**Rapid Time to the Orient.**

From London to Bombay in eleven days is the remarkable program laid out by the Peninsular and Oriental Steamship company. The journey will be made by the Brindisi route and involves faster time than is usual on Italian railways. The chief item is the voyage from Suez to Bombay, which is made at the rate of seventeen knots an hour.

**The Useful Strawberry.**  
The frequent recommendation of the strawberry for dietetic treatment of gout gives interest to the fact that in old herbal pharmacy the water distilled from this berry was sure to be a cure for the love-sick, while the leaves boiled and applied as a poultice were considered to have a most beneficial effect upon wounds.

**Gnawed by a Rat.**

While Mildred Renwick, the 2-year-old child of Victor Renwick, of Camden, N. J., was lying in her crib the other day she was attacked by a hungry rat, which lacerated the little one's face and hands so severely that the scars will go with her through life.

**A HUSBAND SAYS:**  
"Before my wife began using Mother's Friend she could hardly get around. I do not think she could get along without it now. She has used it for two months and it is a great help to her. She does her housework without trouble."

It is the one and only preparation that overcomes morning sickness and nervousness. It is the only remedy that relaxes and relieves the strain. It is the only remedy that makes labor short and delivery easy. It is the only remedy that puts the breasts in condition so that swelling or rising is impossible. Don't take medicines internally. After the ceremony the couple left for a short wedding trip to St. Paul and Minneapolis and are expected to return to O'Neill the latter part of the week. The groom has been a resident of O'Neill for several years and is an industrious and amiable young man. The bride lived here a couple of years while attending school and has many friends in O'Neill and vicinity. The Frontier hopes their fondest dreams will be realized.

Williams, whose home is north of O'Neill, was sentenced by the same court for four years. Williams had borrowed money at the First National bank, giving property as security which he did not own. On April 18 he borrowed \$175 and on the 24th was sentenced to imprisonment. A part of the property given by Williams as security was owned by him, so that the bank realized about \$150 out of its claim. Sheriff Stewart took both men to the penitentiary Tuesday.

The Great Northern railroad has changed the train crews running into O'Neill and now but few are left of the old timers who have been running into O'Neill for years. Conductor DeLong, who ran the construction train when the road was built into O'Neill and who for the past eight years has punched tickets and pulled the bell rope on the passenger, has been transferred to the run between Yankton and Garretson, S. D. Bert Blinco will go with him as brakeman. Conductor Butler and brakeman Stedman who had the passenger run between Sioux City and Garretson, S. D., succeed Messrs. DeLong and Blinco on the Short Line. It is reported there will be a change in the engineers, also but so far none has been announced. The changes have been made by the road in accordance with their established custom of seniority. Conductor Butler being just ahead of Conductor DeLong in length of service with the system, Mr. DeLong during the ten years and over that he has been running a train into O'Neill made many friends who regret to see him transferred to the other division, but wish for him the success and prosperity in his new location he so justly merits.

**Clearing Out Sale.**  
Our entire stock of shoes and clothing, we will close out in the next sixty days. We will give a discount of 15 per cent. on all cash sale. No discount will be given on goods sold in exchange for produce. We have the largest stock of shoes and clothing in the county and this is a chance for each purchaser to get the full value for their money. We will do no business only for spot cash. Come and get out prices, we will guarantee to save you money when you buy goods of us. You do not have to pay the long time price, neither do you have to pay your share for the fellow that never pays. You will find it to your interest to buy your goods at a cash store. When you buy goods at the long time store you must expect to pay the long price, we don't believe in the theory to compel the man who pays spot cash for his goods to be charged the same price as the man who buys on a year's time. Therefore we believe the cash buyer should have a place to trade where he can get the value of his money and hence we propose to relieve the cash purchaser of the painful necessity of being compelled to trade at the long price store and paying long prices for his goods. We do a strictly cash business and therefore you do not have to pay these long prices.
