home, was crowded all day. The greatest however, gathered at Cedar Lawn cemetery. There a special detail of police had to be maintained to keep the crowds from trampling about the graves, and the crowds about the receiving vaults. It is not likely Vice President Hobart's body will be placed in the ground. It is the intention of the family to erect a tomb upon the plot of land where Miss Fannie Hobart lies, and beside whose body, it is generally supposed the body of Mr. Hobart would be placed. The work will probably be commenced before long, so it is doubtful if the body of the vice president will be removed from its present resting place until the tomb of the family is erected.

The Kaffir estimates the Boer strength at from 2,000 to 4,000 men. According to his story the British smashed one or two of the enemy's big guns at Ladysmith. There was a heavy thunder storm at Mool river. All is quiet there and two naval guns have arrived.

To Prosecute Cattlemen.

SOUTH MALESTER, I. T., Nov. 27. Prosecuting Attorney Soper has received peremptory instructions from Washington to begin at the earliest possible date action against cattlemen for bringing herds into the Creek country. These cases have been hanging fire for some time, and the department has at last given orders for immediate action. There is every reason to believe that the suits will be handled expeditiously, and not allowed to be pigeonholed, as has been the case heretofore. The legal contest will be one of the most interesting in the annals of the Indian Territory.

DUTCH WITH THE BOERS.

Situation in Cape Colony Said to Be Critical in the Extreme.

LONDON, Nov. 27.—(New York World Cablegram)—Cape mail brings uncensored letters from Churchill from Capetown November 1, in which he says: "The situation in Cape Colony has become much graver. It is possible that had the war broken out three months ago the loyalty of the Dutch would have been demonstrated for all time. War after three months' hesitation proved too severe a test and is in no exaggeration to say that a considerable portion of Cape Colony trembles on the verge of rebellion. Dutch farmers talk loudly and confidently of our victories, meaning those of Boers, and racial feeling runs high."

Knight, World correspondent, writing from DeAar Junction, November 6, complains bitterly of censorship, and declares that the British had 10,000 horses, miles of transport wagons, with \$5,000,000 worth of stores, at DeAar Junction and left them there without any military protection, says: "It is wonderful, indeed," he goes on, "that the Boers did not attempt to seize these valuable prizes a week ago when the camp was practically undefended. Our position is far from secure even now."

LONDON, Nov. 27.—Special dispatches from Pietermaritzburg announce the arrival of General Buller there. He met with a splendid reception. Railway communication between Estcourt and Mooi river has been restored by Lord Dundonald's forces and the Mooi river column entered Estcourt yesterday (Sunday). The Estcourt column immediately starting the advance toward Colong.

LITTLE CHANGE IN HAYWARD.

Patient Passes a Restless Night and Condition Improves. NEBRASKA CITY, Neb., Nov. 27.—Senator Hayward had another bad night, and when morning dawned his condition was not so good as on the previous evening. This had been the course that his case has taken during the last few days and is regarded as anything but a favorable symptom. In fact, Dr. Whitten was considerably discouraged at the condition of his patient this morning. The senator is gradually growing weaker, his pulse is accelerated and it is thought by those best acquainted with the case that he cannot survive a great while longer. While Mr. Hayward's condition is worse in the morning, yet during the day the symptoms show a somewhat better condition, but this cannot be regarded as anything permanent. At 3 o'clock this morning Dr. Whitten issued the following bulletin: "Senator Hayward passed a restless night. At this hour his temperature is 99.5-8; pulse, 90; respiration, 20, and intermittent. His mental condition remains the same. Paralysis unchanged. Acceleration of pulse and temperature considered unfavorable."

OPENS DOOR FOR INTERVENTION.

England's Formal Declaration of War Gives Powers a Wedge. ST. PETERSBURG, Nov. 27.—The Russian newspapers announce that the British charge d'affaires has informed the Russian government that Great Britain has been in a state of war with the Dutch republics in South Africa since August 12. The Svet, commenting upon this says: "England, in giving this notification, withdraws her declaration that she is not carrying on war, but is merely subjugating rebels."

The Navoe Vremya, which attributes far-reaching importance to the British notification, says: "The powers are now in a position to send not only Red Cross agents, but military agents as well, and they may judge this a fitting time to intervene, especially as the Afrikaners are going more and more to the Boer side."

Czar Buys American Horses.

CHICAGO, Nov. 27.—Baron Paul Vietinghoff, a representative of the Russian government, is in Chicago buying horses for the czar's army. Baron Vietinghoff says that already 1,000 American horses, purchased principally in Kentucky and Virginia, have been shipped to the czar's dominions, and 1,000 more are to follow them as soon as the baron makes the selections.

"Not only am I buying for the army," he said, "but for breeding purposes as well. The animals shipped for military use go merely as an experiment. They will be divided into lots of four and six in different garrisons and given a trial."

Hold Last Council of War.

MANILA, Nov. 27.—The last Filipino council of war was held by the retreating leaders at Bayambong on November 13 in the house now occupied by General MacArthur. It was attended by Aguinaldo, Pie del Pilar, Garcia, Alejandro and some members of the so-called cabinet. Information has reached General MacArthur from several sources to the effect that the council recognized the futility of attempting any further resistance to the Americans with united forces and agreed that the Filipino troops should scatter and should hereafter follow guerilla methods.

What to Do With Aguinaldo.

WASHINGTON, Nov. 27.—Considerable interest is being taken in social circles here as to the disposition of Aguinaldo in case of capture. It is frankly admitted that the best solution would be his death in action, but this is not expected. Should he be captured, General Otis will undoubtedly await instructions from Washington as to the treatment he should accord him. Should Aguinaldo escape to Heng Kong, the United States could not, as a matter of right, ask for his surrender and the president would therefore doubtless determine to leave the insurgent leader alone.

PURSUIT OF AGUINALDO

Passes Aringay on the Coast Between San Fabian and San Fernando.

MAKING FOR MOUNTAIN REGION.

Americans Have a Little Brush With Filipino Rear Guard—Rebels Retreat With Unknown Loss—Insurgents Now Given No Resting Spots.

MANILA, Nov. 23.—General Young reports that Aguinaldo, with a party of 200, including some women and a few carts, passed Aringay, on the coast between San Fabian and San Fernando, in the province of Union, on Friday, November 17. The general adds that Aguinaldo probably intended to strike inland through the Binqua mountains toward Bayambong, in the province of Nueva Viscaya.

General Young, with cavalry and Macabebes, is pursuing the Filipino leader, part of the American force taking the direction of San Fernando. In a fight with Aguinaldo's rear guard at Aringay one Macabebes was wounded and the insurgents retreated. Their loss is unknown.

WASHINGTON, Nov. 23.—General Otis today cabled the War department as follows: "MANILA, Nov. 22.—Dispatch 21st from Lawton at Tayog reports Young with cavalry and Macabebes scouts at Aringay, with advance north to Baang rear San Fernando about to move on trail east to Trinidad. Young reports considerable insurgent force moving in that direction; that Aguinaldo is in charge, seeking to cross over to Bayambong."

"Portions of Lawton's troops now being pushed through to Tayog with rations. Battalion Twenty-fourth will join Lawton tomorrow. Nothing from Wheaton for several days. MacArthur operating west of railroad and north of Tarlann. Wire from Tarlann north working; troops on entire railroad line rationed without difficulty."

"Iollo reports seven companies Sixth and Twenty-sixth volunteers, under Dickman, struck insurgents northeast of Iollo, casualties six wounded. Enemy left on field eighteen killed, Dickman captured seven prisoners, four one-pound brass field pieces and several thousand rounds ammunition. Eighteenth infantry yesterday drove insurgents north on Santa Barbara. Dayes with column north and west of Santa Barbara; reports of results not yet received."

The dispatch from General Otis does not yet make it appear that the efforts to capture Aguinaldo and the larger portion of his army will be successful. The intention of General Young to prevent Aguinaldo reaching Bayambong seems evident, but this seems scarcely probable now. Some errors have been made in the transmission of the dispatch. Bayambong is evidently meant instead of Bayambong. The town given as Tarlann is probably Tarlac, as the situation of MacArthur would indicate that he is operating not far from that place. No alarm is felt regarding the situation of General Wheaton, as he has been for some time beyond telegraphic communication.

WAR DAMAGE CLAIMS.

Those That Have Been Filed to Date Aggregate \$25,000,000. WASHINGTON, D. C., Nov. 25.—Claims have been filed up to date on account of damages sustained by American citizens by the Spanish war to the amount of \$25,000,000, and the president is expected to submit a recommendation in his message to congress, looking to the appointment of a commission to adjudicate these claims and make provision for the payment of such as are found to be legitimate. This action will be taken under article 7 of the treaty of peace.

DEWEY WILL ALWAYS OWN IT.

Admiral and Wife Retain Life Interest in the Washington Home. WASHINGTON, Nov. 23.—The deed transferring the Dewey home from Admiral and Mrs. Dewey to the admiral's son George was recorded in the office of the recorder of deeds today. A life interest in the property is reserved by Admiral Dewey and his wife in the following provision: "Subject, however, to this express reservation, that the parties of the first part do hereby expressly reserve to themselves and to each of them and for the period of their natural lives respectively a life interest in and to the premises herein described, which life interest in case of the death of either of the parties is to revert to the other."

TO RELIEF KIMBERLY.

Methuen Rapidly Advancing—England to Call out Sixth Corps. LONDON, Nov. 23.—The Daily Mail publishes a dispatch from Naarwpoort, dated Wednesday, which says that a large force under General Methuen has crossed the Orange river and is advancing to the relief of Kimberly. The Daily Mail says this morning: "We are unable to confirm the report that orders have been issued to mobilize a sixth division at Aldershot for service in South Africa or wherever it may be wanted."

Schley Will Sail Saturday.

WASHINGTON, Nov. 23.—It is expected at the navy department that Admiral Schley will sail for Rio on Saturday. The Celtic has sailed from Cavite for Brisbane, N. S. W., to secure a cargo of fresh meats for the sailors and soldiers in the Philippines.

Window Glass Combine.

NEW YORK, Nov. 23.—The window glass jobbers concluded their convention today. They organized an association to be known as the National Window Glass Jobbers' association. No officers were elected, everything being left to two committees. The names of the members of these committees were not made public. The association may be capitalized to a certain extent, but the total capital stock will be well within half a million dollars, it was said. It was asserted that prices will not be raised as a result of the formation of the association.

FILIPINOS GIVING UP.

President of Aguinaldo's Congress Sur renders to MacArthur at Tarlac.

MANILA, Nov. 25.—Senator Buencamino, a former member of the so-called cabinet of Aguinaldo, has been brought to General Otis a prisoner on board the transport Brutus. He had sought refuge in a village near San Fabian, with Aguinaldo's mother and son. The natives disclosed his identity to Major Cronin, who captured him.

General Young is still in the mountains on the trail of Aguinaldo. Bautista, president of the Filipino congress, presented himself to General MacArthur at Tarlac today and formally renounced all further connection with the insurrection.

He was one of the influential Filipinos who hesitated at the beginning of the war as to which side on which to cast his lot. He was offered a judgeship of the supreme court, but declined. He now announces that he desires to accept the position and says the Filipino congress and cabinet are scattered, never to reassemble.

Some of the members, he adds, have returned to their homes, while others are flying for safety. Many of the congressmen have resigned and he believes the Filipino soldiers will lay down their arms everywhere as soon as they learn the truth.

WASHINGTON, Nov. 25.—General Otis summarizes the situation in Luzon in a dispatch to the war department today in which he says that the insurgent government can no longer claim to exist, its troops and officers are scattered and Aguinaldo in hiding. The dispatch follows: "MANILA, Nov. 24.—Claim to government by insurgents can be made no longer under any friction; its treasurer, secretary of the interior and president of congress in our hands; its president and remaining cabinet officers in hiding evidently in different parts of central Luzon provinces; its generals and troops in small bands scattered through these provinces acting as banditti or dispersed, playing the role of 'amigos' with arms concealed. Indications are that Aguinaldo did not escape through the lines of Lawton or Wheaton, but fled westward from Bayambong, railway station. Telegraphic communication to Dagupan established, probably to San Fabian today; by relaying nine miles of track with material at hand railway communication to that point re-established; labor of troops must attend maintenance."

HARD LINES AT MAFEKING.

Boers Drawing Near Grand Garrison Practically Under Ground. MAGALAPIE, Cape Colony, Sunday, Nov. 19.—A dispatch received here from Mafeking, dated Wednesday, November 15, says: "The garrison is cheerful, but the position is daily growing more difficult. The Boers are always drawing their entrenchments closer and are incessantly plying the British with artillery and musketry fire. The garrison is living almost entirely in underground shelters and the health of the troops is suffering."

WAR DAMAGE CLAIMS.

Those That Have Been Filed to Date Aggregate \$25,000,000. WASHINGTON, D. C., Nov. 25.—Claims have been filed up to date on account of damages sustained by American citizens by the Spanish war to the amount of \$25,000,000, and the president is expected to submit a recommendation in his message to congress, looking to the appointment of a commission to adjudicate these claims and make provision for the payment of such as are found to be legitimate. This action will be taken under article 7 of the treaty of peace.

LOOKING OUT FOR SHAFER.

President Will Advise His Retirement as a Major General. WASHINGTON, Nov. 25.—The president will ask the incoming congress to pass an act retiring General Shafter, with the rank of major general in the regular army. He has already been retired with the rank of brigadier general. This purpose of the president is the explanation of the retention of General Shafter, it being felt that his chances would be brightened by his retention in the active army until congress has had opportunity to act.

SAN FRANCISCO, Cal., Nov. 25.—The romantic marriage of Major Mulford of the Twenty-fifth regiment, formerly colonel of the Nebraska volunteers, has just become public. Wireless Telegraphy Drawing Nearer.

WASHINGTON, Nov. 25.—The War department is quietly at work on the problem of wireless telegraphy for the signal corps. The signal corps has been handicapped recently, both by lack of funds and officers, to experiment on an extensive scale, but Captain Reiber, at Governor's island, New York, is carry on a series of experiments between that point and Tompkinsville, with a view to adapting the army apparatus for communication between fortified points and in any other locality where the wireless system might prove superior to the older form of telegraphy.

Doctors could do me no good only to deaden the pain which I had almost constantly. I got some of your Compound and took one bottle and received benefit from it at once. I have taken it ever since and now have no backache, no pain in my side and my stomach and bowels are perfectly well. I can honestly say that there is nothing like it.
