

THAT HIGH SCHOOL LAW

Superintendent Jackson Addresses a Letter to Nebraska Educators.

ACTION OF THE COURT DISCUSSED

Practically Impossible to Frame a Law That Will Be Constitutional Unless the Constitution Itself Be Amended—Miscellaneous Nebraska Matters.

LINCOLN, Neb., April 23.—State Superintendent Jackson has addressed the following letter to Nebraska educators touching the recent decision of the supreme court in declaring the free high school attendance law unconstitutional:

In High School District, No. 137, of Havelock Neb., against County of Lancaster, in an opinion prepared by Judge Norval, the high school law passed in 1899 was today declared unconstitutional. Briefly stated, the grounds of this decision are as follows:

The law provided for the attendance of persons of school age at any high school in the county where such person resided outside the limits of any high school district. The tuition for such attendance at the rate of 75 cents per week was required to be paid the high school district by the county. It was held in the opinion referred to that if 75 cents per week was in excess of fair compensation it was, on the one hand, favorable to the high school district, and on the other hand in the same degree was unfair to the remainder of the county. If conditions were reversed and 75 cents was insufficient, the county profited and the high school district was discriminated against. It was assumed that the rate indicated must necessarily be unequal and an unfair discrimination, one way or the other; that therefore the law was unconstitutional because in contravention of sections 1, 4 and 6 of article ix of the constitution of Nebraska. These sections, for the purposes of the case, were epitomized in the following paragraph of the syllabus prepared by Judge Norval: "The constitution of this state requires not only that the valuation of property for taxation, but the rate as well, must be uniform."

It would seem in the face of the foregoing that it will be practically impossible to frame a law that will be constitutional unless the constitution itself be amended.

We hope that no young man or young woman will feel that a high school education, or even a more advanced education, is out of because of this decision. The self-reliant young man or young woman who has the perseverance and determination to get an education will be able to overcome obstacles and make ways, and indeed it is a question whether it is not unfortunate for a young man to have his tuition paid if he is able to pay his way by his own efforts. We shall hope that there will continue to be the same interest and enthusiasm in the high schools of our state that has so fully characterized them during the present year.

State Entitled to a Share.

LINCOLN, Neb., April 23.—A copy of the decision of the United States circuit court of appeals in the case of the State of Nebraska against J. W. McDonald, receiver of the defunct Capital National bank, was filed with the authorities at the state house. This suit was instituted to recover the state's deposit in the broken bank, amounting to \$285,351.85, and the decision of the court of appeals holds that the state has a legal claim to the money and should be paid pro rata with other depositors. The receiver is scored rather severely for refusing to allow the claim, which the court holds to be confessedly just and meritorious.

Nebraska Postmasters.

WASHINGTON, D. C., April 23.—Dr. John N. Agan was appointed pension examining surgeon at Pender. George W. Nation has been appointed postmaster at Willey, Box Butte county vice G. E. Willey, resigned.

A postoffice has been established at Abdul, Nuckolls county, with Boyd H. Kizar as postmaster.

Boy Shoots Himself.

Brought to Hebron for Burial.

HEBRON, Neb., April 23.—The remains of O. B. Shade, a dry goods merchant of this city some years ago, were brought here for burial. Mr. Shade has lived since leaving Hebron, at Leachwood, Iowa, but had been traveling and died of rheumatism at Cherokee Iowa. The Uniform Rank Knights of Pythias, of which Mr. Shade had been a member, took charge of the funeral.

Omaha's First White Settler.

OMAHA, April 23.—Thursday was the seventy-fifth birthday of "Uncle Bill" Snowden, Omaha's first white settler. With his wife he crossed the Missouri river from Council Bluffs July 11, 1854, and took up his residence on this side. Major William P. Snowden has lived in Omaha continuously since that time. He is hale, hearty and happy on his seventy-fifth birthday, but he is not spending it in idleness. He is a constable in the court of County Judge Vinsonhaler and is serving papers and doing all the duties incident to his position.

WELCOME FOR PROF. ANDREWS.

New Chancellor of the University Sure of His Ground.

LINCOLN, April 21.—Dr. E. Benjamin Andrews of the Chicago city school has accepted the chancellorship of the state university. Dr. Andrews' commission takes effect August 1, or about a month prior to the closing of school has accepted the chancellorship. Chancellor Bessey will remain at the head of the institution until succeeded by Chancellor Andrews, when he will return to his former position as dean of the industrial college and head of the botanical department.

Dr. Andrews will meet with a hearty reception when he assumes the duties of his new position. The faculty of the university was very favorably impressed by his appearance here last Saturday and it is generally agreed that so far as scholarship is concerned he possesses all the requirements necessary for the chancellor of the university.

It is rumored that the board of regents will make some changes at its meeting. The department of journalism, which has been leading a precarious existence for the last few years, may be discontinued after the close of the present semester and other slight changes in minor departments are apt to be made at the same time.

Claims the Reward.

LINCOLN, April 21.—The reward of \$200 offered by Governor Holcomb in 1898 for arrest and conviction of Frank Cheesman at Brownville has been claimed by J. H. Dickirson, an ex-sheriff of Iowa. Dickirson claims to have arrested George H. Ray, who afterwards was found guilty of committing the crime and sentenced to the state penitentiary. The law authorizing the governor of the state to offer rewards for the capture and conviction of fugitives from justice provides that the judge before whom the criminal is convicted must furnish the governor with a certificate showing the capture. Absence of this proof prevented the governor from issuing a check to Mr. Dickirson.

Waugh's Funeral at Washington.

PLATTSBORO, N. H., April 21.—The Misses Margaret and Florence, daughters of Hon. Samuel Waugh, cashier of the First National bank in this city, will depart Sunday for Washington, D. C., to attend the funeral services of their brother, John R. Waugh, second lieutenant Company H, Thirty-ninth Nebraska volunteers, in the National cemetery at Arlington. Dr. J. W. Rawlins of Williamsburg, Va., father of Mrs. Waugh, and many other relatives of the family, will also attend. The body was started from San Francisco on the 18th and will be interred with fitting military ceremonies.

J. P. Breittling Dead.

FREMONT, Neb., April 21.—J. P. Breittling, a well known citizen of Fremont, died here after an illness of some days. Although his condition had been serious it was not thought that the end was near until an hour or so before death. Mr. Breittling was born 64 years ago in Wurttemberg, Germany. He has been a resident of Fremont for about thirty years, coming here from Genoa. He leaves a wife and six grown children, all of whom were with him at the time of his death.

Agitating Atkinson Southern.

ATKINSON, Neb., April 21.—Railroad circles are a little agitated just now. The Atkinson & Northern, that was to run from this point to Boyd county, has passed into the hands of a promotion company. The treasurer of the new company will come on from Chicago the first of the week and has gone south over the line that is being surveyed to this point from Cedar Rapids. He took with him the funds with which to pay the surveyors.

Racing With Death Over Rails.

ALLIANCE, Neb., April 21.—John Wehn of this place received word by wire that his wife, who has been visiting friends at Dewitt, was taken suddenly ill and not expected to live. A special train was at once engaged by Mr. Wehn and he hastened to his wife's bedside at a mile-a-minute clip. The special is reported to have made the first fifty-three miles in fifty-five minutes, including one stop.

Smallpox at Crab Orchard.

TECUMSEH, Neb., April 21.—Crab Orchard, fifteen miles west of here, has a case of smallpox. A stranger from Kansas is afflicted with the disease, it being a mild form. The village authorities have placed him under strict quarantine in a house at the outskirts of town, and the school has been temporarily closed as a precautionary measure.

Nebraska City Girl Vanishes.

NEBRASKA CITY, Neb., April 21.—The parents of Ture Sutton, a 16-year-old girl, are greatly alarmed over her mysterious disappearance from home several days ago. No trace of her can be found by her parents or police. The police are inclined to believe that she has eloped with a young stranger, with whom she recently became infatuated.

Special Chases a Handcar.

LOUP CITY, Neb., April 21.—A special stock train going north on the Burlington nearly ran down a section gang about two miles east of this city. When the section men left this station the special had not been announced, and they saw it nearly onto them in a cut. They stopped their car, and in taking it from the track, John Marlow had the end of the middle finger of his left hand cut off.

His Heart Failed.

BRAINARD, Neb., April 21.—Frank Sobieslousky of this place while out walking stepped inside of Spahl's saloon. He had only got inside the door when he fell to the floor. Dr. Haynes was called and was at his side instantly, but could do nothing, as he died almost instantly. The doctor pronounced it heart disease. Mr. Sobieslousky came here about six months ago from Morse Bluffs and was running a meat market. He was a member of the Modern Woodmen of America and a Bohemian lodge.

WAS A COLD, WET WEEK

However, Conditions Were Quite Favorable for Farm Work.

SOAKING RAINS IN ALL SECTIONS

Precipitation Ranges From Two to Four Inches—Seeding of Wheat and Oats is Nearly Finished in All Sections—A Good Start-off for Spring Work.

LINCOLN, Neb., April 19.—United States Department of Agriculture, climatic and crop service of the Weather bureau: Weekly crop bulletin of the Nebraska section for the week ending April 16, issued from the office of the section director at Lincoln:

The past week has been cold and cloudy, with heavy, general rains during the last days of the week. The average daily temperature deficiency has varied from 3 degrees in the western counties to nearly 4 degrees in the eastern. Heavy frost occurred on the morning of the 11th and the minimum temperatures were quite generally between 20 degrees and 26 degrees.

The rainfall for the week has been very heavy, exceeding an inch in nearly all parts of the state, and ranging from two to four inches over a considerable area. Rain, followed by snow, fell in the western counties on the 9th and 10th, but in most of the state all of the rain of the week fell on the 14th and 15th.

The week has been generally favorable for farm work, and the seeding of wheat and oats is nearly finished in all sections. Spring wheat and early sown oats are coming up and show a good stand. Winter wheat is in unusually good condition in most places. The low temperature of the week has retarded the growth of small grain and grass. The rain was exceptionally beneficial, coming just after practically the whole crop of small grain had been placed in the ground under exceptionally favorable conditions.

Attacks Law From New Point.

LINCOLN, Neb., April 19.—The validity of the legislative act of 1887, creating the State Board of Transportation, is to be attacked by Attorney W. D. McHugh of Omaha on behalf of the Burlington railroad, on grounds that have never been brought to the attention of any court. This act has been the subject of repeated attacks from telephone, express and railroad companies ever since its passage, but all of the litigation involved simply the constitutionality of the offices held by the secretaries and members of the Board of Transportation. Mr. McHugh claims to have discovered several errors in the title of the bill, as it was passed by the legislature, and will base his proceedings on these errors, not going into the question of whether the legislature has authority to create state offices not provided for in the constitution of the state, as was claimed in the former proceedings. The supreme court has rendered numerous decisions on the constitutionality of the act, every one of them being in favor of the board and its secretaries.

Hunter Shoots His Hand Off.

STANTON, Neb., April 19.—A. E. Root met with a very painful accident this morning while arranging to go hunting. A shotgun in his own hands was accidentally discharged, entirely severing the left hand from the arm, just above the wrist. Mr. Root's home is at Stuart, Neb., and he was here working in the interest of the Modern Brotherhood of America and has a lodge ready to institute. He was a member of Company H, Sixth United States Infantry during the Spanish-American war and participated in the famous charge up San Juan hill.

Woman Probably Fatally Burned.

BEATRICE, Neb., April 19.—Mrs. Dan Huff, living in the south part of town, was fatally burned while trying to light the kitchen fire with kerosene. A young girl living at the home had started the fire and as it did not seem to burn well, Mrs. Huff, clad in a loose wrapper, arose to assist the fire by pouring on oil from a large can. The oil caught fire, the can exploded and Mrs. Huff was instantly enveloped in a blaze of burning oil. Her husband came to her assistance, but before the flames could be put out Mrs. Huff was badly burned from her throat down, her face and hair only escaping the fire.

Smallpox at Tecumseh.

TECUMSEH, Neb., April 19.—A case of smallpox is reported from Crab Orchard, fifteen miles west of here. A stranger from Kansas is stricken with the disease. He has been placed under strict quarantine in a house in the outskirts of town. The schools of the place have been temporarily closed.

He has a fancy that he has a great herd of cattle under his control, and the board of insanity could induce him to talk of nothing else. He will be taken to the asylum.

TO CONNECT TWO OCEANS

Railroad Across Mexico Being Rapidly Pushed to Completion.

CITY OF MEXICO, April 23.—Work is now going on in the reconstruction of the Tehuantepec railroad across the narrowest part of Mexico, and gives assurance that the road will be as solid and as permanent a character as the Veracruz railroad. As the Tehuantepec road will have a maximum grade of half per cent compensated, it will be in a position to handle any traffic that can be secured on very economical terms. At present the Panama railroad handles 300,000 tons of freight per annum, 60 per cent of which is destined for or arises at ports north of Panama. The bulk of this naturally belongs to Tehuantepec. In addition, however, the road will capture a large volume of the traffic at present carried by railroads to the Pacific coast from the Mississippi valley, and it is confidently anticipated that this railroad will be doing as large a trade as the Panama within five years from its opening. The distance from Coatzacoahuas to San Francisco via Salina Cruz is 100 miles less than the distance from New Orleans to San Francisco via the Southern Pacific and the distance across the gulf from New Orleans to Coatzacoahuas is only 800 miles, and within a very few years there will be daily service boats between the two ports. The new terminal ports at Coatzacoahuas, on the Mexican gulf, and at Salina Cruz on the Pacific will be ready for handling very heavy freight trade in three years from now.

Uncle Sam at Paris.

PARIS, April 23.—Among the Americans who were present at the inauguration of the Paris exposition and the accompanying fete, was Mr. John T. Shayne of Chicago. Speaking to a correspondent, he said: "Commissioner General Peck and his assistants are the busiest men in France. Their hard work has put the United States building and exhibits in a more advanced state than those of any other nation. Everything is nearly completed and the United States display is going to be one of the most splendid sights in the fair. The attitude manifested by all Frenchmen toward Americans is admirable. The exposition in spite of many drawbacks will be a great success."

The Will of a Millionaire.

CHICAGO, Ill., April 23.—The will of Rufus Wright, who was mysteriously shot and killed in the Leland hotel last Saturday night, was filed for probate today. It disposes of an estate valued at \$800,000. This is believed to be a conservative estimate, and it is expected that the estate will figure up to \$1,000,000. According to the petition filed with the will the personal property valuation is \$600,000, and the real estate is valued at \$200,000. The dead millionaire manufacturer distributed \$28,800 in personal bequests among relatives and others, but left nothing to charity or public institutions.
