# OPEN A STIFF FIGHT

At Daybreak Sunday Morning the Boers Renew Battle with Vigor.

## BRITISH DRIVE THE ENEMY BACK

They are Credited With Having Taken Three Boer Positions During the Day—Army Bivouac on Ground Captured—Boers Suffer Heavy Loss.

SPEARMAN'S CAMP, Jan. 22.—After ten hours of continuous and terrible fire yesterday, Generals Hart and Cley advanced 1,000 yards. The Boers maintained an irregular fire during the night, but the British outposts did not reply.

This morning at daybreak the Boers opened a stiff fire. The British stood to the guns where they had slept and the engagement was renewed vigorously. The field artillery poured shrapnel into the enemy's trenches.

A rumor that Ladysmith had been relieved enlivened the British, who sent up a ringing cheer. This was taken for an advance. The first kopje was carried at the point of the bayonet and the Boers retreated to the next kopje, which, like most others, was strewn with immense boulders, surrounded by mounds on the summit.

The British advanced steadily and the Boers relaxed slightly. The latter did not show such tenacity as previously. Their Nordenfeldt fired at long intervals and their cannon fired but seldom. Apparently the Boers were short of ammunition.

All day the British took three Boer positions on the mountain and found shelter behind the boulders.

LONDON, Jan. 22.—The Daily Telegraph has the following dispatch dated Saturday, from Spearman's camp:

"General Warren's forces have fought a deliberately planned and successful battle. This important engagement occurred to the west of Spionkop, and practically resulted in our securing the rough tableland which constitutes the key to the Boer situation."

A fierce cannonade had been directed against the enemy's lines for some time, the British troops assembled near an eminence known as Three Tree hill, which forms the center of a semicircle of crests, crowned with the enemies' works and some six miles long. Steadily and with great dash the British infantry went forward in the face of a heavy fusillade from Mauser rifles. Our troops were disposed as follows:

"Major General Woodgate's brigade on the right, Major General Hart's brigade in the center and Major General Hildyard's brigade on the left."

"Soon after midday the battle on the hill became furious and from 3 in the afternoon until 6 the fire from both cannon and rifles was extremely heavy. Point after point of the enemy's positions were seized by the British troops, and eventually the Boer right broke and was forced back toward Spionkop."

"Our force bivouacked upon the ground it captured so gallantly. During the action today the enemy brought into play new guns, one of which was a quick-firer. Tomorrow ought to settle the matter. In today's fighting our losses were trifling, but the Boers suffered heavily."

"While General Warren was fighting his engagement an effectual demonstration was proceeding at Potgietersdrift, the enemy's positions near there being vigorously shelled by the British batteries."

## BUELOW SPOKE KAISER'S WISH.

Emperor in Accord With Great Britain's Methods.

BERLIN, Jan. 22.—There is the best authority for the statement that those parts of Count von Buelow's speech in the Reichstag last Friday, when replying to Herr Moeller's interpellation, which contained severe strictures upon the British policy and a veiled warning to England, were due to Emperor William's expressed wish. His majesty is said to be "thoroughly in accord with the nation in condemning Great Britain's manner of seizing German vessels."

## No Assurances of Canal.

WASHINGTON, Jan. 22.—It was stated tonight by officials authorized to speak that there is absolutely no basis for reports that the state department has received assurances from Costa Rica and Nicaragua of a willingness to lease territory to the United States for a hundred years or more for the construction of the Nicaraguan canal. Nicaragua, it is learned, has practically admitted, in principle, at least, that the doctrine of arbitration as the means of settlement of any trouble between it and the Maritime Canal company growing out of the latter's project for the construction for an isthmian canal.

## Wounded Killed by English.

BRUSSELS, Jan. 22.—Dr. Leyds in an interview here declared that he knew positively that wounded Boers have been killed by English soldiers. He says a friend of his own was thus killed by an English lancer. Dr. Leyds also complains bitterly that English authorities keep most of his letters and newspapers, but admits that he receives letters by an indirect route.

## A. J. Vallandigham Dies.

ST. LOUIS, Jan. 22.—A. J. Vallandigham, commissioner of the St. Louis traffic bureau, died at his residence on Washington boulevard at 8:30 o'clock tonight, of pneumonia. He had been in bad health for two weeks, ever since his return from a trip to Washington, where he caught a severe cold. Mr. Vallandigham had been commissioner of the St. Louis traffic bureau for several years, coming here from Kansas City, where he held a similar position. He was well known to railroad men all over the country.

# ROBERTS MUST GO, ANYHOW.

Only a Choice of Executioners in the Polygamous Congressman's Case.

WASHINGTON, Jan. 22.—Consideration of the case of Brigham H. Roberts, Mormon representative-elect from Utah, will be the feature in the house this week. Though both the majority and minority of the committee which investigated the case agree that Roberts should not sit as a member of the house on account of polygamous practices, there will be a royal struggle over the question of procedure, upon which the committee has split.

The case will be called up on Tuesday, and two, possibly three, days will be devoted to it. The majority of the committee hold that Roberts should be excluded while the minority contend that he be seated and then be expelled, basing their argument for this course upon the ground that Roberts possesses all the constitutional qualifications for membership and that any attempt to exclude him upon the theory that congress has the power to aid to those qualifications, would establish a dangerous precedent that might return to plague congress in the future. Littlefield of Maine and De Armond of Missouri, who presented the presented the minority report, will make a strong fight and say they believe they can convince a majority of the house that the course they advocate is the only proper one to pursue.

The majority of the committee are confident that they will be backed by a majority of the house. Roberts is expected to make a plea in his own defense. Should he be seated in accordance with the contention of the minority a resolution to expel him will be immediately offered, and this doubtless will carry by an almost unanimous vote, although the majority in their report have insisted that, once seated, a member cannot be expelled for acts committed before he was a member of the house.

Tomorrow will be devoted to District of Columbia matters, and Friday to eulogies upon the life and public services of the late Vice President Hobart.

The senate again this week will devote itself exclusively to speechmaking. A variety of subjects will be covered. The financial bill will remain the unfinished business, but the senate will not be held strictly to its consideration. Several set speeches probably will be made upon it, among those who are expected to speak being Senators Cockrell, Daniel and Allen. No announcement has yet been made of speeches on the affirmative side of the measure, but now that a day has been agreed upon for a vote it may be expected that some of the friends of the bill will speak in its defense.

The first speech of the week will be made immediately after the close of the routine business Monday morning by Senator Pritchard on his resolution declaring the proposed amendments to the constitution of North Carolina to be in contravention of the federal constitution. He will be followed by Senator Turner in a prepared speech on the Philippine question. Tuesday Ross will address the senate on the application of the constitution of the United States to Puerto Rico and the Philippines archipelago. He will be followed on the same date by McEnery with a speech on the North Carolina constitutional question.

## AFFAIRS AT MANILA.

A Train of Fifty Convalescents Brought to Hospital.

MANILA, Jan. 22.—The escort of fifty men of Company C, Thirtieth Infantry, Lieutenant Ralston commanding, which was ambushed near Lipa, as already cabled, consisted of fifty convalescents from the hospital who were going to rejoin the regiment. The insurgents hid in the bushes along the road and opened fire upon the pack train from three sides.

The Americans, in addition to their casualties, were compelled to abandon the train, which consisted of twenty-two horses. The latter, with their packs, all fell into the hands of the insurgents, who pursued the retreating escort for three miles along the road, until the Americans were reinforced.

Mail advices from Negros brings particulars of the uprising last month in the southern part of the island, in which Lieutenant A. C. Leyard of the Sixth Infantry was killed. Instead of being an unimportant revolt of native police, as was at first reported, it appears to have been an attempt to overthrow American authority. The movement was started by the chief officials of the autonomous government, the men who were selected and inaugurated with so much ceremony last November.

## SCENES AT THE WAR OFFICE.

Anxious Crowd Disappointed at Brevity of News.

LONDON, Jan. 22.—12 a. m.—Yesterday was quite a record day at the war office. As if anticipating important news, the authorities announced on Saturday that the lobbies of the war office would be open throughout Sunday and the knowledge that a great crucial battle was proceeding brought a continuous stream of inquirers of all classes.

Some gloomy forebodings were caused by the bulletin announcing that nearly three hundred had been wounded, but in general a cheery confidence was expressed in the success of General Buller's movement. On it being announced that further official dispatches were improbable tonight, the crowd dispersed, expressing disappointment that the news was no better.

## Chill Becoming Ambitious.

SAN FRANCISCO, Jan. 22.—S. Morta Vicuna, the Chilean minister to the United States and Japan, arrived from Tokyo on the steamer Doric, en route to Washington. Minister Vicuna, while in Tokio, is said to have taken up with the Japanese foreign colonists in Chili and to establish a steamer line between Yokohama and Valparaiso. The minister admitted that he had been conducting some important negotiations at Tokio, but refused to divulge their character. Mr. Vicuna says that the Japanese are making rapid strides in railway building and industrial development.

# BIG BATTLE AT HAND

English in Great Force Advancing on the Boers.

## WARREN TROOPS MOVE AT DAWN

Improvised Field Pieces Pour Lead—Hail Into Boer Positions—Enemy Make No Response—Bombardment with Results Unknown.

SPEARMAN'S CAMP, Jan. 20.—(New York World Cablegram.)—Yesterday evening Littlefield's brigade, after a heavy bombardment since dawn by naval guns and howitzers, advanced in extended order toward the Boer positions facing Potgietersdrift, but, failing to draw the enemy's fire, returned. A balloon has also been searching the positions.

Warren's mounted troops have also engaged the enemy, as officially announced. Warren is again advancing this morning early. Naval guns are also bombarding.

CHURCHILL. "There is every indication that a big fight for the western roads will take place today, though it may have commenced yesterday. All the artillery of Warren and Hildyard was not across the drifts yesterday morning and the ammunition train and most of the heavy guns were probably then still south of the Tugela. These indications, as well as Warren's longer march, point to the serious effort being made today."

The Post expert says: "Probably the whole British force was yesterday on the move and perhaps fighting. Fighting when it comes will be heavy and the losses severe."

LONDON, Jan. 20.—(New York World Cablegram.)—The Daily News dispatch from Potgietersdrift, dated January 19, says: "Warren's force is moving round to the west on a line taken up by Dundonald. Warren is now close to Acton Homes."

Telegraph of same date says Dundonald and Warren have command of an easy road into Ladysmith and have cut off the Boer communication with the Free State.

LONDON, Jan. 20.—4:30 a. m.—Every hour that General Buller delays his combined attack makes his position stronger. Transports continue to arrive at Durban and fresh troops are being sent up the line to reinforce those in front of Colenso. It appears that General Buller's troops north of the Tugela number at least 22,000 and possibly 25,000, with fifty guns. His total forces, forming a great outer curve south and west of Ladysmith probably number 40,000.

While General Buller's forward operations, which began January 10, develop rather leisurely, the Boers appear to be fully aware that they must meet a strenuous assault. Balloon observers have roughly estimated that 10,000 Boers are using spade and pick in artificially strengthening positions which nature has rendered easy of defense.

## START WORK ON THE CENSUS.

Agricultural Statistics Already Being Collected by the Bureau.

WASHINGTON, Jan. 20.—In every case in which data for the twelfth census of agriculture can profitably be gathered prior to the general enumeration in June it will be done. The special schedules for cranberry culture and irrigation now in circulation will be followed immediately by an special nursery schedule which has just been received from the printer. The list of nurseries so far obtained includes about 4,000 separate establishments, but each known nurseryman will receive a list of those doing business in his vicinity and will be asked to add or otherwise correct it and return it as soon as possible. If this is promptly and thoroughly done the list will be complete and satisfactory. The inquiries are to be simple and if the returns are made promptly the publication of a bulletin devoted to nurseries at an early day may be anticipated.

## GLAD TO SEE THEIR SISTER.

Goulds Know Nothing of Reported Losses of Count de Castellane.

NEW YORK, Jan. 20.—Edwin Gould, interviewed as to the reported losses of his brother-in-law, Count Boni de Castellane, in stock speculation, said: "We have heard nothing about any financial embarrassment of Count Castellane and, not knowing whether the French paper, La Matin, is responsible or not, we cannot tell how much truth there is in the story that my sister's husband lost heavily in speculation. We expect them Saturday or Sunday on La Bretagne and it is needless to say that we shall be more than delighted to see our sister again. I don't know whether the children are with them or not. In the cable message my sister did not say anything about the babies. Their coming to New York at this time is something of a surprise to us, but none the less delightful for all that."

## Cape Nome Fever Unabated.

WASHINGTON, Jan. 20.—Vice Consul Morrison at Dawson City reports to the State department that the excitement caused by reports of the phenomenal richness of the Cape Nome gold fields has not by any means abated. Many miners will attempt to make the trip out of the Klondike this winter down the river, which, the consul says, seems a foolhardy undertaking.

While Dawson has lost in popularity during the last summer it has gained in wealth and much money has been spent in making it a thriving town, equipped with a fire department, sewers, drains and other improvements.

## Osman Digna Captured.

CAIRO, Jan. 20.—News was received here tonight that Osman Digna, principal general of the late khalfia, has been captured. It has been known that he was in the neighborhood of Tokah six days ago, and several expeditions were organized from Suakim under Osman Digna was taken unhurt in the hills yesterday.

# EUROPEAN WAR WOULD ENSUE.

Conflict Between Russia and Japan is Looked for as Inevitable.

CHICAGO, Jan. 19.—"War between Russia and Japan is looked for as inevitable by the naval officers of these countries who have been nearest the probable scene of future operations," said Lieutenant W. Romanoff of the imperial Russian navy, who arrived Chicago today. The lieutenant has just completed a three years' cruise in Asiatic waters on the Russian battleship Sissoi Velky and is on his way to St. Petersburg. He continued: "Just how soon such a war may begin it is difficult to say, but events little short of miraculous must occur to avert it. The Japanese are building war ships as rapidly as possible in anticipation of the outbreak of hostilities and Russia is strengthening her navy as fast as she can. That Russia must have a naval base between Port Arthur and Vladivostok is conceded and that she will try to get one in Korea is certain. In the event of such a war it is considered probable in Russia naval circles that Russia will have the aid of Germany and that England will follow the outbreak of hostilities between Russia and Japan."

"The movement of Russian troops toward the Afghanistan and British India borders, the mobilization of Transcaucasian troops at Bakue and Herat and other military maneuvering on the part of Russia are taken by official Russia to mean the beginning of a movement to eliminate English influence in territory heretofore held by her, beginning at Kabul. It is certain that England will have to fight to retain her territory in the east."

## CASTELLANE IS BANKRUPT.

Anna Gould's Dapper Foreign Count Makes Sensational Failure.

PARIS, Jan. 19.—(New York World Cablegram.)—All Paris is discussing the reports published today that Count Boni de Castellane, husband of Anna Gould, has lost several millions in stock speculation in the last two months. Just how many millions it is difficult to ascertain. Some say 20,000,000 and some only 5,000,000 francs. What is said to be certain is that the count found it impossible to settle and that his powerful connection begged for time and that finally several brokers consented to organize a temporary rescue. The count and countess sailed last Saturday for New York for the purpose, it is said, of appealing to her brothers for aid.

NEW YORK, Jan. 19.—George Gould, brother-in-law of Count Castellane, declined to see newspaper callers at his office in the Western Union Telegraph building. Through a representative he sent word that he knew nothing beyond what he had seen in the newspapers about the alleged financial troubles of Count Castellane.

Miss Helen Gould said she expected the Count and Countess Castellane to reach New York on the Lucania on Saturday. On their visit here they will stop at a hotel.

## ROBERTS CASE NEXT WEEK.

Debate on Whether He Shall be Admitted to Be Expelled.

WASHINGTON, Jan. 19.—Chairman Taylor of the Roberts committee and Representative Littlefield of Maine are busy preparing the majority and minority reports respectively in the Roberts case. They will be filed together on Saturday. It is not expected that the case will be called up in the house till Tuesday or Wednesday of next week. The debate is expected to occupy two or three days. Roberts will be given an opportunity to be heard on the floor in his own defense. Littlefield and De Armond of Missouri, who will sign the minority report, are hopeful that the mode of procedure which they favor—to allow Roberts to be sworn in and then expel him—will be followed. The majority of the committee, on the other hand, are confident that their report will be adopted and that Roberts will be excluded.

## GEN. WHEELER FORFEITS SEAT.

Must Seek a Re-Election to Serve in Congress Again.

NEW YORK, Jan. 19.—A special to the Times from Washington says: If General Joseph Wheeler expects to return to Washington to take a seat in congress without formality it looks as if he would meet with disappointment. Inquiry has been made since the announcement that he has been relieved from further duty in the Philippines and it is found that there is general agreement on both sides of the house that it has been clearly shown by the examination of the case of Low and other precedents that he has forfeited his right to a seat in congress and that the only thing open to him is to go back to his district and seek re-election if he desires to continue service in congress.

## Drainage Canal Injunction.

WASHINGTON, Jan. 19.—The supreme court of the United States took informal cognizance of the motion of the state of Missouri for leave to file a bill of complaint against the state of Illinois asking for an injunction against the Chicago drainage canal to the extent of stating to Attorney General Crow of the former state that some announcement would be made Monday next.

Judge M. W. Springer was present and notified the court that he would appear in behalf of the state of Illinois.

Wayne Parker and Charles N. Fowler. One of the guests of honor was ex-Governor William A. McCorkle of West Virginia, who spoke upon the topic, "The Attitude of the Progressive South in Promoting the Country's Foreign Trade."

## Seaport of the South.

It has long been evident that the rapidly increasing movement of grain and merchandise towards the southern seaboard would demand an increase of shipping facilities on the Mexican Gulf. The most promising seaport city is La Porte, at the head of Galveston Bay. Peculiar natural advantages surround LaPorte, notably its being the farthest inland seaport on the Gulf, having high dry land with perfect drainage and the purest artesian water, a climate unsurpassed in the south and an attractive city site. The American Land Co., 188 Madison street, Chicago, is interested at LaPorte and announces the first general sale of property will be held Feb. 14-17, 1900.

## Important Inventions.

Patents have been allowed upon applications prepared and prosecuted by us for interesting subjects as follows:

To C. W. Cross, of Grinnell, for an auxiliary air heater adapted to be connected with a stove in such a manner that it will receive and direct the products of combustion and aid in warming and circulating air in a room, as required to maintain a uniform temperature, by admitting cool air at its bottom, heating it and discharging it at its top. An undivided half is assigned to W. S. More of same place.

To J. Morgan, of Atlantic for a plant planting machine adapted to be advanced across a field by horses to set out cabbage and tobacco plants in rows at regular distances apart. A boy on the machine hands plants in succession to automatic plant rollers on a wheel and as the wheel revolves it places the plants in a furrow in advance of the wheel by a furrow opener and furrow closers immediately cover the roots and rollers pack the ground around the roots. An undivided half has been assigned to E. Whitney, of Chicago.
