Up-to-Date Baby Buggies.

The New York infant born to a fortune takes his airing nowadays in the newest thing in English baby carriages. It is called the "Princess Victoria," and in price it ranges from \$60 to \$75. It is sold at a swagger English place uptown, and is warranted to be the king of thing used in the British royal family. It is built in car-riage style, with "C" springs, and is either white, gray or black. The vehicle is the perfection of comfort for the precious baby, and is as aristocratic looking as it is comfortable.

Here's a Genuine Lie. When a false statement of a man or

woman blisters the tongue (the conscience) it is a lie, declares "Tip," of the New York Press, who unquestionably ought to know. A father once instructed his son in this wise: "Is not the tip of your tongue sore?" "No, sir." "Then you are telling me the truth?" "Yes, sir." "Well, remember that if you lie the end of your tongue will be blistered. It will become so sore that you cannot talk." "What's the matter with Mr. Johnson's blisters, pop? You say he's the biggest liar under heaven. "Oh, well, his blisters have turned to flint long ago."

New Order as to Army Hats.

The latest order from the War department seems to point to greater uniformity in army neadgear than has been the vogue hitherto. No more may the private soldier knock two or three dents into his campaign hat, or pin up a flap of the brim on one side to give him a rakish air. The new regulation provides against the wearing of these hats in any other than their original shape, which is on the alpine order, a shape that experience has proved to be the most becoming to the average soldier's head.

Assessment on Stock to Provide Working Capital.

NEW YORK, Feb. 5.-It is reported that a plan for the reorganization of the United States Flour Milling company has been perfected and will soon be publicly announced. There will be assessments on both common and preferred stock to provide the working capital, which was depleted through the purchase of additional mills. It is also proposed to retire the outstanding \$7,500,000 first mortgage 6 per cent gold bonds and replace them with anothe.' issue. Interests identified with the Great Northern railroad, it is said, will subscribe to the new bonds.

The alternate proposition of selling the recently acquired mills, the report of which led to the statement that the company was disintegrating, has been abandoned. President George Urban. jr., of Buffalo, is expected to retire and Vice President Jacob Ames will be identified with the corporation in another capacity.

Republican Legislators Will Get Contest Into Senate.

FRANKFORT, Ky., Feb. 5.-Chairman John Barrett of the republican joint caucus has issued a call for a session of the caucus at the court house in London, Monday at 4 p. m. This is taken to indicate that there will be an attempt to organize the legislature and to elect a new set of officers. To make a quorum it will be necessary for the troops to arrest and bring to London enough of the democrats for that purpose. A leader of the party said We will elect all the legislative officers, elect Governor Bradley to the United States senate, thereby getting a contest in the senate, which will bring a decision from competent authority."

Civil Rule in the Philippines.

NEW YORK, Feb. 5 .- According to the Washington correspondent of the Tribune President McKinley has decided not to wait for congress to act on the mattr of replacing the military government by a civil administration in the Philippines, recognizing that much time will be consumed in deliberating over the details before any comprehensive plan can be adopted and that more than a month would be required after that time for the officials to reach their stations. It has been decided therefore to send out three or at most five commissioners to establish provisionally the form of territorial government recommended in the report of the Philippine commission sent to congress today.
